Subject: **SOLE SOURCE CONTRACT WITH HENNING, INC. TO PROVIDE CONGREGATE SHELTERING FOR SINGLE ADULTS AT THE SULLIVAN ARENA, ANCHORAGE HEALTH DEPARTMENT ($1,500,000)**

The Anchorage Health Department will enter into a sole source contract with Henning, Inc. to provide congregate sheltering for up to 150 single adults at the Sullivan Arena.

As the Municipality of Anchorage approaches the winter months, there is an urgent need to provide congregate sheltering for the community. There is limited ability to increase capacity at existing operations, limited possible locations to meet urgency, and limited providers who can run these sheltering operations.

The contract will be in effect from the date of contract execution through December 31, 2022, for a contract award not to exceed $1,500,000.

The funding shall be dispersed to the contractor as soon as possible and cover all costs incurred for this purpose from the date of this funding approval.

It is recommended the Assembly approve this contract.
