

Parks and Recreation

Permissible Mobile Vendor Locations

Where can I operate? Once you have acquired a **Roving Vendor Permit** and **Park Endorsement Sticker** for a given year, you may operate your food truck or cart in designated spots in the following parks:

Park Name	Notes
Balto Seppala	
Campbell Creek Park	
David Green Park	
Davis Park	
Far North Bicentennial Park	Permission from onsite user group required; 2 vendors maximum
Goose Lake	
Javier de la Vega Park	2 vendors maximum
Jewel Lake	
Kincaid Park – Jodhpur lot	
Russian Jack Park Shelter	Permission from onsite user group required; 2 vendors maximum
Ruth Arcand Park Shelter	
South Anchorage Sports Park	
Ray E Storck Park	
Spenard Park at Lake Hood	
Taku Lake	
University Lake Park	
Valley of the Moon Park	
Whisper Faith Kovacs Park	

Note that only one vendor may operate at each of these sites at a time unless indicated otherwise. Access will be on a first-come, first-served basis. Vendors may only operate in the spot designated by a MOA Parks and Recreation sign indicating a vendor space.

Right of Way Spots. There are other designated spots in Anchorage near MOA parks that are governed by the Right of Way Department. Your Park Endorsement Sticker does not permit you to operate in these spots, which include: Cuddy Family Midtown Park, Delaney Park Strip, Elderberry Park, Fairbanks Park, Fairview Park, Ocean View Park, Scenic Park, Wolverine Park and Wonder Park. If you would like to operate your cart in those spots, please contact the Streets/Right of Way Department for a permit.

What about other parks? Parks that do not appear on this list are either (a) not approved for roving park vendors at this time or (b) are already pre-assigned to vendors for a fee, whether by a bid process or other methods. Those pre-assigned locations include Town Square Park, Westchester Lagoon, Pena Park and Kincaid Park.
