

Municipality of Anchorage

Food for Thought – Lunch Presentation

April 19, 2024

The Stabilization and Recovery Program: Overview

Provides short term stabilization resources, ongoing support and rental assistance for up to 15 months to

- Persons who are currently living in shelters
- Persons who are currently sleeping outside
- Persons who are victims of domestic violence, human trafficking or refugees

Launched in February of 2022, this funding provided through the Emergency Rental Assistance program.

The Stabilization and Recovery Program: how it works

The program can move fast

Deliver help first, then deal with paperwork

- Navigators can assess program eligibility in minutes
- Navigators explain available resources with client
- Client is immediately moved into stable housing
- Schedules for support services delivery are set
- Client record is created & program clock starts

Stabilization begins

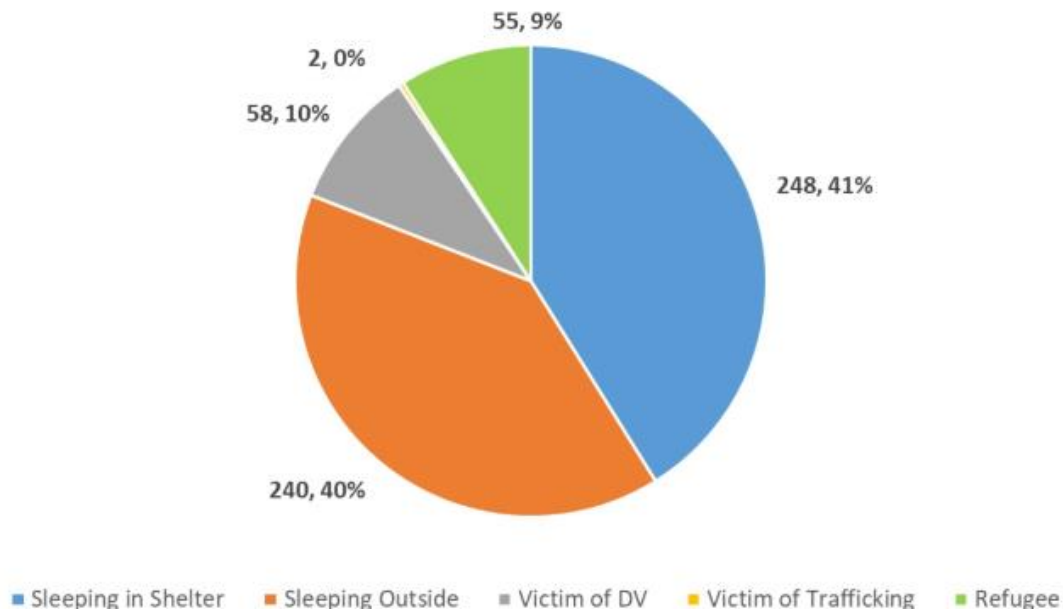

Program limit
is 15 months

The Stabilization and Recovery Program: Current Clients

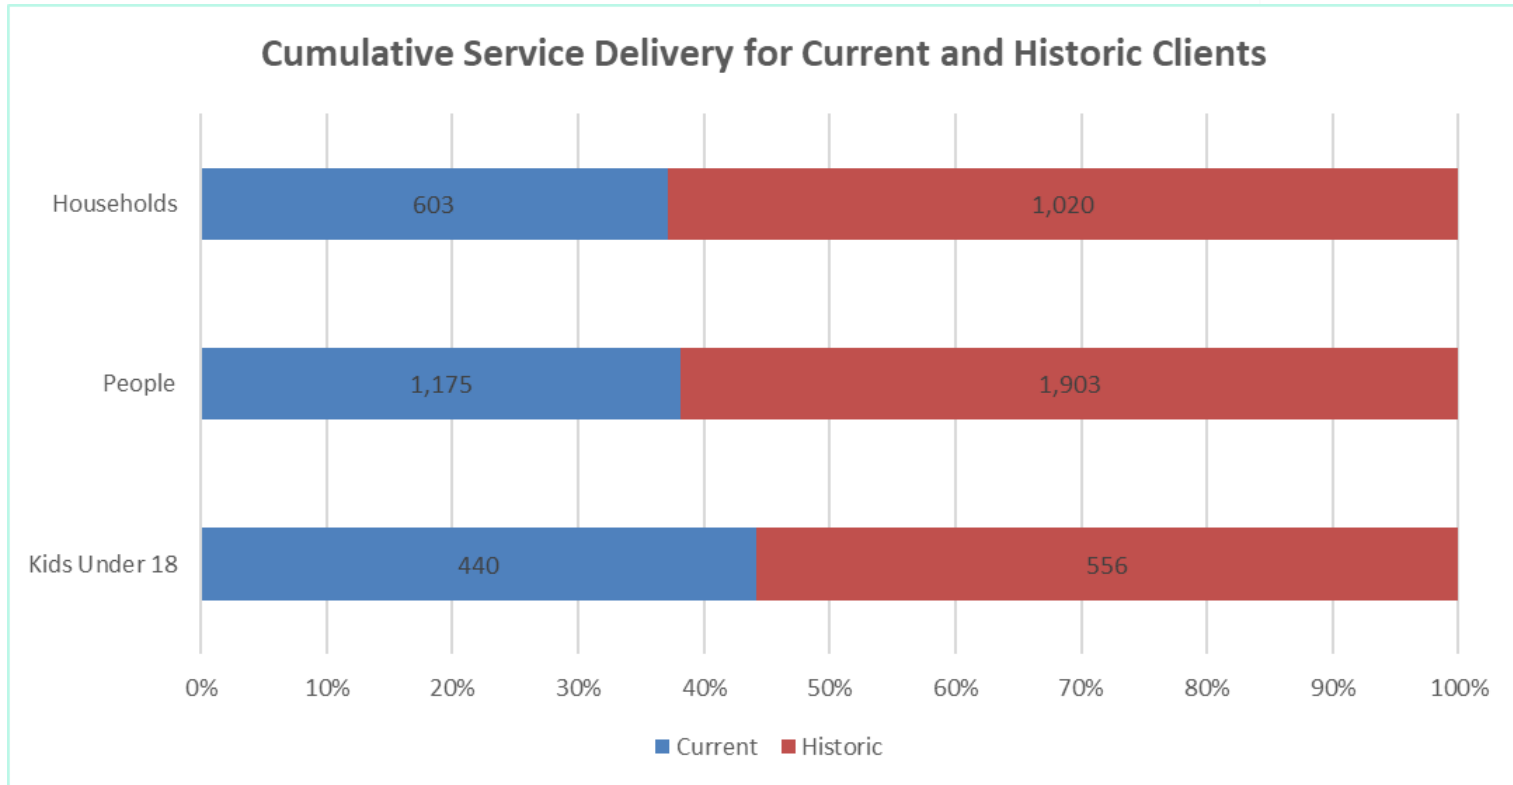

Service Delivery – Housing Status before Program Enrollment

Households Currently Housed - by Point of Program Entry

*These data are based on the 603 households currently being served through the Stabilization program

Stabilization Program: Current and Completed Clients

Total households: 1,623

Total people: 3,078

Total children under 18 years of age: 603

STABILIZATION: **\$0.00 (0%)**

AHFC awarded 2,983 stabilization slots throughout Alaska. The dynamic capacity modeling has increased that number by 673 (over 20%)

Post Stabilization Program

The stabilization funds and the program itself are time limited

- Funds need to be expended by 9/30/2025

- Of the 2,400 households that have exited the program, over 1,000 households have completed the program
 - Most clients who did not utilize all available assistance exited the program prior to obtaining stabilized and /or rental housing
 - Surveys sent to providers regarding past client status
 - New start voucher program created by AHFC
