

DRAFT Public Outreach Plan for Additional COVID-19 Funds

BY FELIX RIVERA, ASSEMBLY CHAIR

What's already in place?

- Framework and priorities
- Programs
- Website
- Feedback mechanism
- Survey results

What are we still waiting for?

- ❑ Reports on prior programs
 - ❑ How did we spend the money? (i.e. Did the money get spent the way we said it would?)
 - ❑ How did the programs work?
 - ❑ What demographic data do we have for the various programs?
- ❑ A variation of the COVID-19 stimulus package passed by the U.S. House was introduced in the U.S. Senate last night, assuming the U.S. Senate passes this new version, it will need to go back to the U.S. House for approval before going to the President's desk for signature
- ❑ Guidance to come out
- ❑ Treasury to deposit the money into the MOA bank account

What can we do before passage in Congress?

- ❑ Receive, review, and analyze reports on prior programs
- ❑ Meet with stakeholders on major programs likely to be replicated
 - ❑ Small business relief (to include variants like tourism and hospitality)
 - ❑ Rental and mortgage relief
 - ❑ Nonprofit relief
- ❑ Review framework and priorities
- ❑ Hold our first meeting to determine allocations

Timeline after passage in Congress

- ❑ 1 week after passage: Meeting to understand federal guidance, prep initial ordinance to allocate a small portion (20-25%) of funds
- ❑ 2 weeks after passage: Second (and hopefully final) meeting to determine allocations, begin public outreach, initial ordinance approved at a regular or special Assembly meeting
- ❑ 3 weeks after passage: Ordinance prepped for introduction at a regular or special Assembly meeting
- ❑ 4 to 5 weeks after passage: Ordinance approved at a regular or special Assembly meeting
