Cigarette and Tobacco Products Tax Return

GENERAL INSTRUCTIONS

A monthly tax return must be filed and the tax paid on or before the last day of the month following the month during which the cigarettes and other tobacco products were manufactured, imported or acquired. Supporting schedules and copies of supporting invoices must accompany this return.

- A. A monthly tax return must be filed by a licensee even though no cigarettes or other tobacco products were manufactured, imported or acquired during the month covered. See AMC 12.40.090 for details of who must file.
- B. The return must state the number of cigarettes and wholesale price of other tobacco products manufactured, imported or acquired during the month.
- C. A separate Supporting Schedule must be completed for each type of transaction involving cigarettes and other tobacco products (i.e., one for acquisitions and one for each type of other deduction listed below in Section F). Totals must be compiled and carried forward from the Supporting Schedules to the appropriate lines on the return. Each Supporting Schedule shall be attached and be part of the return.
- D. All invoices documenting acquisitions of cigarettes and other tobacco products during the month covered must be listed on a Supporting Schedule. A copy of each invoice or other record satisfactory to the department shall be attached to the Supporting Schedule.
- E. Deductions for sales to Registrants must be separately listed on a Supporting Schedule and each must be substantiated by an attached copy of the sales invoice or other record satisfactory to the department. The MOA-issued registrant number must be listed for a deduction claimed for each sale to Registrants.
- F. Other deductions:
- F.1. A deduction is allowable only if the claimed tobacco product is currently being reported as a taxable acquisition or tobacco excise tax has previously been paid to MOA for the product. Only one deduction is allowable for a taxable or taxed product and the tax effect of a claimed deduction is limited to the original amount of the tax payable or paid to MOA on the product. The value of the deduction claimed must not exceed the value of the taxable acquisition currently reported or previously reported to MOA on a tax return.
 - F.2. Deductions will be allowed for sales to U.S. military instrumentalities, such as post exchanges, where retail sales are made to and for the sole use of authorized personnel according to current military regulations. Deductions for military sales must be substantiated by an attached copy of a sales invoice or other record satisfactory to the Department. No deductions will be allowed where retail sales are made through vending machines.
 - F.3. Deductions may be claimed for the return of unsalable cigarettes and other tobacco products to a manufacturer. Each deduction claimed must be substantiated by certification from the manufacturer attached to the Supporting Schedule.
 - F.4. Deductions may be claimed for cigarettes or other tobacco products which have been destroyed. Each deduction claimed must be substantiated by a copy of the U.S. Treasury form ATF-3069 attached to the Supporting Schedule.
 - F.5. Conditional deductions, available only to licensed bonded distributors, are reported on lines 1c and 4c. (see AMC 12.40.006).
- G. Penalties:
- G.1. Penalty - Failure to File Timely. Pursuant to AMC 12.40.135 a penalty of 6% of the taxes due shall be incurred automatically when a licensee fails to file a tax return within seven calendar days following the due date. If a licensee fails to file a tax return within sixteen calendar days following the due date, the penalty shall be increased automatically to 15%.
 - G.2. Penalty - Failure to Pay Timely. Pursuant to AMC 12.40.135, a penalty of 6% of the taxes due shall be incurred automatically when a licensee fails to pay the full amount of the tax due within seven calendar days following the due date. If a licensee fails to pay the full amount of the tax due within sixteen calendar days following the due date, the penalty shall be increased automatically to 15%.

Cigarette and Tobacco Products Tax Return

GENERAL INSTRUCTIONS

- H. Interest: Pursuant to AMC 12.40.160, interest at the rate of 12% per annum shall accrue on the unremitted balance of taxes due from the licensee. To calculate interest due, enter the number of days in the box or multiply the amount on line 9 by .00033 for each calendar day the tax is delinquent.
- I. The date used to determine timeliness, the correct penalty rate, and the number of days for interest is determined by the US Postal Service postmark date, the date a third party delivery service (e.g. FedEx) took possession, or, in the absence of the two prior determinants, physical receipt by Treasury.
