27 Ms. Jennings stated the contractor had provided good information about Creekside in the past and she recommended

36

37 To Mr. Coffey, Mayor Begich responded this matter involved property directly north of the Atwood Center, owned by  
38 Diamond Parking. Mr. Coffey declared a possible conflict of interest because he represented Diamond Parking in past  
39 and current matters. After discussion from Mr. Coffey, Mr. Sullivan and Mr. Traini, Chair Fairclough ruled that Mr.  
40 Coffey did have a conflict of interest and ordered him to not participate. There were no objections.  
41

42 Mr. Sullivan stated that Diamond Parking had calculated it would not make economic sense to build a parking facility  
43 on this property and the Administration was proposing to use eminent domain to move forward on this project. HLB  
44 Executive Director Robin Ward responded they were reviewing their options for the proposed project.  
45

46 Mr. Sullivan moved, to introduce AR 2005-335, with Public Hearing set for

67 Mr. Tesche seconded,  
68

69 Mr. Coffey stated that Assembly Attorney Julia Tucker would be working with Municipal Attorney Fred Boness and  
70 would provide council and advice on this matter to Assemblymembers, who would continue to work with  
71 representatives from the disabled community.  
72

73 Ms. Ossiander requested a worksession on the Substitute (S) Version.  
74

75 Mr. Traini requested that Mr. Boness give an opinion on each of the changes in the S-Version.

77 Mr. Coffey requested that Ms. Tucker and Mr. Boness be familiar with the issue and satisfied that the city had a  
78 defensible position when this issue was addressed.

1  
2 Mr. Tesche concurred with Mr. Coffey. He supported the motion to postpone.

3  
4 To Ms. Shamberg, Chair Fairclough stated the disabled community had been informed of the proposal to postpone.

5  
6 Chair Fairclough called for a show of hands, indicating Assemblymembers' wish for a worksession. There was not  
7 unanimous support. She called the Question on the motion to postpone.

8  
9 and this motion was approved, 7-4.

10  
11 AYES: Tesche, Sullivan, Fairclough, Coffey, Birch, Stout and Bauer.

12 NAYES: Shamberg, Ossiander, Traini and Jennings.

13  
14 Mr. Coffey moved to Change the Order of the Day to take up 11.B, Agenda 13 items and then New Public Hearing  
15 items. Mr. Tesche moved to first take up 9.D.25. Mr. Coffey accepted as a friendly amendment and there were no

17  
18 11.B. Ordinance No. AO 2005-165, an ordinance of the Municipality of Anchorage directing the  
19 Administration, Real Estate Services, and Anchorage Fire Department to pursue development of a  
20 design/build project for **Fire Station 4** with the adjacent landowner, JL Properties rather than apply the  
21 procedures in AMC 7.10, 7.15 and 7.20; Assemblymember Traini. (*Failed 12-13-05; Notice of*  
22 *Reconsideration was given by Ms. Shamberg 12-14-05*) (**Addendum**)

23  
24 Ms. Shamberg moved, *for reconsideration* of AO 2005-165,  
25 Mr. Coffey seconded,

26  
27 Mr. Sullivan requested time to review the packet of new information from the Administration.

28  
29 To Deputy Municipal Manager Michael Abbott, Fire Chief Goodrich responded the department was interested in  
30 moving forward with a design/build, to establish a footprint and be able to secure the property and begin construction.

31  
32 Mr. Birch opposed reconsideration, because the funding for this project had been approved by voters in 2004, offering  
33 ample time to allow a competitive bidding process, instead of using a sole source contract. Chief Goodrich responded  
34 the delay was due to the time needed to select the site.

35  
36 To Mr. Sullivan, Chief Goodrich responded that the concern for additional delay was because of escalating  
37 construction prices, due to Hurricanes Katrina and Rita.

38  
39 Mr. Traini stated it was important to postpone this matter to the next Assembly Meeting. He urged reconsideration.

40  
41 Mr. Coffey stated this ordinance had failed, 5-5, at the last meeting. He supported reconsideration, with a full body in  
42 attendance.

43  
44 Ms. Ossiander opposed reconsideration because the process needed to be improved with a competitive bid.

45  
46 and this motion for reconsideration was passed, 8-3.

47  
48 AYES: Tesche, Shamberg, Sullivan, Fairclough, Coffey, Stout, Traini and Jennings.

49 NAYES: Ossiander, Birch and Bauer.

50  
51 Mr. Sullivan moved, *to postpone* AO 2005-165 to January 10, 2006,  
52 Mr. Traini seconded,

53  
54 Mr. Coffey stated that the Municipal Real Estate Service Office and the Anchorage Fire Department would submit a  
55 proposal to the Assembly by January 31, 2006. He opposed postponement because the costs were increasing daily  
56 and postponement would only delay this matter for an additional two weeks.

57  
58 To Mr. Birch, Anchorage Fire Department Administrator Michelle Weston responded that additional time would be  
59 needed for completing a competitive bidding process before bidding construction. Municipal Manager Denis LeBlanc  
60 responded the selected site would require expansion and the adjacent property had been purchased and the property  
61 owner had agreed to allow access to that property, if he was offered an opportunity to submit a proposal. The  
62 proposal needed to be approved by the Fire Department and the Assembly.

63  
64 Ms. Ossiander stated it was still important to include a public bidding process, even if this was a special arrangement  
65 with the property owner.

66  
67 To Ms. Jennings, Ms. Weston responded the whole RFP process would be ready to review in February or March.  
68 Construction would not begin until late fall or early winter.

69  
70 Chair Fairclough called the Question on postponement.

71  
72 and this motion failed, 5-6.

73  
74 AYES: Ossiander, Sullivan, Fairclough, Birch, Stout and Bauer.

5  
6 **12. APPEARANCE REQUESTS** None.

7  
8 **13. CONTINUED PUBLIC HEARINGS**

9 13.A. Resolution No. AR 2005-291, a resolution of the Anchorage Municipal Assembly ratifying Executive  
10 Order 2005-031, an Executive Order Re-Naming **Timberline Drive** in Eagle River to Timber Ridge  
11 Drive; Municipal Clerk.

12 1. Assembly Memorandum No. AM 822-2005. (*Continued from 12-13-05*)

13  
14 Chair Fairclough read the resolution title and opened Public Hearing.

15  
16 JIM SEEDORF, a resident on Timberline Drive in Eagle River (*ER*), opposed the name change. To Ms. Ossiander,  
17 Mr. Seedorf responded the impacts to each community were different, but ER would have more significant impacts.

18  
19 EDWARD KRYSINSKI, a resident on Timberline Drive in ER, opposed the name change. The nine residents,  
20 including three businesses, would be burdened and have costs of changing their addresses. There were no mailing  
21 addresses on Timberline Drive in Girdwood.

22  
23 MARY KRYSINSKI, a resident on Timberline Drive in ER, opposed the name change. To Ms. Ossiander, Ms.  
24 Krysinski responded that the issue had been researched and had disclosed that many residents in Girdwood used  
25 Anchorage or Lower-48 addresses.

26  
27 ROBERT MCKENZIE, a resident on Timberline Drive in ER, opposed the name change. There were no house  
28 numbers used in Girdwood. They could not understand the Administration's priorities.

29  
30 JIM BUTCHART, a resident on Timberline Drive in ER, opposed the name change. He stated that residents from both  
31 ER and Girdwood agreed with the name change for Girdwood and the Administration had a responsibility to  
32 accommodate a majority of citizens.

33  
34 BILL RYNER, a Timberline Drive in Girdwood resident, thought that Girdwood could change their street name. To Ms.  
35 Shamberg, he responded there were three families who lived continually on his street. He used Timberline Drive on  
36 his bank checks. To Mr. Stout, Mr. Ryner made recommendations of alternate names that Girdwood might use.

37  
38 With no additional public testimony, Chair Fairclough closed Public Hearing and called the Question.

39  
40 Ms. Ossiander moved, to approve AR 2005-291-2005,  
41 Mr. Sullivan seconded,

42  
43 Ms. Ossiander opposed the Eagle River name change. Girdwood residents did not receive home mail-delivery and  
44 would be assigned house numbers in the future. Timberline Drive in ER had been platted before Girdwood and there  
45 were an indeterminate number of residents in Girdwood. She urged a NO-vote.

46  
47 Ms. Shamberg supported the Eagle River name change. The Administration had accurately weighed out and  
48 compared the numbers of residents and the ER Timberline Drive would be easier to change.

49  
50 Mr. Sullivan stated the Eagle River Timberline residents would have a much more significant impact. He made  
51 recommendations of possible ski-area theme names for Girdwood residents to consider. He would be a NO-vote.

52  
53 Mr. Bauer stated it should be determined if both names could remain the same, because of the distance between the  
54 two locations. He urged a NO-vote. Deputy Municipal Manager Michael Abbott explained the many factors which  
55 helped determine the Mayor's decision. The confusion and liability concerns remained when tracking a received call  
56 through emergency dispatch. Mr. Abbott urged support of the resolution. Mr. Bauer stated that there must be ways to  
57 distinguish between Girdwood and Eagle River calls. Municipal Manager Denis LeBlanc responded that 50% of the  
58 911 calls were received by cell phones, which were impossible to track with their current system. With two street  
59 names the same there would be continued confusion. Their goal was to have the most accurate addressing system in  
60 the nation, but it would require sacrifice for residents with duplicate names, which was regrettable.

61  
62 Mr. Birch stated that the Administration had accurately used the point system, evaluating the two locations and he  
63 supported the Mayor's evaluations, leaving the Girdwood addresses unchanged.

64  
65 Ms. Jennings stated that it was inconvenient for any resident to undergo a name change. There were many reasons to  
66 support this executive order from the Mayor. She would be a YES-vote.

67  
68 Mr. Tesche supported the resolution. The Administration had used a point system, which had subjectively determined  
69 which street name should be changed. The evidence indicated the name change would impact fewer residents in  
70 Eagle River. The Administration had vowed to eliminate a reoccurrence of the Godfrey incident and that required a  
71 change of one of the any duplicate street names. He would be a YES-vote.

72  
73 Mr. Coffey assumed the Assembly Chair, allowing Ms. Fairclough to participate in the debate.

74  
75 Ms. Fairclough stated that while she understood and supported the changes made by the Administration to improve  
76 the emergency response tracking system, she could not support this recommendation. Voters' addresses were not an  
77 indication of their residence. The Girdwood Timberline Drive should have been denied in the platting process because

1 there was already an existing Eagle River Timberline. Girdwood was scheduled to be given house numbers in the  
2 future and it would be easier to change that street name. She urged a NO-vote.

3  
4 Mr. Stout stated that Eagle River had primary mail delivery and Girdwood had none. It would be easier to change the  
5 Girdwood street name and he would be a NO-vote on this resolution.

6  
7 Acting Chair Coffey stated the Municipality had experienced a liability with an emergency cell phone call for help that  
8 could not be tracked and had cost the city a lot of money. He called the Question.

35 **(Addendum)**

36 3. Assembly Memorandum No. AM 938-2005.

37  
38 Chair Fairclough read the ordinance title and opened Public Hearing. Mr. Coffey explained there was a Substitute  
39 Version of the ordinance before the Assembly.

40  
41 JOE GRIFFITH stated the management agreement had been approved by both the Administration and the labor  
42 unions. He recommended support of the ordinance.

43  
44 JOHN REEDER, Chair of the Historical and Fine Arts Commission, supported the management agreement. But, it did  
45 not address requirements of operations and standards, including maintenance, accreditation, collections and museum  
46 policies. The commission's functions eventually should be transferred to the Anchorage Museum Association (AMA).  
47 The commission recommended the Assembly's adoption of an ordinance to confirm the museum as an institution of  
48 the Municipality, to be managed either directly or indirectly by AMA, in accordance with professional accreditations  
49 standards.

50  
51 BRIAN DAVIES, Building Committee Chair, approved of the management agreement and urged Assembly approval.

52  
53 BILL RYNER opposed any change of quality to the museum.

54  
55 With no additional public testimony, Chair Fairclough closed Public Hearing and called the Question.

56  
57 Mr. Coffey moved, to approve AO 2005-137(S),

58 Mr. Traini seconded,

59  
60 To Mr. Coffey, Municipal Attorney Fred Boness responded that the Municipality shared many of the concerns of  
61 museum accreditation. An ordinance, in the future, to maintain standards would be in order. To Mr. Coffey's question,  
62 Mr. Boness responded that six months would be an appropriate time.

63  
64 Ms. Ossiander appreciated all the professionalism and all the work from the museum staff. She congratulated the  
65 Administration on resolving a difficult situation.

66  
67 Mr. Birch stated that property taxes were continuing to rise, despite the tax cap. This agreement would allow the AMA  
68 to collect revenues from membership fees and admission fees. Mr. Boness responded that city contributions to the  
69 museum were fixed under this contract and would be controlled as the museum expanded.

70  
71 Mr. Tesche thanked the museum staff, the commissions, the volunteers and the Administration for their dedication and  
72 hard work on an excellent job to expand and manage the museum.

73  
74 To Mr. Sullivan, Mr. Boness explained the positions being retained. Approximately 15-18 employees would be offered  
75 severance packages.

76  
77 Ms. Jennings thanked all who were involved, for their work to make this management agreement possible. To her  
78 question, Mr. Reeder responded that the quality of the museum experience would be maintained. Anchorage Museum

1 Director Pat Wolf made assurances that new hires would possess professionalism, excellent customer service skills  
2 and knowledge of the fields of art, history and science. Mr. Reeder responded the new museum would include the  
3 Smithsonian, the Imaginarium, the Cook Inlet Historical Society. To Ms. Jennings, Mr. Boness responded an  
4 economic impact could be determined, once employees determined their options for their future museum involvement.  
5

6 Mr. Stout complemented the Task Force and the Administration on this agreement. To his question, Mr. Boness  
7 responded that this 7-year contract would allow construction to be completed before the contract would be considered  
8 for renewal. It would also provide assurances to attract quality exhibits, which were scheduled years in advance.  
9

54  
55 Chair Fairclough read the ordinance title. Mr. Coffey responded that item, 9.F.1, introduced that evening, dealt with  
56 similar matters and was scheduled for Public Hearing January 24, 2006. Chair Fairclough opened Public Hearing.  
57 With no public testimony, she continued Public Hearing to January 24, 2006 and there were no objections.

58  
59 14.B. Ordinance No. AO 2005-171, an ordinance amending Anchorage Municipal Code Section 25.20.027  
60 regarding **eminent domain limitations**; Assemblymember Birch.

61 1. Assembly Informational Memorandum No. AIM 100-2005. **(Memorandum Laid on the Table)**  
62 **(Carried Over to 1-10-06)**

63  
64 Chair Fairclough read the ordinance title. Mr. Birch explained the amendments he was planning to offer that evening.  
65 Chair Fairclough opened Public Hearing.

66  
67 DAVID LEE, resident of Oceanview/Old Seward Community Council area, supported the Substitute Version (S  
68 Version), as amended. Eminent Domain needed to be limited and protection was needed for private property and for  
69 historic reasons. He recommended including language to define economic benefit.

70  
71 JOHN PLETCHER, resident Oceanview Community Council, supported AO 2005-171, as amended.

72  
73 CHUCK RAY supported AO 2005-171, as amended.

74  
75 KATHY GIRARD supported AO 2005-171, with limitations on eminent domain and protecting private property. To Mr.  
76 Tesche, Ms. Girard responded that she could not remember the city taking of any personal property in the past.

77

1 STAN GATES testified in support of private property rights, with no exceptions. He supported Mr. Birch's ordinance,  
2 as amended, limiting eminent domain.

3  
4 BOYD MORGENTHALER, owner of personal property being threatened, supported the ordinance, as amended. He  
5 urged approval.

6  
7 ~~JEFF PARKER, [resident of Sand Lake, supported the ordinance. As a biologist, he understood how damaging the~~  
8 ~~trail would be to the wildlife refuge.]~~ , a member of the Sand Lake area, addressed Mr. Tesche's question by  
9 responding that it was his opinion the Coastal Trail was an example of where the power of eminent domain would be  
10 used inappropriately, because of the refuge. He worked for many years for the United States Fish and Wildlife Service  
11 and the State of Alaska on fish and wildlife matters and on legislation to Special Council to the State Legislature. He  
12 worked for interests of conservation and property owners, on the Coastal Trail issue. Everyone knew that the  
13 proposed trail, sought by many public officials, was seeking to take property within the boundary of the refuge. When  
14 the state drew the boundaries of the refuge, it did so consciously and in a manner which included private land,  
15 because the land had very important wildlife benefits. Every biologist who had worked on this issue understood the  
16 trail was worse than a road below the bluff because of how wildlife reacted to predator-like patterns of human behavior,  
17 compared to vehicular patterns, which were consistent. Wildlife accommodated a consistent vehicular pattern much  
18 better than a predator-like, human pattern of movement. This was why biologists had always opposed the trail below  
19 the bluff. The Coastal Trail was an excellent example of where the Municipality had intended to use the power of  
20 imminent domain inappropriately. He had reached that conclusion without relying on the fact that the private peoples'  
21 property, which he represented, would be condemned. On the wildlife issue alone, it was inappropriate. It was a  
22 public wildlife refuge and it was not appropriate to condemn an in-holding that the State of Alaska had stated through  
23 legislation, that the refuge had important wetland and wildlife values. The taking of this property was an example of an  
24 inappropriate condemnation. To Mr. Tesche, Mr. Parker responded he did not have an opinion on the definition of  
25 leisure amenities as defined in Subsection 3.

26  
27 MARY WHITMORE, supported the ordinance, believed in private property rights and opposed special interests groups.  
28 There needed to be limits on eminent domain and property needed protection. Mr. Sullivan supported Ms. Whitmore's  
29 testimony.

30  
31 BERNADETTE BRADLEY supported the Birch Ordinance, as amended.

32  
33 BOB BROCK supported private property rights. He urged support of the ordinance.

34  
35 DAN BEARDSLEY, President of the International Right of Way Association, testified that consideration was needed to  
36 address the importance and the impacts of projects to the entire community. Mayor Begich stated the International  
37 Right of Way Association was an important and active group. To Ms. Ossiander, Ms. Jennings, Mr. Traini and Mr.  
38 Stout, Mr. Beardsley explained that he was testifying as a private citizen, that he urged local governments to make  
39 decisions in the best interest of their communities, the necessity of mitigation in eminent domain and private property  
40 matters and how he could be reached.

41  
42 Mr. Sullivan moved to Change the Order of the Day to take up 9.F.6. Mr. Stout seconded and there was no objection.  
43 *(Clerk's Note: Chair Fairclough returned to continue Public Hearing, following Assembly action on 9.F.6)*

44  
45 VINCE WITHINGTON supported the Birch Ordinance and opposed any use of eminent domain for the taking of private  
46 property to complete a recreational trail. For years, he and his neighbors had lived under constant threat of losing their  
47 homes.

48  
49 BOB LOLLY supported the Birch ordinance, as amended. To Mr. Tesche, Mr. Lolly responded that acquisition of  
50 private property for the Knik Arm Crossing would result in an overall benefit for the community, but, the taking of  
51 private property for a recreational trail was not right. To Mr. Traini, Mr. Lolly responded the issue concerning eminent  
52 domain should be done on a local level.

53  
54 DEANNA ESSERT, resident of Sand Lake, opposed eminent domain and the taking of private property and organized  
55 special interests groups. She supported the protection of lakes, streams, shorelines and wildlife refuges. She  
56 supported the Birch Ordinance, as amended.

57  
58 MICHAEL CARLSON, whose personal property was being threatened, opposed eminent domain for the trail project.  
59 He supported the Birch Ordinance, as amended. He thought alternate routes needed to be considered that would not  
60 destroy habitat or personal property. To Ms. Jennings, Mr. Carlson responded that his property had been a moving  
61 target for years, with many proposed trail routings. To Mayor Begich, Mr. Carlson responded the trail was currently  
62 proposed to run through his front yard. Mayor Begich responded his Administration had improved the proposed  
63 routing to lessen impacts to private property and wildlife.

64  
65 WAYNE PICHON, resident of the Bayshore/Klatt area, supported the Birch Ordinance, as amended. To Ms. Jennings,  
66 he responded that he had been the Federal Government's Coastal Zone Management Coordinator for the State of  
67 Alaska. He had worked on the original Coastal Trail and there had been private property condemnations with that  
68 project. To Mr. Traini, he responded that eminent domain laws needed to be decided by the city. There were many  
69 residents who lived in terror over losing their private property with eminent domain and the Coastal Trail. To Mr.  
70 Tesche, Mr. Pichon responded that no homes had been taken when creating the existing Coastal Trail, but some  
71 owners had been offered nothing for the taking of their property.

72  
73 PER BJORNE-ROLI, bluff property owner, supported the Birch Ordinance, as amended. To Ms. Jennings, he  
74 responded the Coastal Trail was proposed to go through his front yard, about 40 feet from his home, was below the  
75 bluff and close to the wildlife refuge. He supported basic personal property rights.

76  
77 With no additional public testimony, Chair Fairclough closed Public Hearing. Mr. Coffey moved to Change the Order of  
78 the Day to take up 9.D.26 (9.F.7), AO 2005-335, seconded by Ms. Shamberg. Mr. Birch urged consideration to

1 continue action on AO 2005-171. To Mr. Sullivan, Mayor Begich and Municipal Attorney Fred Boness responded AO  
2 2005-335 was a time-sensitive matter. There were no objections to take up 9.F.7. (*Clerk's Note: Chair Fairclough*  
3 *returned the Assembly to this item, once Assembly debate and action on AO 2005-335 was completed.*)  
4

5 Mr. Birch moved, to approve AO 2005-171,  
6 Mr. Bauer seconded,

7  
8 Mr. Birch moved, to amend AO 2005-171 on Page 1, Section B, *by adding to*  
9 Mr. Bauer seconded, read: B. The municipality shall not use "or rely upon" the  
10 power of eminent domain to acquire private property, in whole  
11 or in part, or any interest in private property, for the purpose  
12 of leisure amenities, "regardless of how such amenities are  
13 characterized or financed.;"  
14

15 Mr. Tesche opposed the ordinance because the Alaska State Legislature would soon be responding to the federal  
16 court ruling concerning eminent domain. The U.S. House of Representatives and U.S. Senate were also addressing  
17 this matter. It would be wise not to take action on amendments to Municipal Code until after that decision. He urged  
18 postponement.  
19

20 Mr. Coffey moved to Change the Order of the Day to take up item 14.C, seconded by Ms. Jennings. (*Clerk' Notes: Mr.*  
21 *Coffey, Ms. Fairclough, Ms. Ossiander, Mr. Bauer and Mr. Traini objected.*) Mayor Begich stated this matter was  
22 critically important for the upcoming bond ratings actions. Mr. Birch urged consideration to first complete action on AO  
23 2005-171, to which there was no response. Chair Fairclough moved the body to 14.C.  
24

25 14.C. Ordinance No. AO 2005-190, an ordinance approving a **Multi-Year Management Agreement** for the  
26 Convention Center, a multi-year professional services contract for promotion of tourism, and a use  
27 agreement for the Convention Center on Block 80.  
28 1. Assembly Memorandum No. AM 903-2005.  
29

30 Chair Fairclough opened Public Hearing. With no one to testify, she closed Public Hearing and called the Question.  
31

32 Mr. Traini moved, to approve AO 2005-190,  
33 Mr. Tesche seconded,

34  
35 Mr. Birch moved, to amend AO 2005-190, *by adding to* AM 903-2005 on Page  
36 Mr. Sullivan seconded, 3, to read: "B. ACVB agrees to put the management  
37 contract for the new convention center out to competitive bid,  
38 and to select a contractor, through this process, prior to the  
39 opening of the facility.;"  
40

41 Mr. Birch stated that the convention center management contract required a competitive bid, as was approved by the  
42 voters. Mayor Begich objected.  
43

44 Mr. Sullivan stated that Mr. Birch had recommended that this amendment be considered, and he concurred. The  
45 campaign for the convention center was predicated upon certain things and promises had been made, including that  
46 the facility would go out for a competitive bid. It was important for that to be honored.  
47

48 Chair Fairclough called for a motion to extend the meeting for 15 minutes to complete this item. Mr. Coffey so moved.  
49 It was seconded by Ms. Jennings and there was no objection.  
50

51 Mr. Sullivan urged consideration of the amendment.  
52

53 Mr. Traini stated the convention center contract was being managed by the Anchorage Convention and Visitor's  
54 Bureau (ACVB). Amending the attached memorandum would require renegotiation of the contract. Municipal Attorney  
55 Fred Boness [~~responded~~] concurred.  
56

57 To Ms. Jennings, Mr. Boness responded that the ACVB and SMG were prepared to sign a contract. Mayor Begich  
58 responded that the Assembly would have the opportunity to readdress the management contract in 2009.  
59

60 To Mr. Stout, Mr. Boness and Mayor Begich responded that this action may affect the terms of the bond sale, the  
61 interest rates and the start of construction of the convention center. It would take several weeks to be heard again by  
62 the Assembly. Assembly Attorney Julia Tucker concurred.  
63

64 Mr. Tesche stated this was one of the most important projects that a member would see while on the Assembly. He  
65 strongly recommended not to adopt the amendment and to approve the ordinance without delay.  
66

67 Mr. Birch opposed being forced to act on such short notice, and under such duress. A different process was needed to  
68 procure management agreements. The Assembly needed to follow the understanding of the voters and he supported  
69 his amendment. Chair Fairclough concurred. Mayor Begich responded that this was a negotiated agreement that the  
70 Administration had worked on over the past several months and the matter was not being added at the last minute.  
71

72 Mr. Traini stated that both the Assembly Counsel and the Municipal Attorney had indicated there were problems with  
73 the amendment. He recommended rejecting the amendment and approving the ordinance.  
74

75 Mr. Coffey stated that, viewing the merits of the convention center, he would support the Administration.  
76

77 Ms. Jennings stated there had been two previous worksession on this matter and the Administration had been busy  
78 negotiating the contract with the ACVB, preparing for the bond sales. She opposed the Birch Amendment.

1  
2 Mr. Sullivan stated that Mr. Birch had announced his intention for his amendment at the last worksession. This was no
