52

55 and the motion passed without objection,

56  
57 Mr. Stout read and Mr. Sullivan presented the award to the family of Tim P. Fitzgerald, who had recently died while on  
58 duty as a security officer at the Municipality. He was honored and remembered as a gentle and kind man. Mr.  
59 Fitzgerald's sister accepted the resolution and thanked the Assembly.

60  
61 **10.B. RESOLUTIONS FOR ACTION - OTHER**

62 10.B.3 Resolution No. AR 2005-132, a resolution of the Anchorage Municipal Assembly, directing the Parks  
63 and Recreation Department to accept the Alaska Tennis Association's offer to conduct the  
64 **Municipality's Summer Tennis Tournaments**; Assemblymember Sullivan. **(Laid on the Table)**

65  
66 Mr. Sullivan moved, to approve AR 2005-132.  
67 Ms. Ossiander seconded,

68  
69 Mr. Sullivan read the newly introduced resolution, supporting the Municipality's Summer Tennis Tournaments, an  
70 annual city event for the past thirty years. Tennis program coordinator Greg Tracy had recently moved from the state.  
71 His position had not been filled and there was no one assigned to cover the tournaments.

72  
73 To Mr. Sullivan, Alaska Tennis Association (ATA) President Bill Cotton responded that ATA had originally offered to  
74 coordinate the tournaments at no-cost to the city. They had calculated that they lacked volunteers and might lose  
75 money. With the loss of sponsorship, the expenses of the tournaments outweighed the collected entry fees.

76  
77 Parks and Recreation Director Jeff Dillon stated the budget had limited funding. They recognized the value of the  
78 tournaments, but did not have personnel to cover coordinating the events. They had tried to keep the fees low and felt

1 the set fees were reasonable. To Mr. Tesche, Mr. Dillon responded each tournament lasted seven to nine days, and  
2 would involve about \$1200 for expenses. Mr. Tesche questioned if the Assembly should be involved with managing  
3 tennis tournaments.  
4

5 Mayor Begich stated the Administration would continue to work with the groups, helping them find sponsorships. The  
6 Administration had made cuts to remain focused on lowering property tax, including finding alternative sponsors for the  
7 Mayor's Marathon. There had been a shift in the city to charge fees for organized sports, but scholarships were still be  
8 available for lower income families and individuals.  
9

10 Ms. Ossiander urged support for events that allowed the city to work with the citizens. Historically, Anchorage had  
11 provided these services, which were beneficial to the community. Mr. Dillon responded they wanted to support sports  
12 activities, but wanted to incorporate additional fees to cover events such as this.  
13

14 Mr. Sullivan stated that if the group did not receive support, the tennis tournaments might be cancelled. He  
15 recommended consideration of the Parks and Recreation Department assistance for this year, while the group looked  
16 for sponsors. Working together to ensure the tournaments took place was a win-win situation for the city. After 30  
17 years of tennis tournaments being annual events, it was worthwhile and appropriate for the city to offer support.  
18

19 Ms. Jennings stated the loss of the special events coordinator and a limited Parks and Recreation operating budget  
20 was unfortunate. She respected Mayor Begich's offer to help coordinate to find sponsorship.  
21

22 Mr. Birch supported the resolution. He approved of Mayor Begich's transition of the sponsorship of the Mayor's  
23 Marathon. He stated that supporting the ATA to coordinate the tournaments this year would offer a transition for the  
24 group to find future sponsorship.  
25

26 Mr. Coffey stated the Assembly had approved full funding for Parks and Recreation Department.  
27

28 Chair Fairclough called the Question on AR 2005-132.  
29

30 and this motion was passed,  
31

32 AYES: Ossiander, Sullivan, Fairclough, Coffey, Birch, Stout, Bauer and Traini.

36 document.

40 providing **emulsified asphalt** on an "as needed" basis to the Municipality of Anchorage, Maintenance  
41 & Operations Department (ITB 25-B038) (\$1,224,550); Purchasing.  
42

43 Ms. Shamberg motion, to approve AM 347-2005.

44 Ms. Jennings seconded,  
45

46 Ms. Shamberg requested information on the new emulsified asphalt materials. Municipal Engineer Howard Holtan  
47 responded the oil product was unchanged, but the application method was being improved by using smaller aggregate  
48 for the chip sealing process.  
49

50 To Mr. Coffey, Municipal Purchasing Officer Bart Mauldin responded multi-year contracts were used so prices could be  
51 based on oil-futures. The Purchasing Department was obligated to send formal bid requests to all known participants  
52 registered with the Municipality. With this particular industry, there were only two companies in the city who produced  
53 the emulsified asphalt.  
54

55 and this motion was passed,  
56

57 AYES: Tesche, Shamberg, Ossiander, Fairclough, Coffey, Birch, Stout, Bauer, Traini and Jennings.

58 NAYES: None.

75 Office of Planning, Development, and Public Works (\$70,000); Purchasing.  
76

77 Ms. Ossiander moved, to approve AM 361-2005.

78 Ms. Jennings seconded,

1 To Ms. Ossiander, Municipal Engineer Howard Holtan responded that the new computers required extreme  
2 temperature and humidity conditions and the systems in the Planning Department had not been adequate. Municipal  
3 Purchasing Officer Bart Mauldin responded the Municipality was leasing the building and could request improvements,  
4 but it was the building owner's responsibility to arrange the bid and oversee the completion of the work. Mr. Holtan  
5 responded the department typically reviewed the quotes with the owner.

6  
7 To Mr. Birch, Mr. Mauldin responded the request involved both maintenance and remodeling costs and were  
8 considered tenant improvements.

9  
10 To Mr. Coffey, Mr. Mauldin responded the annual lease was \$50,000 and they were asking for an additional \$20,000  
11 for the improvements. Deputy Municipal Manager Michael Abbott concurred. Mayor Begich stated the lease had not  
12 originated during his Administration, and they would have negotiated different terms.

13  
14 and this was unanimously passed,

15  
16 AYES: Tesche, Shamberg, Ossiander, Sullivan, Fairclough, Coffey, Birch, Stout, Bauer, Traini and Jennings.

19 10.D.17. Assembly Memorandum No. AM 379-2005, recommendation of award to Bank of America Merchant  
20 Services for providing **merchant services** to the Municipality of Anchorage, Department of Finance  
21 (RFP 25-P006 Part B) (\$1,900,000); Purchasing (**Addendum**)

22  
23 Ms. Ossiander moved, to approve AM 379-2005.  
24 Mr. Sullivan seconded,

25  
26 To Ms. Ossiander, Finance Director Ross Risvold responded the merchant services contract had been provided by  
27 First National Bank of Alaska, at an annual cost of \$633,000. Mayor Begich responded the memorandum was for a  
28 three-year contract and would be a cost savings. Mr. Risvold responded this contract allowed city customers to pay for  
29 city services by using a credit or debit card, or an electronic check-conversion service. Municipal Treasurer Dan  
30 Moore responded that mandated fees, like property taxes, were processed by a different company and the tax payer  
31 was charged a convenience fee when using a card or e-check services.

32  
33 To Mr. Traini, Mr. Moore responded the convenience fee was \$3.

34  
35 To Mr. Birch, Mr. Moore responded the city utilities and departments had always absorbed the service fees. He  
36 responded he would supply the statistics of measurements of the contract performance and volume.

37  
38 To Mr. Coffey, Mr. Moore responded the city's costs were established on a per-transaction basis. He responded that  
39 Finance had determined the top three contract candidates from reviewing their written responses and oral  
40 presentations. He responded that the candidate selected, Bank of America Services, was located in San Francisco.

41  
42 and this motion was passed,

43  
44 AYES: Tesche, Shamberg, Ossiander Sullivan, Fairclough, Coffey, Birch, Stout, Bauer and Jennings.  
45 NAYES: Traini.

46  
47 **10.E. INFORMATION AND REPORTS**

48 10.E.1. Information Memorandum No. AIM 34-2005, **2005 Assembly Committee and Liaison Assignments**;  
49 Assembly Chair Fairclough.

50  
51 Mr. Tesche moved, to accept AIM 34-2005.  
52 Mr. Coffey seconded,

53  
54 To Mr. Tesche, Chair Fairclough responded that there were two errors in the document.

55  
56 Following requests from Mr. Tesche and Chair Fairclough, Mr. Coffey proposed amendments. Mr. Tesche responded  
57 that, while he would be removed from the Regional Transportation Planning Organization, he would remain available  
58 as an advisor and consultant.

59  
60 Mr. Coffey moved, to amend AIM 34-2005, *by deleting* Mr. Tesche from the  
61 Mr. Sullivan seconded, Regional Transportation Planning Organization and *by*  
62 and this was approved without objection, *deleting* the Cook Inlet Aquaculture Committee entirely.

63  
64 Mr. Bauer moved, to amend AIM 34-2005, *by changing* Mr. Bauer to Chair and  
65 Mr. Coffey seconded, Ms. Shamberg to Co-Chair of The Anchorage School District  
66 Committee and *by deleting* Mr. Traini from the AMATS  
67 Committee.  
68

69 Mr. Traini stated that only two members were allowed to serve on the AMATS Committee.

70  
71 and this was approved without objection,

72  
73 Ms. Jennings stated that diversity had been addressed at the recent Assembly Retreat. She stated that the Title 21  
74 Committee and the Legislative Committee lacked diversity.

75  
76 Mr. Coffey stated that the formation of ad hoc committees had also been discussed, with members being appointed as  
77 needed. This process was adequate as it was structured, as long as the number of members at the meeting was less  
78 than four, to comply with the Open Meetings Act.

1  
2 Mr. Tesche stated that lack of diversity on two very important committees may lead to predominant views towards  
3 development and transportation. While he did not question the qualifications of the individuals on the committees, he  
4 concurred with Ms. Jennings' point of view, concerning diversity. He recommended consideration of involving more  
5 members with the committees, which would encourage diversity of viewpoints.  
6

7 Mr. Sullivan stated it was important to comply with the Open Meetings Act, with a limit of three members, unless the  
8 meeting was noticed. Making a standard of noticing all meetings, allowing all members to attend would resolve the  
9 question of compliance.  
10

11 Ms. Jennings stated the structure of the meetings had changed. She requested consideration for scheduling  
12 committee meetings along with the worksessions on Friday.  
13

14 and this motion, as amended, was approved without objection,  
15

16 10.E.2. Information Memorandum No. AIM 35-2005, additional information concerning the planned  
17 reorganization of **municipal code enforcement activities** as requested April 26, 2005; Planning  
18 Department.  
19

20 Ms. Shamberg moved, to approve AIM 35-2005.  
21 Mr. Sullivan seconded,  
22

23 To Ms. Shamberg, Deputy Municipal Manager Michael Abbott responded the addition of three new code enforcement  
24 officers and better coordination among departments would speed the process of resolving cases.  
25

26 Mr. Coffey stated that enforcement was being addressed, with a centralized dispatch center and cross-training for  
27 enforcement officers. Questions remained regarding the Hearing Officer, the legal proficiency of those who filed  
28 complaints and there being a lack of code understanding. Deputy Municipal Manager Michael Abbott responded the  
29 Administration was committed to addressing all issues and concerns, including a relationship with the legal department  
30 to better educate enforcement officers to ensure that cases would hold up before the Hearing Officer and Superior  
31 Court. There would be progress reports presented to the Assembly on a quarterly basis, summarizing all the issues  
32 and a worksession was scheduled for June.  
33

34 Mr. Birch stated there had been a municipal code violation for a temporary banner, erected on the Tanglewood facility,  
35 with a fine of \$29,700. This was an excessive amount and there was a need to review code compliance. The  
36 Municipal Ombudsman was reviewing this case and was hoping to reach resolution.  
37

38 and this motion was approved without objection,  
39

40 AYES: Tesche, Shamberg, Ossiander, Sullivan, Fairclough, Coffey, Stout, Birch, Bauer, Traini and Jennings.  
41 NAYES: None.  
42

38 citizens of Anchorage. Historically, club members had assisted with communications for public service, national  
39 disasters and natural disasters, including the 1964 Good Friday Earthquake. This year members would be  
40 demonstrating emergency communications in a disaster situation at Kincaid Park. Dr. Hapsburg, the emergency

45 necessity of preserving our state pensions and rebuilding our economic infrastructure.

46  
47 IAN MATTHEW OVERTON stated that the onset of imperial capitalism was creating a critical economic situation in the  
48 United States. This was leading to self destruction and economic collapse, with an already-evident loss of quality of  
49 life. Mr. Overton stated that Lyndon Larouche had predicted all of these events for the past thirty-four years and Mr.  
50 Overton urged Assembly consideration of implementing Larouche's emergency reconstruction policies to save the  
51 nation.

12 Districts, and other minor revisions to clarify code provisions; Planning Department. (**Laid on**  
13 **the Table**)

14  
15 Chair Fairclough read the ordinance title and opened Public Hearing.

16  
17 GLENN CLARY, with the Anchorage Baptist Temple, testified in support of the S-Version. He made several  
18 recommendations for changes that would help direct attention to church activities and events. To Mr. Tesche, Mr.  
19 Clary responded that he agreed with the changes that would impact his church in residential zoning. He responded  
20 the proposed Coffey Amendment, changing the copy to one time per 20-second period, was acceptable. To Mr.  
21 Sullivan, Mr. Clary responded it was important to have identification on the sign.

22  
23 GEORGE VAKALIS, representing the Anchorage Chamber of Commerce, testified in support of the S-Version. It  
24 allowed some flexibility for additional changes that could be addressed in the future. To Mr. Sullivan, Mr. Vakalis  
25 responded those future issues could include consideration of conditional grandfathering rights, if the signs continued to  
26 be upgraded and improved, which would be consistent with the historic manner in which business had been run in the  
27 city. To Ms. Ossiander, Mr. Vakalis responded the Chamber supported the continued prohibition of light backgrounds  
28 and dark letters and thought a compromise might be to change the number of illumines (*illuminations*). To Mr. Tesche,  
29 Mr. Vakalis responded the Chamber consistently supported non-conforming signs, including grandfathering rights and  
30 a repeal of the amortization period. To Mr. Coffey, Mr. Vakalis responded the changes were an improvement for the  
31 ordinance and the Chamber was in support. To Ms. Jennings, Mr. Vakalis responded that the Chamber supported the  
32 S-Version, with the proposed changes.

33  
34 With no additional public testimony, Chair Fairclough closed Public Hearing and called the Question.

35  
36 Mr. Coffey moved, to approve AO 2005-61(S).  
37 Ms. Ossiander seconded,

38  
39 Ms. Ossiander described the proposed changes in the substitute version, which included proposed amendments from  
40 the Planning Department and Assemblymembers.

41  
42 To Mr. Coffey, Planning Department Director Tom Nelson responded they had submitted their draft to the Title 21 Sign  
43 Committee. Mr. Tesche and other members had not received the new version or amendments. Mr. Coffey proposed  
44 postponement to allow time for Assemblymembers to review all changes.

45  
46 Mr. Coffey moved, to postpone AO 2005-61(S) until June 14, 2005.  
47 Mr. Sullivan seconded,

48  
49 Mr. Tesche concurred with postponement and requested a review from the Planning and Zoning Commission (P&Z).

50  
51 Mr. Nelson stated the P&Z had a full agenda already scheduled on June 6<sup>th</sup> and recommended changing the date. Mr.  
52 Coffey responded that the amendments appeared to be housekeeping or additions dealing with political signs,  
53 illumination or glare. He opposed sending the ordinance to P&Z.

54  
55 Ms. Ossiander supported the motion to postpone and opposed referring the issue back to P&Z, but requested  
56 comments from the Planning Department.

57  
58 Mr. Sullivan supported postponement because additional time was needed to review the document in more detail

59  
60 Mr. Tesche moved to amend the Coffey Amendment *by changing* postponement  
61 Ms. Ossiander seconded, from [June 14<sup>th</sup>] to "July 12<sup>th</sup>," with a review from P&Z.

62  
63 Mr. Tesche stated that the additional time would allow P&Z to make recommendations to the Assembly on the  
64 changes, including addressing possible unintended consequences.

65  
66 Mr. Stout opposed the Tesche Amendment, because it had already been reviewed by numerous committees and  
67 departments and the Assembly needed to make the decisions. He supported the Sullivan Amendment, allowing  
68 Assemblymembers more time to review the new document.

69  
70 Ms. Jennings supported the Tesche Amendment, allowing P&Z to review and make recommendations.

71  
72 Mr. Traini supported the Tesche Amendment and supported getting the P&Z recommendations, which involved the  
73 proper process.

74  
75 and this motion failed,

76  
77 AYES: Tesche, Shamberg, Traini and Jennings.

78 NAYES: Ossiander, Sullivan, Fairclough, Coffey, Birch, Stout and Bauer.

9 **14. NEW PUBLIC HEARINGS**

10 14.A. Resolution No. AR 2005-112, a resolution recommending selection of a site in **Southwest Anchorage**  
11 for an elementary school, to consist of approximately 15 acres, generally located in the Kincaid  
12 Estates Subdivision, within the NE1/4, SE1/4 and SW1/4 of Section 9, T12N, R4W, S.M., Alaska; and  
13 selection of a site in Southwest Anchorage for a middle school, to consist of approximately 27 acres,  
14 generally located in the southern portion of an unsubdivided parcel, being south of Tract A, Lancaster  
15 Subdivision, in the SW1/4 of Section 10, T12N, R4W, S.M., Alaska; Planning Department.  
16 1. Assembly Memorandum No. AM 330-2005.

17  
18 Chair Fairclough read this resolution title and opened Public Hearing.

19  
20 DEANNA ESSERT supported the M-2 site for the Middle School and opposed the E-1B, alternative site for the  
21 elementary school, as did the Sand Lake Community Council. She listed the many problems with the E-1B site. She  
22 questioned if enough research had been done on the airport expansion of a new north-south runway. Schools built on  
23 this site would need extensive and costly engineering to accommodate the problems, to meet standards. She  
24 encouraged consideration of alternative sites.

25  
26 With no additional public testimony, Chair Fairclough closed Public Hearing and called the Question.

27  
28 Mr. Sullivan moved, to approve AR 2005-112.  
29 Ms. Ossiander seconded,

30  
31 Mr. Sullivan stated that negotiations for the preferred site were ongoing. He stated that all members shared the same  
32 concerns of Ms. Essert on the secondary site. He was encouraged that negotiations between the Heritage Land Bank,  
33 the School District and the property owners of the preferred site were moving ahead smoothly and he was confident  
34 the right site would be acquired.

35  
36 Ms. Jennings moved, to amend AR 2005-112 on Page 2, Section 2, on Line 33 *by*  
37 and there were no objections, *changing [are] area*, and on Line 34, *by adding* to read: Site  
38 E-1A be selected "as the preferred site" for an elementary  
39 school, and ...; and in Section 3, Line 36, *by adding* to read:  
40 That, if acquisition "of the preferred" Site E-1A; and *by*  
41 *replacing*, to read: Site E-1A cannot be [arranged]  
42 "concluded."  
43

44 Chair Fairclough confirmed concurrence from School Administration personnel, in the audience.

45  
46 Mr. Coffey stated that there was a substantial need for an elementary school in that area.

47  
48 Chair Fairclough put the Question.

49  
50 and this motion, as amended, was passed,

51  
52 AYES: Shamberg, Ossiander, Sullivan, Fairclough, Coffey, Birch, Stout, Bauer, Traini and Jennings.  
53 NAYES: None.

54 *(Clerk's Note: Mr. Tesche was out of Chambers at the time of the vote.)*

55  
56 Mr. Coffey moved, to change the order of the day to take up 14.N.  
57 Mr. Bauer seconded,  
58 and there were no objections,

59  
60 *(Clerk's Note: Following Assembly Action of 14.D. the Assembly approved reconsideration of AR 2005-112 and the*  
61 *body was returned to this item for additional discussion and action.)*

62  
63 Chair Fairclough reopened Public Hearing.

64  
65 SUSAN RIDDER opposed the proposed elementary school site in the gravel pit. She listed many reasons the site was  
66 not appropriate and urged continuing the search for alternative sites. Mr. Sullivan responded if the lower site were  
67 chosen there would be extensive testing for air quality, among other things. He stated it was their intention to secure  
68 the upper site, which was the preferred site.

69  
70 With no additional public testimony, Chair Fairclough closed Public Hearing and put the Question.

71  
72 Ms. Jennings moved, to approve AR 2005-112, as previously amended.  
73 Mr. Sullivan seconded,  
74 and this motion was unanimously passed,

75  
76 14.B. Resolution No. AR 2005-113, a resolution of the Municipality of Anchorage appropriating the sum of  
77 \$135,195 as a grant from the U.S. Environmental Protection Agency and a contribution of \$323,000  
78 from the 2005 Operating Budget, Fund 101, Department of Health and Human Services as a match to

1 the Federal Categorical Grants Fund (241), Department of Health and Human Services for **air quality**  
2 **monitoring, enforcement and planning.**

3 1. Assembly Memorandum No. AM 331-2005.  
4

5 Chair Fairclough read this resolution title and opened Public Hearing. With no one to testify, she closed Public Hearing  
6 and called for a motion.

7  
8 Mr. Birch moved, to approve AR 2005-113.  
9 Mr. Coffey seconded,

10  
11 Ms. Jennings requested the Title 21 worksessions be scheduled for Friday, so she would be able to attend.

12  
13 To Mr. Birch, Deputy Municipal Manager Michael Abbott responded the city was involved with a study, determining the  
14 impact of the emissions testing program. The outcome of that study had the potential of creating the opportunity to  
15 petition the Environment Protection Agency (EPA), to lessen or omit the requirements of the EPA emissions testing  
16 program.

17  
18 and this motion was passed without objection,

19  
20 AYES: Tesche, Shamberg, Ossiander, Sullivan, Fairclough, Coffey, Birch, Stout, Bauer, Traini and Jennings.

21 NAYES: None.  
22

23 14.C. Ordinance No. AO 2005-63, an ordinance amending Anchorage Municipal Code Chapter 9.54 to  
24 clarify applicability to **Tow Operators**, to add new definitions, and for tow operator participation in the  
25 Anchorage Police Department Rotational Tow Program, retroactive to January 1, 2005; Legal  
26 Department.

27 1. Assembly Memorandum No. AM 267-2005.  
28

29 Chair Fairclough read the ordinance title and opened Public Hearing.

30  
31 EDNA STAUBER testified in support of creating a recycling center, with capabilities of crushing cars, to clean up the  
32 junk cars and recyclable materials in the city. Recycling would save money in the long run, making an environmental  
33 difference in the city and may qualify for state and federal grants. Mr. Traini responded that the Rust in Peace  
34 program was designed to remove abandoned and unwanted vehicles from private property without expense to the  
35 property or business owner. Ms. Stauber responded that it was still expensive to prepare a car for the crusher. To Ms.  
36 Jennings, Ms. Stauber responded that her son owned a towing company. She stated that the new towing rules would  
37 cause friction among towing companies.

38  
39 WILL WEBB, tow operator for 23 years, agreed with most of the ordinance, but opposed the \$500 fee.

40  
41 With no additional public testimony, Chair Fairclough closed Public Hearing and called the Question.

42  
43 Mr. Coffey moved, to approve AO 2005-63.  
44 Mr. Traini seconded,

45  
46 To Ms. Ossiander, Chair Fairclough responded that this ordinance only dealt with posting rates, and was not setting  
47 rates in Anchorage. There would be discussion of possible business licensing in the future.

48  
49 To Chair Fairclough, Anchorage Impound Supervisor Mindy McCulley responded that the department had modified the  
50 attachment accompanying the ordinance. She distributed copies of the rates she had calculated for the Rotational  
51 Tow Program, to which she had received positive feedback from towing operators in the program. To Ms. Ossiander,  
52 Ms. McCulley, responded there were currently ten companies on the Municipal Rotational Tow Program list, which had  
53 to meet certain requirements, including posting all rates and charges. The department had discovered a huge range of  
54 rates among towing operators. With the assistance from the municipal legal staff, reasonable rates had been  
55 incorporated into the document, which would only apply to the ten tow companies used by the Anchorage Police  
56 Department (APD). The rest of tow operating community would be addressed in the future.

57  
58 Mr. Sullivan questioned the \$500 fee and Ms. McCulley responded it was an annual administrative fee, with an  
59 adjustable maximum of \$1000 for the future. She stated it was their intention to set the fee at \$500 now.

60  
61 To Mr. Traini, Ms. McCulley responded that if the ordinance was approved that evening, the fee could be raised to  
62 \$1000. Deputy Municipal Manager Michael Abbott responded the rate increase would be to the discretion of the APD.  
63 Mayor Begich supported capping the rate at \$500. Ms. McCulley concurred.

64  
65 Mr. Stout stated this would allow other towing companies to change their prices considerably. There should be some  
66 maximum limitations applied to the rates. Ms. McCulley responded that she had calculated fair and reasonable rates,  
67 after finding widely varied fees charged by towing companies, including companies used by the city. Mayor Begich  
68 responded the attachment would define 'reasonable' rates. If tow companies exceeded the recommended rates, they  
69 would not qualify to participate in the Municipal Rotational Tow Program.

70  
71 Mr. Coffey requested legal interpretation of establishing maximum fees. Municipal Attorney Fred Boness did not view  
72 setting the rates as an anti-trust concern, but were setting reasonable rates for criteria of the program, and did not see  
73 it as controlling the market. Mr. Coffey interpreted the intent as mandatory requirements. Mayor Begich responded  
74 that criteria for the city tow program were included in the document. To Mr. Coffey, Ms. McCulley responded the  
75 program was still considered a voluntary program, which was included in the document on Page 1, Line 16.

76  
77 To Chair Fairclough, Mayor Begich responded that only operators in the Rotational Tow Program would be charged  
78 the administrative fees. Ms. McCulley concurred and stated addressing this issue was a first step in the right direction.

1  
2 Mr. Traini stated the authority of arbitrarily increasing the \$500 fee should remain the responsibility of the Assembly.

3  
4 Mr. Traini moved, to amend AO 2005-63 on Page 2, Line 29, *by changing*  
5 Mr. Coffey seconded, to read: Tow operators shall pay an annual fee, not to exceed  
6 and this was approved without objection, [~~\$1,000~~] "\$500", to operate in the APD Rotational Tow...

7  
8 Mr. Coffey moved, to amend AO 2005-63, *by substituting* the attachment,  
9 Mr. Sullivan seconded, The APD Rotational Tow Program, as revised, May 25, 2005,  
10 and this was approved without objection, to the ordinance.

11  
12 Chair Fairclough put the Question on the main motion.

13  
14 and this motion, as amended, was passed unanimously,

15  
16 AYES: Tesche, Shamberg, Ossiander, Sullivan, Fairclough, Coffey, Birch, Stout, Bauer, Traini and Jennings.  
17 NAYES: None.

18  
19 To Chair Fairclough, Mr. Boness confirmed there was no conflict with the towing fees not being mentioned in the title.

20  
21 Mr. Coffey moved, for the Assembly to go into Executive Session to  
22 Mr. Bauer seconded discuss the Girdwood Golf Course.  
23 and there were no objections,

24  
25 Mayor Begich stated it was their intent to have only confidential information concerning the financial negotiation of this  
26 business proposition discussed during the executive session. All other matters were public information.

27  
28 *(Clerk's Note: See additional discussion of the Assembly Executive Session in Agenda item 15.)*

30 14.D. Resolution No. AR 2005-121, a resolution of the Anchorage Municipal Assembly approving an  
31 alcoholic beverages conditional use in the B-2B District for a new restaurant, or eating place use per  
32 AMC 21.40.160D.13 for **Muffin Man Café 817 Restaurant**; located on Lot 10, Block 54, Original  
33 Townsite Subdivision; site address being 817 W. Sixth Avenue, generally located on the north side of  
34 Sixth Avenue between H and I Streets (Downtown Community Council) (Case 2005-060); Planning  
35 Department.  
36 1. Assembly Memorandum No. AM 343-2005.

37  
38 Chair Fairclough read the resolution title and opened Public Hearing. With no one to testify, she closed Public Hearing  
39 and called the Question.

40  
41 Mr. Tesche moved, to approve AR 2005-121.  
42 Mr. Sullivan seconded,

43  
44 Mr. Tesche supported the conditional use. He knew the operator and was confident the business would be run in a  
45 responsible manner and would be a good addition to the downtown restaurants.

46  
47 Mr. Traini supported the conditional use for Muffin Man. The neighboring church had high regards for this business.

48  
49 To Ms. Ossiander, the Administration responded that 10% of sales was a common percentage for a dinner restaurant.

50  
51 Chair Fairclough put the Question.

52  
53 and this motion was unanimously passed,

54  
55 AYES: Tesche, Shamberg, Ossiander, Sullivan, Fairclough, Coffey, Birch, Stout, Bauer, Traini and Jennings.

76 Chair Fairclough opened Public Hearing. With no one to testify, she closed Public Hearing and called the Question.

77  
78 Mr. Traini moved, to approve AO 2005-52.

24 Stout. *(Continued to 6-14-05)*  
25 1. Assembly Memorandum No. AM 215-2005.  
26

27 Chair Fairclough read the ordinance title and opened Public Hearing. With no one to testify, she closed Public Hearing  
28 and called the Question.  
29

30 Mr. Stout moved, *to approve AO 2005-53.*  
31 Ms. Jennings seconded,  
32

33 To Ms. Ossiander, Municipality Parks and Recreation Director Jeff Dillon responded the department had conducted  
34 numerous studies, but there was no summary of economics effects included with this ordinance. Municipal Attorney  
35 Fred Boness responded a summary was required as an attachment to the document, unless local economic effects  
36 were less than \$30,000. In a case where there were no economic effects, a statement to that effect was required to be  
37 included in or attached to the ordinance.  
38

39 To Mr. Tesche, Mr. Boness responded that Assembly discussion, recorded in Meeting Minutes, would not be sufficient  
40 to meet the requirements of attaching a summary of economic effects to the document.  
41

42 To Mr. Coffey, Mr. Boness responded if there were no economic effects, a statement still needed to be attached  
43 stating there were no economic effects.  
44

45 To Mr. Traini, Mr. Boness concurred that once the land became dedicated park lands that action could not be undone  
46 without a vote of the people. Mr. Traini responded that locking up the park lands might incur an economic effect.  
47

48 Mr. Coffey moved, *to postpone AO 2005-53 until June 14<sup>th</sup>, allowing the*  
49 Mr. Stout seconded, *Administration time to prepare a summary of economic*  
50 *effects.*  
51

52 Mr. Abbott stated that a statement indicating a zero economic impact could be attached to the ordinance upon  
53 introduction. He recommended a summary be available for introduction that evening. To Mr. Traini, Mr. Abbott  
54 responded stated the Assembly could also approve postponement.  
55

56 Mr. Birch stated if the properties became dedicated park lands, went off the tax rolls and could not be sold, a summary  
57 of economic effects may not indicate a zero evaluation, and there may be some significant value, as in the instance of  
58 the Bicentennial Park land exchange.  
59

60 Chair Fairclough called the Question on the Coffey Amendment.  
61

62 and this motion was approved,

64 AYES: Tesche, Ossiander, Sullivan, Fairclough, Coffey, Birch, Stout, Bauer and Traini.  
65 NAYES: Shamberg and Jennings.  
66

67 Chair Fairclough stated that because all of these items had been officially noticed, Public Hearing was being held that  
68 evening. She returned the body to item 14.E, for reconsideration of AO 2005-52 stated Public Hearing on the Baxter  
69 Bog Park would also be continued.

2 and called the Question.

3  
4 Mr. Tesche moved, *to postpone indefinitely* AO 2005-54.  
5 Mr. Coffey seconded,  
6

7 Mr. Tesche stated this was a unique property that sat directly north of the alley between the Egan Civic and  
8 Convention Center and the old City Hall. There had been a number of specific problems with the site, making the  
9 current wording of the proposed ordinance difficult. A new property description and other conditions were required.

12

13 14.H. Ordinance No. AO 2005-55, an ordinance dedicating certain municipal lands for park or recreational

49

50 To Mr. Traini, Municipal Parks and Recreation Director Jeff Dillon responded that the Simonian Little League Ball Park  
51 and parking lot utilized approximately 16 of the 27.5 acres dedicated by AO 2002-165, concerning Parcel 3-048. Mr.  
52 Traini responded the agreement was to have been equal 'land for land.' Mr. Dillon responded that the property had a  
53 higher development value than the wetlands and stream corridors being considered that evening.  
54

55 Mr. Tesche requested that a memorandum from the Administration accompany the final document, to ensure  
56 mitigation measures mandated by the Assembly had been satisfied by the lands exchange.
