3B. Preventive measures to manage any potential conflicts:

I will not participate in discussions or decisions regarding business between the Municipality of Anchorage or its enterprises, and CIRI or its for-profit subsidiaries on any matters outside the normal course of business (e.g.: routine matters such as sending tax notices would be considered part of the normal course of business). Where these conflicts arise, I will disclose the conflict as soon as it is known, and will delegate decision authority to staff on any matters requiring review and decision making.

Additionally, I will recuse myself from business discussions or decisions that involve the Municipality of Anchorage (or its enterprises) in my role as a member of the CIRI Board of Directors.

If questions arise, I will discuss any potential conflicts with either or both Municipal attorneys and CIRI's Corporate Counsel, Mr. Bruce Anders.

Respectfully submitted,
