* * * *

10. Unlicensed nightclub, providing such nightclub conforms to the requirements of section 21.45.245.

* * * *

Section 12: That the Anchorage Municipal Code is hereby amended by adding a section, to be numbered 21.45.245, which section reads as follows:

21.45.245 Standards -- Nightclub, unlicensed.

A. *Purpose.* Certain types of enterprises have been determined to produce secondary impacts on surrounding land uses. The impacts include a perceived decline in property values, and an increase in the level of criminal activity, including unlawful sales and use of drugs and consumption of alcoholic beverages, in the vicinity of these types of enterprises. The purpose of this section is to segregate such enterprises from land uses that are likely to be negatively impacted.

B. *Minimum distance from certain uses.* Unless the exemption described in subsection E applies, an unlicensed nightclub shall be located so that all portions of the lot on which the unlicensed nightclub is located shall be 300 feet or more from the lot line of property on which is located:

A public, private or parochial school;

2. Property zoned residential; or

3. R-11 zoned property designated as residential in the comprehensive plan.

C. *Administrative permit required.* An administrative permit for each unlicensed nightclub shall be obtained from the Department of ~~Community Planning and Development~~ **Public Works** and be displayed in a prominent place inside the unlicensed nightclub.

This permit shall certify that, when granted, the enterprise was in compliance with subsection B. of this section or that the unlicensed nightclub fits within the exemption set forth in subsection E. of this section. This permit shall be obtained from the administrative official designated pursuant to section 21.10.005. This permit shall remain valid so long as that enterprise remains in continuous operation at that location, and does not physically expand.

D. *Premises without permit.* Except as provided in subsection E., an unlicensed nightclub not in possession of a permit must immediately cease all activities for which a permit pursuant to this section is required. For purposes of this section, "to operate" means to direct or control the work force of an enterprise or to start or keep the enterprise working.

E. *Exemptions allowing amortization of existing nonconforming use.* If an unlicensed nightclub is an existing nonconforming use on [the effective date of this ordinance], such unlicensed nightclub has an automatic exemption for 30 days. The operator of an unlicensed nightclub which is an existing nonconforming use as of this ordinance's effective date may apply for an exemption of longer than 30 days if such application is made no later than 30 days after [the effective date of this ordinance] to the Administrative Hearings Officer for administrative adjudication under Chapter 3.60. The reasonableness of a request for an exemption longer than 30 days shall be decided through a quasi-judicial determination. The purpose of the exemptions created by this subsection is to allow for amortization of the investment made in such existing nonconforming use before such use is terminated by the operation of this ordinance. Such quasi-judicial determination shall be made with consideration of the following:

- 1 the structure which is a nonconforming use;
- 2 the location of the land on which sits a nonconforming use in relation to surrounding uses;
- 3 the investment in the nonconforming use;
- 4 the value of the land and improvements which constitute the nonconforming use

ASSEMBLY MEMORANDUM

No. AIM 145-98

Meeting Date: December 8, 1998

From: Mayor

Subject: AO 98-160

Planning and Zoning Commission
Recommendation on Unlicensed Nightclub
Ordinance

2 The Planning and Zoning Commission held a public hearing on AO 98-160 on
3 November 9, 1998. No one presented testimony in favor or opposed to the
4 ordinance.

4 Through the departmental review Public Works identified a possible problem with
5 requiring Community Planning and Development to issue the permits for this use.
6 Public Works noted that it routinely issues these types of permits and should be
7 the designated permit office. The Commission concurred and unanimously
8 recommended approval of the ordinance with an amendment to change the permit
9 authority from Community Planning to Public Works.(Page 10, line 5 and 6)

10 The documents attached to this memorandum include a draft Commission
11 resolution, draft Commission minutes and the staff report to the Commission on
12 this proposed ordinance.
