	February and March	A large number of investments were scheduled to mature in late February and March. In addition, the Fed dropped interest rates sharply, causing several large non-maturing investments to be called. The unprecedented market reaction to the Coronavirus Pandemic which occurred in late February and into March made it impossible to re-invest maturing and called assets at a reasonable yield. We have been monitoring markets and will reinvest when it is prudent to do so.

PVR Measure WC: Managing Workers' Compensation Claims

Reducing job-related injuries is a priority for the Administration by ensuring safe work conditions and safe practices. By instilling safe work practices, we ensure not only the safety of our employees but reduce the potential for injuries and property damage to the public. The Municipality is self-insured and every injury poses a financial burden on the public and the injured worker's family. It just makes good sense to WORK SAFE.

Results are tracked by monitoring monthly reports issued by the Risk Management Division.
