

# 2024 Construction Project Overview

**Project Name:** Anchorage Airport West Perimeter Road

**Project Number:** CFAPT01136

**Project Description:** Work on this project will include constructing a perimeter road along the northwest edge of the security fence. The road will begin just south of the fuel farm and continue around northwest to follow the existing security fence. The purpose of this road is to ensure we retain continuity of an inside air operations area perimeter road. This segment of the tug road system will provide access to inspect the security fence from the airside.
