

Anchorage 2040 Land Use Plan

A Supplement to Anchorage 2020 - Anchorage Bowl Comprehensive Plan

Planning and
Zoning Commission
Recommended Draft

June 5, 2017

Anchorage 2040 Land Use Plan

Planning and Zoning Commission Recommended Draft

June 5, 2017

Municipality of Anchorage
Planning Department

Presented to:
Anchorage Municipal Assembly
August 2017

Municipality of Anchorage – Planning Department

August 2017

Dear Citizens of Anchorage:

We are excited to present the *Anchorage 2040 Land Use Plan (2040 LUP)*, developed on a foundation of inclusiveness and commitment to improving our community as the best place in America to *Live, Work, and Play*.

The Anchorage Bowl has urbanized and evolved since we adopted *Anchorage 2020—Anchorage Bowl Comprehensive Plan* in 2001. New challenges demand that Anchorage become more resilient and better prepared for mid-21st century realities, including lower oil production revenues and state spending, as well as fostering new opportunities for economic development and resilience.

The *2040 LUP* recognizes these community- changes and sets the stage for future growth, development, and sustainability. Additionally, many Anchorage neighborhoods have adopted plans or are working on plans. These include East and West Anchorage, Government Hill, Fairview, Hillside, the UMED District, Mountain View, South Addition, and Spenard.

The *2040 LUP* incorporates analysis of Anchorage demographics and projected growth, current and future economic changes, current land uses, and future land capacity. These required elements of our Comprehensive Plan inform the policies and strategies contained within the plan.

To ensure efficient and equitable growth within our limited geographic area, Anchorage must maximize land use efficiencies while protecting and enhancing valued neighborhood characteristics and natural resources. The *2040 LUP* recommends strategies for compatible infill and redevelopment, housing and neighborhoods, commercial centers and corridors, open space and greenbelts, transportation, and coordinated and focused public investments. New policies provide structure and guidance for targeted areas of economic development and revitalization.

The development of this community-based plan engaged many partners and the public. Thank you to those who gave time and great thought to make this *2040 LUP* what it is. Our team is gratified at the level of interest and feedback during the public comment periods for the community discussion draft and the public hearing draft plan. We want to demonstrate to you that Anchorage is open for investment and new ideas!

Sincerely,

Hal H. Hart, AICP
Planning Director

Acknowledgements

Thank you to all the individuals and organizations who have participated in creating the Anchorage 2040 Land Use Plan, by attending a meeting, providing a written letter, responding to a questionnaire, spreading the word, or in any other way working on this plan to help make Anchorage's future brighter. Additional thanks to the boards and commissions, focus groups, community and business organizations, and agency and utility representatives who have provided input and shared their expertise along the way.

Section 1

VISION

Goals, Forecasts,
and Policies for
Growth

1.1.	Guiding Anchorage's Growth	1
	2040 Plan Objectives	
	Relationship to Other Plans	2
	Map 1-1. Area-Specific Plans – Anchorage Bowl	5
	Relationship to the Zoning Map and Other Actions	6
	Public Engagement in Making the Plan	7
1.2.	Forecasting Growth	8
	Anchorage 2040 Growth Forecast	8
	Land Capacity for Housing and Employment	10
	2040 LUP Growth Capacity	12
1.3.	Anchorage's Growth Strategy	15
	Map 1-2. Areas of Growth and Change by 2040	27

Section 2

PLAN

Anchorage 2040
Land Use Plan
Map

2.1.	Creating Great Places	29
	Land Use Designations (Introduction)	29
	Relationship to Land Use Designations in Area-Specific Plans	31
	Map 2-1. Anchorage 2040 Land Use Plan Map	31
2.1.	Land Use Designations	36
	Neighborhoods	36
	Centers	42
	Corridors	48
	Open Spaces	50
	Facilities and Institutions	52
	Industrial Areas	57

2.2.	Growth-Supporting Features	60
	Transit-Supportive Development	
	Greenway-Supported Development	61
	Traditional Neighborhood Design	64
	Residential Mixed-use Development	65
	Other Map Features	67

Section 3

ACTION

Strategies and
Actions to
Achieve the Plan

3.1.	Implementation Tools	69
3.2.	Essential Strategies	71
	Strategy 1: Phasing of Growth and Investment	71
	Strategy 2: Reinvestment Focus Areas	71
	Strategy 3: Infrastructure Financing and Provision	72
	Strategy 4: Financial and Taxation Incentives	74
	Strategy 5: Targeted Area Rezoning	75
	Strategy 6: New Zoning Districts/Overlay Zones	75
	Strategy 7: Preservation and Re-use of Older Buildings	77
	Strategy 8: Infill Housing Development Regulations	77
	Strategy 9: Traded Sectors Industrial Site Availability and Readiness	77
	Strategy 10: Special Study Areas/Small Area Plan	78
	Strategy 11: Development Permitting Assistance	79
	Strategy 12: Systematic Monitoring and Amendment of this Plan	79

 - Existing Residential Density, in Dwellings per Acre
 - Existing Land Use Inventory, by Economic Sector
 - Parks and Open Space
 - Community Natural Assets
 - Existing Zoning Districts

Overview

What is this document?

The *Anchorage 2040 Land Use Plan (2040 LUP)* supplements the Municipality's Comprehensive Plan for the Anchorage Bowl. *Anchorage 2020: Anchorage Bowl Comprehensive Plan* serves as the framework for the 2040 LUP. Building on this framework, the 2040 LUP also incorporates the adopted neighborhood and district plans, public facility plans, and recent analyses regarding population, housing, commercial, and industrial needs over the next 25 years. The 2040 LUP features a land use plan map, which recommends the future land development pattern. It shows where future land uses may occur within the Anchorage Bowl to accommodate anticipated growth. It also includes recommended strategies to carry out the plan and manage growth. Upon adoption by the Assembly, the *Anchorage 2040 Land Use Plan* will become a part of the *Municipality's Comprehensive Plan*.

How is this document organized?

Section 1 - Vision provides an account of what was considered in developing this plan. This includes: (1) relevant policies from *Anchorage 2020: Anchorage Bowl Comprehensive Plan*; (2) introduction of new goals and policies to address emerging land use issues; (3) adopted neighborhood and area-specific plans; (4) changing demographics, population, employment forecasts, and their needs; and (5) many comments and ideas heard from the public and agency stakeholders during the public outreach process conducted for the 2040 LUP. Also included is the "Areas of Growth and Change by 2040 Map," which illustrates areas where: little growth is expected; moderate growth may occur; and significant growth will likely occur due to available vacant or redevelopable lands, existing or planned infrastructure improvements and services, and the neighborhoods which desire new housing, jobs, and growth.

Section 2 - Plan describes the Land Use Plan Map (LUPM) and defines the different land use categories on it. The LUPM will serve as a reference to the public, investors, developers, and public officials in making decisions regarding future land use and infrastructure. This section also introduces

four "Growth Supporting Features": (1) Transit-Supportive Development, (2) Greenway-Supported Development, (3) Residential Mixed-Use Development, and (4) Traditional Neighborhood Design. These four features are intended to provide an area-specific focus and intent and are gaining private and public support because of their potential ability to increase long-term property values.

Section 3 - Action identifies strategies, actions, and decisions to achieve the Plan. These actions will be needed if Anchorage is to grow and foster the housing, employment, and recreation and open space needed to meet the forecasted population and employment growth demands over the next 25 years. Given the reality of diminishing state operating and capital funding and the importance of maintaining existing infrastructure investments, a key cornerstone to implementing the 2040 LUP is the coordination and focusing of public funding on new infrastructure improvements and services to those areas best able to accept new growth. The 2040 LUP Actions Checklist, Figure 3-4, identifies time frames of **Now**, **1-3 years**, **4-6 years**, **7-10 years**, and **Ongoing** for the actions that guide future municipal work programs and capital improvement projects, allocation of funding and resources, and the identification of core responsible agencies and potential new partnerships.

Where can additional information related to the 2040 LUP be found?

The 2040 LUP project web site contains a host of information and links to the following information:

- Land Use Plan Map: various sizes available for printing and interactive viewing
- Map Folio: additional mapped information prepared to inform the 2040 LUP
- Adopted neighborhood and district plans, and updated housing, commercial, and industrial land assessments.
- Public Involvement Plan for the project
- Public and Agency Stakeholder Comments
- Other Appendices
