VARIANCE STANDARDS

The Platting Board may only grant a variance if the Board finds that **all** of the following 4 standards are substantially satisfied. Each standard must have a response in as much detail as it takes to explain how your property's condition satisfies the standard. The burden of proof rests with you.

- a. There are special circumstances or conditions affecting the property such that the strict application of the provisions of the subdivision regulations would clearly be impractical, unreasonable, or undesirable to the general public;
- b. The granting of the specific variance will not be detrimental to the public welfare or injurious to other property in the area in which such property is situated;
- c. Such variance will not have the effect of nullifying the intent and purpose of the subdivision regulations or the comprehensive plan of the municipality; and
- d. Undue hardship would result from strict compliance with specific provisions or requirements of the subdivision regulations. The applicant may supplement the form with supporting documents.
