27,000 POUNDS
OF GLASS RECYCLED
Solid Waste Services kept 27,000 pounds of glass out of the Anchorage Regional Landfill since starting its commercial glass recycling program in September.

BUSINESSES
COMMUNITY-ORIENTED
Both downtown and midtown Anchorage businesses recycle their glass with SWS, ranging in size from Darwin's Theory to 49th State Brewing Co.

$28/MONTH
COST PER CART
Glass recycling is important to residents. In fact, it is the most requested service at SWS. Participating businesses know recycling is important to their customers.

WHY GLASS?
IT STAYS LOCAL!
Glass is the only recyclable material used locally in Anchorage. SWS delivers it to Central Recycling Services where it is made into construction material.

Crushed glass aggregate, the glass product made in Anchorage and used locally.
