Name of Project	A=Add; D=Delete	Priority Rank (Combined with Survey projects)	Description of Addition/Reason for Deletion
Dearmoun Road Fire Station	D		With the amount of building in the Potter Valley area it was felt there was more available land and greater need further south.
Elmore Rd. extension – Dearmoun to Rabbit Creek Rd.	D		The intersection is much too dangerous, blind curve on top of steep hill. It was the only totally unanimous ranking.
Goldenvue to Potter Valley Collector Rd	A		It is in the LRTP but funding is vague and design must be that of a true collector to relieve traffic on Goldenvue. Curves and slope must accommodate school bus traffic and be convenient to use.
Potter Valley Fire Station	A		See deletion of Dearmoun Rd fire station
