Problem: Unfortunately, the popularity and extensive use of the park has left visible signs on the park infrastructure. Funds are needed to ensure a safe community park for future generations. Scope: Requested funds will be used to leverage municipal and Anchorage Park For future generations. Scope: Requested funds will be used to leverage municipal and Anchorage Park Fordium generations. Status: Valley of the Moon Park is one of Anchorage's most popular and well used recreation areas. Located close to Downtown, the park offers picnic and play areas including the city's tallest play structure as well as open field space for neighborhood football and soccer games. The park is also a part of the Chester Creek Greenbelt and offers trail users a respite from their athletic activities on the trail. Due to its ideal location, the park also draws a very culturally diverse user group that represents the many nationalities that inhabit the Anchorage Bowl. I□□□ 2007, voters approved a \$250,000 municipal park bond which is funding design and small improvements to this extremely popular community park. □ PROJECT MANAGEMENT & ENGINEERING 19th Ave at Romig Hill Area Drainage Problem: Drainage problems have been identified. Scope: Status: Needs to be addressed as part of the Spenard Road Upgrade project. Arctic Blvd Drainage - 18th Ave to Chester Creek Problem: Bottom of pipe rotted out. Scope: This project will replace a deteriorated storm drain outfall. The project will improve safety and reduce O&M costs by reducing flooding and ice build up. Status: No work is underway, but a proposed 2008 state grant, combined with a 50/50 local road bond match, will fully fund the project for a 2009 construction start. Benson Blvd at Spenard Rd Area Pedestrian Safety Improvements This intersection has a high accident rate and pedestrian safety is a growing concern. This project will construct pedestrian safety improvements at this intersection of arterial streets. Specific improvements will be identified in the study.			
infrastructure. Funds are needed to ensure a safe community park for future generations. Scope: Requested funds will be used to leverage municipal and Anchorage Park Foundation funds for upgrades to play equipment, upgraded turf areas including irrigation, stabilized and enhanced stream bank areas for habitat protection, and to provide improved signage, park amenities and landscaping. Comm Council Priority Rank (ALPHABETICAL) North Star Rank # **PROJECT MANAGEMENT & ENGINEERING** C St at 20th Ave Drainage The existing storm outfall is lower than the creek which causes sedimentation and ice build up Problem: in the system. The facility serves a local neighborhood. This project is a priority for street maintenance. Scope: This project is expected to construct a drainage lift station and a new storm drain outfall into Chester Creek at 20th Avenue. Status: A 2008 state grant has been requested. This, combined with a 50/50 local road bond match, will fully fund the project for a 2009 construction start. Northern Lights Blvd @ Minnesota Dr Pedestrian Safety & Capacity Improvements (HSIP) Pedestrian safety and capacity issues have been identified at this intersection. Problem: Scope: Improvements are expected to include converting the westbound left/thru lane into a left turn only lane to create a dual westbound left turn from Northern Lights Boulevard to southbound Minnesota Drive; installing a curb bulb on the southwest corner of th No work is underway. Funding is through the Highway Safety Improvement Program (HSIP) and programmed in the AMATS TIP for 2009. Design is proposed for 2009 and construction for 2010. Seward Hwy Expansion - 20th Ave to 36th Ave Problem: Traffic on this freeway already exceeds the capacity of the existing facility. While the scope has not been established, this freeway segment is a significant link in the Scope: Highway to Highway connection to the Glenn Highway. Specific improvements will be identified in further design efforts not currently funded. A major investment study has been compeleted by the State of Alaska. This is a state-owned Status: facility and evaluation and future funding would be by the State of Alaska. The route is identified as a Freeway in the Official Streets and Highways Plan. The project is also included in the Long Range Transportation Plan (LRTP). Spenard Rd Pedestrian Improvements - Westchester Lagoon to Hillcrest Dr Pedestrians must now walk in the roadway to access Westchester Lagoon and the Chester

Creek Trail. This project is a priority for the South Addition Community Council.

The improvements are included in a Spenard Road Upgrade planned for 2009.

Construct pedestrian facilities from Westchester Lagoon to Hillcrest Dr. A trail is proposed on

Scope:

the west side.
