ANCHORAGE PARKS & RECREATION**ABBOTT LOOP COMMUNITY PARK**

Problem: This state funding request would be used to implement the remaining elements of the Community Park Master Plan Vision including key safety and security items - parking lot lighting and the sledding hill.

Scope: This state funding request would be used to implement the remaining elements of the Community Park Master Plan Vision. The plan elements include a playground, sledding hill, security lighting and concession building design.

Status: Abbott Loop Community Park is one of the newest parks in Anchorage and provides for year round family and community recreation as well as linkage to the Far North Bicentennial park trail system. Summer activities include little league baseball, soccer, horseback riding, picnicking, walking, jogging and biking. Winter activities focus on Nordic skiing as the park is a major access to the larger groomed trail network.

A large amount of construction work was completed in 2006-2008 including the paved parking lot, Little League circulation area, irrigation upgrades to the league fields, dugouts, utility extensions to provide future lighting, a picnic pavilion and pedestrian pathways. Project funding came from a variety of sources demonstrating wide support for the project- the Anchorage Park Foundation, Simonian Little League, Municipality Park Bonds and a State Grant.

FIRE DEPARTMENT**STATION IMPROVEMENTS/REPAIRS****Problem:**

Scope: Miscellaneous facility improvements and repairs to better meet operational needs and/or address health and safety issues. □□2010-connect Rabbit Creek Fire Station #10 to Bear Valley Elementary School drinking water supply system. □□2010-Tudor/Baxter Road Fire Station #14, north driveway access.

Status:**PROJECT MANAGEMENT & ENGINEERING****Basher Rd Upgrade - MP 1.7 to MP 2.2**

Problem: Interest has been expressed in upgrading this portion of Baxter Road, but details regarding the purpose and need have not been established. Community input is welcome.

Scope: Not set.

Status: No work is underway or scheduled in the 6-year Capital Improvement Program. The project will remain on the Capital Projects Needs List for future funding consideration.

PROJECT MANAGEMENT & ENGINEERING**Campbell Airstrip Rd Upgrade - Mile 0.3 to 0.7 (Pedestrian/Bike Trail)**

Problem: This road is the primary access to Far North Bicentennial Park and the Stuckagain Heights neighborhood. This project is included in the 1985 Far North Bicentennial Park Master Plan, the 2000 Anchorage Bowl Park Natural Resource and Recreation Facilities Plan, and the 1996 Areawide Trails Plan. All three plans recommend that this section of Campbell Airstrip Road be improved and the multi-modal trail extended through this section. The road and trail on either end have already been improved. This project would provide safe access to both park users and residents.

Scope: Construct roadway improvements and a multi-modal pathway to match the existing improvements on either end.

Status: A 2009 state grant to fund initial design work has been requested.

Campbell Airstrip Rd Upgrade - Mile 1.1 to 2.7

Problem: The road is not constructed to current standards.

Scope: To be determined through agency and community coordination.

Status: No work is underway or scheduled in the 6-year Capital Improvement Program. The project will remain on the Capital Projects Needs List for future funding consideration.
