		Hillside Drainage Improvements	* ,	* -	
		This project will complete a drainage study of the Anchorage Hillside area regarding existing and evolving drain	nage patterns a	and problem ar	eas. The stu
		expected to identify and prioritize problem areas and capital projects to address the problems.			
		Many areas on the Anchorage Hillside suffer from poor drainage. There are many unimproved roads that contri			No clear pla
		been developed for the future. This project is a high priority for the Rabbit Creek Community Council and a priority	for some other	councils.	
		Substantial drainage analysis and inventory has been completed on the Hillside. Annual state grant funding is p	roposed to beg	jin implementin	g solutions f
		prioritized problem areas. A state grant has been requested.
