

## Alaska Statutes

### Sec. 29.45.030. Required exemptions.

(a) The following property is exempt from general taxation:

(1) municipal property, including property held by a public corporation of a municipality, state property, property of the University of Alaska, or land that is in the trust established by the Alaska Mental Health Enabling Act of 1956, P.L. 84-830, 70 Stat. 709, except that

(A) a private leasehold, contract, or other interest in the property is taxable to the extent of the interest; however, an interest created by a nonexclusive use agreement between the Alaska Industrial Development and Export Authority and a user of an integrated transportation and port facility owned by the authority and initially placed in service before January 1, 1999, is taxable only to the extent of, and for the value associated with, those specific improvements used for lodging purposes;

(B) notwithstanding any other provision of law, property acquired by an agency, corporation, or other entity of the state through foreclosure or deed in lieu of foreclosure and retained as an investment of a state entity is taxable; this subparagraph does not apply to federal land granted to the University of Alaska under AS 14.40.380 or 14.40.390, or to other land granted to the university by the state to replace land that had been granted under AS 14.40.380 or 14.40.390, or to land conveyed by the state to the university under AS 14.40.365;

(C) an ownership interest of a municipality in real property located outside the municipality acquired after December 31, 1990, is taxable by another municipality; however, a borough may not tax an interest in real property located in the borough and owned by a city in that borough;

(2) household furniture and personal effects of members of a household;

(3) property used exclusively for nonprofit religious, charitable, cemetery, hospital, or educational purposes;

(4) property of a nonbusiness organization composed entirely of persons with 90 days or more of active service in the armed forces of the United States whose conditions of service and separation were other than dishonorable, or the property of an auxiliary of that organization;

(5) money on deposit;

(6) the real property of certain residents of the state to the extent and subject to the conditions provided in (e) of this section;

(7) real property or an interest in real property that is

(A) exempt from taxation under 43 U.S.C. 1620(d), as amended or under 43 U.S.C. 1636(d), as amended; or

(B) acquired from a municipality in exchange for land that is exempt from taxation under (A) of this paragraph, and is not developed or made subject to a lease;

(8) property of a political subdivision, agency, corporation, or other entity of the United States to the extent required by federal law; except that a private leasehold, contract, or other interest in the property is taxable to the extent of that interest unless the property is located on a military base or installation and the property interest is created under 10 U.S.C. 2871 - 2885 (Military Housing Privatization Initiative), provided that the leaseholder enters into an agreement to make a payment in lieu of taxes to the political subdivision that has taxing authority;

(9) natural resources in place including coal, ore bodies, mineral deposits, and other proven and unproven deposits of valuable materials laid down by natural processes, unharvested aquatic plants and animals, and timber;

(10) property not exempt under (3) of this subsection that

(A) is owned by a private, nonprofit college or university that is accredited by a regional or national accrediting agency recognized by the Council for Higher Education Accreditation or the United States Department of Education, or both; and

(B) was subject to a private leasehold, contract, or other private interest on January 1, 2010, except that a holder of a private leasehold, contract, or other interest in the property shall be taxed to the extent of that interest.

(b) In (a) of this section, "property used exclusively for religious purposes" includes the following property owned by a religious organization:

(1) the residence of an educator in a private religious or parochial school or a bishop, pastor, priest, rabbi, minister, or religious order of a recognized religious organization; for purposes of this paragraph, "minister" means an individual who is

(A) ordained, commissioned, or licensed as a minister according to standards of the religious organization for its ministers; and

(B) employed by the religious organization to carry out a ministry of that religious organization;

(2) a structure, its furniture, and its fixtures used solely for public worship, charitable purposes, religious administrative offices, religious education, or a nonprofit hospital;

(3) lots required by local ordinance for parking near a structure defined in (2) of this subsection.

(c) Property described in (a)(3) or (4) of this section from which income is derived is exempt only if that income is solely from use of the property by nonprofit religious, charitable, hospital, or educational groups. If used by nonprofit educational groups, the property is exempt only if used exclusively for classroom space.

(d) Laws exempting certain property from execution under AS 09 (Code of Civil Procedure) do not exempt the property from taxes levied and collected by municipalities.

(e) The real property owned and occupied as the primary residence and permanent place of abode by a resident who is (1) 65 years of age or older; (2) a disabled veteran; or (3) at least 60 years of age and the widow or widower of a person who qualified for an exemption under (1) or (2) of this subsection is exempt from taxation on the first \$150,000 of the assessed value of the real property. A municipality may by ordinance approved by the voters grant the exemption under this subsection to the widow or widower under 60 years of age of a person who qualified for an exemption under (2) of this subsection. A municipality may, in case of hardship, provide for exemption beyond the first \$150,000 of assessed value in accordance with regulations of the department. Only one exemption may be granted for the same property, and, if two or more persons are eligible for an exemption for the same property, the parties shall decide between or among themselves who is to receive the benefit of the exemption. Real property may not be exempted under this subsection if the assessor determines, after notice and hearing to the parties, that the property was conveyed to the applicant primarily for the purpose of obtaining the exemption. The determination of the assessor may be appealed under AS 44.62.560 - 44.62.570.

(f) To be eligible for an exemption under (e) of this section for a year, a municipality may by ordinance require that an individual also meet requirements under one of the following paragraphs: (1) the individual shall be eligible for a permanent fund dividend under AS 43.23.005 for that same year or for the immediately preceding year; or (2) if the individual has not applied or does not apply for one or both of the permanent fund dividends, the individual would have been eligible for one of the permanent fund dividends identified in (1) of this subsection had the individual applied. An exemption may not be granted under (e) of this section except upon written application for the exemption. Each municipality shall, by ordinance, establish procedures and deadlines for filing the application. The governing body of the municipality for good cause shown may waive the claimant's failure to make timely application for exemption and authorize the assessor to accept the application as if timely filed. If an application is filed within the required time and is approved by the assessor, the

assessor shall allow an exemption in accordance with the provisions of (e) of this section. If the application for exemption is approved after taxes have been paid, the amount of tax that the claimant has already paid for the property exempted shall be refunded to the claimant. The assessor shall require proof in the form the assessor considers necessary of the right to and amount of an exemption claimed under (e) of this section, and shall require a disabled veteran claiming an exemption under (e) of this section to provide evidence of the disability rating. The assessor may require proof under this subsection at any time.

(g) The state shall reimburse a borough or city, as appropriate, for the real property tax revenues lost to it by the operation of (e) of this section. However, reimbursement may be made to a municipality for revenue lost to it only to the extent that the loss exceeds an exemption that was granted by the municipality, or that on proper application by an individual would have been granted under AS 29.45.050(a). If appropriations are not sufficient to fully fund reimbursements under this subsection, the amount available shall be distributed pro rata among eligible municipalities.

(h) Except as provided in (g) of this section, nothing in (e) - (j) of this section affects similar exemptions from property taxes granted by a municipality on September 10, 1972, or prevents a municipality from granting similar exemptions by ordinance as provided in AS 29.45.050.

(i) In (e) - (i) of this section,

(1) "disabled veteran" means a disabled person

(A) separated from the military service of the United States under a condition that is not dishonorable who is a resident of the state, whose disability was incurred or aggravated in the line of duty in the military service of the United States, and whose disability has been rated as 50 percent or more by the branch of service in which that person served or by the United States Department of Veterans Affairs; or

(B) who served in the Alaska Territorial Guard, who is a resident of the state, whose disability was incurred or aggravated in the line of duty while serving in the Alaska Territorial Guard, and whose disability has been rated as 50 percent or more;

(2) "real property" includes but is not limited to mobile homes, whether classified as real or personal property for municipal tax purposes.

(j) One motor vehicle per household owned by a resident 65 years of age or older on January 1 of the assessment year is exempt either from taxation on its assessed value or from the registration tax under AS 28.10.431. An exemption may be granted under this subsection only upon written application on a form prescribed by the Department

of Administration.

(k) The department shall adopt regulations to implement the provisions of (g) and (j) of this section.

(l) Two percent of the assessed value of a structure is exempt from taxation if the structure contains a fire protection system approved under AS 18.70.081, in operating condition, and incorporated as a fixture or part of the structure. The exemption granted by this subsection is limited to

(1) an amount equal to two percent of the value of the structure based on the assessment for 1981, if the fire protection system is a fixture of the structure on January 1, 1981; or

(2) an amount equal to two percent of the value of the structure based on the assessment as of January 1 of the year immediately following the installation of the fire protection system if the fire protection system becomes a fixture of the structure after January 1, 1981.

(m) For the purpose of determining property exempt under (a)(7)(A) of this section, the following definitions apply to terms used in 43 U.S.C. 1620(d) unless superseded by applicable federal law, and for the purpose of determining property exempt under (a)(7)(B) of this section, the following definitions apply:

(1) "developed" means a purposeful modification of the property from its original state that effectuates a condition of gainful and productive present use without further substantial modification; surveying, construction of roads, providing utilities or other similar actions normally considered to be component parts of the development process, but that do not create the condition described in this paragraph, do not constitute a developed state within the meaning of this paragraph; developed property, in order to remove the exemption, must be developed for purposes other than exploration, and be limited to the smallest practicable tract of the property actually used in the developed state;

(2) "exploration" means the examination and investigation of undeveloped land to determine the existence of subsurface nonrenewable resources;

(3) "lease" means a grant of primary possession entered into for gainful purposes with a determinable fee remaining in the hands of the grantor; with respect to a lease that conveys rights of exploration and development, this exemption shall continue with respect to that portion of the leased tract that is used solely for the purpose of exploration.

(n) If property or an interest in property that is determined not to be exempt under (a)(7) of this section reverts to an undeveloped state,

or if the lease is terminated, the exemption shall be granted, subject to the provisions of (a)(7) and (m) of this section.

## Alaska Statutes

### Sec. 29.45.050. Optional exemptions and exclusions.

(a) A municipality may exclude or exempt or partially exempt residential property from taxation by ordinance ratified by the voters at an election. An exclusion or exemption authorized by this subsection may be applied with respect to taxes levied in a service area to fund the special services. An exclusion or exemption authorized by this subsection may not exceed the assessed value of \$50,000 for any one residence except that a municipality may, by ordinance, annually adjust their voter-authorized exemption by the amount calculated by the State Assessor to reflect the increase, if any, in the annual average cost of living, using the U.S. Department of Labor CPI-U for Anchorage.

(b) A municipality may by ordinance

(1) classify and exempt from taxation

(A) the property of an organization not organized for business or profit-making purposes and used exclusively for community purposes if the income derived from rental of that property does not exceed the actual cost to the owner of the use by the renter;

(B) historic sites, buildings, and monuments;

(C) land of a nonprofit organization used for agricultural purposes if rights to subdivide the land are conveyed to the state and the conveyance includes a covenant restricting use of the land to agricultural purposes only; rights conveyed to the state under this subparagraph may be conveyed by the state only in accordance with AS 38.05.069(c);

(D) all or any portion of private ownership interests in property that, based upon a written agreement with the University of Alaska, is used exclusively for student housing for the University of Alaska; property may be exempted from taxation under this subparagraph for no longer than 30 years unless the exemption is specifically extended by ordinance adopted within the six months before the expiration of that period;

(E) a residential renewable energy system that is used to develop means of energy production using energy sources other than fossil or nuclear fuel, including windmills and water and solar energy devices located in the municipality;

(2) classify as to type and exempt or partially exempt some or all types of personal property from ad valorem taxes.

(c) The provisions of (a) of this section notwithstanding,

(1) a borough may, by ordinance, adjust its property tax

structure in whole or in part to the property tax structure of a city in the borough, including but not limited to, excluding personal property from taxation, establishing exemptions, and extending the redemption period;

(2) a home rule or first class city has the same power to grant exemptions or exclude property from borough taxes that it has as to city taxes if

(A) the exemptions or exclusions have been adopted as to city taxes; and

(B) the city appropriates to the borough sufficient money to equal revenues lost by the borough because of the exemptions or exclusions, the amount to be determined annually by the assembly;

(3) a city in a borough may, by ordinance, adjust its property tax structure in whole or in part to the property tax structure of the borough, including but not limited to exempting or partially exempting property from taxation.

(d) Exemptions or exclusions from property tax that have been granted by a home rule municipality in addition to exemptions authorized or required by law, and that are in effect on September 10, 1972, and not later withdrawn, are not affected by this chapter.

(e) A municipality may by ordinance classify and exempt or partially exempt from taxation privately owned land, wet land and water areas for which a scenic, conservation, or public recreation use easement is granted to a governmental body. To be eligible for a tax exemption, or partial exemption, the easement must be in perpetuity. The easement is automatically terminated before an eminent domain taking of fee simple title or less than fee simple title to the property, so that the property owner is compensated at a rate that does not reflect the easement grant. The municipality may provide by ordinance that, if the area subject to the easement is sold, leased, or otherwise disposed of for uses incompatible with the easement or if the easement is conveyed to the owner of the property, the owner must pay to the municipality all or a portion of the amount of the tax exempted, with interest.

(f) A municipality may by ordinance exempt from taxation all or part of the increase in assessed value of improvements to real property if an increase in assessed value is directly attributable to alteration of the natural features of the land, or new maintenance, repair, or renovation of an existing structure, and if the alteration, maintenance, repair, or renovation, when completed, enhances the exterior appearance or aesthetic quality of the land or structure. An exemption may not be allowed under this subsection for the construction of an improvement to a structure if the principal purpose of the

improvement is to increase the amount of space for occupancy or nonresidential use in the structure or for the alteration of land as a consequence of construction activity. An exemption provided in this subsection may continue for up to four years from the date the improvement is completed, or from the date of approval for the exemption by the local assessor, whichever is later.

(g) A municipality may by ordinance exempt from taxation all or part of the increase in assessed value of improvements to a single-family dwelling if the principal purpose of the improvement is to increase the amount of space for occupancy. An exemption provided in this subsection may continue for up to two years from the date the improvement is completed, or from the date of approval of an application for the exemption by the local assessor, whichever is later.

(h) A municipality may by ordinance partially or wholly exempt land from a tax for fire protection service and fire protection facilities and may levy the tax only on improvements, including personal property affixed to the improvements.

(i) A municipality may by ordinance approved by the voters exempt from taxation the assessed value that exceeds \$150,000 of real property owned and occupied as a permanent place of abode by a resident who is

- (1) 65 years of age or older;
- (2) a disabled veteran, including a person who was disabled in the line of duty while serving in the Alaska Territorial Guard; or
- (3) at least 60 years old and a widow or widower of a person who qualified for an exemption under (1) or (2) of this subsection.

(j) A municipality may by ordinance approved by the voters exempt real or personal property in a taxing unit used in processing timber after it has been delivered to the processing site from up to 75 percent of the rate of taxes levied on other property in that taxing unit. An ordinance adopted under this subsection may not provide for an exemption that exceeds five years in duration. In this subsection, "taxing unit" means a municipality and includes

- (1) a service area in a unified municipality or borough;
- (2) the entire area outside cities in a borough; and
- (3) a differential tax zone in a city.

(k) A municipality may by ordinance approved by the voters exempt from taxation pollution control facilities that meet requirements of the United States Environmental Protection Agency or the Department of Environmental Conservation. An ordinance adopted under this subsection may not provide for an exemption that exceeds five years in duration.

(l) A municipality may by ordinance exempt from taxation an

interest, other than record ownership, in real property of an individual residing in the property if the property has been developed, improved, or acquired with federal funds for low-income housing and is owned or managed as low-income housing by the Alaska Housing Finance Corporation under AS 18.55.100 - 18.55.960 or by a regional housing authority formed under AS 18.55.996. However, the corporation may make payments to the municipality or political subdivision for improvements, services, and facilities furnished by it for the benefit of a housing project, and this subsection does not prohibit a municipality from receiving those payments or any payments in lieu of taxes authorized under federal law.

(m) A municipality may by ordinance partially or totally exempt all or some types of economic development property from taxation for up to five years. The municipality may provide for renewal of the exemption under conditions established in the ordinance. However, under a renewal, a municipality that is a school district may only exempt all or a portion of the amount of taxes that exceeds the amount levied on other property for the school district. A municipality may by ordinance permit deferral of payment of taxes on all or some types of economic development property for up to five years. The municipality may provide for renewal of the deferral under conditions established in the ordinance. A municipality may adopt an ordinance under this subsection only if, before it is adopted, copies of the proposed ordinance made available at a public hearing on it contain written notice that the ordinance, if adopted, may be repealed by the voters through referendum. An ordinance adopted under this subsection must include specific eligibility requirements and require a written application for each exemption or deferral. In this subsection "economic development property" means real or personal property, including developed property conveyed under 43 U.S.C. 1601 et seq. (Alaska Native Claims Settlement Act), that

(1) has not previously been taxed as real or personal property by the municipality;

(2) is used in a trade or business in a way that

(A) creates employment in the municipality;

(B) generates sales outside of the municipality of goods or services produced in the municipality; or

(C) materially reduces the importation of goods or services from outside the municipality; and

(3) has not been used in the same trade or business in another municipality for at least six months before the application for deferral or exemption is filed; this paragraph does not apply if the property was used in the same trade or business in an area that has been

annexed to the municipality within six months before the application for deferral or exemption is filed; this paragraph does not apply to inventories.

(n) A municipality may by ordinance classify as to type inventories intended for export outside the state and partially or totally exempt all or some types of those inventories from taxation. The ordinance may provide for different levels of exemption for different classifications of inventories. An ordinance adopted under this subsection must include specific eligibility requirements and require a written application, which shall be a public document, for each exemption.

(o) A municipality may by ordinance partially or totally exempt all or some types of deteriorated property from taxation for up to 10 years beginning on or any time after the day substantial rehabilitation, renovation, demolition, removal, or replacement of any structure on the property begins. A municipality may by ordinance permit deferral of payment of taxes on all or some types of deteriorated property for up to five years beginning on or any time after the day substantial rehabilitation, renovation, demolition, removal, or replacement of any structure on the property begins. However, if the entire ownership of property for which a deferral has been granted is transferred, all tax payments deferred under this subsection are immediately due, and the deferral ends. Otherwise, deferred tax payments become due as specified by the municipality at the time the deferral is granted. The amount deferred each year is a lien on that property for that year. Only one exemption and only one deferral may be granted to the same property under this subsection, and, if an exemption and a deferral are granted to the same property, both may not be in effect on the same portion of the property during the same time. An ordinance adopted under this subsection must include specific eligibility requirements and require a written application for each exemption or deferral. An application for a deferral must specify when payment of taxes for each year of deferral will become due, together with an explanation of the reasons for each proposed date for consideration by the municipality. In this subsection, "deteriorated property" means real property that is commercial property not used for residential purposes or that is multi-unit residential property with at least eight residential units, and that meets one of the following requirements:

(1) within the last five years, has been the subject of an order by a government agency requiring environmental remediation of the property or requiring the property to be vacated, condemned, or demolished by reason of noncompliance with laws, ordinances, or regulations;

(2) has a structure on it not less than 15 years of age that has

undergone substantial rehabilitation, renovation, demolition, removal, or replacement, subject to any conditions prescribed in the ordinance; or

(3) is located in a deteriorating or deteriorated area with boundaries that have been determined by the municipality.

(p) A municipality may by ordinance partially or totally exempt from taxation a private leasehold, contract, or other interest held by or through an applicant or proposed applicant in any property, assets, project, or development project owned by the Alaska Industrial Development and Export Authority under AS 44.88. Nothing in this subsection prohibits a municipality from entering into an agreement and receiving payments in lieu of taxes authorized under AS 44.88.140(b).

(q) A municipality may by ordinance partially or totally exempt from taxation land from which timber is harvested that is infested by insects or at risk of being infested by insects due to an infestation in the area in which the land is located. A municipality may provide that an exemption for land under this subsection applies only to increases in assessed value that result from the timber harvest. A municipality may by ordinance partially or totally exempt from taxation improvements to real property, including personal property affixed to the improvements, if the improvements are

(1) located on land from which timber is harvested that is infested by insects or at risk of being infested by insects due to an infestation in the area in which the land is located; and

(2) used for or necessary to the harvest of the timber that is infested by insects or in danger of insect infestation.

(r) A municipality may by ordinance exempt from taxation an amount not to exceed \$10,000 of the assessed value of real property owned and occupied as a permanent place of abode by a resident who provides in the municipality volunteer (1) fire fighting services and is certified as a firefighter by the Department of Public Safety, or (2) emergency medical services and is certified under AS 18.08.082. If two or more individuals are eligible for an exemption for the same property, not more than two exemptions may be granted.

(s) A municipality may by ordinance partially or wholly exempt from taxation the real property owned and occupied as a permanent place of abode by a resident who is the widow or widower of a member of the armed forces of the United States injured serving on active duty while eligible for hostile fire or imminent danger pay who dies because of the injury or complications related to the injury or its treatment. The ordinance must include requirements for determining eligibility for the exemption and a procedure for applying for the exemption.
