

STATE ROADWAY IMPROVEMENTS

Program Statement

This section of the 2004-2009 Capital Improvement Budget/Program identifies transportation improvement projects for State-owned roads that are:

- Reflected in the Approved 2004-2006 Transportation Improvement Program, including an illustrative program for years 2007-2009; and
- Other needed improvements to State roadways in the Municipality.

Since State Roadway projects are the responsibility of State Department of Transportation and Public Facilities, the amounts and sources of funds for these State roads have not been included in the 2004-2009 CIB/CIP financial summaries or as part of the anticipated appropriation documents prepared for Assembly approval.

<p>O'MALLEY RD INTERCHANGES AT THE OLD AND NEW SEWARD HIGHWAY INTERSECTIONS Construct interchanges at the intersection of a freeway with a major arterial and another freeway. Design funding is proposed for 2006 with utility funding to follow in 2008. Phase 1 construction funding is proposed for 2009. An additional \$15 million in construction funding is required but isn't currently programmed. All funding is through the AMATS program.</p>			<p>D= 150 F= 1,350</p>		<p>D= 50 F= 450</p>	<p>D= 2,000 F= 18,000</p>
