

CULTURAL AND RECREATIONAL SERVICES

Department Goal

The goal of the Cultural and Recreational Services Department for the 2004-2009 Capital Improvement Budget/Program is to:

- provide improved cultural, educational and recreational opportunities for the benefit of the community,
- increase recreational options, particularly for youth, through design and construction of sports and recreation facilities,
- emphasize an overall priority to 1) improve the condition of existing cultural and recreational facilities, parks, and trails, 2) complete trails which form missing links in existing trail systems and 3) add facilities in areas deficient in parks or facilities.

The Department's capital budget/program represents input from individual citizens, neighborhood associations, community councils, Anchorage Parks and Recreation Commission, the Chugiak/Eagle River Parks and Recreation and Girdwood Valley Service Area Boards of Supervisors, Library Advisory Board and the Anchorage Historical and Fine Arts Commission.

Anchorage Sports and Recreation Facilities

This program provides major emphasis on sports facilities improvement and expansion. Planned improvements include development of new sports fields and sports field irrigation improvements throughout the Anchorage bowl and improvements to Centennial Park, Kincaid Outdoor Center and Russian Jack Springs Park.

Anchorage Parks and Beautification

The program provides major emphasis on trail connections, rehabilitation of existing facilities, and development of under-served areas. Significant improvements are planned for Campbell Creek Trail, Chester Creek Trail, Centennial Park, Far North Bicentennial Park, Goose Lake Park, and Russian Jack Park. Emphasis is also placed on the upgrade and rehabilitation of existing parks, playgrounds and facilities, including reduction of access barriers for the disabled, improved safety for users and a focus on neighborhood needs. Maximum use will be made of volunteers, donations, and other fund-raising efforts to increase community involvement and reduce public expenditures.

Eagle River/Chugiak Parks and Trails

The 2004-2009 Capital Improvement Budget/Program includes continued upgrading and development of Eagle River Commons, Schroeder and Eliassen Parks, Oberg Soccer Field and Beach Lake Trail. A multi-year, high-priority plan is also included to rehabilitate play equipment in area parks to meet safety and accessibility guidelines.

Girdwood Parks, Trails and Acquisitions

The 2004-2009 Capital Improvement Program for Girdwood follows recommendations in the approved Girdwood Area Plan and the Anchorage Trails Plan. The program provides for continued upgrading and development of existing parks, facilities and trails.

Park Acquisition

The 2004-2009 Capital Improvement Budget/Program emphasizes park acquisition in areas deficient in parkland and meeting park/public access needs.

Greenbelt Acquisition

The 2004-2009 Capital Improvement Budget/Program continues to target acquisition of land along area creeks. The goals of these acquisitions include 1) protection of creeks, creek banks and the upland area along waterways from encroachment by other development that might threaten water quality; 2) provision of green space; and 3) public access to waterways.

Library

The 2004-2009 Capital Improvement Budget/Program for the Library focuses on projects designed to support and enhance the delivery of library and informational services while enriching the educational, cultural and economic climate of the community.

The Girdwood Library and Community Room project will replace an under-sized temporary library located in an elementary school and add community meeting space. The new facilities have been designed to be integrated with the newly completed Girdwood Fire Station.

Remodeling the Circulation Area of Z. J. Loussac headquarters library will provide better customer service and increased space for collections and address accessibility and technological needs. The secure storage of library materials through the replacement and addition of library shelving that meets earthquake resistance standards is a high priority for the safety of library patrons and staff.

Site acquisition and preliminary design of a library in Chugiak Eagle River are the first steps towards a permanent facility located in the central services area of Eagle River.

Museum

The 2004-2009 Capital Improvement Budget/Program for the Anchorage Museum of History and Art focuses on expansion of the facility to fill the block bordered by A and C Streets and Sixth and Seventh Avenues.

<p>GIRDWOOD LIBRARY Construct a replacement facility for the small Scott and Wesley Gerrish Branch Library and provide meeting space for the library, Girdwood Fire Station, and the community. The facility design is complete, funded with a 1993 State grant. As designed, the library is the next phase of a combination facility housing the Girdwood Fire Station, library and meeting room. The first phase, construction of the Fire Station is complete. The library would expand children's reading and activity centers, expand shelf capacity, and provide space for expanded library services in Girdwood.</p> <p>LIBRARY-CHUGIAK/EAGLE RIVER BRANCH DESIGN, LAND ACQUISITION AND CONSTRUCTION Purchase land, design and construct permanent facility for the Chugiak-Eagle River community, as a replacement for presently leased facility. The proposed facility would ensure the potential for expansion of library service in an expensive and tight real estate (Continued on Next Page)</p>	B= 4,458		B= 7,000

<p>LIBRARY-CHUGIAK/EAGLE RIVER BRANCH DESIGN, LAND ACQUISITION AND CONSTRUCTION (Continued)</p> <p>market. The current facility has high ceilings and a glass front that transmits noise. Insufficient sound deadening features allow transmission of noise from adjacent businesses. A new facility could allow for other city services in the area to co-locate in a central location, and allow sharing of community meeting space. 2004-Site selection, acquisition, pre-design 2006-Construction</p> <p>LIBRARY-SAFETY-SECURITY-DESIGN IMPROVEMENTS Design and remodel existing Circulation, Children's and Media areas at Loussac Library to increase staff efficiency, to allow better merchandizing of the collection, to provide for better lighting in dim areas of the library and to accommodate growing use of the facility. Accommodations for patrons with disabilities and changing technology require substantial changes to the fixed service (Continued on Next Page)</p>	B= 1,750

<p>LIBRARY-SAFETY-SECURITY-DESIGN IMPROVEMENTS (Continued) desks. Patron traffic pattern needs to be changed to increase efficiency and reduce congestion. Update theft detection system and provide for additional locations. Replace old, deteriorating library shelving that does not meet seismic requirements for earthquake resistance at Loussac library. Provide additional seismic shelving at Loussac to accommodate growing collections</p> <p>LIBRARY - MULDOON BRANCH LIBRARY DESIGN, LAND ACQUISITION AND CONSTRUCTION Participate in a multi-agency project to purchase land and design and construct a library/middle school/community center in the northeast Anchorage Bowl. This would replace the facility currently leased in Muldoon. Project increased to 20k square feet as per Barnes report.</p>		B= 8,397
