2003 Budget Highlights

- Expands IM program's customer service. The program will take credit cards for payment of fees, and will offer limited Division of Motor Vehicle services by which residents will be able to pay their vehicle registration renewal at the IM Customer Service Counter. This will require approval of a \$10 transaction processing fee that is currently allowed by DMV, which will offset the cost of this expanded service.
- The Juvenile Offender program grants are fully funded (\$225,340 to the Anchorage Youth Court and Volunteers of America). Funding is also included (\$47,000) for a part-time state employee at McLaughlin Youth Center, which is half of the funding provided in 2002. It's important that the State of Alaska invest in this excellent program.
- Expands Interpersonal Violence Prevention efforts to better respond to victim safety and increase offender accountability. The department has received a two-year Federal grant award of \$600,000 to coordinate services with the Anchorage Police Department, Municipal Prosecutors Office, and Abused Women's Aid in Crisis (AWAIC) who will

2003 Resource Plan

Department: Health and Human Services

assess the needs of victims. Other partners include Standing Together Against Rape (STAR) and the Alaska Women's Resource Center. These efforts are part of the initiatives outlined in the Municipality's 2001 Domestic Violence Action Plan.

• In 2003 public inebriate programs are expanded. The \$868,000 in this budget leveraged a \$750,000 Federal grant to provide an "emergency safety net." These monies also leveraged partnerships for the city's "Pathways to Sobriety" campaign being done in conjunction with Cook Inlet Tribal, Inc. (Ernie Turner Center's treatment and detoxification services), Southcentral Foundation, and Cook Inlet Housing Authority.

Environmental Services Division

Department of Health & Human Services

Our Purpose: To be a leader in the promotion of environmental health and well being in Anchorage

Core Services Supported

- Issue permits and certificates and enforce health code compliance
- Provide preventive public health education and services
- Maintain public health infrastructure
- Respond to community emergencies

Direct Services

- Monitoring of air and groundwater quality to identify problems and protect public health
- Environmental health complaint resolution and code compliance activities to reduce risk of disease transmission
- Environmental health public education, research, projects and promotional activities to assist residents of Anchorage in creating conditions and choosing behaviors that reduce risk to public health
- Food safety and public pool/spa plan review, permitting and inspection to reduce risk of transmission of disease
- Vehicle pollution reduction-- vehicle emissions are responsible for 80-85% of carbon monoxide in ambient air in Anchorage

Focus Areas

- Assure proper functioning of air quality equipment and collection of valid data
- Reduce vehicle emissions, identify and implement effective air pollution reduction strategies
- Promote changes in conditions and behaviors within commercial facilities and within the community that reduce the risk to the public from food-borne illness
- Facilitate provision of training and coaching to staff to hire and maintain a championship team

We will measure our success by:
