- C. A separate Supporting Schedule must be completed for each type of transaction involving cigarettes and other tobacco products, i.e. one for acquisitions and one for each type of other deduction listed below in section F. Totals must be compiled and carried forward from the Supporting Schedules to the appropriate lines on the return. Each Supporting Schedule shall be attached to and be a part of the return.

1. A deduction is allowable only if the claimed tobacco product is currently being reported as a taxable acquisition or tobacco excise tax has previously been paid to MOA for the product. Only one deduction is allowable for a taxable or taxed product and the tax effect of a claimed deduction is limited to the original amount of the tax payable or paid to MOA on the product. The value of the deduction claimed must not exceed the value of the taxable acquisition currently reported or previously reported to MOA on a tax return.
 2. Deductions will be allowed for sales to U.S. military instrumentalities, such as post exchanges, where retail sales are made to and for the sole use of authorized personnel according to current military regulations. Deductions for military sales must be substantiated by an attached copy of a sales invoice or other record satisfactory to the Department. No deductions will be allowed where retail sales are made through vending machines.
