USACE – U.S. Army Corps of Engineers

USFS - U.S. Forest Service

Chapter 1. Heritage Land Bank Overview

Heritage Land Bank (HLB) is a self-supporting, non-tax-based agency of the Municipality of Anchorage (MOA), with its own fund and advisory commission. Title 25 of the Anchorage Municipal Code (AMC), "Public Lands," contains the statutes under which the HLB operates (AMC § 25.40).

It is the mission of the Heritage Land Bank to manage uncommitted municipal land and the Heritage Land Bank Fund in a manner designed to benefit present and future residents of Anchorage, promote orderly development, and achieve the goals of the Comprehensive Plan (AMC § 25.40.010).

HLB achieves its mission by managing an inventory of HLB land and resources to benefit a wide variety of municipal objectives. The HLB manages many types of land in its inventory, over 12,000 acres, which are divided into approximately 250 parcels zoned residential, industrial, commercial, recreational, public use and open space. About half of the HLB inventory is forested lands in the Girdwood Valley, with a small percentage of HLB inventory developed or improved.

All proceeds from HLB land sales, leases, and other sources are deposited into the HLB Fund. With approval from the Mayor and Assembly, the Fund is used to: manage and/or improve HLB property; conduct land use planning and feasibility studies; carry out wetland mitigation monitoring; acquire property for municipal use; and support the annual operating expenses of HLB. Since its inception in 1983, the HLB has operated without any direct taxpayer support but has contributed millions of dollars in support to the general municipal government in ways that benefit our growing community.

More than 60 HLB parcels are subject to leases or permits held by government agencies or the private sector, with some used or managed by municipal agencies under special permit or management authorizations. See Appendix D for a complete list.

Municipal properties deemed surplus to current and future needs are generally disposed of through a competitive process, in accordance with AMC. In order to carry out the HLB mission, some parcels may be sold directly to other municipal agencies for continued use by the MOA.

With Assembly approval, the mayor may also designate any municipal land or interest in land for placement in the HLB inventory. However, land placed in the HLB inventory is generally:

- 1. Land reserved for unspecified purposes, or needed for specific or future public purposes;
- 2. Land determined excess to municipal needs but unsuitable for disposal and development; or
- 3. Other land determined excess to present or future municipal needs that may be suitable for disposal or development in the future.

A Brief History of the Heritage Land Bank

In 1972, the Greater Anchorage Borough established a Land Trust Fund. Amended in 1976, the trust fund was created to acquire and manage property for the Municipality. The Land Trust Fund Council maintained oversight over the fund and its properties.

The Municipal Entitlement Act of 1978 granted Anchorage a total land entitlement of 44,893 acres from the State of Alaska (SOA). The Heritage Land Bank was formed to acquire and manage land that was transferred to the Municipality from the State as a result of the Municipal Entitlement Act for the benefit of present and future residents of Anchorage.

The ordinance that created HLB also established the HLB Advisory Commission (HLBAC), which consists of seven members appointed by the Mayor, to advise the Mayor and Assembly regarding the management of land and funds in the HLB portfolio. The commission solicits public comments when it holds public hearings in order to make informed recommendations. Staff handles the ongoing land management responsibilities of the HLB.

Inventory Mapping

In 1984, HLB completed its first land inventory. The HLB inventory is updated and is online for public and municipal access at www.muni.org/hlb. The inventory identifies all lands by HLB parcel number, municipal tax identification number, zoning classification, and acreage. See Appendix A for regional maps and a QR code to our interactive mapping application.

State Entitlements

The continuing conveyance of title to the Municipality's outstanding land entitlements is a priority. While the State has conveyed substantial acreage, and some monetary compensation to the MOA in fulfillment of the municipal entitlement mandate, other parcels await conveyance.

Accomplishments

Following are several significant land uses and facilities in the Municipality of Anchorage developed over the years through contributions from the HLB inventory or fund:

- Cuddy Family Midtown Park Acquisition
- Botanical Gardens lease on HLB lands
- Girdwood Library site, trails partnerships, and Industrial Park development
- Sale of three downtown lots for mixed-use development by Cook Inlet Housing Authority
- Long-term ground lease for Chugiak Fire Station #35
- Disposal of Girdwood Industrial Park Phase I Lots.

The Heritage Land Bank Fund

Upon formation of the HLB, the MOA Land Management Fund was renamed the HLB Fund. According to AMC § 25.40.035, the HLB Fund can be used for three main purposes: supporting the annual HLB operating budget; acquiring land for municipal use; and managing and improving HLB land. HLB's objective has been to responsibly manage the Fund in order to achieve our mission, with additional focus on increasing our asset value and fund strength.

Land Management Objectives

HLB manages land to maximize benefits to the Municipality and the public, seeking to preserve and enhance the value of its land assets. Management activities and decisions take into consideration the regulatory environment and adopted comprehensive plans, special site and area land use studies, environmental plans and studies, and intra-governmental agreements.

Our management objectives include:

- Ensuring that all HLB lands and real property interests are reasonably protected from adverse impacts, including fire, insect damage, plant disease, invasive species, illegal dumping, hazardous or contaminated materials, timber theft, vandalism, and other threats.
- Assisting with implementation of municipal plans where HLB inventory is involved in accordance with HLB policy and fund guidelines.
- Transfer of HLB properties to other departments as appropriate and the disposal of properties excess to municipal need.
- Holding land use contracts to prevailing market rates except where otherwise provided by AMC § 25.40.
- Providing opportunities for partnership in the creation of conservation easements, through
 permittee-responsible mitigation to protect area wetlands, promote orderly development
 consistent with the goals of the Comprehensive Plan & the Anchorage Wetlands Plan, and
 generate revenue through the preservation of high-value HLB wetlands, while working to
 establish a wetlands mitigation bank.
- Continuing to enforce trespass violations, by posting signs and considering the installation of fences in areas of known campsites, removal of illegal structures and vehicles, and mitigation or prevention of impacts of unpermitted use on HLB land.
- Ensuring that open space, conservation and preservation opportunities are considered in HLB development projects where those opportunities are in the best interest of the citizens of the Municipality of Anchorage.

Table 1.1: HLB Inventory by Area *

Acreage (Estimate)	Anchorage Bowl	Chugiak/ Eagle River	Turnagain Arm	HLB Total Acreage:
HLB Wetlands (A & B)	1,076	44	560	1,679
HLB Uplands	1,769	1,136	8,145	11,051
Estimated Total HLB Acreage:	2,881	1,182	8,715	12,779

Table 1.2: Development Limitations *

Limiting Factor	Quantity
Wetlands - Class A&B	1,679 acres
Easements	490 acres
4 Avalanche Zone - Very High Hazard	431 acres
Special Flood Hazard Area	1,083 acres
Patent restrictions prohibiting disposal	846 acres
Leases and Permits	1,653 acres
Managed by State Parks	2,240 acres
ADEC Contaminated Sites	11
Parcels under other MOA Agency Management	40

Overview of Land Disposals

Disposals of HLB inventory can include sales, exchanges, leases, easements, intra-governmental agreements to both the public or private sector, and transfers of parcels to other municipal agencies. The HLB consults with other municipal agencies to determine whether HLB land is needed to fulfill various municipal purposes and the impact of disposal.

Overview of Land Acquisition

Acquiring Municipal Entitlement Lands

Under AS § 29.65.010, the Municipal Entitlements Act and the subsequent Agreement for the Conveyance of Lands of the State of Alaska to the Municipality of Anchorage, and Settlement of Land-Related Issues with the State of Alaska, signed November 25, 1986, the Municipality was entitled to conveyance of 44,893 acres of land within the boundaries of the Municipality.

The MOA will continue to work closely with the Alaska Department of Natural Resources (DNR) to resolve any remaining land entitlement issues. The State has issued decision documents for several parcels but not patents. The State notified HLB that for management purposes the decision documents issued for conveyance of lands is equivalent to patent and considered equitable title.

North Anchorage Land Agreement

The MOA was granted rights to receive substantial acreage under the 1982 North Anchorage Land Agreement (NALA), a federally approved agreement resolving several longstanding land ownership disputes between Eklutna, Inc., the State, and MOA. NALA provides for the future allocation of existing military land in Anchorage, in the event it is declared excess to the Department of Defense (DOD). To date, the MOA has received title to just under 300 acres of NALA land under its public interest land entitlement; no lands have been declared as excess by the DOD to date.

Annual Work Program

The HLB Work Program is an annually approved guide for allocating and managing HLB land and resources. The program functions and activities must be consistent with Municipal Code, HLB policies, and pertinent comprehensive or area plans.

Parcels in the HLB inventory can be disposed of through trade, sale, or lease. HLB land disposals are based upon a minimum of fair market value of the land, except as otherwise provided in AMC § 25.40. HLB may exchange excess municipal land in the HLB inventory for other non-municipal land which has greater potential value or attributes for municipal use.

Per AMC § 25.40.020B, major HLB work items anticipated during each calendar year will be reviewed in advance by the public and be approved after public hearings before the HLBAC and the Assembly. The code states that public notice for the HLBAC public hearing on the annual work program is provided no less than forty-five (45) days prior to the hearing. The public will have the opportunity to comment on each item when a public hearing is scheduled.

All other HLB public hearings require that the public notice precede the hearing by no less than fourteen (14) days. HLB notification procedures shall include direct email notification to affected community councils, residents and list of email subscribers, as well as posting notice online, at least fourteen (14) days prior to public hearings. AMC requires that the HLBAC provide public notice and hold a public hearing prior to taking action on land disposals (sales, leases, exchanges, easements) and withdrawals from the HLB inventory. Any additions to the proposed list of disposals through sale, exchange, or lease require an amendment to the Work Program approved by the HLBAC and Assembly. The Program may be amended as needed.

Five-Year Management Plan

Predicting future municipal need and market demand is difficult. The success of land transactions often depends upon economic conditions, financing, and creative marketing strategies. Consequently, the Five-Year Management Plan is best viewed as a queue of items that may be acted upon in the next five years based on community input, various municipal goals and needs, and changing market demands. The Administration expects that the HLB be prepared to seek out and respond to unforeseen opportunities as they arise that promote the goals of the

comprehensive plans. Long range forecasting can be difficult, therefore the assumptions, objectives and projections that follow in this document are an attempt at planning our future given current information.

Land management decisions will be consistent with the AMC, all adopted comprehensive plans and area plans, and implementation measures. If it is unclear whether a proposed management or disposal action is consistent with adopted plans, HLB shall complete a site-specific land use study prior to a final management or disposal decision. Public comments on consistency with adopted plans will be given due consideration.

Northern Hawk Owl on HLB Parcel 5-001. Photo taken by Nicole Jones-Vogel.

Chapter 2. 2023 Progress Report

The HLB completed several projects in 2023 including the disposal of the first phase of the Girdwood Industrial Park lots, disposal of the parcel where the USFS Glacier Ranger District Facilities are located, additional Laurel Acres acquisitions, and an 8.5-acre donation of Mountain Air Drive in Bear Valley. HLB Staff also completed a land use analysis report for the Anchorage Assembly to help guide development decisions in Girdwood.

Disposals, Exchanges & Transfers

HLB Parcel 6-057B, C, E – The sale of the three remaining parcels in Phase I Girdwood Industrial Park were executed in November (AO 2022-23(S); HLBAC Res 2021-12).

HLB Parcel 6-011, 6-016, 6-017 – The Assembly postponed the proposed Holtan Hills disposal indefinitely at the regular Assembly meeting on February 7, 2023 (AO 2022-103(S-2); HLBAC Res. 2022-09(S)). The preliminary Holtan Hills Tract 1 - 5 Plat was approved by the Platting Board on November 2, 2022, and adopted on January 4, 2023 (Resolution No. 2022-007).

HLB Parcels 6-048 (ptn), 6-049, 6-050 – A 5-year extension of the Alascom Inc. dba AT&T Alaska ground lease providing telecommunication facilities (HLBAC Res. 2023-05).

HLB 6-043 – Sale to USFS closed September 2023 (AO 2022-16; HLBAC Res. 2021-11).

<u>Acquisitions</u>

Laurel Acres - In 2023 there were efforts to acquire parcels in Laurel Acres, which received HLBAC approval finalizing land transactions are expected in 2024. A total of eight parcels were acquired through purchases and donations and became part of the HLB inventory as 5-041 (AO 2023-049; AO 2023-86).

Mountain Air Estates #2 Subdivision Tract B-1B - This approximate 8.5 acre parcel was donated to HLB, with a deed restriction stating "that the property be used as a green space for conservation or recreational use" at the end of August and the tract became HLB Parcel 2-159. The parcel is mostly wetlands and not suitable for development. It is surrounded on all sides by other municipally owned parcels, including HLB parcel 2-126 to the east.

Land Management

Contaminated Sites

Certain HLB parcels have been found to contain contamination in several different forms. In the past few years, several sites have been in various stages of remediation, including but not limited to the following:

HLB Parcels 3-078E – HLB continued to conduct environmental testing and monitoring as required by ADEC.

Wetland Mitigation

As the municipal agency solely responsible for management of conservation easements, the HLB has ongoing monitoring and management requirements as outlined in the conservation easement and long-term management plans. The HLB must oversee funds generated from the sale of mitigation credits or acceptance of properties, subject to a conservation easement, to allow for care in perpetuity. This year, HLB accepted conservation easements on the following properties held in Real Estate Services inventory:

HLB CE Parcel 4-048 – Located between Old and New Seward Highways on 56th Street, north of the MOA Solid Waste Services Central Transfer Site. This conservation easement was vacated with mitigation for this portion of the Solid Waste Services Central Transfer Site (CTS) project is now provided within a portion of HLB Parcel 3-037 (Reflection Lake Creek).

HLB CE Parcel 3-079 — Eighteen residential lots (formerly Worst Subdivision, Plat 70-374) off Lore Road. Vacation of the ROW through the subdivision occurred in order for this conservation easement to be accepted as mitigation for the CTS permit. The CE was modified and recorded in 2023. This is now known as Best Bog, Plat 2022-58; CE Recording Document 2023-021392-0.

Table 2.1: Conservation Easements Managed by HLB *

HLB Parcel	Conservation Easement Established	Acreage
5-024; Blueberry Lake	2005	7.5 acres
3-049; Campbell Tract	2007	15.5 acres
Portions of 3-075; 3-076; 3-077; 3-065; Tudor Municipal Campus	2009	40.0 acres
3-035; Chester Creek Headwaters	2009	9.75 acres
3-029; Campbell Tract	2009	27.5 acres
3-064; Dowling Substation	2010	24 acres
6-251; Arlberg Extension	2015	5.5 acres
CE 5-041; 100 th Avenue Extension	2016	23.9 acres
CE 3-079; Worst/Best Bog Subdivision	2019/2023	4.0 acres
CE 3-037 Reflection Lake Creek	2020-2021	2.3 acres
		Total: 160.0 acres

Other Projects

HLB Parcels 6-057F (Girdwood Industrial Park Subdivision) — Phase II & III evaluation of improvements have been ongoing, and staff have been working on a feasibility study for the remaining phases of the Industrial Park. Several permits were issued in Phase II and III.

Geographic Information – HLB and the Geographic Data & Information Center (GDIC) continue to maintain an accurate mapping application for HLB parcels. Field application development, project website (Hub) development and spatial analysis of HLB lands and projects is ongoing.

AR2023-40 – An *Inventory of Potentially Developable HLB Parcels* in Girdwood report was drafted and delivered to the Assembly Enterprise and Utilities Oversight Committee and the HLBAC.

Girdwood Trails Plan – On May 25, 2023, HLBAC unanimously passed a Letter of Acknowledgement of the draft Girdwood Trails Plan understanding that there are several proposed trails that would be located on HLB parcels that may come before the Commission for action at a later date.

Table 2.2: 2023 HLBAC Resolutions

Resolution	Subject	Date	Action
2023-01	The acquisition of real properties, legally described Lot 41 Block 10 (Parcel ID 012-493-42-000), and Lot 42 Block 10 (Parcel ID 012-493-43-000) of the Laurel Acres subdivision (Plat 71-44).	2/23/2023	Approved
2023-02	The 2023 HLB Annual Work Program and 2023-2028 Five-Year Management Plan.	6/22/2023	Approved
2023-03	The appointment of Tiffany Briggs as Heritage Land Bank and Real Estate Department Executive Director.	7/27/2023	Approved
2023-04, As Amended	The disposal of a portion of HLB Parcel 4-010 (PID 001-053-05-000), legally described as Block 84 Lot 9A of the Original Townsite (Plat 1967-30) by perpetual, non-exclusive telecommunication and electrical easement to Chugach Electric Association, Inc., and amend the 2023 HLB Annual Work Program.	11/16/2023	Approved
2023-05, As Amended	The disposal by lease, exercising the second five-year option, to Alascom, Inc. dba AT&T Alaska for HLB parcels 6-050, 6-049, and a portion within 6-048, legally described as Lots 12, 13, and 14, Block 2, USS 1177, Original Townsite of Girdwood, and amend the 2023 HLB Annual Work Program.	11/16/2023	Approved

Chapter 3. 2024 Work Program

Numerous initiatives within the Municipality are set to impact the Heritage Land Bank in the upcoming year. The Real Estate Department has been assigned the responsibility of supporting various development projects associated with these efforts. Additionally, the Heritage Land Bank has several ongoing multi-year projects. It is anticipated that the Heritage Land Bank Advisory Committee (HLBAC) will address action items in nearly every regularly scheduled meeting.

2024 Potential Disposals, Exchanges & Transfers

HLB Parcel 2-125 — Rabbit Creek Community Council is evaluating a connector trail from the elementary school to Bear Valley through HLB Parcel 2-125. An agreement or other proposal is anticipated for trail location, development, and management.

HLB Parcel 2-127 - 2-136 — Potential transfer of management authority to Parks and Recreation Department (P&R) as part of the Potter Valley Watershed Park Project. This proposed project was presented to HLBAC at the November 2023 meeting, and it is anticipated the transfer of these 10 parcels (approximately 100 acres) will be before the Commission for action in 2024. This project is in collaboration with local non-profit Great Land Trust (GLT), who would be donating the adjacent 200 acres to P&R for the creation of the new Potter Marsh Watershed Park totaling approximately 300 acres. This project will implement elements of the adopted Potter Valley Land Use Analysis (PVLUA) and Hillside District Plan (HDP), which indicate that these areas are best suited for open space.

HLB Parcel 2-156 — Disposal to a non-profit for the purpose of developing a natural burial cemetery.

HLB Parcel 3-027A – Complete transaction and dispose of property to Chugach Electric Association.

HLB Parcel 3-042 — Potential disposal by ground lease to CEA for the purpose of a substation. Trail easement for a Northeast Connector Trail to be completed for Parks & Recreation. Intergovernmental Permit for old Army access road used as a utility access road.

HLB Parcel 3-074 – Parcel to be used as a trade with the State of Alaska, Alaska Housing Finance Corporation (AHFC) for a portion of Block 102 of the Original Townsite Subdivision located in downtown.

HLB Parcels 3-078A-D — HLBAC and Assembly have approved disposal to Cyber and Beyond, LLC (formerly Contour RE, LLC) and the transaction is expected to be completed in 2024.

HLB Parcels 3-078E – Continue to evaluate environmental contamination and ways that the site can be redeveloped by a private developer.

HLB Parcel 4-010, 4-011, 4-012 – Execute a use agreement with Anchorage Health Department for the continued use of the properties as a parking lot.

HLB Parcel 4-013 – Execute a lease with the current lessee for the continued use as a parking lot.

HLB Parcel 4-043D — Review request from Joint Base Elmendorf-Richardson for a non-development easement.

Portions of HLB Parcel 6-011 – Disposal of approximately 72 acres, (27 of which is for mixed-use development, the remainder for recreation and access) to facilitate the development of Glacier Creek Village through a purchase and development agreement with Alyeska Holdings, LP, and Seth Andersen for the development of a mixed-use project consistent with the Request for Proposals (RFP) completed in 2021.

HLB Parcel 6-014 – Evaluate process for disposal, with direct sale, to owners of Alyeska Resort.

HLB Parcel 6-057F — Staff to evaluate options and present feasibility of the following options to the HLBAC for guidance:

- 1. Disposal of this property as-is; or
- 2. Disposal with platting of reconfigured lots (not requiring improvements or limited improvements); or
- 3. Disposal with platting of Phase II only and improvements completed by the MOA; or
- 4. Disposal with platting of Phases II and III with improvements completed by the MOA.

HLB Parcels 6-074A, 6-074B – HLBAC has recommended, and Assembly has approved (AO 2022-047), a disposal by non–exclusive lease. It is anticipated that this lease will be executed in 2024.

HLB Parcel 6-076 — Girdwood Community Land Trust has submitted an application requesting a short-term land use permit for site development work and a long-term ground lease request. A Letter of Intent was executed to allow due diligence to move forward. More details on the development potential will be shared as it becomes available, and it will be presented to the HLBAC. Development of the site consistent with the Girdwood South Townsite is supported.

HLB Parcel 6-011, 6-016, 6-017 – The improvements to the Iditarod National Historic Trail (INHT) began in 2020 led by Girdwood Parks & Recreation and the USFS. Until the Girdwood Trails Plan and Girdwood Area Plan are completed and the previous alignment reconfirmed or a new one prescribed, the remainder of the improvements to the INHT have been placed on hold. A new trail easement may be required to develop the INHT north of Alyeska Highway through the properties identified as Holtan Hills and up valley.

Utility Easements Generally – HLB may coordinate with utility providers within the MOA to provide easements that benefit residents or the MOA in general.

2024 Potential Acquisitions

Municipal Entitlement Lands – HLB will continue to work for the conveyance of lands identified in the 1986 Agreement for the Conveyance of Land of the SOA to the MOA.

Laurel Acres Properties – HLB will continue to accept donations and key purchases of parcels located within the Laurel Acres subdivision. The inclusion of these parcels in the HLB Inventory will be for future conservation easement and wetland preservation credits to facilitate development in other areas of the MOA.

2024 Potential Projects

HLB Parcel 1-111 — Work with Eagle River-Chugiak Parks & Recreation to identify funding and complete disposal to them at fair market value or for the purposes of developing the parcel as a cemetery site, if approved through the planning process. A Preliminary Site Selection Study was completed in July of 2021. The conceptual site plans were circulated among the Chugiak-Eagle River Cemetery Committee and the Community Councils of: Chugiak, Birchwood, Eagle River, and Eagle River Valley. It was the general consensus of these groups that HLB Parcel 1-111 has the best development potential for a community cemetery based on the established selection criteria. HLB Staff will continue to work with the Chugiak-Eagle River Cemetery Committee, and Chugiak-Eagle River Parks & Recreation, and the Planning Department as they work towards next steps. It is anticipated that the project will be evaluated through a rezone and conditional use permit and not through a site selection study.

HLB Parcel 3-080 – Staff will begin to evaluate this parcel for land use entitlements including replating and rezoning for future disposal.

HLB Parcel 4-033B — Clitheroe Building will be vacant as of mid-2024. Staff will determine Municipal need, state of the structure, and propose next steps when they have been identified.

Portions of HLB Parcels 6-011, 6-016 and 6-017 — Continue to coordinate with the Anchorage Assembly for the disposal of portions of these parcels, known as Holtan Hills, by public-private partnership development agreement with CY Investments, LLC, including completing the platting action in support of mixed density residential development in Girdwood.

HLB Parcel 6-018 — Continued collaboration with Girdwood Board of Supervisors and the Cemetery Committee will occur in 2024 as they formulate a cemetery design.

Girdwood Trails Plan Implementation – When located on HLB land, HLB's involvement in the establishment of new trails generally begins in the conceptual phase, as proposals require the support of the landowner, and continues beyond approval with permitting and disposal by easement(s). HLB is aware of several proposed trails in Girdwood that are located on or go through HLB properties. At the time of this work plan, the Girdwood Trails Plan was nearing the completion of public review with a recommendation from the Planning & Zoning Commission for approval by the Assembly.

Heritage Land Bank Umbrella Mitigation Banking Instrument – HLB staff still finds that developing a program that will allow the sale of compensatory mitigation credits for the preservation of wetlands and streams is in the best interest of the Municipality of Anchorage. This program will utilize strategies available through the USACE permitting process, establishing a mitigation banking agreement with the USACE to protect our waterways and watersheds. Stewardship fees paid by permittees will provide care in perpetuity for the conserved wetlands. In response to USACE and agency comments, HLB developed the MOA Wetlands Prioritization Project to be used as a tool for selection of highest value municipally owned wetlands for preservation in the HLB Mitigation Bank. Additions to the Bank will also be subject to public review and comment. Upon USACE approval of the Heritage Land Bank Umbrella Mitigation Bank, HLB plans to place conservation easements on those sites approved as Bank sites. Staff will continue to evaluate bank sites and use the MOA Wetlands Prioritization Project as a guide.

Potential Heritage Land Bank Umbrella Mitigation Bank Sites

Girdwood Valley Parcels – Create a site plan for a mitigation bank site in the Girdwood Valley.

HLB Parcel 5-023 – Tract C Mike Bierne Subdivision is a parcel adjacent to Sand Lake in west Anchorage primarily made up of wetlands. The West Anchorage District Plan (2012) recommends the parcel be transferred to the Parks. This site will be considered for a wetland bank site prior to management authority transferring to Parks & Recreation. Any conservation easement placed on the property will be managed by HLB.

2024 Land Management

Ongoing HLB land management activities will include, but are not limited to:

HLB Parcel 6-002 - One remaining party claims an interest in a mining claim on the parcel. HLB and DNR assert that the claim is invalid. The Municipal Attorney's Office will determine whether a court action is necessary to remove the trespasser and HLB will take actions to clear the land of the trespass and encumbrances. HLB will then work towards remediation of the property and obtain a patent.

Bird Creek Homeowners' Exchange – A group of homeowners have been working with the State and MOA to resolve long term trespass on municipal lands in Bird Creek Regional Park. This ongoing project will clear up property descriptions for the members of the Bird Creek community and add two additional parcels to the park.

Fire Fuels Reduction – HLB will work with the Anchorage Fire Department to address high priority HLB parcels at the wildland-urban interface.

Conservation Easement Management – HLB staff shall continue management and required annual site monitoring of conservation easements. HLB performs annual site inspections and monitoring of ten Conservation Easements (Table 2.1). HLB is responsible for approximately 160 acres of conservation wetlands that were preserved through permittee-mitigation with approval as part of the Corps regulatory process.

This management consists of annual site monitoring and reporting. Site monitoring for conservation easements is specific for each site and thresholds for wetland functions need to be assessed; these types of things include surface water mapping, plant identification and percent cover, water quality checks, the presence of fish and other wildlife, etc. Due to the remoteness and pristine state of the sites, considerable time is necessary to evaluate the wetland functions and overall health of the sites. While most of the sites are required to be visited once per year, it is often necessary to visit in the winter, as well. More area can be accessed on these sites in the winter frozen conditions.

Arlberg Conservation Easement (HLB Parcel 6-251). Photo taken by Simon Wigren of HDR Inc. while conducting annual monitoring.

Trespass and Encroachment Issues

Illegal uses of vacant municipal land are increasingly recognized as an ongoing problem for HLB and other landholding agencies. Addressing illegal activities with remediation and taking enforcement measures where appropriate is an important part of managing HLB lands.

HLB Parcel 1-008 – Ptarmigan Valley Trail Easement, approved but never executed (AO 96-01).

HLB Parcel 1-084 — Lack of legal access to an adjacent parcel has caused a potential encroachment. There appear to be improvements on HLB land, as well. An easement through HLB parcel may be a solution for legal access to the adjacent parcel.

HLB Parcel 4-001 – This lot is located along the slope of Christensen Drive, south of 2nd Avenue. HLB may grant an Intra-governmental permit to Street Maintenance for easements not finalized in a 1950-60's street project.

HLB Parcels 4-033A-D and 4-034 – HLB may review an additional easement or other contract to allow the continued maintenance of the Tesoro Nikiski Pipeline.

HLB Parcel 4-045 – A shed has been documented by survey to be encroaching on HLB land. Staff will attempt to resolve this long-standing issue with the adjacent property owner. Dumping of yard waste is also an issue on this parcel.

HLB Parcels 4-046 & 4-047 — Camp abatements will continue periodically in accordance with code and availability of shelter. Active use of the site is recommended. HLB will coordinate with agencies, neighborhood groups, and the approved master plan for potential site activation suggestions as appropriate.

HLB Parcel 6-002 - One remaining trespass issue related to an expired mining claim prevents MOA from accepting final patent following survey.

HLB Parcel 6-010 – This parcel has become a playground for prohibited snowmachining. Staff placed signs at popular entrance points in 2023 and will continue to coordinate with Girdwood staff and Whittier Police Department to educate snowmachiners.

HLB Parcels 6-010, 6-029, 6-248, 6-038, 6-040 and 6-036 — Multiple adjoining owners have created extensions of their yards onto HLB property (gardens, greenhouses, gathering areas, parking, tree clearing, etc.).

Plans, Studies & Surveys

Girdwood Area Plan Update – In April 2021 the Anchorage Assembly formally authorized Imagine! Girdwood, a non-profit organization, to develop an update of the Girdwood Area Plan (GAP), an element of the Municipality of Anchorage's Comprehensive Plan. HLB is a large land holder in the Girdwood valley and will continue to be involved in the GAP update process.

Chapter 4. Five Year Management Plan: 2025 - 2029

The HLB will review several of its holdings for disposal during this five-(5) year planning period. The following pages represent HLB parcels that will be considered for sale, lease or exchange, provided such disposals are consistent with the MOA Comprehensive Plan, land use studies, wetlands mitigation policies, and market conditions. As recommendations for any disposals are made, the public hearing process will be initiated through the HLBAC and recommended to the Mayor, with subsequent approval required by the Assembly, also following a public hearing. Several of these parcels will need to be reviewed more carefully or land use studies undertaken before determining final disposition or use. Housing is a municipal-wide need. HLB will continue to evaluate parcels for housing development potential as community planning documents are updated. Exploring non-profit entities for partnership is an avenue that will be considered to provide varied housing options.

Potential Disposals, Exchanges & Transfers: 2025 - 2029

HLB Parcels 1-081 & 1-082 — Staff may explore feasibility of residential development for an eventual disposal for that purpose with access to Chugach State Park is applicable.

HLB Parcels 2-116 through 2-122 – These parcels may be more appropriate to be withdrawn out of HLB inventory and into Real Estate Services with Management Authority provided to Parks & Recreation.

HLB Parcel 2-139 – Access needs to be established through a private parcel.

HLB Parcels 2-144A - D – Per the *PVLUA*, these parcels are designated for residential and open space recreational use. 2-144C was rezoned to R-6 in 2018 (AO 2017-163) and may be considered for disposal in a future work plan.

HLB Parcel 2-146 — Although the PVLUA recommends a rezone for this parcel from PLI to R6-SL, the HDP suggests that due to slopes in the area, R-10 may be more appropriate in this general area. Staff may consult with the Planning Department to assess appropriate zoning for this parcel.

HLB Parcel 2-147 – Evaluate for potential competitive bid disposal.

HLB Parcel 2-158 — Grant an Intergovernmental Permit to Project, Management & Engineering (PM&E) for the purpose of increasing access to HLB parcel 2-152, with construction at a later date.

HLB Parcel 3-010 – Disposal by competitive bid or leasing of part or all of the parcel may be considered.

HLB Parcels 4-032, 4-033A-F & 4-034 — The 2040 Land Use Plan Map identifies community facility uses for a portion of these areas and HLB will consider a long-term lease consistent with that

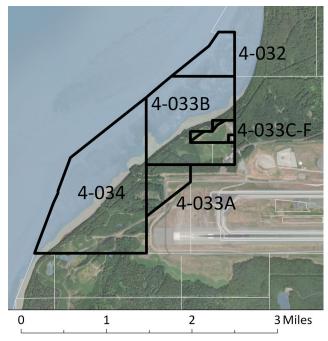

Figure 1: HLB Parcels 4-032, 4-033A-F & 4-034

approved planning document. TSAIA has a Right-of-Way easement and a Land Use Permit in the area, which would be taken into account in any future actions.

Public Access to the Tony Knowles Coastal Trail through HLB land may be considered if/when development of the parcel(s) are proposed. Additionally, HLB will work with the Turnagain Community Council, the Parks and Recreation Department, other interested and determine parties appropriate boundaries for a trail and natural space buffer within the areas designated as Park or Natural Area, and, as funding is available, will survey the trail and natural space buffer portions for transfer of management authority to Parks and HLB will retain Recreation.

management responsibilities pertaining to existing contracts affecting these parcels. HLB will work with the Turnagain Community Council, the Parks and Recreation Department, and other interested parties to discuss possible park dedication or other permanent protection status for the trail and natural space buffer (Figure 1).

HLB Parcel 4-045 — Resolve trespass issue and evaluate withdrawal of property out of HLB Inventory to Real Estate Services with management by Parks & Recreation.

HLB Parcel 4-046, 4-047 – Discussions anticipated to occur with any users of the site and other interested parties for development of the cultural aspects identified in the Former Native Hospital Site Master Plan. A Request for Interest (RFI) will be made to developers for Mixed Use/Residential development consistent with the Former Native Hospital Site Master Plan.

HLB Parcels 5-010, 5-011, 5-012 – Application for peat removal has been submitted to the US Army Corps of Engineers. Complete permitting process and evaluate lease or sale of the sites.

HLB Parcels 6-003B – This parcel, located near the Indian Valley Bible Chalet, may be considered for disposal. The site is also located near utility lines and may be requested for expanded utility facilities.

HLB Parcel 6-003C — The Turnagain Arm Community Council has expressed interest in locating a community center on this parcel and passed a resolution in support in 2016. The TACC will notify HLB when able to move forward on their effort.

HLB Parcel 6-039 – Evaluate this parcel for potential replat into residential lots for disposal.

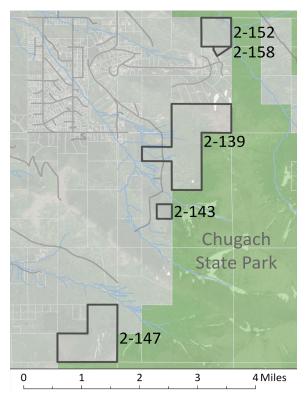

Figure 2: HLB Parcels adjacent to Chugach State Park

HLB Parcels 6-053, 6-054, 6-055, 6-056 – Potential Pursue disposal to ADOT&PF in support of future Alyeska Highway intersection redesign.

HLB Parcels 6-075 – Withdraw from HLB inventory and transfer to Girdwood Parks and Recreation.

Potential Acquisitions: 2025 - 2029

Municipal Entitlement Lands — HLB will continue to work for the conveyance of lands identified in the 1986 Agreement for the Conveyance of Land of the State of Alaska to the Municipality.

Potential Projects: 2025 - 2029

Revolving HLB Fund – HLB staff will draft a revolving fund account policy and procedure instrument, for review and

approval by the HLBAC, to allow proactive acquisition of key parcels to achieve the mission of the HLB.

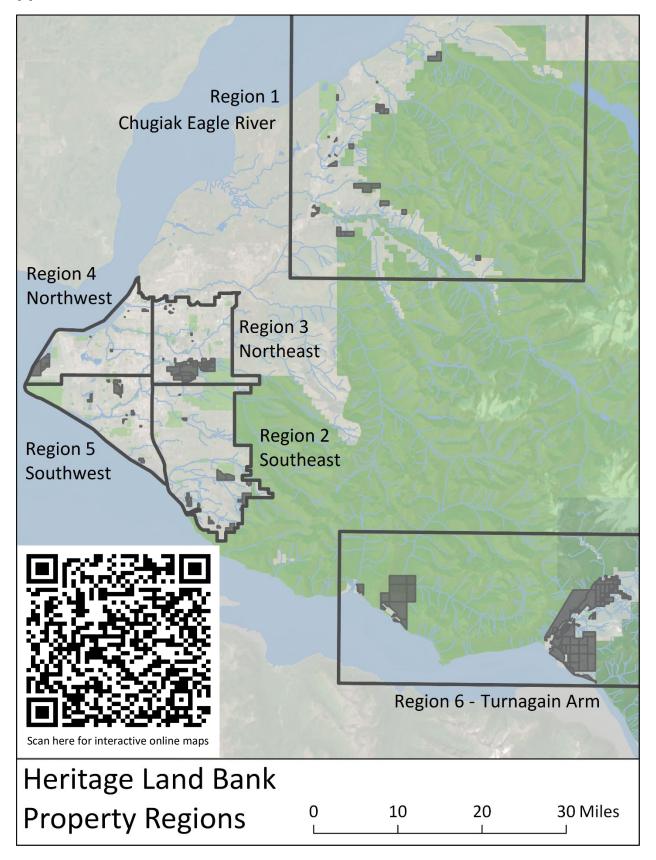

Chugach State Park Access – In order to improve access to Chugach State Park (CSP) as the Anchorage 2020 Comprehensive Plan (2001) encourages, HLB will continue exploring the feasibility of exchanging parcels or allowing development of access to CSP from certain HLB parcels, such as HLB Parcels 2-139 and 2-152 in upper Bear Valley. CSP has produced an access inventory and trails and access plans. HLB will work with the State and the public to accommodate some of these desired access areas and evaluate these parcels for issuance of access easement across HLB land to provide CSP access (Figure 2).

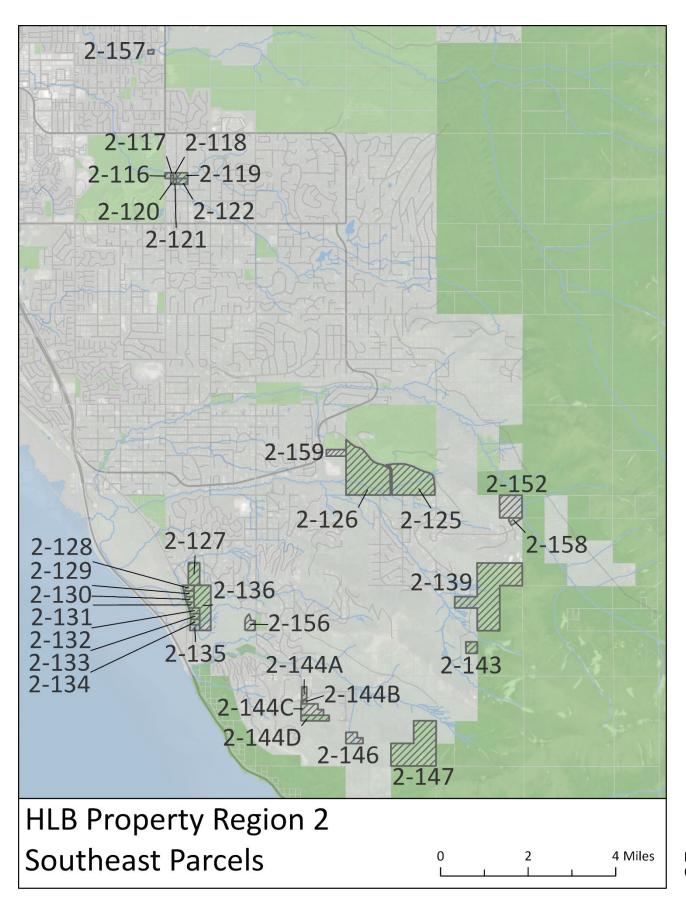

HLB Parcels 6-251, 6-295 & 6-296 — A survey of the approximately 1,200 acres comprising the study area will be required prior to final conveyance of the land by the State to the Municipality. The BLM needs to issue a final patent to the State prior to conveyance to the MOA. Glacier-Winner Creek Access Corridor Study (1996) and the Girdwood Area Plan (1995) identified several thousand acres of HLB and state land near the confluence of Glacier and Winner Creeks in the upper Girdwood Valley for development, constrained at this time by market demand and infrastructure costs.

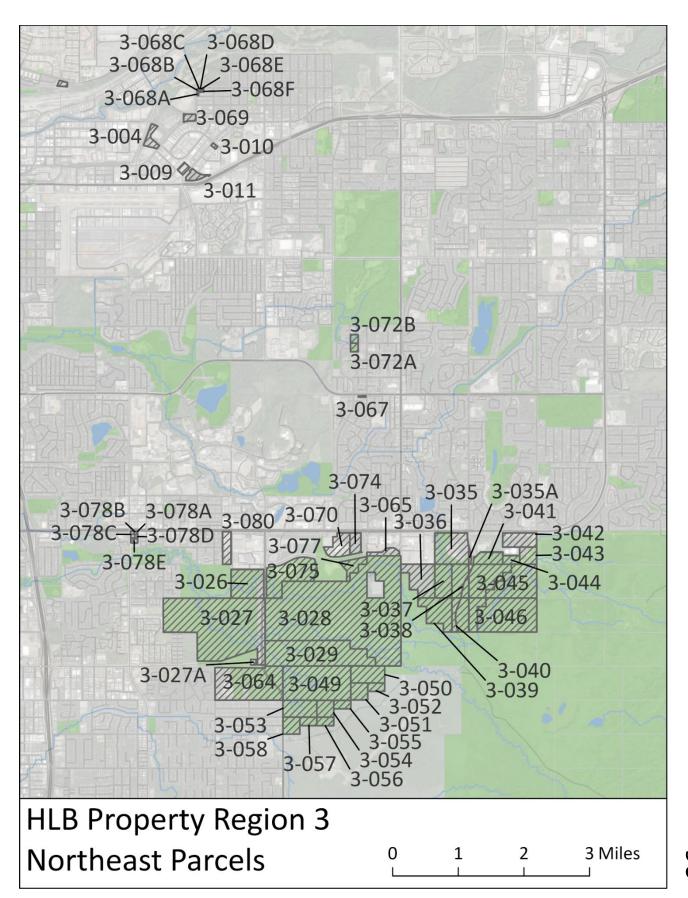

Potential Plans, Studies & Surveys: 2025 - 2029

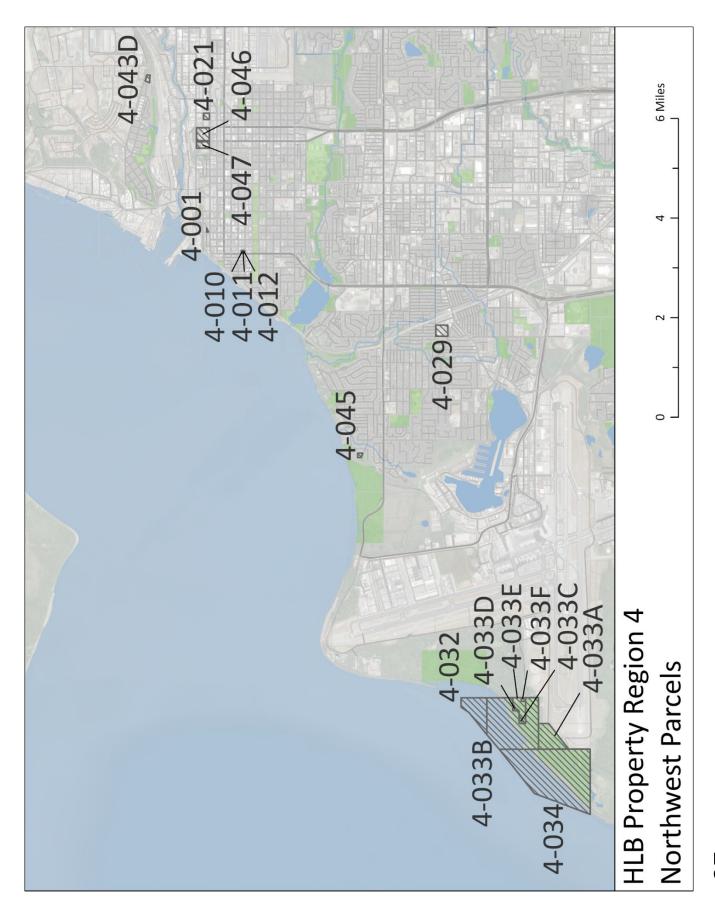

Girdwood South Townsite Master Plan – potential update after the GAP is complete.

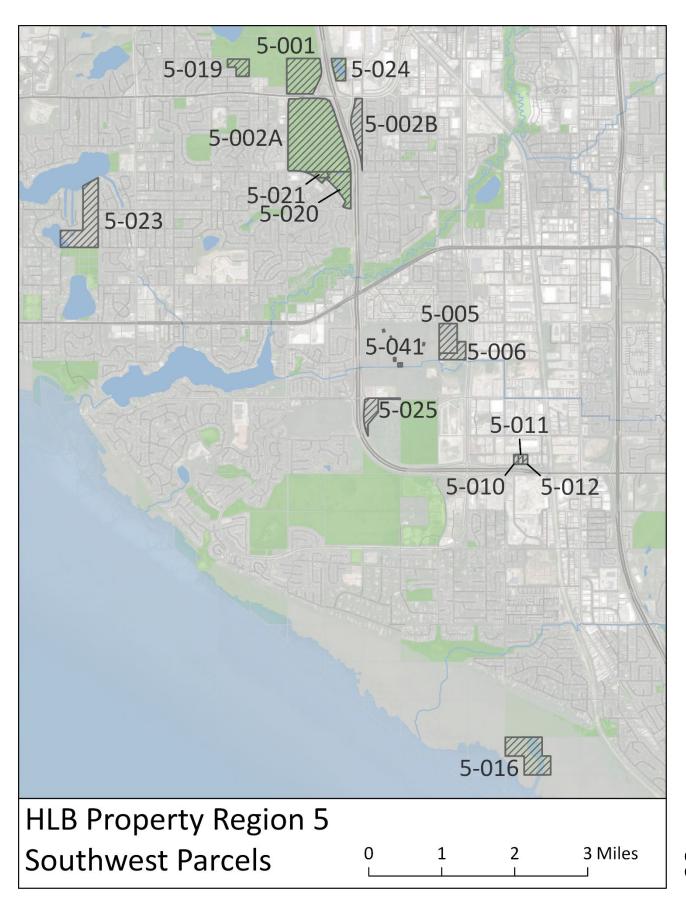

Appendix A

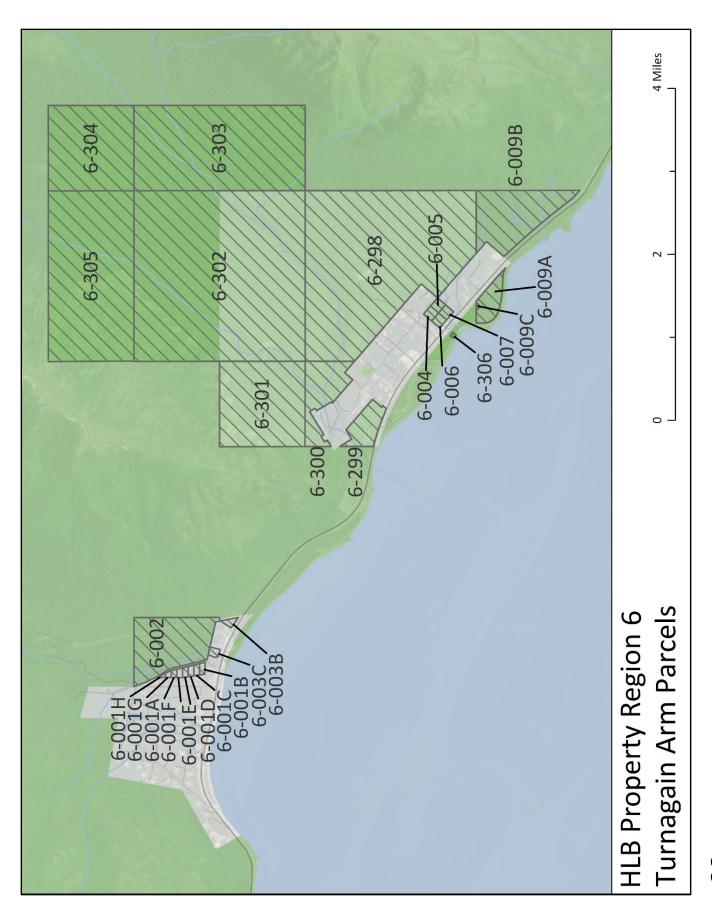

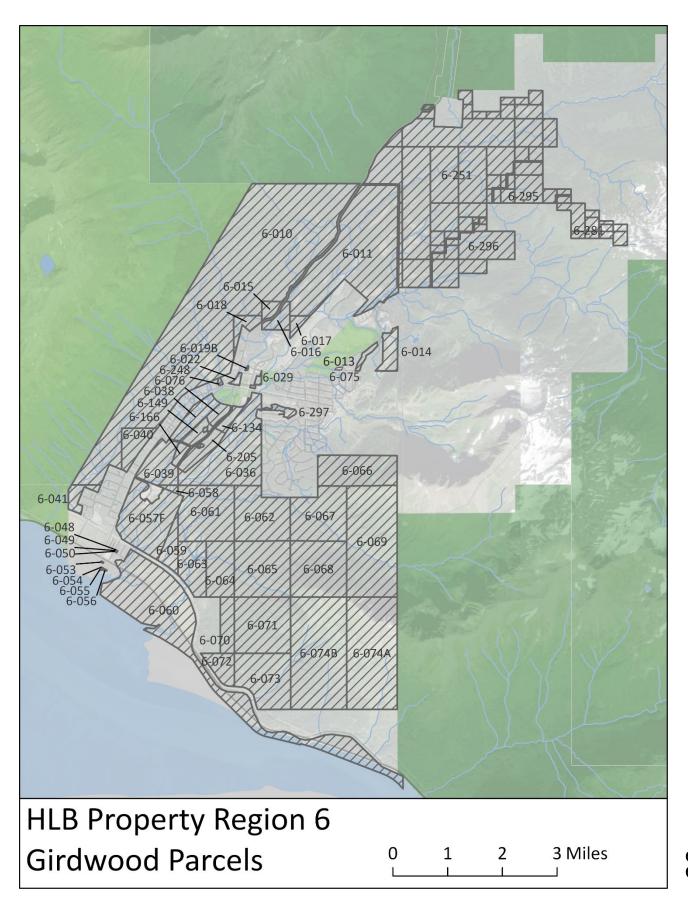

Appendix B

OVERVIEW & POLICIES

I. Overview

The Municipality of Anchorage Heritage Land Bank (HLB) is responsible for managing the majority of the municipality's uncommitted land base, currently consisting of over 12,000 acres. This acreage is distributed from Chugiak to Girdwood and classified as residential, commercial, industrial, open space, and recreational areas. The HLB manages this land in a manner designed to benefit the present and future citizens of Anchorage, promote orderly development, and achieve the goals of the Comprehensive Plan (AMC § 25.40.010).

All land and resources subject to HLB management should be included in the HLB Inventory. Land transferred to the Municipality from the State of Alaska under separate agreement or as part of the Municipal Entitlement Act is added to the inventory. Land may be withdrawn from the inventory and management transferred to other municipal agencies if such land is needed for the location of public facilities or purposes, including schools and dedicated or designated parks and open space. In addition, if HLB land is determined excess to municipal need, such land may be disposed of through land sales, exchanges, or leases. HLB staff also issues land use permits for a variety of temporary uses on HLB land.

The HLB Fund exists to receive income generated by the HLB land. The HLB Fund is used for HLB operating expenses, to acquire new land needed for municipal use, and for improvements to HLB land. All monies held in the HLB Fund are managed in a public fiduciary capacity in an account separate from other municipal funds. HLB is not tax supported and therefore has no impact on property tax revenues.

The HLB Policies and the Anchorage Municipal Charter and Code provide the general principles and guidelines necessary to govern the HLB functions related to the management of HLB land and the HLB Fund.

Any issues not explicitly covered by these policies shall be reviewed and decisions made on a case-by-case basis by the Executive Director of the Office of Economic and Community Development or their designee after consultation with the Municipal Attorney and a determination of conformance with AMC § 25.40.

II. Heritage Land Bank Advisory Commission

A seven member HLB Advisory Commission (HLBAC) from a diversity of geographic residence, occupations, and civic involvement is appointed by the Mayor and confirmed by the Assembly.

The HLBAC generally makes advisory recommendations on proposed HLB actions to the Mayor and Assembly. HLBAC members serve a maximum of two consecutive three-year terms. The commission holds regular monthly meetings to consider proposed actions, except when there is no action pending.

III. Public Notice and Hearing Procedures

HLB staff provides public notice and holds a public hearing prior to making a recommendation to the Mayor and Assembly regarding actions affecting HLB land or the HLB Fund. Public notice must be postmarked 14 days prior to the public hearing. Public noticing is accomplished by:

- a. posting a sign on the land proposed for the action; and
- mailing notices to all property owners within 500 feet of the outer boundary of the affected HLB parcel (or the 50 parcels nearest the outer boundary of the HLB parcel, whichever is greater); and
- c. emailing notification to the Community Council where the affected HLB land is located, and the HLB distribution list, per AMC § 25.40.030; and
- d. posting the agendas on the HLB web page at http://www.muni.org/HLB, as well as the Municipal Boards and Commissions and Public Hearing Notices websites.

IV. HLB Land Disposals

The HLB periodically makes determinations regarding disposal of land or interests in land, consistent with the Municipal Charter, Municipal Code, the HLB Annual Work Program and Five-Year Management Plan, and HLB Policies. All land disposals must also be consistent with the Comprehensive Plan and implementing measures as well as long-term municipal and community development needs. After a public hearing on a proposal, the HLBAC submits a written finding and recommendation to the Mayor and Assembly, stating whether or not a proposed land disposal is in the best interest of the Municipality and consistent with the HLB mission and purpose. Any disposal utilizing AMC § 25.40.025H shall include additional requirements and conditions to ensure the proper development and completion of the project in the public interest, these types of disposals shall be solicited through requests for proposals or through invitations to bid.

A. Land Sales

All proposed HLB land sales occur by a competitive bid process as described in AMC § 25.40.025D for at least the appraised fair market value of the land. An application to purchase HLB land grants the applicant no right of preference or other priority.

B. Land Exchanges

The HLB may exchange HLB land for other land on at least an equal value basis, as determined by a fair market value appraisal by a certified real estate appraiser.

C. Leases

Per AMC § 25.40.025F, leases are awarded by open competitive bid process based upon one of three forms of compensation:

- 1. for at least appraised fair market rental rates as determined by a certified real estate appraiser; or
- 2. a percentage of gross receipts; or
- 3. a user fee. Lease rates are adjusted at intervals of not more than every five years, except as otherwise approved by the Mayor and Assembly, to reflect current market conditions. HLB land may also be leased non-competitively to a non-profit agency for less than the appraised fair market value if the municipal benefits projected to accrue are found by the Mayor and Assembly to be in the best interest of the Municipality. An application to lease HLB land grants the applicant no right of preference or other priority.

D. Easements

Easements are a disposal of an interest in land, granted non-competitively for a one-time fee based upon appraised fair market or use value, with approval of the Mayor and Assembly.

E. Rights-of-Way

Rights-of-Way (ROW) are another form of land disposal where an area may be awarded non-competitively to a specific utility or government body requesting the ROW. As with easements, the HLB allows the disposal for a one-time fee or payment based on fair market or use value of the area to be disposed of as ROW.

F. Anchorage School District

AO 2007-124(S), passed 9/25/07, covers specific procedures for site selection and acquisition of properties for school lands, amending AMC § 25.40 to include a new section (AMC § 25.40.015D), detailing selection, acquisition, and compensation to HLB for land selected as a school site.

V. Permits

HLB staff administratively issues a variety of land use permits for HLB land and resources. These permits are not a disposal of HLB land; rather a permit is a temporary grant to an individual, corporation, or agency of the right to use HLB land for a particular purpose for one year or less in duration. These authorizations include Land Use and Special Event Permits. The HLB Fee Schedule specifies the fees appropriate to various permits and use authorizations (see Section X).

VI. Intra-Governmental Authorizations and Intra-Governmental Permits

Generally Intra-Governmental Authorizations and Intra-Governmental Permits are granted to another municipal department or agency for the duration of a construction/utility project; where necessary to complete a specific project, the timeframe may exceed one year. Intra-Governmental Permits may be public use easements that are recorded and convert to full easements if the property is ever conveyed.

VII. Withdrawals from the HLB Inventory

Some HLB lands are needed by other municipal agencies for specific municipal purposes. If the need is permanent or long-term in duration, the Mayor and Assembly may withdraw the land from the HLB Inventory and transfer it to Real Estate Services. Withdrawals requested by the Mayor with Assembly approval become effective only after at least 30 days prior written notice to the HLB Advisory Commission and at least one HLBAC public hearing, per AMC § 25.40.015B. If land is withdrawn from the HLB Inventory for the use and management of a public agency not supported by municipal taxes, compensation must be paid to the HLB for at least the fair market value of the land as well as administrative and associated costs. Withdrawals of HLB land for other municipal agencies may include a date certain reversionary clause, as determined by the Director of Community Development or their designee. If the agency does not use the parcel for the requested municipal purpose by the date certain, the Mayor may designate the land for return to the HLB inventory. The requesting agency may resubmit a second request for withdrawal at a later date, if necessary.

VIII. HLB Land Management

HLB land management practices are governed by AMC § 25.40. The code requires the HLBAC to submit for Assembly approval an Annual HLB Work Program that conforms to the Five-Year Management Plan, Policies covering the management of the HLB land, and the HLB Fund. The Five-Year HLB Management Plan is often included with the annual work program, but is required by code to be updated at least once every five years. The Five-Year Management Plan generally identifies the land acquisition, inventory, management, transfer, and disposal objectives anticipated during this timeframe. The Annual HLB Work Program includes more detailed descriptions of the proposed activities for the coming calendar year and related revenue and expenditure projections.

IX. HLB Policies

A. Land Management Policies

 HLB staff shall manage land in the HLB inventory with the objective of maximizing municipal purposes and benefits. Its present responsibility is to provide sites for public facilities and uses for the present and future citizens of the Municipality of Anchorage. HLB staff shall consult regularly with other municipal agencies and the Assembly to determine whether HLB land is needed to fulfill various municipal purposes. If an agency has identified a municipal need for HLB land (present or future), and provides sufficient justification in support of the need, HLB staff may either (a) initiate a process to remove the land from the HLB inventory and transfer to Real Estate Services for transfer of management authority to the requesting municipal agency, or (b) create an Intra-governmental Authorization, and retain the land in the HLB Inventory.

- 2. All HLB land management decisions shall be based upon a finding of compatibility with municipal interests and the overall mission of the HLB. It is anticipated the majority of the land in the HLB inventory shall continue to be held for future municipal use. Where retained, HLB land shall be managed in a manner to protect and enhance its present and future economic and other municipal values. The HLB shall ensure all HLB lands are reasonably protected from adverse impacts, including fire, insect damage, plant disease, illegal dumping, Off-Road Vehicle damage, hazardous or contaminated materials, trespass, vandalism, theft, etc.
- 3. HLB staff may allow temporary use permits on HLB land, provided such permits do not exceed one year (12 months), any contract longer than one year requires Assembly approval. Such temporary use includes short-term Land Use Permits (LUP), Temporary Construction Permits (TCP), and such other specific use authorizations as approved in advance by HLB staff. Where there are agreements for another MOA Agency to do maintenance or land management activities on a parcel HLB is considering a LUP, HLB will provide an opportunity for that agency to review and concur on any issued LUP. Revenue sharing will be at the discretion of the HLB Executive Director.
- 4. All land use permits shall be based upon prevailing market rates, unless otherwise provided by AMC § 25.40 or the HLB Fee Schedule. All payments due to the HLB and all terms of the permit shall remain current, or the HLB shall take appropriate action to ensure payment or terminate the permit.
- 5. HLB staff shall regularly update and maintain complete and accurate land records in the HLB Inventory. HLB staff shall continue integrating its land records with the municipal Geographic Information System (GIS) to enhance the ability of the HLB to make land use decisions based upon the best available information, including geospatial data.
- 6. The use of HLB land for wetlands mitigation approved by the U.S. Army Corps of Engineers (USACE) is allowed, provided the mitigation is consistent with the mission of the HLB and is approved by the HLBAC and Assembly.
 - a. HLB staff may execute an In-Lieu Fee Agreement with the USACE allowing the sale of credits to public or private developers. The funds received pursuant to an In-Lieu Fee Agreement shall be used for subsequent wetland and/or riparian acquisition, restoration, creation, enhancement, and preservation in accordance with plans authorized by the USACE.

- b. HLB may create a mitigation bank by placing conservation easements on lands owned by the MOA. HLB staff may then sell the mitigation credits to developers needing credits to satisfy USACE permit requirements.
- c. HLB staff may enter into permit-specific agreements with developers to provide mitigation credits on an ad hoc basis, when approved by the USACE.
- d. When HLB land has a recorded Conservation Easement, that property would be withdrawn from the HLB inventory into RES for land management. HLB staff would be responsible for the management of the Conservation Easement.

B. Land Use Planning Policies

- 1. HLB staff shall manage land and resources consistent with approved Comprehensive Plans and implementing measures. If it cannot be determined whether a proposed land management or disposal action is consistent with the appropriate comprehensive plan or implementing measures, HLB staff shall complete a site-specific land use study prior to taking action on the proposal; the land use study and process may be coordinated with the Planning Department. A site-specific land use study shall address, at a minimum, the following information:
 - a. The need for community facilities such as roads, parks, trails, schools, satellite municipal offices, etc.
 - b. Identify historical and natural landmarks, natural hazards, and environmentally sensitive areas.
 - c. Public utility needs.
 - d. Potential residential, commercial and industrial uses.
 - e. Land use compatibility with adjacent areas.
 - f. Consistency with land uses identified in the Comprehensive Plan, adopted area plans, and with zoning in the area.
 - g. Potential municipal, public and community development needs.

Site specific land use studies shall be adopted through a public process, including public notice, opportunity for public comment, public hearing, and review by appropriate community council(s), HLBAC, Planning and Zoning Commission, and Assembly adoption.

- 2. The HLB shall initiate prudent predevelopment activities as appropriate in order to increase the value of an HLB parcel including, but not limited to, rezoning, re-platting, master planning, environmental assessment and/or remediation, and geotechnical investigations.
- 3. To the extent possible, the HLB shall strive to acquire and assemble additional HLB land to achieve more efficient and cost-effective land management. The HLB shall explore land exchange opportunities with other landowners where doing so benefits municipal interests.

C. Land Disposal Policies

- 1. HLB staff regularly reviews land in the HLB Inventory to identify parcels that are potentially excess to municipal needs as part of drafting the annual HLB Work Program and Five-year Management Plan. HLB may take advantage of unforeseen opportunities or urgent need not identified in the work program or five-year management plan. If a proposed disposal is included, HLB staff may initiate the disposal process. An unforeseen situation may prompt an amendment to the Work Plan and is brought to the Commission and Assembly in tandem with the action item resolution.
- 2. The HLB may dispose of land when it is determined there is no current or considered municipal use for the land and market conditions are determined to be favorable. A decision to dispose of HLB land shall be based upon written findings addressing how the disposal is in the best interest of the Municipality and consistent with the purpose and mission of the HLB. The written finding shall also identify the details associated with the disposal, including method, timing, terms, projected effects on the neighborhood and public facilities, and other relevant information. HLB, will consider adding a reverter clause stating that if the buyer does not initiate progress on a development project, the land will revert back to the MOA Heritage Land Bank inventory after five (5) years of inactivity.
- 3. All land sales shall occur by a competitive bid process for at least the appraised fair market value of the land. HLB staff shall provide at least a 14-day period for accepting qualified bids to purchase land. The successful bidder shall be the applicant submitting the highest qualified bid. Unless otherwise authorized, sealed bid offerings shall be the preferred method of disposal. An application to purchase HLB land shall grant the applicant no right of preference or priority.
- 4. HLB land may also be leased non-competitively to a non-profit agency for less than the appraised fair market value, if the municipal benefits projected to accrue are found by the Mayor and Assembly to be in the best interest of the Municipality. HLB land may be leased to other than non-profit agencies only through an open competitive bid process. The method of compensation to the HLB shall be one of the following:
 - a. At least appraised fair market value;
 - b. A percentage of the annual gross receipts as determined by the HLB;
 - c. A user fee as determined by the HLB; or
 - d. Any combination of the above.

Lease rates shall be adjusted at intervals of no more than five years, except as otherwise authorized by the Assembly, to reflect current market conditions. An application to lease HLB land grants the applicant no right of preference or priority. Lease terms shall generally be commensurate with the length of the proposed uses, although no lease shall be longer than 55 years.

- 5. Prior to issuing an RFP for a specific project, the Executive Director will inform the HLBAC of the pending action during the Director's Report at a regular meeting. After the RFP is issued, HLB will provide periodic updates on the progress through written monthly updates provided in the HLBAC meeting packet.
- 6. HLB will deliver an executed Development Agreement along with a pro forma to the HLBAC prior to any resolution seeking a recommendation for disposal.
- 7. Lessees shall be consulted on proposed activities affecting their authorized uses or any proposed changes in lease terms and conditions. HLB staff shall encourage lessees to make improvements to HLB land consistent with lease purposes. However, any lessee proposing such improvements must obtain HLB staff authorization, or as instructed in lease agreement, prior to making the improvement, and must agree in writing to maintain the improvement in good working order over the term of the lease.
- 8. If there is reason to believe HLB land proposed for disposal may contain hazardous or contaminated waste or other materials, HLB staff shall complete an environmental assessment of the property prior to offering the land for disposal. If the assessment reveals the potential presence of hazardous or contaminated waste or materials, HLB staff may exclude the land from the proposed disposal and remediate the site in accordance with applicable law. Contamination and indemnity clauses on all contracts shall be reviewed during annual contract summaries and upon amendments or renewals.
- 9. HLB land may be exchanged for other land of equal or greater fair market appraised value with greater potential value or attributes for municipal use. HLB staff may accept or pay cash to another party in order to equalize land values.
- 10. The HLB shall authorize easements at the current fair market rate, although another public agency may obtain an easement at less than fair market value if determined to be in the best interest of the municipality, including Intra-Governmental Permits.
- 11. Any entity acquiring HLB property shall indemnify or hold the HLB/MOA harmless from any third-party liability, damages, or claims arising from the disposal.

D. Land Acquisition Policies

- 1. HLB staff shall seek to obtain the highest quality land available when acquiring new land by exchange or by selection from the state under the Municipal Entitlement Act. Particular priority and emphasis shall be placed upon obtaining lands to satisfy present or future municipal needs and purposes.
- 2. HLB staff shall ensure all prior land agreements, court settlements, and legislative acts are fulfilled as intended to result in the conveyance of land to the Municipality.
- 3. The HLB may accept donations of land, consistent with the mission of the HLB.
- 4. If there is reason to believe land proposed for acquisition by the HLB may contain hazardous or contaminated waste or other materials, HLB staff shall ensure an

environmental assessment of the property is conducted prior to making a recommendation to acquire the land.

E. HLB Fund Management

- 1. The HLB Fund shall be used only for HLB operating expenses, acquisition of land for municipal purposes, and for maintenance and improvements to HLB land.
- 2. HLB staff shall manage the HLB Fund in a fiduciary manner seeking to increase the value of the Fund corpus over the long-term.
- 3. The HLB Fund may be used to acquire land for municipal purposes if alternative means of acquisition have been explored and determined to be untimely, impractical, or infeasible.
- 4. HLB staff may invest HLB capital in land improvements on HLB land, or other lands with community benefit consistent with the Comprehensive Plan, Assembly approval, in such direct capital investments and value enhancement activities including but not limited to site planning, rezoning, platting, access and utility acquisition, pursuant to AMC § 25.40.035F.

X. HLB Fee Schedule

The HLB shall establish administrative and other fees associated with processing land disposals and permits. Please refer to Section IV for an overview of the types of land disposals and general procedures. All fees may be modified at the discretion of the Director of Community and Economic Development or their designee.

A. Application Review Fee

Applicants seeking to acquire HLB land are required to pay the HLB a non-refundable \$500 fee to initiate the application review process. The application fee must be submitted with the application. An additional \$500 fee may be charged by HLB for acquisitions or disposals where an expedited review, to be completed within ten business days, is requested. NOTE: An application to purchase HLB land grants the applicant no right of preference or other priority (AMC § 25.40.025A).

B. Disposal Fees

- 1. Land Sales All HLB land sales shall be awarded competitively for no less than the fair market appraised value of the land plus costs and a \$500 administration fee. Land sales shall be awarded to the highest qualified bidder through a procedure determined by HLB to be the most appropriate for a given sale. Details for this process shall be provided in advance in the bidding instructions. In the case of identical highest qualified bids, the HLB shall obtain a best and final offer from among the highest identical qualified bids (AMC § 25.40.025D).
- 2. Leases Leases shall be awarded by an open competitive bid process, unless issued under Section IX.C.4., and HLB shall determine the most appropriate compensation

method for the particular property, with details described in the bidding instructions, and may include one or more of the following:

- a. At least the fair market appraised value of the land; or
- b. A percentage of the gross receipts anticipated to be received by the bidder and attributed to the leasehold; or
- c. A user fee attributed to the leasehold; or
- d. Any combination of the above.

An administrative fee of \$500 shall also be paid by the successful bidder upon completion of the lease award. The successful bidder shall be the applicant proposing the method of compensation providing both the greatest monetary return to the HLB and the most consistent with the HLB mission and the best interests of the municipality.

Lease rates shall be adjusted by the HLB at intervals of not less than every five years to reflect current market conditions, except as otherwise specifically authorized by the Assembly.

C. Disposals to Non-Profit Agencies

The HLB may lease or sell HLB land non-competitively, where the lessee or purchaser is a non-profit or governmental agency, for less than its appraised fair market value, if the projected municipal benefits are found by the Mayor and the Assembly to be in the best interest of the Municipality.

A \$500 administrative fee shall apply for processing non-competitive or less than fair market value disposals to non-profit agencies or groups.

Other non-competitive disposals include:

- 1. Exchanges HLB may conduct an equal value land exchange for other land on at least an equal value basis plus \$500 administrative fee (AMC § 25.40.025E).
- 2. Easements Easements are awarded non-competitively for a one-time fee equal to the fair market value of the easement interest to be conveyed; a \$500 administrative fee shall be paid by the requestor.

D. Permit Fees

- Applicants seeking to acquire a Permit are required to pay HLB a non-refundable \$250 fee to initiate the application review process. An additional administration fee of \$250 may be charged by HLB for issuance of permits on an expedited basis, i.e., within 10 working days.
- Intra-Governmental Authorizations requested by non-tax based municipal agencies, including but not limited to AWWU, Port of Anchorage and ACDA, shall pay a minimum \$500 administration fee or 10% of the property's assessed value, whichever is greater.

3. Renewals, amendments, subleases, assignments or extensions of existing HLB leases and permits may require a minimum administrative fee of \$250 for each action (includes subleases and assignments). A security deposit may be required, based on the property to be permitted and the use proposed.

Permit Type	Fee Estimate
Special Event Permit (race, tournament, etc.)	\$500/day
Land Use Permit	10% of Assessed Value per year, or minimum of \$750/week for up to four weeks; \$250/week for remaining 48 weeks.
Land Use Permit (user fee)	Fee based on number of users. Minimum \$2 per user adjusted based on anticipated impact.
Intra-Governmental Authorization/Permit	\$500 or 10% of the Assessed Value, whichever is greater

All permit fees are reviewed and approved by the Director.

XI. Definitions

<u>Appraised Fair Market Value</u>. The most probable price in cash, terms equivalent to cash, or in other precisely defined terms, for which the appraised property will sell in a competitive market under all conditions requisite to fair sale, with the buyer and seller each acting prudently, knowledgeably, and for self-interest, and assuming neither is under duress. Professional services may be obtained to coordinate an agreed upon purchase price and/or terms.

<u>Disposals.</u> Per AMC § 25.40.025A, HLB land disposals include land sales, land exchanges, leases and easements.

<u>Fair Market Lease/Rental Value</u>. The rental income a property most probably commands in the open market, indicated by the current rents paid for comparable area or space as of the effective date of agreement.

<u>Gross Receipts</u>. All money, income, revenue and any and all other things of value received by, paid to or transferred for the benefit of a lessee on HLB land, without offsets or deductions of any sort whatsoever, where such receipts or payment(s) are made as a result of or in connection with the lessee's interest in the leasehold.

<u>Improvements</u>. A valuable addition to HLB property or an amelioration in its condition, intended to enhance its value or utility or adapt it for new or further purposes, including expenditures to extend the useful life of the property asset, to improve its performance, or for off-site mitigation necessary to improve HLB land.

MUNICIPALITY OF ANCHORAGE HERITAGE LAND BANK ADVISORY COMMISSION

HLBAC Resolution 2024-**

A RESOLUTION OF THE HERITAGE LAND BANK ADVISORY COMMISSION RECOMMENDING ASSEMBLY APPROVAL OF THE 2024 HLB ANNUAL WORK PROGRAM AND 2025-2029 FIVE-YEAR MANAGEMENT PLAN.

WHEREAS, pursuant to AMC § 25.40.010, the Heritage Land Bank (HLB), a division of the Municipality of Anchorage's Real Estate Department, was established to manage uncommitted municipal land and the HLB Fund in a manner designed to benefit the present and future citizens of Anchorage, promote orderly development, and achieve the goals of the Comprehensive Plan; and

WHEREAS, pursuant to AMC § 25.40.020, the HLB Advisory Commission (HLBAC) shall recommend and submit for assembly action a comprehensive land and fund management program to accomplish the purpose and mission of the HLB, and that such a program shall contain at a minimum such documents as the Five-Year Management Plan and an Annual Work Program; and

WHEREAS, pursuant to AMC § 25.40.020A, the Five-Year Management Plan shall identify those land acquisition, inventory, management, transfer and disposal objectives anticipated during this time frame; and

WHEREAS, pursuant to AMC § 25.40.020B, the Annual Work Program shall conform to the current or proposed Five-Year Management Plan and which includes detailed descriptions of the proposed land acquisitions, inventory, management, transfer and disposal activities of the HLB for the coming year; and

WHEREAS, pursuant to AMC § 25.40.020B, a public notice, as set forth in this chapter, of not less than forty-five (45) days, is required prior to a hearing by the HLBAC on the Annual Work Program; and

WHEREAS, on *********, the Public Review Draft of the 2024 HLB Annual Work Program and 2025-2029 Five-Year Management Plan (Work Plan) was posted on the HLB website, the MOA Public Notice website, and an e-mail was sent to Assembly members, all community councils, municipal department heads, and public and private organizations that have subscribed to the HLBAC mailing list; and

WHEREAS, on ********, the notice for the ******* HLBAC public hearing on the Work Plan was posted on the HLB website, the MOA Public Notice website, and an e-mail was sent to

Assembly members, all community councils, municipal department heads, and public and private organizations that have subscribed to the HLBAC mailing list; and

WHEREAS, on ********, 2024, the HLBAC held a public hearing on the Work Plan; and

WHEREAS, the Draft 2024 HLB Annual Work Program and 2025-2029 Five-Year Management Plan document complies with the provisions as set forth in AMC § 25.40.020A-C; now, therefore,

BE IT RESOLVED, THE HLBAC APPROVES THE DRAFT 2024 HLB ANNUAL WORK PROGRAM AND 2025-2029 FIVE-YEAR MANAGEMENT PLAN WITH ANY AND ALL ADOPTED AMENDMENTS.

THEREFORE, BE IT FURTHER RESOLVED, THE HLBAC RECOMMENDS THE WORK PLAN FOR CONSIDERATION OF APPROVAL AND ADOPTION BY THE ASSEMBLY.

Approved: Attest:

L. Dean Marshall, MPA, Chair Heritage Land Bank Advisory Commission

PASSED and APPROVED on this, the ** day of ****, 2024.

Tiffany Briggs, Director Real Estate Department
