**DATE:** November 5, 2009  
**TO:** Parks & Recreation Commission  
**FROM:** Holly Spoth-Torres, Park Development & Natural Resources Manager  
**SUBJECT:** 2010 Park Construction Projects

---

The strategy for 2010 Park Construction projects will build on the successes of 2009. The department will utilize multiple work forces and funding sources in order to maximize shrinking budgets and human resource capacity.

Some of the projects and funding sources listed are still a bit fluid. Expect this list to be finalized by late January. Once this list is finalized the Department is committed to 100% completion of these projects to the highest standard possible.

Please see the attached spreadsheet for the 2010 Park Construction Plan.
