ASSEMBLY AGENDA DOCUMENTS AVAILABLE VIA THE INTERNET

Chair Dick Traini today announced that Assembly meeting agenda items are now available on-line. Chair Traini said placing agenda items online is a significant development. "Now, anyone with Internet access is able to view and print documents that the Assembly will be discussing and voting on at upcoming meetings," he said. Meeting agendas are online the Wednesday before each meeting.

This development means that citizens will have the ability to easily access and quickly review proposed ordinances and resolutions well in advance of any public hearing. This will allow members of the public to prepare comments or just stay informed.

To access the documents go to www.muni.org, click "Assembly," and then click, "Assembly Agenda" on the right-hand side of the page. Simply follow the links to the document you are interested in. Documents on this site are in PDF format and require Adobe Acrobat Reader to view. If you do not have Acrobat on your computer, it may be downloaded for free at www.adobe.com.
