4th Ave Sidewalk - Bunnel St to Boniface Pkwy

Goal: There is a missing link in the pedestrian facilities around Wonder Park Elementary. The existing sidewalks will be upgraded and brought into ADA compliance.

Scope: This project will construct and rehab a pedestrian facility on the north side of 4th Avenue adjacent to Wonder Park Elementary School. This project may be combined with traffic calming and drainage improvements planned for 4th Avenue.

Status: Design has been funded. Construction funding is proposed for 2008.

Boniface Pkwy @ Northern Lights Blvd (HSIP Group 4B)

Goal: Safety concerns have been raised.

Scope: Construct safety improvements.

Status: Status is uncertain but funding is proposed through the Highway Safety Improvement Program (HSIP).

Boniface Pkwy Expressway - Tudor Rd to Glenn Hwy

Goal: The LRTP identifies this as a future expressway that could be reconfigured to focus on moving traffic north and south. No studies have been completed.

Scope: To be determined.

Status: No work is underway or scheduled. This project is included in the Long Range Transportation Plan (LRTP) and is a state owned facility. Prioritization and funding would be through the State of Alaska.

Boniface Pkwy West-side Pedestrian Improvements - DeBarr Rd to Northern Lights Blvd

Goal: Pedestrian facilities are missing on the west side of Boniface Parkway between DeBarr Road and Northern Lights Boulevard.

Scope: Install pedestrian facilities.

Status: No work is currently scheduled in the 6-year Capital Improvement Program. The project has been added to Capital Project Needs List for evaluation and prioritization. However, because it is a state owned facility, prioritization and funding would be through the State of Alaska.

Bragaw St Storm Crossing at Glenn Hwy

Goal: Clark Middle School has experienced some drainage issues. The state is reconstructing the Bragaw/Glenn Hwy intersection in the summer of 2007 so this improvement will be done in conjunction with the state work.

Scope: To install new storm drains in the vicinity of Clark Middle School and reconstruct the storm drain crossing under the Glenn Hwy at Bragaw St.

Status: Construction has been funded with road bonds and is proposed for 2007 by the State Contractor on the Bragaw St/Glenn Hwy Overpass project.

Glenn Hwy at Bragaw St Interchange

Goal: This is one of the most congested intersections in Anchorage.

Scope: This project will construct a grade separated intersection with Bragaw Street being elevated over the Glenn Highway.

Status: This project is substantially funded with state grants and the state has awarded a design/build contract. Construction is expected to start in the summer of 2007. This is a state owned facility.

Glenn Hwy Rut Repairs - McCarrey St to Artillery Rd

Goal: Pavement is deteriorating.

Scope: Overlay the pavement.

Status: No work is currently scheduled in the 6-year Capital Improvement Program. This is a state owned facility and evaluation and funding would be through the State of Alaska.

Glenn Hwy/5th Ave Expansion - Gambell St to McCarrey St

Goal: This road section is one of the most congested roads in Anchorage in both morning and afternoon peak hours.

Scope: Improvements are expected to include the addition of a through lane in each direction.

Status: Design is underway and construction is anticipated in 2008 and 2009. This is a state owned facility.

Northern Lights Blvd Expansion - Lake Otis Pkwy to Boniface Pkwy

Goal: Anticipated increases in traffic and congestion may stretch this route beyond it's current capacity.

Scope: The scope has not been determined. One option that may be considered is adding a through lane in each direction.

Status: No work is underway or scheduled in the six-year Capital Improvement Program. This route is designated as a major arterial in the Official Streets and Highways Plan.

Pine St/4th Ave Area Storm Reconstruction - DeBarr Rd to Boniface Pkwy

Goal: The maintenance department has identified this drainage system as in need of repair due to deterioration and high ground water. Additionally, the existing system does not adequately handle heavy rains as evidenced by flooding, particularly on 4th Avenue.

Scope: This project will reconstruct/upgrade the drainage system.

Status: Design study funding has been funded with local bonds and a state grant, and is expected to start in the winter of 2007/2008.
