Linda Kovac, Homeowner, Jay Marvin, Homeowner

**Advisory Members:**

**Staff Present:** Dan Roth, Program Manager, On-Site, Julie Makela, PE On-Site, Kathleen Maricle, Permit Clerk, Hallie Stewart, AWWU, Jeff Urbanus, DHHS

**Guests:** Earl Dotten, AWWA, Dan Young, AWWA, Bob Cowan, S & S Engineering, Wayne Westberg, M-W Drilling, Brian Willie, Arrow Pump & Well Service, Hal Ingalls, Denali Drilling, Dave Harper, Alpine Drilling

Meeting called to order at 1145. Introductions were made.

December 8, 2004 minutes approved.

Old Business - Dan Roth, Dan Young & Earl Dotten met to discuss changes to the well code. (See handout of Well Code Revisions dated 5 January 05.) Board Members discussed these new well changes. Well Drillers will give information to On-Site with their changes to this handout.

New Business - Jeff Garness from Garness Engineering Group met with the Tech Board to introduce a new proposed alternative wastewater disposal system. Tech Board approved the alternative system for testing to be done for 1 year, but that Garness Engineering Group can do their testing and return before the board with testing results after 3 months. All testing to be done during January, February or March.

Meeting adjourned at 1310.
