

**2007 Turnagain Community Council Ranking Recommendations  
on the  
Municipality of Anchorage's  
PARKS Capital Improvement Project List  
Approved June 7, 2007**

**MUNICIPAL PARK PROJECT RANKING:**

**HIGH — Lyn Ary Park** — Redesign trail for improved/safer access to Coastal Trail. Redesign sledding hill for safe use. Replace perimeter bollards with lower maintenance materials. Upgrade parking lot. Resurface tennis court.

**HIGH — Coastal Trail Buffer/Greenbelt Acquisition** — Acquire undeveloped land as it becomes available west of Lyn Ary Park to Earthquake Park for protected Coastal Trail greenbelt designation.

**HIGH — Tony Knowles Coastal Trail Rehabilitation** — Rehabilitate, through bio-engineering improvements, to address erosion/drainage and deterioration along the trail.

**HIGH — Lloyd Steele & Balto Seppala Parks** — Construct footbridge over wetlands connecting the two parks. Construct multi-use trail that would surround and connect both parks, as per conceptual plan in park Master Plan from 1998.

**HIGH — Earthquake Park** — Install low-level parking lot lighting and security cameras. Upgrade landscaping.

**HIGH — Pt. Woronzof Park** — The only capital improvement needed for this area is park signage along the Coastal Trail and Pt. Woronzof Road identifying park boundaries, so the public knows it is parkland, not airport land. (Please don't confuse this with the Pt. Woronzof Overlook area.)

**HIGH — Fish Creek Park** — Turnagain CC supports upgrades consistent with request by Spenard Community Council.

**TCC Requests that the following PARK Project be DELETED from the TCC CIP List:**

**Huntington Park** — The Northwest District Park Advisory Committee has looked at this park and has not identified any need for any capital improvement projects. We request that this be deleted from the TCC CIP list.
