Subject: University Area CC - Capital Parks Projects Ranking

UNIVERSITY AREA Community Council Survey

Capital Projects Needs Ranking Survey

Community Council Ranking

H=High, M=Moderate, L=Low, N=No

N **418** NATURAL RESOURCE AREAS, HELEN LOUISE MCDOWELL SANCTUARY PARK
 Project is not located within the University Area CC.

Y **167** NEIGHBORHOOD PARKS, CASTLE HEIGHTS PARK

N **113** NATURAL RESOURCE AREAS, EAST NORTHERN LIGHTS BUFFER
 Project is unknown to UACC. Where is it located?

Y **172** NEIGHBORHOOD PARKS, FOLKER PARK

Y ??? - UACC requests a neighborhood pocket park in the Burlwood Terrace area, at corner of Leslie Rd and Lynn Drive. An elongated green space leads to Checkmate on the west side. There is no close community park for residents of the many duplexes and apartment complexes in this area. A pocket park would give children a safe place to play.
