MUNICIPALITY OF ANCHORAGE
Traffic Department

SEASONAL VEHICLE WEIGHT RESTRICTIONS

For current information visit our web site at
<http://www.muni.org/traffic/Truck%20Information.cfm> or call the Traffic Department
Phone: 343-8406 / Fax: 343-8488

Effective Monday April 7, 2008 at 8:00 A.M., all streets owned / maintained by the Municipality of Anchorage will be subject to the following load restrictions:

Paved Streets - 75%
Gravel, RAP, and Chip Sealed Streets - 50%

Weight restrictions for legal axle loads apply to all vehicles over 10,000 GVW (Gross Vehicle Weight). These restrictions are normally imposed this time of year and could possibly be enforced through May 2008. The duration of the restrictions is dependent upon the weather and subsurface temperatures. The purpose of these restrictions are to reduce roadway damage during spring breakup. This damage can be caused by vehicles exceeding certain weight limitations.

Attached you will find a list of streets that will be physically posted with proper signing for the above weight restrictions, and for streets requiring increased restrictions.

The following Municipal roads will remain at 100%, no overloads, in accordance with the State of Alaska Seasonal Vehicle Weight Restrictions. These roads will be at 100% until the State roads are released for overloads in order to allow port traffic to operate under the same restrictions.

Ocean Dock Road from the railroad crossing to C Street
Whitney Road from C Street to Post Road
3rd Avenue from Post Road to Gambell Street
4th Avenue from Ingra Street to Post Road
Ingra Street from 5th Avenue to 4th Avenue
Gambell Street from 3rd Avenue to 5th Avenue

The following vehicle exceptions apply:

1. Vehicles enroute at the time of restriction.
2. Bulk milk trucks are allowed 100% of legal load.
3. Sewage pumper, local water delivery, and local home heating oil delivery trucks may carry as follows:
 - A) at 100% - legal load
 - B) at 75% - ½ tank or 75% legal load, whichever is greater
 - C) at 50% - ½ tank maximum
4. Interstate sealed and charged produce vans are allowed 100% legal load if charged prior to the effective date of the restriction.
5. Garbage trucks may carry as follows:
 - A) at 100% - legal load
 - B) at 75% - 90% legal load
 - C) at 50% - 90% legal load

The following streets will be posted with proper signs for any additional required limits effective 4/7/2008:
