Late comment on 2022-0032. I had to wait for him to respond if he wanted to include this as an official comment. Thank you!

Dear Ms. Gedig:

On behalf of Alaska Trails, I am writing to voice our support for the approval of the Russian Jack Master Plan. Our organization is pleased with the process and all the exciting developments that will occur due to the Master Plan. This includes trails, but many other aspects of the park as well. We are excited to have the opportunity to participate in the rejuvenation of this gem of a park on Anchorage's east side. As we have noted in the past, there are many schools within a close radius of the park. The link to neighborhoods and the access the park gives those residents wonderful access to the park's many uses.

As a regular user of the park as well as a trail enthusiast, I am excited about all the upgrades proposed in the Master Plan update.

Thank you,  
Steve Cleary
