b. *Use-Specific Standards*

Except when used as dwelling unit, the use of a con[N]ex unit is allowed in all zoning districts subject to the following:

i. Except in the industrial, commercial, and airport districts, con[N]ex units shall be screened on sides facing abutting public streets and residential properties by structures, landscaping, and/or fences at least as high as the unit. If the con[N]ex unit is placed and used for seasonal purposes subject to the provisions of section 21.05.080, Temporary Uses and Structures, it may instead be painted with paint that matches the color scheme of the principal building or blends the con[N]ex with the surroundings.

ii. In commercial districts, con[N]ex units shall be located to the rear of all principal structures or alternately, meet the screening requirements of section b.i. above.

iii. In residential districts, con[N]ex units are only permitted on lots equal to or greater than 40,000 square feet. Except as restricted in b.vii. below, con[N]ex units existing as of January 1, 2014, on any size lot may continue as long as the screening requirements of b.i. above and the number limitations of b.iv. below are met within one year of January 1, 2014, in which case such con[N]ex unit(s) shall be deemed conforming. Failure to comply with this provision shall not result in a legal nonconformity but rather shall result in an illegal structure.

*** *** ***

vi. Loading or unloading a con[N]ex unit, or the use of a con[N]ex during construction is exempt from this section, as long as the con[N]ex unit is

removed promptly at the finish of the loading/unloading or construction activity.

- vii. In residential districts on lots of less than 40,000 square feet, con[N]ex units existing on January 1, 2014, that are located between the front plane of the principal structure and the front property line shall be removed or relocated within one year of January 1, 2014.
