- ☒ Assembly Ordinance enacting zoning special limitations, if applicable
- ☒ Summary of community meeting(s)

(Additional information may be required.)

GENERAL SITE PLAN REVIEW STANDARDS (AMC 21.03.180F.)

The Urban Design Commission or the Planning and Zoning Commission shall review the proposed site plan governed by the general site plan approval criteria for consistency with conformity to the requirements of this title, and the effects of the proposal on the area surrounding the site. Each standard must have a response in as much detail as it takes to explain how your project satisfies the standard. The burden of proof rests with you.

1. The site plan is consistent with any previously approved subdivision plat, planned development master plan, or any other precedent plan or land use approval;
2. The site plan complies with all applicable development and design standards set forth in this title, including but not limited to the provisions in chapter 21.04, *Zoning Districts*, chapter 21.05, *Use Regulations*, chapter 21.06, *Dimensional Standards and Measurements*, and chapter 21.07, *Development and Design Standards*;
3. The site plan addresses any significant adverse impacts that can reasonably be anticipated to result from the use, by mitigating or offsetting those impacts to the maximum extent feasible; and
4. The development proposed in the site plan is consistent with the goals, objectives, and policies of the comprehensive plan.

SPECIAL LIMITATION STANDARDS (if applicable)

The applicable commission shall review the proposed site plan governed by special limitation for consistency with the special limitations, goals, policies and land use designations of the comprehensive development plan and other municipal plans adopted by the assembly, conformity to the requirements of this title, and the effects of the proposal on the area surrounding the site. Each special limitation standard must have a response in as much detail as it takes to explain how your project satisfies the standard. The burden of proof rests with you.

WMS WATERCOURSE MAPPING SUMMARY

Per the requirements for watercourse verification outlined in Project Management and Engineering Operating Policy and Procedure #8 and Planning Department Operating Policy and Procedure #1 (effective June 18, 2007), MOA Watershed Management Services has inspected the following location for the presence or absence of stream channels or other watercourses, as defined in Anchorage Municipal Code (21.35).

- Project Case Number or Subdivision Name: Elderberry Park
- Project Location, Tax ID, or Legal Description: 001-031-22-000
- Project Area (if different from the entire parcel or subdivision): 1297 W 5th Avenue

In accordance with the requirements and methods identified, WMS verifies that this parcel, project area, or application:

X ~~YES~~ **DOES NOT** contain stream channels and/or drainageways, as identified in WMS field or archival mapping information.*

YES **DOES** contain stream channels and/or drainageways **AND** these are located and identified on submittal documents in general congruence with WMS field and archival mapping information.

*New or additional mapping **IS NOT REQUIRED**.**

 Contains stream channels and/or drainageways **BUT** one or more streams or other watercourses:

- are **NOT** shown on submittal documents, or
- are **NOT** depicted adequately on submittal documents for verification, or
- are **NOT** located or identified on submittal documents in general congruence with WMS field and archival mapping information.

*New or additional mapping **IS REQUIRED** and must be re-submitted for further review and verification.**

 Presence of stream channels and/or drainageways is unknown **AND** field verification is not possible at this time. WMS will verify as soon as conditions and prioritized resources allow.

** Streams omitted in error by WMS or others remain subject to MOA Code and must be shown in new mapping upon identification of the error.*

ADDITIONAL INFORMATION:

- | | | | |
|--|--|--------------------------------------|--------------------------------|
| ☐ Y ☒ N | WMS written drainage recommendations are available. | ☐ Preliminary | ☐ Final |
| ☐ Y ☒ N | WMS written field inspection report or map is available. | ☐ Preliminary | ☐ Final |
| ☐ Y ☒ N | Field flagging and/or map-grade GPS data is available. | | |

Municipality of Anchorage

Parks and Recreation Department

Memorandum

DATE: September 30, 2020

TO: Michelle J. McNulty, AICP, Planning Director

FROM: Tanya S. Hickok, PE – The Boutet Company
(On behalf of MOA Parks & Recreation)

SUBJECT: 2020 Elderberry Park Improvements Project – Amendment to Approved Site Plan

Dear Ms. McNulty:

The Municipality of Anchorage (MOA) Parks and Recreation Department is submitting an amendment to the previously approved site plan for Elderberry Park (Case 2020-0076). During the June 10, 2020 public hearing of the Urban Design Commission (UDC), comments were made regarding access to the Tony Knowles Coastal Trail. Following this public hearing, the Parks and Recreation Department further reviewed and revised the proposed site plan to address comments.

The updated site plan realigns the access to the Tony Knowles Coastal Trail from the existing 5th Avenue parking lot. This trail realignment utilizes grade changes that meet ADA accessibility standards and provides for separation of park and trail facilities. To accommodate this separation, the updated site plan shifts the playground and plaza area 10-15 feet to the northeast, providing grade separation and a landscape buffer between the conflicting uses, to meet the intent of the approved 2015 Master Plan.

The MOA Parks and Recreation Department, initiated additional public engagement in a community meeting with the South Addition Community Council (SACC) on September 24, 2020. In this meeting, the design team presented the updated site plan showing the new trail alignment and access to the Tony Knowles Coastal Trail. At that time, additional comments were made requesting traditional swings to be incorporated into the site plan. Following discussion, the SACC voted on and approved a resolution of support for the updated site plan. The resolution provides support for the updated connection to the Tony Knowles Coastal Trail and requests the addition of traditional swings to the site plan. See Appendix A for draft SACC Resolution.

MOA Parks and Recreation appreciates the South Addition community's input and proposes the attached revised Site Plan and associated Landscape Plan. The revised Site Plan incorporates four traditional swings and includes the updated access to the Tony Knowles Coastal Trail, for UDC review and approval.

General Site Design Standards (AMC 21.03.180F)

1. The site plan is consistent with any previously approved subdivision plat, planned development master plan, or any other precedent plan or land use approval.

In keeping with the Elderberry Master Plan, improvements proposed in the Project include the following:

- Inclusive Playground:
 - A new upgraded inclusive playground/plaza will be located at the northwest corner of 5th Avenue and M Street, including the following amenities:
 - Kids play for 2-5 year olds;
 - Sand Pit with Sand Desk
 - Tipi Spinner with Brace)
 - Kids play for 5-12 year olds;
 - Globe Climber
 - Swings (All ages);
 - Cocowave Pendulum Rope Swing and
 - Traditional Swings (2 belts, 1 molded bucket, & 1 toddler bucket)
 - Climbing wall (all ages);
 - Slide (5-12 year olds); and
 - Unitary safety surfacing;
 - Improved pedestrian circulation between park users;
 - Improved Coastal Trail access;
 - LED Site Lighting;
 - Site and Visual Enhancement landscaping;
 - Plaza Overlook with interpretive/wayfinding signage throughout park;
 - Future New Permanent Restroom; and
 - Amenities such as Trash receptacles, Bike Racks, Picnic tables, and Benches.

2. The site plan complies with all applicable development and design standards set forth in this title, including but not limited to the provisions in chapter 21.04, Zoning Districts, Chapter 21.05, Use Regulations, chapter 21.06, Dimensional Standards and Measurements, and chapter 21.07, Development and Design Standards.

21.04 Zoning Districts: This site is zoned R-3 Mixed Residential District. This zoning district is intended primarily for multifamily and townhouse dwellings characterized by low-rise multistory buildings. The R-3 zoning district permits community gardens and parks as a by-right land use.

21.05 Use Regulations: Parks (Public or Private) are a permitted land use in accordance with Table 21.05-1, subject to major site plan review and the park complies with the requirements of Chapter 21.05.040,G.2, Park, Public or Private: Definitions and Use Specific Standards.

21.06 Dimensional Standards and Measurements: There are no structures proposed within the 20-foot front yard setback; 10-foot side yard setback; or 20-foot rear yard setback. The proposed improvements will not impact the existing lot coverage for the site.

21.07 Development and Design Standards:

21.07.040 Drainage, Storm Water Treatment, Erosion Control, and Prohibited Discharges

The site topography in the proposed development areas will include two levels of play, separated by a 4-foot tall climbing wall with a play slide. The site improvements will be graded to encourage positive drainage away via drainage swales, bioretention areas, and general sheet drainage, as required by the latest edition of the MOA Design Criteria Manual. Currently there are no underground storm drain systems within or adjacent to the site, but rather general sheet drainage/infiltration. There have been no reports of drainage issues onsite.

21.070.060 Transportation and Connectivity

The on-site pedestrian walkways are a key element to the park's circulation. One key priority of the master plan, includes minimizing conflicts between park and trail users. To this end, the Revised Site Plan moved the playground away from the existing parking lot, to provide a grade separated access for the Coastal trail. This revision to the site plan addresses the approved 2015 Master Plan's priority to minimize the conflicts between the two uses. The MOA Project Management and Engineering (PM&E) M Street project, slated for phased construction in the near future, is still reviewing the possibility of a secondary bicycle connection to the Coast Trail from the northern end of the M Street right-of-way. Additionally, the proposed Plaza Overlook adds landscape islands and furniture amenities to discourage bike users riding directly through the park.

The playground's circulation paid special attention to typical children play patterns. The proposed playground circulation proposes ADA site access from the parking lot on 5th Avenue to the lower-level play area, including a less than 5% ramp up to the upper play area. Additionally, a diagonal sidewalk from the M Street intersection with steps will provide direct access to the Plaza Overlook, creating complete pedestrian circulation through the play and plaza areas. All playground and plaza areas receiving improvements will be ADA compliant and have finished surfaces that are stabilized with either safety surfacing, asphalt pavement, or Portland cement concrete.

21.07.080 Landscaping, Screening, and Fences

The landscaping for this project falls into two categories.

1. Visual Enhancement Landscaping as required for Title 21 along 5th Avenue and
2. Site Enhancement landscaping for the rest of the project area.

The goal of the plantings is to maintain the character of Elderberry Park - large grassy open space punctuated with large, mature trees while at the same time introducing a contemporary palette of Paper Birches, Grasses, Boulders and Dwarf Shrubs (such as red-twig dogwoods and viburnums) with a few special interest plants to complement the specialty paving and salvaged rail themed site furnishings.

Our proposed Visual Enhancement plantings along 5th Avenue integrate the mature tall spruce and existing large lilac at the corner of M and 5th. A more typical, rhythmic planting bed of birch trees, shrubs, and grasses fills the sloped area between the fence and sidewalk area, with a 5' wide grass strip along the narrow sidewalk to facilitate snow storage, lawn maintenance, and to work around the existing Planet Walk, electrical boxes, and other road signs.

21.07.090 Off-Street Parking and Loading

There are no additional requirements for off-street parking for the playground areas, per Table 21.07-

4. The existing Municipal parking lot to the southwest of the Park will remain in its current configuration. The existing grade of 5th Avenue immediately adjacent to the existing parking lot is approximately over 5% grade. Per the United States Access Board, Accessibility Guidelines for Pedestrian Facilities in the Public Right-of-Way: Shared Use Path, "R302.5.4 Physical Constraints. *Where compliance with R302.5.1 or R302.5.2 is not practicable due to existing terrain or infrastructure, right-of-way availability, a notable natural feature, or similar existing physical constraints, compliance is required to the extent practicable.*" Therefore, the proposed park project will match the existing grade of the existing sidewalk, grading the proposed new plaza to ADA standards.

21.07.100 Exterior Lighting

The existing site lighting for the site will be upgraded to LED light fixtures, improving the visibility of the outdoor playground areas.

3. ***The site plan addresses any significant adverse impacts that can reasonably be anticipated to result from the use, by mitigating or offsetting those impacts to the maximum extent feasible.***

There are no known significant adverse impacts raised during any of the public meetings requiring any mitigating or offsetting. The design team paid special attention to the circulation of the park, as well as providing an ADA access to the Tony Knowles Coastal Trail.

4. The development proposed in the site plan is consistent with goals, objectives and policies of the comprehensive plan.

The table below presents key policies and strategies promulgated in Anchorage 2020, Anchorage Comprehensive Plan and the 2040 Land Use Plan, as well as the additional Adopted Elements per Anchorage Municipal Code (AMC) 21.01.080, and describes how the proposed Project fulfills these policies and strategies.

Comprehensive Plan Elements Policies and Strategies

Comprehensive Plan Element	#	Policy	Discussion of Consistency
<u>Anchorage Bowl Park, Natural Resources, and Recreation Facility Plan, 2006</u>		<i>Park Classification: Neighborhood Use. These are close-to-home recreation areas that serve one neighborhood as a focal point for residents and include areas for informal play and family and community building.</i>	Elderberry Park is a downtown park, serving the South Addition neighborhood.
<u>Anchorage 2020, Anchorage Bowl Comprehensive Plan</u>	44	<i>Design and build public improvements for long-term use.</i>	Elderberry Park is designed to meet ADA standards, as well as meeting MOA Design Criteria standards.
	47	<i>Provide distinctive public landmarks</i>	The design elements of the inclusive playground - circular playground areas, unique play features, rail theme, with a definitive Alaskan "feel".
	63	<i>Natural open space protection</i>	Large expanses of open space grass lawn area will remain to the north and west of the playground/plaza areas.
	86	<i>Encourage public/private collaboration</i>	Funding for project improvements were developed through strong advocacy by the local Rotary, the Alaska Railroad (donation of materials), the Anchorage Parks Foundation, and other Downtown private agencies.
Anchorage 2040 Land Use Plan	8.1	<i>Ensure all neighborhoods and communities have access to nearby parks and recreational opportunities that support well-being.</i>	Elderberry Park is located along Knik Arm and provides both park play and ADA access to the Tony Knowles Coastal Trail.

Special Limitation Standards

The property has no Special Limitations and this section is not applicable.

GENERAL NOTES

1. CONSTRUCTION SHALL BE COMPLETED IN ACCORDANCE WITH THE MUNICIPALITY OF ANCHORAGE STANDARD SPECIFICATIONS, STREETS--DRAINAGE--UTILITIES--PARKS, DATED 2015 HEREAFTER REFERRED TO AS M.A.S.S. (OR MASS), AS CURRENTLY AMENDED BY THE SPECIAL PROVISIONS AND THESE CONSTRUCTION DRAWINGS.
2. DRAWING SCALES ON SHEETS WITHIN THESE PLANS MAY VARY AND SHOULD BE NOTED PRIOR TO USE. THESE PLANS WERE CREATED FOR 11x17 PLAN SET AND AT A SPECIFIC DRAWING SCALE. ANY REPRODUCTION OR PUBLISHING OF THESE PLANS MAY RESULT IN DISTORTION OF SCALE AND SHALL BE VERIFIED PRIOR TO USE.
3. CONTRACTOR SHALL OBTAIN ALL NECESSARY PERMITS PRIOR TO BEGINNING CONSTRUCTION. THE PERMITS SHALL BE MAINTAINED AT THE JOB SITE.
4. FURNISH AND INSTALL 6' HEIGHT TEMPORARY CHAIN LINK FENCE AROUND THE PROJECT BOUNDARY AND STAGING AREAS DURING CONSTRUCTION. THE FENCE SHALL BE LOCKED SECURELY EVERY DAY AT THE END OF OPERATIONS. TEMPORARY FENCING SHALL BE CONSIDERED INCIDENTAL TO THIS CONTRACT AND NO SEPARATE PAYMENT SHALL BE MADE.
5. CONTRACTOR SHALL MAINTAIN "REDLINE" RECORD DRAWINGS ON A CLEAN SET OF CONSTRUCTION DRAWINGS IN ACCORDANCE WITH M.A.S.S. DIVISION 65.00 CONSTRUCTION SPECIFICATIONS FOR CONSTRUCTION SURVEY. THE "REDLINES" SHALL BE KEPT CURRENT ON A DAILY BASIS AND SHALL BE AVAILABLE TO THE ENGINEER FOR INSPECTION ON THE JOBSITE.
6. CONTRACTOR SHALL RECORD SURVEY NOTES FOR SUBMITTAL WITH AS--BUILT PLANS/DRAWINGS, INCLUDING HORIZONTAL AND VERTICAL LOCATIONS OF ALL UTILITIES ENCOUNTERED IN THE FIELD. CONTRACTOR SHALL RECORD ALL DEVIATIONS FROM THE DESIGN.
7. THESE NOTES CONTAIN INFORMATION NECESSARY FOR THE PROPER EXECUTION OF THE WORK CONTAINED ON THESE IMPROVEMENT DRAWINGS. THESE NOTES APPLY TO ALL DRAWINGS. ADDITIONAL CONSTRUCTION NOTES MAY ALSO BE SHOWN ON INDIVIDUAL DRAWING SHEETS. THE CONTRACTOR IS RESPONSIBLE TO READ AND COMPLY WITH ALL NOTES SHOWN ON THE DRAWINGS. THE TERM "CONTRACTOR", AS USED IN THESE NOTES AND ELSEWHERE IN THIS DRAWINGS, MEANS THE GENERAL CONTRACTOR AND ALL SUBCONTRACTORS AND INDIVIDUALS AUTHORIZED TO PERFORM WORK SHOWN ON THESE IMPROVEMENT DRAWINGS. THE CONTRACTOR IS RESPONSIBLE TO COMPLY WITH ALL NOTES APPLICABLE TO THE WORK. ALL CONTRACTORS ARE DIRECTED TO CONTACT THE ENGINEER FOR ANY QUESTIONS REGARDING THE STATED OR IMPLIED MEANING OF ANY NOTE OR OTHER INFORMATION CONTAINED ON THESE IMPROVEMENT DRAWINGS. IT IS THE CONTRACTOR'S RESPONSIBILITY TO INSURE THAT THEIR CONTRACT FOR SERVICES INCLUDES THE RESPONSIBILITIES DEFINED BY THE APPLICABLE NOTES.
8. ALL QUANTITIES SHOWN HEREIN ARE APPROXIMATE. CONTRACTOR SHALL VERIFY ALL QUANTITIES.
9. IMPORT HAUL ROUTE: ANCHORAGE SAND AND GRAVEL: O'MALLEY ROAD -- WEST DIMOND BOULEVARD -- JEWEL LAKE ROAD -- WEST 88TH AVENUE.
10. EXPORT HAUL ROUTE: ANCHORAGE SAND AND GRAVEL SAND LAKE PIT: WEST 88TH AVENUE -- JEWEL LAKE ROAD -- WEST DIMOND BOULEVARD -- SAND LAKE ROAD -- SAND LAKE PIT.
11. HOURS OF OPERATION: MONDAY--SATURDAY: 7AM--7PM, IN COMPLIANCE WITH THE MUNICIPAL NOISE AND HOURS OF OPERATION REQUIREMENTS DURING CONSTRUCTION IN AMC 15.70.060.B.3.

EXISTING UTILITIES:

12. LOCATIONS DEPICTED FOR THE UTILITIES AND OTHER EXISTING FEATURES ARE APPROXIMATE. SOME UTILITIES HAVE BEEN LOCATED FROM AS--BUILT DRAWINGS AND SOME FROM UTILITY COMPANY LOCATES, AND THEREFORE MAY NOT BE VISIBLE. OTHER INACTIVE AND UNDOCUMENTED UTILITIES MAY EXIST WITHIN THE PROJECT AREA. UPON DISCOVERY OF UNDOCUMENTED UTILITIES THE CONTRACTOR SHALL IMMEDIATELY NOTIFY THE ENGINEER. THE CONTRACTOR SHALL DOCUMENT THE LOCATION, DEPTH, AND TYPE OF UTILITY AND PROVIDE THIS INFORMATION TO THE ENGINEER.
13. CONTRACTOR SHALL BE RESPONSIBLE FOR LOCATING AND VERIFYING ALL UTILITIES AND PERFORMING ANY NECESSARY VERIFICATION PRIOR TO CONSTRUCTION.
14. (UNDERGROUND) OVERHEAD ELECTRICAL AND TELECOMMUNICATION LINES (AND POLES) OCCUR NEAR THE PROJECT AREA; CONTRACTOR SHALL COORDINATE WORK ACCORDINGLY. ALL WORK IN CLOSE PROXIMITY TO EXISTING (OVERHEAD) UNDERGROUND LINES (AND POLES) SHALL COMPLY WITH APPLICABLE FEDERAL, STATE, AND LOCAL STATUTES, CODES AND GUIDELINES, AND THE ELECTRICAL FACILITY CLEARANCE REQUIREMENTS OF THE GOVERNING UTILITY.
15. HAND DIGGING IS REQUIRED WITHIN TWO FEET OF BURIED ELECTRICAL CABLE. SOME UTILITIES HAVE BEEN LOCATED FROM AS--BUILT DRAWINGS AND MAY NOT BE VISIBLE.
16. THE CONTRACTOR SHALL BE RESPONSIBLE FOR DETERMINING THE EXACT LOCATION OF ALL EXISTING UTILITIES WITHIN THE LIMITS OF CONSTRUCTION, WHETHER OR NOT SAID UTILITIES ARE SHOWN ON THE PLANS. THIS RESPONSIBILITY INCLUDES CONTACTING UTILITY COMPANIES FOR LOCATIONS OR POTHOLING PRIOR TO CONSTRUCTION. ANY DAMAGE TO EXISTING UTILITIES DURING CONSTRUCTION IS THE RESPONSIBILITY OF THE CONTRACTOR.

EXCAVATION:

17. EXACT LOCATION OF EXCAVATION AND BACKFILL SHALL BE AS SHOWN ON THE DRAWINGS OR AS DIRECTED BY THE ENGINEER.
18. ORGANIC MATERIAL SHALL BE REMOVED FROM THE SUBGRADE TO A DEPTH TO BE DETERMINED BY THE ENGINEER. NO ORGANIC MATERIAL OR OTHER DELETERIOUS MATERIAL SHALL BE UTILIZED FOR BACKFILL.
19. DEWATERING IS NOT ANTICIPATED FOR THIS PROJECT. IF DEWATERING IS REQUIRED, REFER TO MASS. ANY SUCH DEWATERING EFFORTS SHALL BE CONSIDERED INCIDENTAL TO THIS CONTRACT.
20. CLASSIFIED FILL SHALL BE PLACED IN LIFTS NOT EXCEEDING 12--INCHES IN DEPTH AND SHALL BE COMPACTED TO 95% M.D.D.
21. NO FROZEN SOILS CAN BE USED IN FILLS. NO FILL CAN BE PLACED OVER FROZEN GROUND
22. ALL AREAS TO BE FILLED SHALL BE CLEARED OF VEGETATION AND ROOT MAT.
23. FINISH GRADE (FG) REPRESENTS THE ELEVATION OF THE FINISHED SURFACE INCLUDING WORK (NIC). THIS INCLUDES LANDSCAPE AREAS, PAVED OR CONCRETE SURFACES, ROCK RIP--RAP SURFACE AND ELEVATION AT EXTERIOR OF STRUCTURE FOUNDATION, UNLESS OTHERWISE DENOTED ON DETAIL OR SPECIAL LABEL. IT IS THE RESPONSIBILITY OF THE CONTRACTOR TO ADJUST SUBGRADE OR TOPSOIL TO ALLOW FOR FINISHED SURFACE MATERIAL DIMENSIONS.

CLEANUP AND TOPSOIL:

24. WORK AND MATERIALS REQUIRED FOR REMOVING LITTER OR DEBRIS THAT EXISTS WITHIN THE PROJECT LIMITS SHALL BE CONSIDERED INCIDENTAL TO THE CONTRACT AND NO SEPARATE PAYMENT SHALL BE MADE.
25. CONTRACTOR SHALL RESTORE DISTURBED PROPERTY, INCLUDING STAGING AREAS, TO PRE--CONSTRUCTION CONDITION(S), UNLESS OTHERWISE DIRECTED BY THE ENGINEER. PAYMENT FOR RESTORING DISTURBED PROPERTY OUTSIDE THE AREA OF WORK, OR SCOPE OF WORK, SHALL BE CONSIDERED INCIDENTAL TO THE PROJECT. NO SEPARATE PAYMENT SHALL BE MADE UNLESS THESE AREAS HAVE BEEN IDENTIFIED ON THE DRAWINGS BY THE ENGINEER AND ARE ASSOCIATED WITH SCHEDULED BID ITEMS. THE CONTRACTOR SHALL BE RESPONSIBLE FOR PROTECTING ALL RESTORED AREAS UNTIL ACCEPTED BY THE ENGINEER.

																			CONSULTANT		SEAL				SCALE	HOR. NA VER. NA	DATE: 9/30/2020 STATUS: NOT FOR CONSTRUCTION	GRID: SW1229	SHEET	C2 of C11

SURVEY NOTES:

1. The field survey was performed by The Boutet Company, in October, 2019. Field survey information for this project is located in the Boutet Company MOA field book ____ page ____.
2. A title search was not performed. Easements of record other than those shown on the recorded plats are not shown hereon.
3. All disturbed property corners shall be replaced by the contractor in accordance with Special Provision 65.02, Article 2.1 Project Control.
4. The Basis of Bearings and coordinates is NAD83(2011) (EPOCH 2010) Alaska State Plane Zone 4 grid from GPS observations from operating real time control networks (see note 7).
5. Coordinates are NAD83(2011) (EPOCH 2010) Alaska State Plane Zone 4, expressed in U.S. Survey Feet.
6. To convert from NAD83(2011) (EPOCH 2010) Alaska State Plane Zone 4 coordinates to Anchorage Bowl 2000 coordinates: Scale using 1.0001089927 and Translate using -2,296,868.6878 N, -1,312,517.4904 E.
7. Elevations are expressed in NAVD88 (North American Vertical Datum, 1988 adjustment) in feet. The control and much of this survey was performed utilizing various operating Real Time Control Network (RTCN) reference stations around Anchorage, and applying NGS Geoid 12A to the ellipsoid elevations. Static GPS data was submitted for various control stations to the NGS OPUS (Online Positioning User System) for verification.
8. Property lines, imagery and other information are per MOA GIS data; www.muni.org/Departments/OCPD/GIS2/Pages/MOAGISData.aspx. Subdivision Plats and other recorded data should be referred to before construction activities begin.
9. Refer to civil plans for alignment data.

LANDSCAPING NOTES

1. LANDSCAPE PLANTING DETAILS AND MATERIALS SHALL BE IN ACCORDANCE WITH THE MOST CURRENT VERSION OF THE MUNICIPALITY OF ANCHORAGE STANDARD SPECIFICATIONS (M.A.S.S.) UNLESS OTHERWISE NOTED.
2. ALL PLANT MATERIAL SHALL CONFORM TO AMERICAN STANDARD FOR NURSERY STOCK, ANSI 260.1-2014.
3. RESTORE AREAS DISTURBED BY CONSTRUCTION WITH 4" TOPSOIL AND TYPE A SEED UNLESS OTHERWISE INDICATED ON PLANS.
4. CONTRACTOR TO GUARANTEE PLANT ESTABLISHMENT THROUGH MAINTENANCE. WARRANTY PERIOD SHALL BE ONE GROWING SEASON FROM DATE OF INSTALLATION, IN ACCORDANCE WITH M.A.S.S.
5. PLANTING BEDS, UNLESS OTHERWISE IDENTIFIED ON THE PLAN, SHALL RECEIVE MIN 18" DEPTH TOPSOIL AND MIN. 3" DEPTH SHREDDED BARK MULCH.
6. DO NOT APPLY HYDROSEEDING PRODUCT OR SEED MIX IN THE MULCHED AREA AROUND STEM OR TRUNK OF NEW PLANTINGS.
7. ALL DECIDUOUS TREES SHALL RECEIVE MOOSE PROTECTION FENCING PER 3/L4.

Public Meeting Announcement

You are invited to join the South Addition Community Council meeting to learn more about upcoming improvements at Elderberry Park. The meeting will be held online via Zoom. The purpose of the meeting will be to provide an update to the community and to outline proposed revisions to be submitted to the Urban Design Commission as an amendment to the approved site plan as part of the Major Site Plan Review process.

Elderberry Park
1297 5th Ave
Parcel ID#001-031-22-000

If you have any questions

South Addition Community Council

Council Agenda

Thursday, September 24th, 2020

Meeting to be held via Zoom

<https://zoom.us/j/93564263130?pwd=UkJ5bXVVanVsakRBNHFaN1dvcFlzUTo9>

Password: 937487

I. Call to order:

- A. Changes and/or additions to the agenda
- B. Approval of May 28th SACC minutes

II. Reports:

- A. President – Moira Gallagher (moirajgallagher@gmail.com)
- B. Vice President – Hans Thompson
- C. Treasurer – Cathleen Hahn
- D. Police / Fire Department
- E. Assembly: Christopher Constant
- F. Legislature: Senator Begich and/or Representative Fields
- G. School Board Representative (Andy Holleman)
- H. Federation of Community Councils (FCC) – Jeff Manfull

III. Council business:

- A. Old business
 - a. South Addition Neighborhood Plan update and Community Meeting on 10/26 (10 minutes)
- B. New business:
 - a. Elderberry Park Master Plan presentation (Parks & Recreation – 10 mins)
 - b. Proposed Resolution on Elderberry Park improvements (Mead Treadwell – 10 mins)
 - c. State Ballot Proposition 2 presentation (15 minutes)

IV. Open community comments (3 minutes each)

V. Next SACC Executive Committee meeting: October 8th, 2020

VI. Next SACC meeting: October 22nd, 2020, Zoom

VII. Adjourn

RESOLUTION OF SOUTH ADDITION COMMUNITY COUNCIL 20 - XX

PROPOSED IMPROVEMENTS TO ELDERBERRY PARK

WHEREAS, Elderberry Park is a destination park for Anchorage residents and visitors alike, a neighborhood park for many residents, used often by families with children and grandchildren, and one of only two access points North of Westchester Lagoon for the Tony Knowles Coastal trail;

WHEREAS, an improvement plan (the Plan) approved in March of this year by the South Addition Community Council had eliminated the cross-park sidewalk access to the Coastal Trail from the corner of 5th and N Street;

WHEREAS, the Plan eliminates conventional swing-sets at the Park;

WHEREAS, that sidewalk is a very common access point for residents of the neighborhood, those bringing bicycles, skis, skateboards or ambulatory aids such as walkers and wheelchairs by car or foot to the Park, and those coming from other neighborhoods via N Street;

WHEREAS, there is not sufficient parking at the park for the number of residents and visitors using the Park for either recreation at the Park or for access to the Coastal Trail, and there is sufficient reason to have several access points to the Park and Coastal Trail from N Street, M Street and Fifth Avenue;

WHEREAS, the Plan approved would have required almost two blocks of walking from handicapped parking and rest room facilities at 5th and N Street to the access to the Coastal Trail, with some of that walking uphill on slopes that are unlikely to meet ADA standards, and the park Plan approved was highly inconvenient for families needing to park, use rest room facilities, unload bicycles, strollers and wheelchairs; and

WHEREAS, no other parks in the neighborhood have swing sets as swings were removed from Nulbay Park during the 1990's.

THEREFORE, BE IT RESOLVED, that with appreciation for the re-work of the Plan now offered by the Anchorage Parks Department, the South Addition Community Council puts forward its revised guidance on improvements to Elderberry Park, and asks city officials and the Urban Design Commission to:

- a) Ensure that access across the Park to the Coastal trail from N Street and Fifth Avenue is added to the Plan, improved as needed to be consistent with the Plan, and maintained.
- b) Move the playground equipment to better ensure that bicyclists entering the trail are not a hazard to children using the playground equipment.
- c) Move if necessary but maintain a regular swing set in the Park.

ADOPTED THIS 24TH DAY OF SEPTEMBER 2020 BY A VOTE OF 24 to 3

Maira Gallagher

ELDERBERRY PARK EQUIPMENT SELECTION

The Design Team for Elderberry chose equipment that unifies the vernacular of the neighborhood's architecture through material selection, while incorporating the park's overarching "welcome" theme to include custom-designed play equipment symbolic of Alaska's unique adventures and distinctive geology. Each piece of equipment meets or exceeds the Park Department's inclusive playground design goals. Visitors and neighbors alike will be left with an authentic Alaskan memorable experience.

Manufacturer: IDS SCULPTURE Custom Climbing Wall with KOMPAN Custom Stainless Steel Slide & Climbing Rope.

The climbing wall engages all age-groups by incorporating challenging climbing routes and sensory relief along the wall. Visually, the wall will have similar character and features to the cliff faces along Turnagain Arm and including the waterfall/ice flowelements reference Alaska's dynamic seasonal ifts.

The stainless steel slide includes an ADA transfer platform at the top of the slide. The climbing rope is built into the embankment. This one of a kind sculpture offers further exploration into detailed story-telling within the relief itself.

Manufacturer: KOMPAN Sand Desk

This sand desk invites hours of explorative and imaginative play with its sand wheel, sand scoop and little sand holders in the counter.

Sand areas in playgrounds are used for all-ages play and all abilities. This design will include seat walls and offer opportunities for more passive play.

Proposed Playground Improvements

ANCHORAGE PARKS & RECREATION

Healthy Parks, Healthy People

Manufacturer: KOMPAN

Cocowave Pendulum Rope Swing

With its robust, oblong coconut rope, the Cocowave Pendulum Swing allows for swinging from a seated, lying or standing position. It takes teamwork to make the swing move, and this stimulates important social-motional skills, such as balance, coordination and sense of space.

Highlights:

- This swing is rated for 8 users while a standard 2-bay swing is rated for 4 users.
- Features two-directional movement of both lateral and forward/back as opposed to traditional swings which offer only forward/back motion.
- This is the most accessible swing type; allowing for easy access with a wheelchair.
- It easily accommodates multiple users of multiple age groups at the same time.
- Allows users access at the same time, making it universal and inclusive
- With a total height of 12-feet compared to the standard swing which is just over 8', this swing architectural, attractive and inclusive.

Manufacturer: LANDSCAPE STRUCTURES

Double-Bay Swing Set

Swings have long been a playground staple and they continue to offer hours of fun and physical activity for children of all ages. This swing-set will update and replace the existing 4 bay swing set with 2 belt swings (ages 5-12), 1 bucket swing (ages 2-3) and 1 molded plastic harness swing (ages 2-5).

ANCHORAGE PARKS & RECREATION

Healthy Parks, Healthy People

Manufacturer: BERLINER
The Globe

Climbing in a three-dimensional net helps children to develop and improve their psychomotor skills.

The outer frame is made from glued laminated timber.

Manufacturer: KOMPAN
TIP! Spinner with Brace

The spinning movement trains the sense of space and balance. The sense of balance is fundamental to all other motor skills and is important for motor control, for instance being able to sit still or cycle securely, without falling. The TIP! Spinner facilitates universal, inclusive play.

PRC RES NO. 2020-14

ELDERBERRY PARK 2020 IMPROVEMENTS
(Amendment to PRC Res No. 2020-04)

WHEREAS, the Anchorage Parks and Recreation Commission serves in an advisory capacity to both the Mayor and the Assembly; and

WHEREAS, the Anchorage Parks and Recreation Commission has the responsibility and duty to provide for the long term vision of our park system by ensuring that a balance of parks, natural resources, and recreation facilities provides for the health, welfare, and safety of all residents of the Anchorage Bowl; and

WHEREAS, the Elderberry Park 2020 Improvements project was first presented to the Anchorage Parks and Recreation Commission on May 14th where PRC Resolution 2020-04 was provided by the Commission; and

WHEREAS, following the May 14th Parks and Recreation Commission meeting, the Parks and Recreation Department received additional feedback from the community and incorporated those changes into a revised the site plan; and

WHEREAS, the updated site plan aligns access to the Coastal Trail from the 5th Avenue parking lot for improved ADA access, includes a traditional swing set, and identifies a new permanent restroom; and

WHEREAS, the proposed improvements were presented to the South Addition Community Council at the September 24, 2020 meeting and a resolution of support was provided; and

NOW, THEREFORE, BE IT RESOLVED that the Anchorage Parks and Recreation Commission approves the proposed improvements for Elderberry Park as submitted by the Parks and Recreation Department.

PASSED AND APPROVED by the Anchorage Parks and Recreation Commission this 8th day of October, 2020.
