STATEMENT OF HILLTOP SKI AREA TO ASSEMBLY REGARDING ITS APPLICATION MEETING THE ALCOHOL APPROVAL CRITERIA FOR ISSUANCE OF A SPECIAL LAND USE PERMIT

This statement is submitted in supplementation of the Special Land Use Permit Application submitted by Youth Exploring Adventure, Inc., DBA Hilltop Ski Area, to the Municipality of Anchorage Planning Department and Assembly.

Hilltop Ski Area's application to the Alaska Alcoholic Beverage Control Board for a Recreational Site License was approved on August 17, 2021. The following information is provided to the Anchorage Assembly in support of Hilltop's application to the MOA for a Special Land Use Permit to sell and serve beer and wine in conjunction with its food service and recreational site offerings.

1. The proposed use is consistent with the comprehensive plan and all applicable provisions of this title and applicable state and federal regulations.

Hilltop Ski Area is a recreational site at 7015 Abbott Road. It is situated on municipal park land leased to it by the Municipality of Anchorage. Hilltop Ski Area's top priority for its application for a Special Land Use Permit for Alcohol is the safe service of beer and wine in strict compliance with all laws set forth in Title 4 of the Alaska Statutes, all regulations in Chapter 304 of the Alaska Administrative Code and all applicable ordinances and processes of the Municipality of Anchorage. Hilltop Ski Area is a seasonal recreational site, offering winter mountain activities such as skiing, snowboarding and similar activities in the winter months and a mountain bike park in the summer months.

Hilltop Ski Area is creating an alcoholic beverage service training plan for its staff which will be taught to existing staff and to new staff as they onboard at the park. This training plan will be in place and be executed before the first bottle of beer or glass of wine is sold at Hilltop after the final inspections from the Alaska Alcohol and Marijuana Control Office (AMCO) inspectors and Municipality of Anchorage inspectors give their final approval of the premises.

Hilltop's training will include methods providing for strict control of identifications to ensure that no one under the age of 21 will be served alcohol. Hilltop's physical layout will include posted signs required by the Alaska Alcoholic Beverage Control Board as well as signs clearly indicating areas beyond which alcohol cannot be taken or consumed.

2. The proposed use is consistent with the purpose and intent of the zoning district in which it is located, including any district-specific standards set forth in chapter 21.04.

Hilltop's recreational site licensed premises will be located inside Hilltop's existing lodge facility and extend outside to a patio area behind the lodge.

Hilltop is located on municipal parkland in an area zoned as Public Lands and Institutions (PLI). The proposed use is consistent with the purpose and intent of the PLI zoning district, including any district specific standards set forth in chapter 21.04. The PLI district is intended to include major public and quasi-public civic uses and activities. As evidenced by Hilltop's recreational site statement in its completed and approved ABC Board application for a recreational site license, Hilltop is a long-standing public and quasi-public recreational site which has offered seasonal recreational activities for the Anchorage community for decades. The enthusiastic support of the Anchorage Parks and Recreation Department, Hillside Community Council and Mayor Bronson demonstrates the civic nature of Hilltop's contributions to the community.

3. The proposed use is consistent with any applicable use-specific standards set forth in chapter 21.05.

Due to its zoning as PLI and its unique use and purpose, Hilltop is not subject to any specific use standards in Chapter 21.05. Although Hilltop is located on municipal parkland, it does not meet the definition of a public park which would subject it to 21.05 use standards for those locations. The Municipality of Anchorage Parks and Recreation Department fully supports Hilltop's application for the conditional use permit to allow service of wine and beer on the state liquor licensed premises approved by the Alaska Alcoholic Beverage Control Board at its August 17, 2021 meeting.

4. The site size, dimensions, shape, location, and topography are adequate for the needs of the proposed use and any mitigation needed to address potential impacts.

The premises for service of beer and wine approved the by Alcoholic Beverage Control Board at the Hilltop lodge is adequate for its proposed use. The lodge building contains areas unrelated to food and beverage service, including ticket sales, equipment rental, administrative offices and an office for the ski school.

These unrelated services will be separated from the food and beverage service by a physical barrier, a metal railing designed to designate the service area. The designated premises is less than a third of the square footage of the interior of the lodge. The service area will include an outdoor patio which will be fenced in by a snow fence in the winter and a wooden/natural fence in the summer. A new storage cooler for alcohol will be added to the back side of the kitchen area of the lodge. Hilltop is upgrading the quality of its food offerings to further enhance food and beverage service. Hilltop does not expect any adverse impacts from the addition of beer and wine service. The fencing and premises designation, as well as the RDP designation issued by the ABC will mitigate any impacts from the service of beer and wine by making it clear that only adults age 21 and over may purchase or consume beer or wine and that alcohol may only be consumed in the designated service area.

5. The proposed use will not alter the character of the surrounding area in a manner which substantially limits, impairs, or prevents the use of surrounding properties for the permitted uses listed in the underlying zoning district.

As indicated in Hilltop's recreation site statement letter to the ABC Board, Hilltop has a long and proud history of serving the Anchorage area for winter sports. Adding the service of beer and wine to Hilltop's upgraded food offerings will not limit, impair or prevent the use of surrounding properties for permitted uses in the PLI zoning district. The limited square footage dedicated to beer and wine service in combination with upgraded food offerings and the barriers and designations of the premises for consumption ensure that any impact, if any, to surrounding parkland, will be minimal.

6. The proposed use is compatible with uses allowed on adjacent properties, in terms of its scale, site design, operating characteristics (hours of operation, traffic generation, lighting, noise, odor, dust, and other external impacts).

The property adjacent to Hilltop Ski area is undeveloped municipal parkland. Many members of the Anchorage community enjoy municipal land and Hilltop has successfully shared the parkland across its borders with Anchorage citizens enjoying nature for years. The hours of operation for Hilltop will not change if this conditional use permit is approved. The hours of beer and wine service in the winter months will match the hours of operation Hilltop has already had in place for the ski mountain. Though Hilltop's Bike Park is new in the summer of 2021, the park has been open without beer and wine service for weeks. The addition of beer and wine service to lodge food offerings in the summer months will not impact Hilltop's neighbors utilizing undeveloped bordering park land in any way. The hours

of beer and wine service for the summer season match the hours of bike park operation.

7. Any significant adverse impacts anticipated to result from the use will be mitigated or offset to the maximum extent feasible.

Hilltop does not anticipate any significant adverse impacts from the addition of beer and wine service to lodge offerings in the summer and winter recreational seasons. Hilltop's outstanding and well-trained staff and volunteers will be in place to mitigate or offset any impacts from the service of beer and wine at the park. Hilltop's volunteer Mountain Hosts will patrol the perimeter of the patio area to make sure that beer or wine does not leave the licensed premises. The TAPS trained servers along with Mountain Hosts will ensure that minors do not access alcohol and that refuse from alcohol service is promptly disposed of. Any minor attempting to purchase beer or wine will be denied service and ejected from the recreational site.

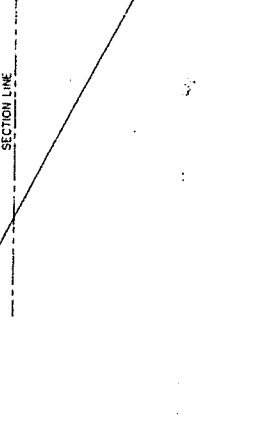

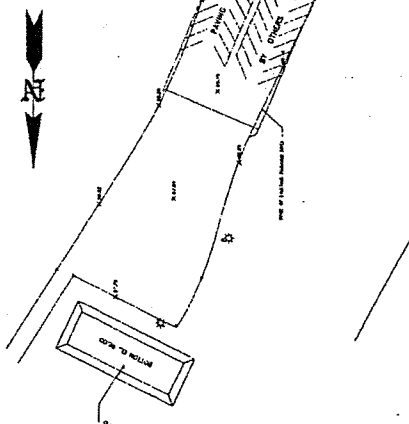

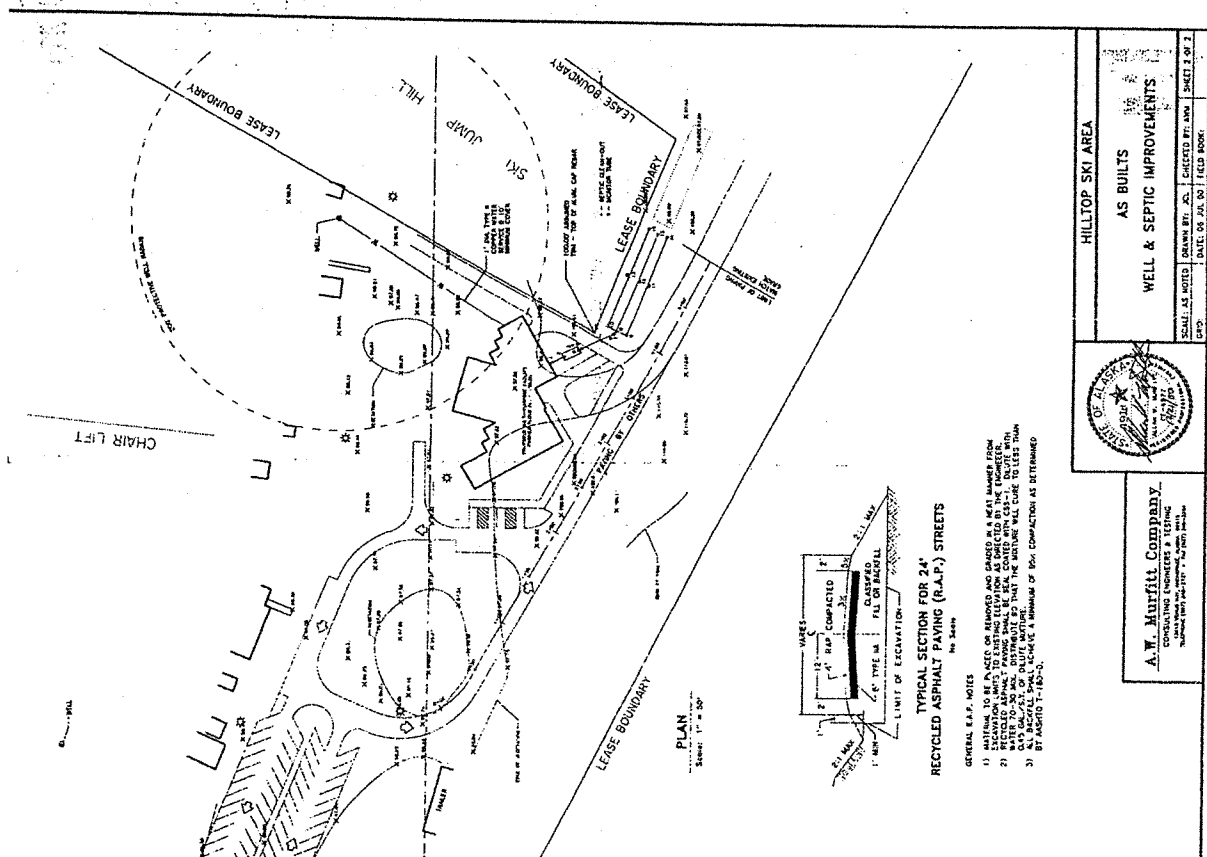

8. The proposed use is appropriately located with respect to the transportation system, including but not limited to existing and/or planned street designations and improvements, street capacity, access to collectors or arterials, connectivity, off-site parking impacts, transit availability, impacts on pedestrian, bicycle, and transit circulation, and safety for all modes.

Due to Hilltop's location at 7015 Abbott Road, its impact with respect to the transportation system is already established. The addition of beer and wine offerings to Hilltop's lodge services will not impact in any way the transportation flow related to Hilltop Ski Area.

9. The proposed use is appropriately located with respect to existing and/or planned water supply, fire and police protection, wastewater disposal, storm water disposal, and similar facilities and services.

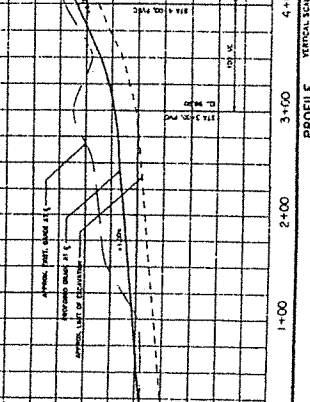

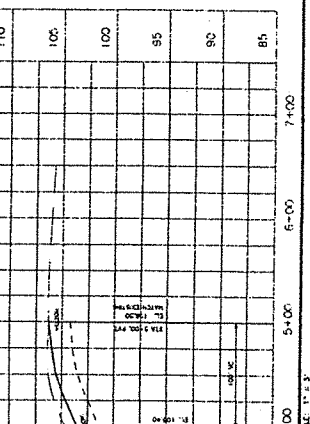

Because the proposed use is an additional service (beer and wine offerings) overlaid on existing recreational services, all water supply, fire and police protections, wastewater disposal, storm water disposal and similar facilities and services are already in place and utilized appropriately by Hilltop Ski Area should the need arise. Hilltop stays current on its utility payments and taxes, as well as lease payments to the MOA.

RE: #5982 Hilltop Ski Area

Statutory & Regulatory

Authority:

AS 04.11.210 Recreational site license

- (a) The holder of a recreational site license may sell beer and wine at a recreational site during and one hour before and after a recreational event that is not a school event, for consumption on designated areas at the site.
- (b) The biennial fee for a recreational site license is \$800.
- (c) In this section, "recreational site" includes a location where baseball games, car races, hockey games, dog sled racing events, or curling matches are regularly held during a season.
- (d) The board may not deny an application for renewal of a license issued under this section or an application to transfer a license issued under this section to another person solely because the board determines that the licensed premises is not a "recreational site" as defined under (c) of this section if the applicant
 - 1) held a license under this section or received a transferred license under this section that was valid at any time between January 1, 2018, and March 31, 2019 or holds a license that was initially issued under (e) of this section; and
 - 2) operates the license under the same conditions required at the time of initial licensure.
- (e) The board may not deny an application for issuance of a new license under this section solely because the board determines that the licensed premises is not a "recreational site" as defined in (c) of this section if the applicant filed an application for a new license under this section between October 1, 2018, and the effective date of this Act [5/15/19].

Background:

Based on the findings of the 2014 and 2018 State of Alaska audits, the determination of what activities qualified as a "recreational site" came into question. The auditors felt that the board was not issuing recreational site licenses in accordance with statutory requirements.

At the August 14, 2018 board meeting, there were a number of these license types slated for renewal and one of them was for Arctic Valley Ski Area. Staff's recommendation at the time was for denial of the renewal application because they felt that the operation of the license did not meet the specific requirements. After testimony from the licensee, Assembly and legislative members and the public, the board voted to approve the renewal, 4 to 1.

Senate Bill 16, sponsored by Senator Micciche, was an act relating to certain alcoholic beverage licenses and permits; relating to the bond requirement for certain alcoholic beverage license holders; and providing for an effective date was introduced on January 16, 2019. Part of this bill was to include new subsections (d) and (e) in the recreational site license statute referenced above. On July 10, 2019 SB16 was signed into law.

Subsection (e) states that board cannot deny a new recreational site license application because the board determines the premises is not a "recreational site", defined as a location where baseball games, car races, hockey games, dog sled racing events, or curling matches are regularly held during a season, if the application was submitted between October 1, 2018 and May 15, 2019.

In the proposed Title 4 rewrite, instead of a Recreational Site license, there is a new license type called Sporting Activity or Event license which does include skiing and snowboarding activities in the definition.

Staff Recommendation:

Evaluate the attached application for compliance with AS 04.11.210.

Re: *Recreational Site Statement for Hilltop Ski Area*
Our File No.: 2010-04

Dear Alcoholic Beverage Control Board:

In compliance with your staff's requirement for the application for a Recreational Site License, Youth Exploring Adventure, Inc., DBA Hilltop Ski Area submits the following statement related to its recreational business:

I. About Hilltop Ski Area

Hilltop Ski Area is a non-profit corporation located in the Hillside area of Anchorage, Alaska. Hilltop offers a unique and historic environment for the community to ski, snowboard and race down a mountain without leaving town. Hilltop is thrilled to add a summer season with its brand-new bike park, enabling mountain bikers to ride the lifts with their bikes to the top of the mountain and ride and race back down.

Hilltop's first rope tow up the mountain was installed in 1962. The tow was powered by a surplus military troop carrier motor. In 1967 the rope tow was moved to a location near the intersection of Abbott Road and Hillside Drive. In 1983, Hilltop entered into a land use agreement

with the Municipality of Anchorage which allowed a chairlift to be installed. This improvement moved the ski area to its current location on Abbott Road. Also in 1983, Youth Exploring Adventures, Inc. in its current iteration was formed. In 1984 a snowmaking system was installed to add consistency to snow conditions. In 1997 the Platter Lift was installed with night lighting to support evening operations. In 2000 the MOA granted Hilltop a long-term lease through a vote of the people. In 2020 the MOA exercised the lease extension to extend the lease to 2030.

Hilltop hosted the 2001 Special Olympics Word Games. Hilltop relies on the generosity of Alaskans to sustain operations. Hilltop receives no money from the MOA. Ticket sales, donations and sponsorships fund exciting programs and opportunities, particularly for Alaska's youth. Ski schools and school vacation programming allow youth to engage in healthy outdoor activities and develop a lifelong love of Alaskan winters.

II. Hilltop's Recreational Events

Hilltop provides seasonal opportunities for the recreational activities of ski races, jumping and competitions, skiing, snowboarding, a terrain park, and permitted alternative ski equipment such as disabled skis. Hilltop is well known for its seasonal camps and schools for skiers and snowboarders of all ages.

Hilltop recently acquired equipment that permits mountain bikers to take their bikes to the top of the mountain on the chairlifts. This enables Hilltop to provide summer seasonal opportunities for Alaskans to ride and race bikes down the mountain and to utilize the terrain park for unique biking challenges.

The creation of Hilltop Bike Park is generating a lot of excitement in the Anchorage community. By creating a bike park for the summer season, Hilltop continues to extend new recreational opportunities for the Alaskans who keep it going and growing year after year.

III. Hilltop's Two Seasons

Hilltop will operate a recreational site liquor license in two seasons, winter and summer. The winter season runs from November 1 to April 30. The summer season for the bike park runs from June 1 to September 30. Beer and wine will be served in the lodge and on the adjoining patio area during the hours that the lodge is open for each season.

IV. Hilltop's Plan to Safely Serve Beer and Wine

Hilltop has created a solid plan for the safe service of beer and wine in the lodge and attached patio area. Outside seating will be fenced and only the section inside the lodge that houses the eating and drinking tables will be drawn into the licensed premises. There will be no alcohol permitted outside the designated dining areas (indoor and outdoor). Hilltop has volunteer Mountain Hosts who patrol the hill in bright green coats. Mountain Hosts will assist staff in enforcing the prohibition on carrying beer or wine outside the designated service areas. Hilltop is designated as a municipal park and the Municipality of Anchorage Parks and Recreation Department fully supports its application.

V. Hilltop Qualifies for a Recreational Site License

Although Hilltop does not hold baseball games, car races, hockey games, sled dog racing, or curling matches, Hilltop is a recreational site as contemplated by AS 04.11.210. As the board

knows, Arctic Valley is another non-profit ski area in the Anchorage Bowl. Arctic Valley holds a recreational site license and serves beer and wine in conjunction with their recreational activities. Although Hilltop's bike park is breaking new ground for Alaska, we are confident that the manner in which the bike park is operated qualifies it as a recreational site for purposes of the statute.

Hilltop's application for this recreational site license enjoys the full support of the Municipality of Anchorage and the Hillside Community Council. In the wake of the devastation COVID-19 brought to our community, and the many hospitality businesses that fell prey to its destructive wake, Hilltop offers a bright spot of hope for fun and appreciation of Alaska's outdoors. The Hilltop Board is confident that the addition of wine and beer service in the lodge and on the patio will result in more adults visiting and supporting, both financially and with their presence, the continued evolution of the hill.

Hilltop expresses its appreciation to the Board for its consideration of its application for a recreational site license for the service of beer and wine in the lodge during the winter ski season and the summer bike park season.

Respectfully,
THE LAW OFFICE OF BRADLY A. CARLSON, L.L.C.

HILLTOP SKI AREA
Outdoor/Indoor Serving Security
Plan

1. All minors must be accompanied by an adult (age over 21) while in the restricted area when any alcohol is being served/sold/consumed.
2. All new patrons are carded upon ordering alcohol.
3. All staff is trained in the identification of fake IDs.
4. In the winter season, snow fencing 48 inches in height is around the outdoor service area. In the summer season, wooden fencing 36 inches in height is around the outdoor service area.
5. Underaged persons will be monitored closely by our professionally trained TAPS certified alcohol servers. All servers handling wine and beer will be 21 or over and hold a current TAPS card.
6. Proper egress from the outdoor service area will always remain unobstructed. There are four entrances and exits from the outdoor service area.
7. ABC mandated posters as required by law will be posted inside Hilltop Ski Area and near the entrances of the outdoor seating area.
8. All entrances and exits will provide clear notice that **NO ALCOHOL IS ALLOWED BEYOND THE OUTDOOR SEATING AREA.**
9. Keeping outdoor seating area viable without any increased risk to minors exposed to alcohol WILL continue to be a part of our training for our staff.
10. All safety related operations for our wine and beer service will additionally be enforced in the outdoor service area.
11. Proper signage at points of entry indicating no minors without a parent or legal guardian will be posted.
12. All servers will closely monitor that only the guests that have presented appropriate proof of age will have alcoholic beverages.
13. Our top priority continues in providing safety for all guests regarding the service of alcoholic beverages.
14. Servers (TAPS card holding Mountain Hosts) will be present in the outdoor area to monitor consumption.
