12
13 **WHEREAS**, the best interests of the citizens and property owners in the Anchorage
14 Roads and Drainage Service Area serving the Municipality of Anchorage, Alaska
15 (the "Municipality") require the Municipality to acquire, construct, renovate, upgrade
16 and undertake certain road improvements, roadway safety improvements and storm
17 collection drainage and treatment improvements (the "Projects"); and

18
19 **WHEREAS**, in order to provide financing for the Projects, it is deemed necessary
20 and advisable that the Municipality issue and sell its general obligation bonds in the
21 principal amount of not to exceed \$38,450,000 (the "Bonds"); now, therefore,

22
23 **THE ANCHORAGE ASSEMBLY ORDAINS:**

24
25 **Section 1. Purpose.** The Assembly of the Municipality hereby determines that
26 the roads and storm drainage within the Anchorage Roads and Drainage Service
27 Area are in need of the Projects. The Assembly hereby determines that the best
28 interests of the residents and property owners within the Anchorage Roads and
29 Drainage Service Area require the Municipality to undertake the Projects at the time
30 and in the order and in the manner deemed most necessary and advisable by the
31 Municipality. The estimated cost of the Projects, including incidental costs and costs
32 related to issuing and selling the Bonds as provided in this ordinance, is estimated
33 to be \$38,450,000.

34
35 The Projects are described in more detail in the attachment to the Assembly
36 Memorandum accompanying this ordinance. The cost of all necessary planning,
37 acquisition of property, site preparation, construction, installing and equipping of the
38 Projects, architectural, engineering, design, and other consulting services,
39 inspection and testing, administrative expenses, costs of issuance of the Bonds and

1 other costs incurred in connection with the Projects shall be deemed to be costs of
2 the approved Projects. The approved Projects may be completed with all necessary
3 equipment and appurtenances.

4
5 The Municipality shall determine the application of available moneys between
6 the various Projects so as to accomplish, as nearly as may be, all of the Projects
7 described or provided for in this section.

8
9 If the Municipality shall determine that it has become impractical to
10 accomplish any portion of the approved Projects by reason of changed conditions
11 or needs, incompatible development or costs substantially in excess of those
12 estimated, the Municipality shall not be required to accomplish such portions and
13 shall apply Bond proceeds as set forth in this section.

14
15 If the approved Projects have been completed in whole or in part, or their
16 completion duly provided for, or their completion found to be impractical, the
17 Municipality may apply Bond proceeds or any portion thereof to other Municipality
18 capital improvements within the Anchorage Roads and Drainage Service Area at its
19 sole discretion. Otherwise, the Municipality shall apply such remaining proceeds
20 solely to payment of principal or interest on the Bonds, as provided in the Home
21 Rule Charter. In the event that the proceeds of sale of the Bonds, plus any other
22 monies of the Municipality legally available, are insufficient to accomplish the
23 approved Projects, the Municipality shall use the available funds for paying the cost
24 of those portions of the approved Projects deemed by the Municipality most
25 necessary and in the best interest of the Municipality. No Bond proceeds shall be
26 used by the Municipality for any purpose other than a capital improvement of the
27 Municipality.

28
29 For the purpose of providing funds for the undertaking of the Projects, which
30 are hereby found to be a public purpose and in the public interest, the Municipality
31 hereby proposes to issue general obligation bonded indebtedness in an amount not
32 to exceed Thirty-Eight Million Four Hundred Fifty Thousand Dollars (\$38,450,000).

33
34 **Section 2. Details of Bonds.** The Bonds shall be sold in such amounts and at
35 such time or times as deemed necessary and advisable by the Assembly and as
36 permitted by law and shall mature over a period of up to 20 years from date of issue.
37 The Bonds shall be issued in an aggregate principal amount of not to exceed
38 \$38,450,000. The Bonds shall bear interest to be fixed at the time of sale or sales
39 thereof. The exact form, terms, conditions, contents, security, options of
40 redemption, and such other matters relating to the issuance and sale of said Bonds
41 as are deemed necessary and advisable by the Assembly shall be as hereinafter
42 determined and/or delegated by ordinance and/or resolution of the Assembly.

43
44 The full faith and credit of the Municipality is pledged for the payment of the
45 principal of and interest on the Bonds, and ad valorem taxes upon all taxable
46 property in the Municipality shall be levied without limitation as to rate or amount to

1 pay the principal and interest on the Bonds when due. The principal of and interest
2 on the Bonds are to be paid first from ad valorem taxes levied and collected within
3 the Anchorage Roads and Drainage Service Area.

4

5 **Section 3. Ballot Proposition.** The Assembly hereby submits to the qualified
6 voters of the Municipality the proposition of whether the Municipality should issue
7 the Bonds for the purpose of financing the costs of the approved Projects at the
8 regular municipal election to be held on April 7, 2026.

9

10 The Clerk shall prepare the ballot proposition to be submitted to the voters
11 as provided by this ordinance and the Municipal Code and shall perform all
12 necessary steps in accordance with law to place this proposition before the voters
13 at the regular election. The proposition must receive a majority vote of those in the
14 Municipality voting, both in the Anchorage Roads and Drainage Service Area and
15 areawide, on the question to be approved. The proposition shall be substantially in
16 the following form:

PUBLIC SECTOR ECONOMIC EFFECTS:

Estimated annual debt service of \$2,833,479 assumes bonds are sold as a single bond issue with an interest rate of 4.017% with bond repayments corresponding to the expected life of the assets financed up to 20 years.

When projects are completed and fully functioning, increased annual operations and maintenance costs are estimated at \$45,000.

PRIVATE SECTOR ECONOMIC EFFECTS:

Estimated annual debt service payments of approximately \$2,833,479 equate to an estimated property tax increase of 0.0862 mills or \$8.62 per year on \$100,000 of assessed valuation in the ARDSA.

When fully operational, increased annual operations and maintenance costs are estimated at \$45,000 and equate to an estimated property tax increase of 0.0014 mills or \$0.14 per year on \$100,000 of assessed valuation in the ARDSA and an increase in the Municipal tax cap limitation.

The total private sector economic effect would therefore be a total of \$8.76 per \$100,000 of assessed valuation in the ARDSA.
