PROPOSITION NO. 12  
CHUGIAK, BIRCHWOOD, EAGLE RIVER  
RURAL ROAD SERVICE AREA (CBERRRSA)  
MILL RATE ADJUSTMENT

Shall a maximum mill levy of 2.40 mills be set for the Chugiak, Birchwood, Eagle River Rural Road Service Area (CBERRRSA), with no more than 1.4 mills to be used for road and drainage maintenance and no more than 1.0 mill to be used for capital improvements, effective retroactive to January 1, 2025?

The existing maximum mill rate in the CBERRRSA is 2.10 mills; no more than 1.1 mills may be used for road and drainage maintenance, and no more than 1.0 mill shall be for capital improvements.

If this proposition is approved, the maximum mill rate will increase to 2.40 mills, with limitation that no more than 1.4 mills shall be for road and drainage maintenance, and no more than 1.0 mill shall be for capital improvements—an increase of 0.30 mills for road and drainage maintenance.

The roads affected are all within the CBERRRSA. The intent of this proposition is to provide additional local funding for road and drainage maintenance. Local tax funding is almost exclusively the funding source for road and drainage maintenance. The additional tax funds will provide a more predictable and reliable revenue stream to reduce long-term road maintenance costs, maintain year-round drivable roads, and alleviate unsafe road environments. Subject to the maximum mill rate, the CBERRRSA Board of Supervisors will determine the actual mill rate each year.

If approved, property owners within the CBERRRSA may incur an increase in property taxes of up to \$30 per \$100,000 assessed value beginning in tax year 2025. (AO 2025-7)
