**PROPOSITION NO. 11**

APPROVING DE-ANNEXATION OF CREEKVIEW ESTATES LOTS 1, 2, 3, 4, 5, AND 6 FROM THE SOUTH GOLDENVIEW RSDA AND AMENDING THE SOUTH GOLDENVIEW RSDA BOUNDARIES IN ANCHORAGE MUNICIPAL CODE SECTION 27.30.700, EFFECTIVE RETRACTIVE TO JANUARY 1, 2021.

 Shall the South Goldenview RSDA boundaries be amended by de-annexing parcels Creekview Estates Subdivision, Lots 1, 2, 3, 4, 5, and 6 from the South Goldenview RSDA and amending Anchorage Municipal Code section 27.30.700, effective retroactive to January 1, 2021?

The affected area within the South Goldenview RSDA and Creekview Estates Subdivision do not receive direct road maintenance services from the South Goldenview RSDA. The only access to the proposed Creekview Estates properties is from State maintained Rabbit Creek Road. The reduction of annual tax revenues resulting from the proposed de-annexation would be approximately $7,000. There would be a minimal fiscal impact on South Goldenview RSDA financial integrity.

The existing mill rate in the South Goldenview RSDA is 1.80 mills. The property owners within Creekview Estates Subdivision, Lots 1, 2, 3, 4, 5, and 6 will incur a decrease in property taxes for road services beginning with the tax year 2021. (AO 2021-7)

Assembly District 4 – Seat G – Recall
Sponsor Statement
Assembly chair Felix Rivera on August 11, 2021, violated EO-15, an emergency order intended to protect the health and safety of Anchorage citizens, issued by the Mayor of Anchorage pursuant to AVC 3.800.04H by (1) knowingly participating in an indoor gathering of more than 15 people (a meeting of the Anchorage Assembly) and (2) continuing to participate in an indoor gathering of more than 15 people at a meeting of the Anchorage Assembly after being specifically informed of the violation. Assembly chair Rivera failed to perform prescribed duties as chair of the Assembly by allowing the August 11 meeting he was presiding over to continue in violation of EO-15 after the violation was brought to his attention by a point of order. Of all citizens in Anchorage, the chair of the Anchorage Assembly should have been scrupulous in obeying the gathering limitation established by paragraph 4 of EO-15. His failure to do so needlessly endangered the lives of Anchorage citizens, encouraged the spread of COVID-19 throughout the community, and merits recall from office.

Felix Rivera Statement
It is an honor to serve as your voice on the Anchorage Assembly. From rebuilding our police force, to revitalizing Anchorage’s economy, to pushing the Municipality to clear up immense encampments and respectfully house our population experiencing homelessness. I have been working hard for you every day and getting results.

Let me be clear, the allegations in this recall petition are simply baseless. The group behind this effort includes my opponent from last year’s election and people opposed to science-based efforts to slow the spread of COVID-19. They are trying to overturn last year’s election and intimidate Anchorage into abandoning efforts which have saved lives and preserved hospital capacity.

The global pandemic has affected all our lives. I worked hard to effectively utilize millions of dollars in economic relief for neighbors affected by the pandemic and rental relief to keep families in their homes. As Chair, I worked to ensure that our meetings were open to the public even when the virus prevented in-person attendance.

I work for you. With your NO vote I can continue to serve you, working to make our neighborhoods safer, grow our economy, and give you a meaningful voice in your local government. -Felix Rivera

ASSEMBLY DISTRICT 4 – SEAT G – RECALL
Sponsor Statement
Assembly chair Felix Rivera on August 11, 2020, violated EO-15, an emergency order intended to protect the health and safety of Anchorage citizens, as issued by the Mayor of Anchorage pursuant to AWC 3.80.060(H) by: 1) knowingly participating in an indoor gathering of more than 15 people (a meeting of the Assembly Assembly) and 2) continuing to participate in an indoor gathering of more than 15 people at a meeting of the Anchorage Assembly after being specifically informed of the violation. Assembly chair Rivera failed to perform prescribed duties as chair of the Assembly by allowing the August 11 meeting he was presiding over to continue in violation of EO-15 after the violation was brought to his attention by a point of order. Of all citizens of Anchorage, the chair of the Anchorage Assembly should have been scruptious in obeying the gathering limitation established by paragraph 4 of EO-15. His failure to do so needlessly endangered the lives of Anchorage citizens, encouraged the spread of COVID-19 throughout the community, and merits recall from office.

Felix Rivera Statement
It is an honor to serve as your voice on the Anchorage Assembly. From rebuiding our police force, to rebuiding Anchorage’s economy, to pushing the Municipality to take up humane encampments and respectfully house our population experiencing homelessness, I have been working hard for you every day and getting results. Let me be clear: the idea that we should recall a single people are simply baseless. The group behind this effort includes my opponent from last year’s election and people opposed to science-based efforts to slow the spread of COVID-19. They are trying to overturn last year’s election and intimidate Anchorage into abandoning efforts which have saved lives and preserved hospital capacity.

The global pandemic has affected all our lives. I worked hard to effectively utilize millions of dollars in economic relief for neighborhoods affected by the pandemic and rental relief to keep families in their homes. As Chair, I worked to ensure that our meetings were open to the public even when the virus prevented in-person attendance.

I work for you. With your NO vote I can continue to serve you, working to make subtle improvements to Anchorage, to grow our economy, and give you a meaningful voice in your local government - Felix Rivera

ASSEMBLY DISTRICT 4 – SEAT G – RECALL

Sponsor Statement
Assembly chair Felix Rivera on August 11, 2020, violated EO-15, an emergency order intended to protect the health and safety of Anchorage citizens, issued by the Mayor of Anchorage pursuant to AWC 3.80.060(H)(1) by (1) knowingly participating in an indoor gathering of more than 15 people (a meeting of the Anchorage Assembly) and (2) continuing to participate in an indoor gathering of more than 15 people at a meeting of the Anchorage Assembly after being specifically informed of the violation. Assembly chair Rivera failed to perform prescribed duties as chair of the Assembly by allowing the August 11 meeting he was presiding over to continue in violation of EO-15 after the violation was brought to his attention by a point of order. Of all citizens in Anchorage, the chair of the Anchorage Assembly should have been scrupulous in obeying the gathering limitation established by paragraph 4 of EO-15. His failure to do so needlessly endangered the lives of Anchorage citizens, encouraged the spread of COVID-19 throughout the community, and merits recall from office.

Felix Rivera Statement
It is an honor to serve as your voice on the Anchorage Assembly. From rebuilding our police force, to promoting Anchorage’s economy, to pushing the Municipality to balance budget shortfalls and respectfully house our population experiencing homelessness, I have been working hard for you every day and getting results.

Let me be clear: the demands made in this recall petition are simply baseless. The group behind this effort includes my opponent from last year’s election and people opposed to science-based efforts to slow the spread of COVID-19. They are trying to overturn last year’s election and intimidate Anchorage into abandoning efforts which have saved lives and preserved hospital capacity.

The global pandemic has affected all our lives. I worked hard to effectively utilize millions of dollars in economic relief for neighbors affected by the pandemic and rental relief to keep families in their homes. As Chair, I worked to ensure that our meetings were open to the public even when the virus prevented in-person attendance.

I work for you. With your NO vote I can continue to serve you, working to make our neighborhoods safer, grow our economy, and give you a meaningful voice in your local government – Felix Rivera.

SPONSOR STATEMENT
MAYOR
(Vote for not more than one)

We are having a Recall election to remove the Mayor of Anchorage. The Mayor has violated an Executive Order that was put in place during the COVID-19 pandemic. If the Mayor were removed, the city would have a new Mayor and new direction. Our community is in need of leadership to steer us out of this pandemic.

In my capacity as the elected Mayor of Anchorage, I am working to keep our community safe, while also supporting our local businesses and workers. I am committed to ensuring that our public health initiatives are effective and equitable, and that they do not disproportionately harm low-income and marginalized communities.

I am writing this letter to encourage everyone to vote Yes on the Recall of the Mayor. Our community deserves better leadership, and a new Mayor can provide the direction and vision that we need.

Sincerely,
Mayor of Anchorage

Sponsor Statement

Assembly Chair Felix Rivera on August 11, 2020 voted EO-15, an emergency order intended to protect the health and safety of Anchorage citizens, issued by the Mayor of Anchorage pursuant to IAC 3.80.060(h) by 1) knowingly participating in an indoor gathering of more than 15 people (a meeting of the Anchorage Assembly) and 2) continuing to participate in an indoor gathering of more than 15 people at a meeting of the Anchorage Assembly after being specifically informed of the violation. Assembly Chair Rivera failed to perform prescribed duties as chair of the Assembly by allowing the August 11 meeting he was presiding over to continue in violation of EO-15 after the violation was brought to his attention by a point of order. Of all citizens in Anchorage, the chair of the Anchorage Assembly should have been scrupulous in obeying the gathering limitation established by paragraphs 4 of EO-15. His failure to do so needlessly endangered the lives of Anchorage citizens, encouraged the spread of COVID-19 throughout the community, and merits recall from office.

Felix Rivera Statement

It is an honor to serve as your voice on the Anchorage Assembly. From rebuilding our police force, to rehabilitating Anchorage’s economy, to pushing the Municipality to take up endless encampments and respectfully house our population experiencing homelessness, I have been working hard for you every day and getting results. Let me be clear, the idea that I am part of the recall petition is simply baseless. The group behind this effort makes my opponent from last year’s election and people opposed to science-based efforts to slow the spread of COVID-19. They are trying to overturn last year’s election and intimidate Anchorage into abandoning efforts which have saved lives and preserved hospital capacity.

The global pandemic has affected all our lives. I worked hard to effectively utilize millions of dollars in economic relief for neighborhoods affected by the pandemic and rental relief to keep families in their homes. As Chair, I worked to ensure that our meetings were open to the public even when the virus prevented in-person attendance. I work for you. With your NO vote I can continue to serve you, working to make our neighborhoods safer, grow our economy, and give you a meaningful voice in your local government - Felix Rivera.

ASSEMBLY DISTRICT 4 – SEAT G – RECALL

Sponsor Statement

Assembly chair Felix Rivera on August 11, 2021 voted EO-15, an emergency order intended to protect the health and safety of Anchorage citizens, issued by the Mayor of Anchorage pursuant to VIA C.80.00(H) by 1) knowingly participating in an indoor gathering of more than 15 people (a meeting of the Assembly) and 2) continuing to participate in an indoor gathering of more than 15 people at a meeting of the Assembly Anchorage after being specifically informed of the violation. Assembly chair Rivera listed to perform prescribed duties as chair of the Assembly by allowing the August 11 meeting he was presiding over to continue in violation of EO-15 after the violation was brought to his attention by a point of order. Of all citizens in Anchorage, the chair of the Assembly Anchorage should have been scruinious in obeying the gathering limitation established by paragraph 4 of EO-15. His failure to do so needlessly endangered the lives of Anchorage citizens, encouraged the spread of COVID-19 throughout the community, and merits recall from office.

Felix Rivera Statement

It is an honor to serve as your voice on the Anchorage Assembly. From rebuilding our police force, to revitalizing Anchorage’s economy, to pushing the Municipality to establish uniform encampments and respectfully house our population experiencing homelessness, I have been working hard for you every day and getting results. Let me be clear: The ideas in this recall petition are simply baseless. The group behind this effort includes my opponent from last year’s election and people opposed to science-based efforts to slow the spread of COVID-19. They are trying to overturn last year’s election and intimidate Anchorage into abandoning efforts which have saved lives and preserved hospital capacity.

The global pandemic has affected all our lives. I worked hard to effectively utilize millions of dollars in economic relief for neighbors affected by the pandemic and rental relief to keep families in their homes. As Chair, I worked to ensure that our meetings were open to the public even when the virus prevented in-person attendance. I work for you. With your NO vote I can continue to serve you, working to take our neighborhood safer, grow our economy, and give you a meaningful voice in your local government. -Felix Rivera-

Sponsor Statement

Assembly chair Felix Rivera on August 11, 2020 declared EO-15, an emergency order intended to protect the health and safety of Anchorage citizens, issued by the Mayor of Anchorage pursuant to AWC 3.800.00(H) by (1) knowingly participating in an indoor gathering of more than 15 people (a meeting of the Anchorage Assembly) and (2) continuing to participate in an indoor gathering of more than 15 people at a meeting of the Anchorage Assembly after being specifically informed of the violation. Assembly chair Rivera listed to perform prescribed duties as chair of the Assembly by allowing the August 11 meeting he was presiding over to continue in violation of EO-15 after the violation was brought to his attention by a point of order. Of all citizens in Anchorage the chair of the Anchorage Assembly should have been scrupulous in obeying the gathering limitation established by paragraph 4 of EO-15. His failure to do so needlessly endangered the lives of Anchorage citizens, encouraged the spread of COVID-19 throughout the community, and merits recall from office.

Felix Rivera Statement

"It is an honor to serve as your voice on the Anchorage Assembly. From rebuilding our police force, to elevating Anchorage’s economy, to pushing the Municipality to take up long-term encumbrances and respectfully house our population experiencing homelessness, I have been working hard for you every day and getting results.

Let me be clear: The language of this recall petition is simply baseless. The group behind this effort includes my opponent from last year’s election and people opposed to science-based efforts to slow the spread of COVID-19. They are trying to overturn last year’s election and intimidate Anchorage into abandoning efforts which have saved lives and preserved hospital capacity.

The global pandemic has affected all our lives. I worked hard to effectively utilize millions of dollars in economic relief for neighbors affected by the pandemic and rental relief to keep families in their homes. As Chair, I worked to ensure that our meetings were open to the public even when the virus prevented in-person attendance.

I work for you. With your NO vote I can continue to serve you, working to make our neighborhood safer, grow our economy, and give you a meaningful voice in your local government. - Felix Rivera"

From rebuilding our police force, to stabilizing Anchorage’s economy, to pushing the Municipality to take up homeless encampments and respectfully house our population experiencing homelessness, I have been working hard for you every day and getting results.

Let me be clear, the allegations in this recall petition are simply baseless.

The group behind this effort makes my opponent from last year’s election and people opposed to science-based efforts to slow the spread of COVID-19. They are trying to overturn last year’s election and intimidate Anchorage into abandoning efforts which have saved lives and preserved hospital capacity.

The global pandemic has affected all our lives. I worked hard to effectively utilize millions of dollars in economic relief for neighbors affected by the pandemic and rental relief to keep families in their homes. As Chair, I worked to ensure that our meetings were open to the public even when the virus prevented in-person attendance.

I work for you. With your NO vote I can continue to serve you, working to take our neighborhood safer, grow our economy, and give you a meaningful voice in your local government. -Felix Rivera-

ASSEMBLY DISTRICT 4 – SEAT G – RECALL
Sponsor Statement

Assembly chair Felix Rivera on August 11, 2020 violated EO-15, an emergency order intended to protect the health and safety of Anchorage citizens, issued by the Mayor of Anchorage pursuant to AWC 3.80.060(H) by: (1) knowingly participating in an indoor gathering of more than 15 people (a meeting of the Anchorage Assembly) and (2) continuing to participate in an indoor gathering of more than 15 people at a meeting of the Anchorage Assembly after being specifically informed of the violation. Assembly chair Rivera failed to perform prescribed duties as chair of the Assembly by allowing the August 11 meeting he was presiding over to continue in violation of EO-15 after the violation was brought to his attention by a point of order. Of all citizens in Anchorage the chair of the Anchorage Assembly should have been scrupulous in obeying the gathering limitation established by paragraph 4 of EO-15. His failure to do so needlessly endangered the lives of Anchorage citizens, encouraged the spread of COVID-19 throughout the community, and merits recall from the voters.

ASSEMBLY DISTRICT 4 – SEAT G – RECALL

Sponsor Statement

Assembly chair Felix Rivera on August 11, 2020 violated EO-15, an emergency order intended to protect the health and safety of Anchorage citizens, issued by the Mayor of Anchorage pursuant to AWC 3.80.040(H) by (1) knowingly participating in an indoor gathering of more than 15 people (a meeting of the Anchorage Assembly) and (2) continuing to participate in an indoor gathering of more than 15 people at a meeting of the Anchorage Assembly after being specifically informed of the violation. Assembly chair Rivera failed to perform prescribed duties as chair of the Assembly by allowing the August 11 meeting he was presiding over to continue in violation of EO-15 after the violation was brought to his attention by a point of order. Of all citizens in Anchorage, the chair of the Anchorage Assembly should have been scrupulous in obeying the gathering limitation established by paragraph 4 of EO-15. His failure to do so needlessly endangered the lives of Anchorage citizens, encouraged the spread of COVID-19 throughout the community, and merits recall from the people.

Felix Rivera Statement

It is an honor to serve as your voice on the Anchorage Assembly. From rebuilding our police force, to stabilizing Anchorage’s economy, to pushing the Municipality to take up pension and property tax reforms, I’ve worked hard for you every day and get results. Let me be the voice of the people and vote no to this recall petition.

The global pandemic has affected all our lives. I worked hard to effectively utilize millions of dollars in economic relief for neighbors affected by the pandemic and rent relief to keep families in their homes. As Chair, I worked to ensure that our meetings were open to the public even when the virus prevented in-person attendance. I work for you. With your NO vote I can continue to serve you, working to make our neighborhoods safer, grow our economy, and give you a meaningful voice in your local government - Felix Rivera.

"It is an honor to serve as your voice on the Anchorage Assembly. From rebuilding our police force, to revitalizing Anchorage’s economy, to pushing the Municipality to take up historic encampments and respectfully house our population experiencing homelessness, I have been working hard for you every day and getting results. Let me be clear, the idea of this recall petition is simplybaseless. The group behind this effort includes my opponent from last year’s election and people opposed to science-based efforts to slow the spread of COVID-19. They are trying to overturn last year’s election and intimidate Anchorage into abandoning efforts which have saved lives and preserved hospital capacity.

The global pandemic has affected all our lives. ASSEMBLY DISTRICT 4 – SEAT G – RECALL Sponsor Statement
Assembly chair Felix Rivera on August 11, 2020 violated EO-15, an emergency order intended to protect the health and safety of Anchorage citizens, issued by the Mayor of Anchorage pursuant to AWC 3.800.04(H) by (1) knowingly participating in an indoor gathering of more than 15 people (a meeting of the Anchorage Assembly) and (2) continuing to participate in an indoor gathering of more than 15 people at a meeting of the Anchorage Assembly after being specifically informed of the violation. Assembly chair Rivera failed to perform prescribed duties as chair of the Assembly by allowing the August 11 meeting he was presiding over to continue in violation of EO-15 after the violation was brought to his attention by a point of order. Of all citizens in Anchorage, the chair of the Anchorage Assembly should have been scrupulous in obeying the gathering limitation established by paragraph 4 of EO-15. His failure to do so needlessly endangered the lives of Anchorage citizens, encouraged the spread of COVID-19 throughout the community, and merits recall from office.

Felix Rivera Statement
It is an honor to serve as your voice on the Anchorage Assembly. From rebuilding our police force, to stabilizing Anchorage’s economy, to pushing the Municipality to retain valuable encampments and respectfully house our population experiencing homelessness, I have been working hard for you every day and getting results.

Let me be clear, the allegations in the recall petition are simply baseless. The group behind this effort includes my opponent from last year’s election and people opposed to science-based efforts to slow the spread of COVID-19. They are trying to overturn last year’s election and intimidate Anchorage into abandoning efforts which have saved lives and preserved hospital capacity.

The global pandemic has affected all our lives. I worked hard to effectively utilize millions of dollars in economic relief for neighbors affected by the pandemic and rental relief to keep families in their homes. As Chair, I worked to ensure that our meetings were open to the public even when the virus prevented in-person attendance.

I work for you. With your NO vote I can continue to serve you, working to make our neighborhoods safer, grow our economy, and give you a meaningful voice in your local government - Felix Rivera.

### ASSEMBLY DISTRICT 4 – SEAT G – RECALL

**Sponsor Statement**

Assembly chair Felix Rivera on August 11, 2020, voted EO-15, an emergency order intended to protect the health and safety of Anchorage citizens, issued by the Mayor of Anchorage pursuant to AWC 3.80.040(H)(1) by 1) knowingly participating in an indoor gathering of more than 15 people (a meeting of the Anchorage Assembly) and 2) continuing to participate in an indoor gathering of more than 15 people at a meeting of the Anchorage Assembly after being specifically informed of the violation. Assembly chair Rivera listed to perform prescribed duties as chair of the Assembly by allowing the August 11 meeting he was presiding over to continue in violation of EO-15 after the violation was brought to his attention by a point of order. Of all citizens in Anchorage the chair of the Anchorage Assembly should have been scrupulous in obeying the gathering limitation established by paragraph 4 of EO-15. His failure to do so needlessly endangered the lives of Anchorage citizens, ensured the spread of COVID-19 throughout the community, and merits recall from office.

Felix Rivera Statement

*It is an honor to serve as your voice on the Anchorage Assembly. From rebuilding our police force, to elevating Anchorage’s economy, to pushing the Municipality to take up valuations and respectfully house our population experiencing homelessness. I have been working hard for you every day and getting results. Let me be clear: the ongoing situation in this recall petition is simply baseless. The group behind this effort includes my opponent from last year’s election and people opposed to science-based efforts to slow the spread of COVID-19. They are attempting to overturn last year’s election and intimidate Anchorage into abandoning efforts which have saved lives and preserved hospital capacity.*

*The global pandemic has affected all our lives. I worked hard to effectively utilize millions of dollars in economic relief for neighbors affected by the pandemic and rental relief to keep families in their homes. As Chair, I worked to ensure that our meetings were open to the public even when the virus prevented in-person attendance.*

*I work for you. With your NO vote I can continue to serve you, working to make our neighborhoods safer, grow our economy, and give you a meaningful voice in your local government. -Felix Rivera*
