View libraries, said improvements involving building safety rehabilitation and upgrades, facility renovations, code improvement projects, elevator modernization, ADA compliance, seismic modifications and other capital improvements (the “Projects”); and

WHEREAS, in order to provide financing for the Projects, it is deemed necessary and advisable that the Municipality issue and sell its general obligation bonds in the principal amount of not to exceed $5,375,000 (the “Bonds”); now, therefore,

THE ANCHORAGE ASSEMBLY ORDAINS:

Section 1. Purpose. The Assembly hereby determines that the Projects are needed throughout the Municipality. The Assembly hereby determines that the best interest of the residents and property owners within the Municipality require the Municipality to undertake the Projects at the time and in the order and in the manner deemed most necessary and advisable by the Municipality. The estimated cost of the Projects, including incidental costs and costs related to issuing and selling the Bonds as provided in this ordinance, is estimated to be $5,375,000.

The Projects are described in more detail in the attachment to the Assembly Memorandum accompanying this ordinance. The cost of all necessary planning,
acquisition of property for, site preparation, construction, installing and equipping of
the Projects, architectural, engineering, design, and other consulting services,
inspection and testing, administrative expenses, costs of issuance of the Bonds and
other costs incurred in connection with the Projects shall be deemed to be costs of
the approved Projects. The approved Projects may be completed with all necessary
equipment and appurtenances.

The Municipality shall determine the application of available moneys between
the various Projects so as to accomplish, as nearly as may be, the Projects
described or provided for in this section.

If the Municipality shall determine that it has become impractical to
accomplish any portion of the approved Projects by reason of changed conditions
or needs, incompatible development or costs substantially in excess of those
estimated, the Municipality shall not be required to accomplish such portions and
shall apply Bond proceeds as set forth in this section.

If the approved Projects have been completed in whole or in part, or their
completion duly provided for, or its completion found to be impractical, the
Municipality may apply Bond proceeds or any portion thereof to other Municipality
areawide facilities capital improvements at its sole discretion. Otherwise, the
Municipality shall apply such remaining proceeds solely to payment of principal or
interest on the Bonds, as provided in the Home Rule Charter. In the event that the
proceeds of sale of the Bonds, plus any other monies of the Municipality legally
available, are insufficient to accomplish the approved Projects, the Municipality shall
use the available funds for paying the cost of those portions of the approved Projects
deemed by the Municipality most necessary and in the best interest of the
Municipality. No Bond proceeds shall be used by the Municipality for any purpose
other than a capital improvement of the Municipality.

For the purpose of providing funds for the undertaking of the Projects, which
are hereby found to be a public purpose and in the public interest, the Municipality
hereby proposes to issue general obligation bonded indebtedness in an amount not
to exceed Five Million Three Hundred Seventy-Five Thousand Dollars ($5,375,000).

**Section 2. Details of Bonds.** The Bonds shall be sold in such amounts and at
such time or times as deemed necessary and advisable by the Assembly and as
permitted by law and shall mature over a period of up to 20 years from date of issue.
The Bonds shall be issued in an aggregate principal amount of not to exceed
$5,375,000. The Bonds shall bear interest to be fixed at the time of sale or sales
thereof. The exact form, terms, conditions, contents, security, options of
redemption, and such other matters relating to the issuance and sale of said Bonds
as are deemed necessary and advisable by the Assembly shall be as hereinafter
determined and/or delegated by ordinance and/or resolution of the Assembly.
The full faith and credit of the Municipality is pledged for the payment of the principal of and interest on the Bonds, and ad valorem taxes upon all taxable property in the Municipality shall be levied without limitation as to rate or amount to pay the principal and interest on the Bonds when due.

Section 3. Ballot Proposition. The Assembly hereby submits to the qualified voters of the Municipality the proposition of whether or not the Municipality should issue the Bonds for the purpose of financing the costs of the approved Projects at the regular municipal election to be held on April 7, 2020.

The Clerk shall prepare the ballot proposition to be submitted to the voters as provided by this ordinance and the Municipal Code and shall perform all necessary steps in accordance with law to place this proposition before the voters at the regular election. The proposition must receive an areawide majority vote of those in the Municipality voting on the question to be approved. The proposition shall be substantially in the following form:

**FUNCTION COST:**

**REVENUES:**

**CAPITAL:**

**POSITIONS:** FT/PT and Temp.

**PUBLIC SECTOR ECONOMIC EFFECTS:**

Estimated annual debt service of $413,209 assumes bonds are sold as a package @ 4.5% interest, with bond repayments corresponding to the expected life of the assets financed up to 20 years.

When projects are completed and fully functioning, increased annual operations and maintenance costs are estimated at $52,000.

**PRIVATE SECTOR ECONOMIC EFFECTS:**

Estimated annual debt service payments of approximately $413,209 equate to an estimated property tax increase of 0.0120 mills or $1.20 per year on $100,000 of assessed valuation in the Municipality areawide.

When fully operational, increased annual operations and maintenance costs are estimated at $52,000 and equate to an estimated property tax increase of 0.0015 mills or $0.15 per year on $100,000 of assessed valuation in the Municipality areawide and an increase in the Municipal tax cap limitation.

The total private sector economic effect would therefore be a total of $1.35 per $100,000 of assessed valuation in the Municipality areawide.
