APPENDIX A

CHART III - EXCLUDE PRECINCTS 309, 365, AND 385¹

	Total Votes	Van Etten	McGrath
Total Votes**	5,363	2,663	2,637
Deduct Total Votes in Precincts 309, 365, & 385	<593>	<310>	<267>
Subtotal	4,770	2,353	2,370
Deduct Rejected Write-In Ballots from all Other Precincts ²	<21>		
Subtotal	4,749		
Charter 50% + 1 Majority Vote	2,376	2,353	2,370

**Includes votes for all candidates on the ballot, all write-in ballots and absentee, questioned, and "miscal" votes. This total does not include ballots rejected by precinct workers on election night and which still remain in sealed envelopes (these rejected ballots do not include subsequently rejected write-in ballots). The numbers used in these Charts are taken from either AM 2000-687 and AIM 97-2000.

¹ Pursuant to AMC 28.80.060B. Chart III reports the result of excluding all votes from precincts 309, 365 & 385.

² Rejected write-in ballots are deducted from the total votes to arrive at the total counted votes. Since all votes in Precincts 309, 365, and 385 have already been deducted, including rejected write-in ballots, the 9 rejected right-in ballots from Precinct 309 (0 write-ins), Precinct 365 (2 write-ins), and Precinct 385 (7 write-ins) are not included in the total deducted write-in ballots from other precincts.
