

MUNICIPALITY OF
ANCHORAGE

Hyland OnBase is replacing the current PACE/Sire/Granicus applications used for Agenda and Meeting Management.

Today, we would like to share with you more information regarding the viewer experience through the [Municipal Meetings Page](#).

GOOD NEWS! Municipal users and public viewers will be able to access agenda information documents in a similar format as they do today. When navigating the Municipal Meetings Page, you will be able to see upcoming schedules, search archives, and view live and recorded sessions.

User Experience

- Live YouTube video streaming
- Interactive agendas
- Access to historical meetings
- Searchable archives

DATES TO REMEMBER

May-June

User Training
& Workshops

July 13

New System
GO LIVE

July 28

First OnBase
Assembly Meeting

MUNICIPAL MEETINGS

If you would like a better idea of the future look and feel of the Municipal Meetings Page, check out the City of Sioux Falls, SD. They are current subscribers of Hyland OnBase and are a good example of how the upgraded web page will navigate.

We invite you to follow the link below, click around a bit, and then provide us with any feedback you may have.
