Mission Statement
Serve as a Catalyst For Development

Vision Statement
A Vibrant and Prosperous Anchorage

Building Our City's Future

Our Team

ACDA's Code

"Engage in community and economic development opportunities, including but not limited to the acquisition of vacant or abandoned property and facilities, with a goal of encouraging economic growth, commercial development, safe and vibrant neighborhoods, and furthering the goals and objectives of municipal plans and policies. Provide sufficient, high-quality, customer-focused public parking by managing parking resources fairly and efficiently for the benefit of the municipality's residents. "

A Community Development Authority

An organization can provide support to address the economic and social issues facing Anchorage. As a municipal corporation with bonding authority and a positive revenue stream through Easy Park Alaska, ACDA has the potential to create transformative, long-lasting impacts on our community.

Building Our City's Future

EasyPark

Right Space, Right Place

DOWNTOWN PARKING

A Municipal Corporation

- Organized By Code
- Self Supporting
- Two Departments: Development & Parking Services
- Managed by an Mayor Appointed Board of Directors
- Assembly Oversight
- Self Funded
- Mesa Tax

Why We Do What We Do!

The Anchorage Community Development Authority is enthusiastic about opportunities for our Municipality. Growing our economy, improving infrastructure, increasing housing options, and fostering sustainable development creates jobs and helps make Anchorage a better place to live and to raise a family.

Contributing to the creation of a more vibrant, equitable, and resilient Anchorage.
