# MUNICIPALITY OF ANCHORAGE 

## ASSEMBLY INFORMATION MEMORANDUM

AIM No. 26-2021

Meeting Date: February 9, 2021

## From: MAYOR

## Subject: NOVEMBER 2020 EXPENDITURE REPORTS FOR GENERAL GOVERNMENT DEPARTMENTS

The following is the status of department spending through November 30, 2020.
Note that the budgets included in these reports are full year budgets and include Assembly approved budget actions through November 17. The activity in some departments is expected to change in the $4^{\text {th }}$ Quarter for the following reasons:

- First responder payroll budget and actuals that is funded by the CARES Act will be moved from the operating funds to the grant fund; this will affect the Police and Fire departments.
- COVID-19 pandemic relief programs will be funded with fund balance and budgeted and transacted in the operating funds; this will affect multiple departments, including Office of Economic \& Community Development, Health, Parks \& Recreation, and Real Estate.
- COVID-19 response activity that is not FEMA eligible will be moved from the COVID-19 Response Emergency Fund to the operating funds; this will affect multiple departments.
- Municipal Light \& Power sale impacts was posted in October; the Assembly approved budgets are included in these reports and may be adjusted down, in line with the actual transactions; this will affect multiple departments, including Chief Financial Officer, Human Resources, and Municipal Light \& Power (ML\&P).
- Year-end leave cash-ins will post in December and are anticipated to be higher than usual due to fewer employees taking leave due to the COVID-19 pandemic; this will affect multiple departments.

## Budget to Actuals - General Government Departments:

At the end of November (91.8\% through the fiscal year, with $91.5 \%$ labor posted), departments have spent $74.9 \%$ of the total budget. A further breakdown of expenditures and encumbrances shows that $88.7 \%$ of the labor budget is spent while $70.5 \%$ in non-labor is spent or encumbered.

The following departments have positive or negative variances of five percent or more (<86.8\% or $>96.8$ ) from the percent through the year ( $91.8 \%$ ).

Chief Fiscal Officer - is $78.4 \%$ spent due to the Stormwater facility projects that will be rolled to 2021.

Economic \& Community Development - is $21.3 \%$ spent due to $\$ 34,749,408$ in appropriations added to the Office of Economic \& Community Development 2020 budget in Fund 101000 for the distribution of various grants to the community to help offset the hardship impacts of

COVID-19. This grant funding was appropriated during quarter 4 and has not been fully expended. The grant distribution process is still on-going.

Equal Rights Commission - is $80.2 \%$ spent due to position vacancies. One position was vacant from January through mid-March and another position was vacant from mid-July through the end of the year.

Finance - is $78.5 \%$ spent due to vacancies and the Computer Aided Mass Appraisal (CAMA) Upgrade project which will roll into 2021 due to the multi-year nature of the project.

Health - is $53.0 \%$ spent due to the $\$ 19,900,000$ of supplemental appropriations related to multiple economic stabilization programs was approved on September 29, 2020 therefore program implementation and spending was still in process. Additionally, some staff labor was moved to alternate eligible funding sources.

Human Resources - is $59.5 \%$ spent due to the contribution to worker's compensation fund for recovery settlements that has not been processed yet and employment matters related to the ML\&P sale that will be paid in October. The department is projected to be fully spent by yearend.

Information Technology - is $82.2 \%$ spent due to major contracts to be paid in December and a reduction to SAP's HANA Enterprise Cloud (HEC) hosting.

Management \& Budget - is $86.1 \%$ spent due to invoices not yet received for contract services. The department is projected to be fully spent by year-end.

Mayor - is $74.1 \%$ spent due to a reduction in labor costs and over-all reduction of non-labor expenses due to the COVID-19 situation.

Municipal Attorney - 83.5\% spent due to projects that are to be spent later in the year and less office supplies and expenditures are being purchased due to less people being in the office physically.

Municipal Manager - is $83.2 \%$ spent due to the timing of monthly payments of Worker's Compensation claims, claims, and other payments that are not made until the following month.

Parks \& Recreation - is $77.8 \%$ spent due to unfilled budgeted positions that the department is in the process of filling or reclassifying, closure of facilities, and precautionary spending reductions in preparation of unknown COVID-19 challenges and expenses.

Project Management \& Engineering - is $82.9 \%$ spent due to contractual services expenses incurred lighter activity during summer construction season due to the pandemic. Expect expenditures to catch up closer to year-to-date budget percentage as construction season is completed and final invoices are processed.

Public Transportation - is $82.9 \%$ spent due to the reduction of labor activity from the temporary service shut down.

Public Works Administration - is $81.2 \%$ spent due to reduced computer and office equipment replacements, equipment repairs and servicing, and office supply orders are lower due to much of the staff working from home, resulting in lower than normal year-to-date expenditures. Additionally, some road service areas had light summer expenditures to replenish fund balances.

Real Estate - is $38.4 \%$ spent due to receiving a $\$ 12.5 \mathrm{M}$ appropriation for multiple property acquisitions.

Traffic Engineering - is $83.1 \%$ spent due to position vacancies and contractual services expenses, equipment, and supply purchases being less than normal due to pandemic. Expect expenditures to catch up closer to year-to-date budget percentage as final construction season costs are recorded.

Convention Center - is $27.8 \%$ spent due to timing of incremental payments throughout the year to vendors under Use Agreements and Management Agreements, with the bulk of activity expected to post November/December.

TANS Expense - is $16.5 \%$ spent due to timing of payments. The 2020 payment is expected to post in December.

Prepared by: Office of Management \& Budget (OMB)
