## ANCHORAGE, ALASKA AO No. 2023-65

## AN ORDINANCE OF THE ANCHORAGE ASSEMBLY AMENDING ANCHORAGE MUNICIPAL CODE TITLE 9 TO PROMOTE SAFETY, EQUITY, AND ACCESS TO INFRASTRUCTURE FOR BICYCLISTS AND OTHER VULNERABLE ROAD USERS.

**WHEREAS** it is necessary, appropriate, and in the best interest of the Municipality of Anchorage to prevent and reduce injuries, fatalities, and property damage resulting from collisions between motor vehicles and persons who are not operating motor vehicles; and

**WHEREAS** the Anchorage Municipal Assembly supports the Active People, Healthy Nation initiative;<sup>1</sup> and

**WHEREAS** Alaska one of has the highest percentages of people who walk or bike to work of any state in the nation;<sup>2</sup> and

**WHEREAS** 14% of southcentral Alaskans bike or walk to get food or groceries and 16% bike or walk to school or work;<sup>3</sup>; and

**WHEREAS** the Alaska Department of Transportation and Public Facilities has estimated that 40% of southcentral Alaskans weekly driving patterns could be replaced by an average of less than an hour of walking per day, or by an average of less than 20 minutes riding a bicycle per day;<sup>4</sup>;and

**WHEREAS** recent fatality data released by the National Highway Traffic Safety Administration (NHTSA) shows that the bicyclist fatality rate has increased by 62% since 2010 in urban communities;<sup>5</sup> and

AO promoting safety and equity for bicyclists and other vulnerable road users

Anchorage and 1 in 10 crashes involving a bicycle result in serious injury or death<sup>6</sup>

**WHEREAS**, between 2015 and 2019, the per capita fatality rate in the U.S. for Black pedestrians was more than double the rate for white pedestrians, and for Indigenous pedestrians was more than four times as high as for white pedestrians;<sup>7</sup> and

**WHEREAS**, nationally, traffic laws are disproportionately enforced against Black, Latine/x, and low-income people on bikes, especially where infrastructure is lacking;<sup>8</sup> and

**WHEREAS**, the Anchorage Non-Motorized Plan Goal #1 is to increase the use of the non-motorized system and Goal #3 is to improve safety and security of pedestrians and bicyclists;<sup>9</sup> and

**WHEREAS**, Goal #6 of the Anchorage Climate Action plan is to increase use of public transit and non-motorized facilities;<sup>10</sup> and

**WHEREAS**, Goal #2A of Anchorage 2040 Metropolitan Transportation Plan is to "reduce vehicle, pedestrian, and bicyclist crashes, especially those resulting in traffic fatalities and serious injuries";<sup>11</sup> and

**WHEREAS**, the Anchorage Vision Zero Action Plan<sup>12</sup> includes "Revise Title 9 to include a Vulnerable User Law" as an action to achieve the goal "Promote a Culture of Safety"; now, therefore,

THE ANCHORAGE ASSEMBLY ORDAINS:

**Section 1.** Anchorage Municipal Code Chapter 9.02, is hereby amended to insert a new section of code (*the remainder of the chapter is not affected and therefore not set out*):

Parking lanes can also be used as a means of physical protection if there is a buffer space between the bicycle lane and the parking lane. <u>Buffered Bicycle Lane</u> means a bicycle lane paired with a designated buffer space that uses pavement markings but no physical barriers to separate the bicycle lane from the adjacent motor vehicle travel lane and/or parking lane.

	AO promoting s	afety and	equity for bicyclists and other vulnerable road users Page 4 of 14
1			on-street parking is allowed cycle tracks are located to the curb-
2			side of the parking. Cycle tracks may be one-way or two-way,
3			and may be at street level, at sidewalk level, or at an
4			intermediate level. If at sidewalk level, a curb or median
5			separates them from motor traffic, while different pavement
6			color or texture or reflective markings differentiates the cycle
7			track from the sidewalk. If at street level, cycle tracks may be
8			separated from motor vehicle traffic by raised medians, on-
9			street parking, or bollards. They are meant to provide a high
10			level of security and comfort for vulnerable road users.
11			
12			
13	***	***	***
14			markings means painted markings on highways providing
15			nd information for the road user. Major marking colors are yellow
16			and may be either solid or dashed. Some major marking types,
17	with g	genera	l use and meaning include, but are not limited to:
18	***	***	***
19			
20		<u>9.</u>	Green pavement markings supplement solid white lines or
21			dotted white lines in delineating the edge of a bicycle lane
22 23			designated under section 9.16.095

- a. Vehicular traffic facing a circular green signal shall proceed straight through or turn right or left, unless a sign at such place prohibits either such turn. Vehicular traffic, including vehicles turning right or left, shall yield the right-of-way to other vehicles and to vulnerable road users [PEDESTRIANS] lawfully within the intersection or an adjacent crosswalk.
- b. Vehicular traffic facing a green arrow signal, shown alone or in combination with another indication, shall enter the intersection only to make the movement indicated by such arrow, or such other movements as are permitted by other indications shown at the same time. Such vehicular traffic shall yield the right-of-way to vulnerable road users [PEDESTRIANS] lawfully within an adjacent crosswalk and to other traffic lawfully using the intersection.
- Unless otherwise directed by a pedestrian control signal, C. as provided in section 9.14.050, pedestrians and other vulnerable road users travelling upon a sidewalk facing any green signal may proceed across the roadway within any marked or unmarked crosswalk, except when the sole green signal is a turn arrow or a sign prohibits crossing at that location.
- 2. Steady yellow indication.

\*\*\* \*\*\* \*\*\*

- Vulnerable road users [PEDESTRIANS] facing a steady C. yellow signal, unless otherwise directed by a crosswalk control signal as provided in section 9.14.050, are thereby advised that there is insufficient time to cross the roadway before the red indication is shown, and no vulnerable road user[PEDESTRIAN] may then start to cross the roadway.
- Steady red indication. 3.
  - Vehicular traffic facing a steady circular red signal alone a. shall not enter the intersection and shall stop before entering the crosswalk on the near side of the intersection, or, if there is no crosswalk, then before

Page 6 of 14

1 2 3 4 5 6 7 8		equity for	enteria a sig stopp one-v into a of the way	ing the intersection, and shall remain stopped until nal to proceed is shown. This traffic may, after sing, cautiously proceed to make a right turn from a way or two-way roadway into a two-way roadway or a one-way roadway carrying traffic in the direction e right turn, or it may make a left turn from a one- or two-way roadway into a one-way roadway ing traffic in the direction of the left turn;
9 10			***	*** ***
11			ii.	Any vehicle making such a turn shall yield the

1		from a one-way or two-way bicycle lane or roadway into a two-
2		way bicycle lane or roadway or into a one-way bicycle lane or
3		roadway carrying traffic in the direction of the right turn, or it
4		may make a left turn from a one-way or two-way bicycle lane or
5		roadway into a one-way bicycle lane or roadway carrying traffic
6		in the direction of the left turn;
7		
8		a. <u>However, the movements described in this subsection</u>
9		are not allowed if a sign posted by state or local authority
10		prohibits these movements.
11		
12		b. <u>Any vulnerable road users making such a turn shall yield</u>
13		the right-of-way to any pedestrian or any other
14		vulnerable road user lawfully within the intersection or
15		an adjacent crosswalk at the time the signal is exhibited.
16		
17		c. <u>No vulnerable road users shall follow another vulnerable</u>
18		road user through a steady red indication signal with
19		bicycle symbol signal without first coming to a complete
20		stop at the stop line, crosswalk or a point nearest the
21		intersecting roadway.
