

LEGISLATIVE SERVICES OFFICE

MISSION

To strengthen the Anchorage Assembly in its work, guided by a commitment to the good of the Anchorage community and the people who live here

OUR VALUES

We believe that local government plays a critical role in improving our community and that it works best when residents are engaged. We do this through:

COLLABORATION

We are inclusive and work in partnership with Assembly Members, Assembly staff, MOA Administration and community members

LEARNING

We seek to continually learn and improve and share our knowledge with others

TRANSPARENCY

We seek to instill trust in our work and we do this by operating openly and transparently

WHAT WE DO

We serve all twelve members of the body through communications, policy and issue research, public engagement, orientation and education, strategic planning, and project management of major initiatives

We capture big ideas and turn them into clear, actionable steps, often informed by the Assembly's approved workplans and annual goals

We are a conduit between the Assembly and the community throughout the lifecycle of legislation and policy – from researching and seeking input on proposed legislation to providing follow-up and communications on enacted legislation

OUR VISION

We seek to elevate the Anchorage Assembly as an institution, ensure that the Assembly's work is visible in the community, and ensure that the people of Anchorage are engaged and included in that work.

We see our office as essential in the functioning of the Municipality of Anchorage and we are dedicated to making Anchorage a great place where people can take pride in their local government and see it working for them.

OUR MEASURES OF SUCCESS

Assembly Members are supported in crafting and adopting thoughtful, researched, and community-vetted legislation

We have a broad audience of followers on our communication platforms

Our outreach efforts and communications bring residents into the work of the Assembly and amplify the end results

STRATEGIC PLAN

SEPTEMBER 2023

LEGISLATIVE SERVICES OFFICE

WHO WE ARE

Legislative Services is one of four offices of the Assembly branch and has the following staff:

LEGISLATIVE SERVICES DIRECTOR

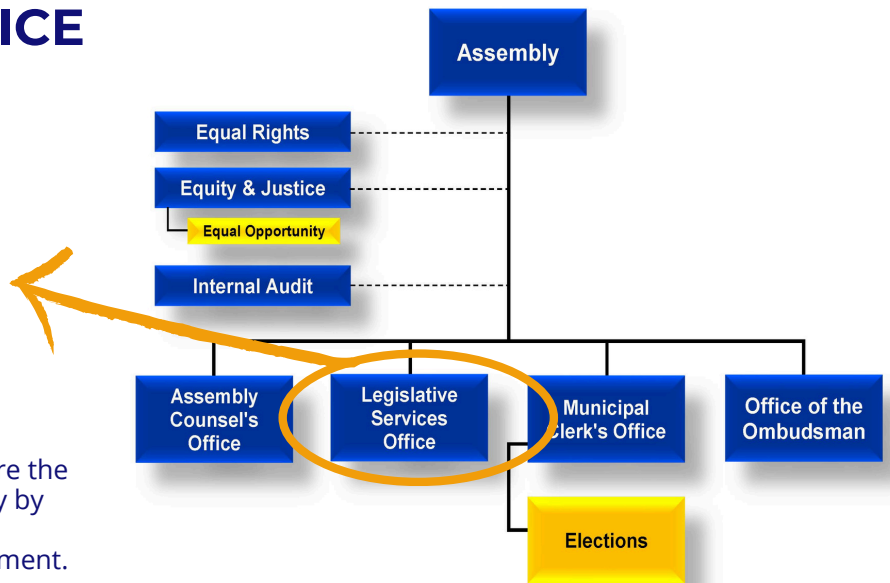

Manages the Legislative Services Office to ensure the smooth and effective operation of the Assembly by helping the Assembly with long-term planning, communication strategies, and project management.

ASSEMBLY COMMUNICATIONS DIRECTOR

Manages Assembly communications, including website updates, newsletters, press releases, talking points and presentations, as well as managing special projects.

LEGISLATIVE & POLICY ANALYST

Provides professional policy research, analysis, and stakeholder engagement for the Assembly, including helping Members draft legislation and communications, providing legislative research reports, and managing special projects.

**WE WORK ON
BEHALF OF THE
ANCHORAGE
ASSEMBLY TO
ENGAGE OUR
COMMUNITY IN
THEIR LOCAL
GOVERNMENT:**
