

PRESS RELEASE

Special Assembly Meeting for Emergency Shelter Plan Items for Action and Appropriation

October 3, 2022

The Anchorage Assembly will hold a special meeting today, Monday, October 3, from 1-2pm at City Hall, Suite 155 to address items need for action and appropriation for the Emergency Shelter Plan.

Meeting documents and information will be posted [here](#) and [here](#) as they become available.

Over the weekend, several draft meeting notices were inadvertently published and could not be removed due to the MOA-wide internet outage that lasted for most of the weekend. There were no Assembly meetings held over the weekend and we apologize for any confusion this caused for the community.
