HOME
HOUSING OPPORTUNITIES IN THE MUNICIPALITY FOR EVERYONE

Community Webinar | March 4, 2024

Assembly Sponsors:
Daniel Volland, Anna Brawley, and Meg Zaletel
Welcome to our presentation!

Speakers: 3 Assembly sponsors of the HOME Initiative

- Daniel Volland
  District 1 (North)

- Anna Brawley
  District 3 (West)

- Meg Zaletel
  District 4 (Midtown)

We are supported by Legislative Services staff:

- Clare Ross, Legislative Services Director
- Allie Hartman, Assembly Communications Director
Welcome to our presentation!

Expectations for today’s webinar:

1. This webinar is public, and is being recorded.
2. The recording will be posted on the Municipality’s YouTube page for anyone to view: https://www.youtube.com/@municipalityofanchoragemee9648
3. Participants on Teams, please remain muted during the presentation, so everyone can hear and stay engaged. Staff will mute a participant if they have not muted themselves.
4. Please be respectful of all participants: staff reserves the right to remove a participant who causes a serious disturbance, or disrupts the proceeding.
5. Teams chat is not part of the recording, or posted publicly - but, please write your questions in the chat throughout, staff will collect questions!
6. We will do Q&A at the end, with staff reading a selection of questions from participants. We are collecting all questions, and will produce an FAQ. If a question is more appropriate for agency staff, we will forward it.
Welcome to our presentation!

What we’ll cover in this webinar:

1. **Context**
   Why focus on housing policy?
   How are zoning changes a key part of our local solutions?

2. **Overview of the HOME Initiative**
   The big picture policy, timeline so far, and what’s next

3. **Getting into the details**
   Comparing rules side by side for each of the 5 proposed districts with current zoning districts

4. **Public process and engagement**
   What happens next? How can you learn more, give feedback, and follow this ordinance?

5. **Q&A**
Context

Why focus on housing policy?
How are zoning changes a key part of our local solutions?
Anchorage needs more housing.

• Average listing price in Anchorage: \(+43\%\) in 3 years (2020 - 2023)
• Average rent increase in Anchorage: \(+7\%\) in 1 year (2022 - 2023)
• UAA students experiencing homelessness: 8.3% in 2017
  10.4% in 2019 - 2020
Anchorage needs more housing.

More about Housing Action: [https://www.muni.org/Departments/Assembly/Pages/FOCUS-Housing.aspx](https://www.muni.org/Departments/Assembly/Pages/FOCUS-Housing.aspx)
Anchorage needs more housing.

Our housing shortage is not a new or sudden problem: it developed over time.

Key conclusions:

1. Given the historic density of development and rate of redevelopment, the Anchorage Bowl does not have sufficient vacant buildable residential land to accommodate the demand for housing units forecasted over the next 20 years.

2. Building mid-rise residential and mid-rise mixed-use rental developments is not financially feasible in the current market.

What can the Muni do to accommodate expected future housing demand?

Source: Anchorage Housing Market Analysis (2012), pg 4
Anchorage needs more housing.

- We need housing that’s **affordable**, especially for people with limited resources, our young adults and elders.

  \[\textit{AND}\]

- We need housing that’s **attainable** for people who want to build a life here: our economy needs workers and families.

- **Affordable housing is usually subsidized**, often for target populations, uses public or philanthropic funding to build. Often relies on rental subsidies to operate, lowering the burden of a tenant’s rent.

- We must make **attainable housing feasible to build**.
Anchorage needs more housing.

Defining Attainable Housing

Housing options that are affordable and accessible to middle-income individuals and families are referred to as "attainable housing." Unlike "affordable housing," which is targeted to low-income individuals and families, attainable housing is targeted towards households with incomes at or near the areawide median. Attainable housing is economically feasible for a middle-income population, bridging the gap between high-priced market-rate residences and government-subsidized housing.

We don’t have enough condos, small-unit homes for sale (or the equivalent rental units). Many people don’t have real options in our housing market.

Average Housing Prices in 2022

- $456,000 to buy

Attainable Housing in 2022

- $264,800 (at 80% Areawide Median Income)
- $331,000 (at 100% Areawide Median Income)
- $397,200 (at 120% Areawide Median Income)

Source: ACDA, *Incentives for Market-Rate Attainable Development* (2023)
Zoning changes are a key part of the solution for more housing.

- Anchorage’s rewrite of Title 21 was adopted in the early 2010s, and went into effect in 2014.
- People with development projects could opt to use “old code” until December 31, 2015 – most did.
- Title 21 has been amended several times, but serious problems remain.
- The 2040 Land Use Plan (2017) includes policies for zoning changes to make housing production easier.
- The Assembly continues to work on several strategies to increase housing: multiple zoning changes are needed to make it easier to build.

Source: Planning Department, Housing White Paper (May 2023)
Zoning changes are a key part of the solution for more housing.

• Zoning is not the *only* factor that affects the feasibility of building or renovating housing...

**AND**

• It is a key part of our housing supply shortage, and in our local power to change:
  
  • Developers and planning professionals documented many issues with current Title 21: using real-life local projects, estimates found new code requirements added 10 to 20% to the cost.
  
  • Our current code has resulted in many projects that are impossible to build, economically infeasible, and leave properties unchanged.
  
  • Overly-complex code is difficult to understand, use for development projects, and administer by staff. This adds costs in design, permitting, and more burden on owners.
The HOME Initiative

The big picture policy (AO 2023-87 S)
Timeline: what’s happened so far, and what’s next?
What is the HOME Initiative?

Predictable Residential Development By-Right.

AO 2023-87 proposes *streamlined residential zoning*, based on the 2040 Land Use Plan’s land use designations.

Changes to be implemented through zoning: Title 21 in Municipal Code (AMC 21)
AO 2023-87(S)
- Introduced August 22, 2023
- Streamlines residential zoning districts from 15 to 5
- Details for each zone to be drafted early 2024
- Referred to PZC* in March, Assembly hearing June 11

PZC Case # 2024-0006
- Packet has original ordinance (87 S) & draft with details for each new zoning district
- Will hold work session, public hearing on March 18, 2024

New ordinance version of HOME
- Scheduled for Assembly agenda June 11, 2024
- Will include updates from PZC recommendations & other changes

Public engagement
Press release, mailing list, letter to FCC & councils, letters to other groups.

Community meetings, March - May

Project team works with zoning consultant, prepares draft ordinance. Shared packet with Planning staff 1/15/24

We are here!

* PZC = Planning and Zoning Commission. (more info at end of webinar)
HOME’s Guiding Principles

1. Uphold the 2040 Land Use Plan (LUP) by consolidating district types consistent with LUP Land Use Designations.

2. Make the code **shorter, simpler, and focused on** the intent of the Comprehensive Plan & 2040 LUP.

3. Set baseline dimensions & policies of new zones using the **least restrictive** current standards.

4. **Keep the good**, functional, low-cost parts of Title 21.

5. Adjust the code to be **more flexible** and **easier to update and administer**.
HOME helps implement Anchorage’s 2020 Comprehensive Plan.

Preferred Scenario: Urban Transition

Downtown, Midtown, and older in-town neighborhoods develop a more intensive urban character. Initiatives to foster more intense mixed-use development and neighborhood renewal in the northern half of the Bowl are introduced. Suburban/rural neighborhood character in South Anchorage is retained.

Excerpted Goals

Land Use & Transportation

General Land Use: A forward-looking approach to community growth and redevelopment.

Residential Uses: A variety of housing types and densities in safe, attractive neighborhoods that offer a choice of urban, suburban, and rural lifestyles that are appropriate for northern conditions and in harmony with our natural setting.

Design & Environment

Neighborhood Identity and Vitality: A variety of safe, pleasant, and distinctive neighborhoods responsive to the diverse needs of residents, with good access to schools, recreation, natural areas, and community facilities.

Housing: A balanced, diverse supply of affordable, quality housing, located in safe and livable neighborhoods with amenities and infrastructure, that reflects Anchorage’s varied social, cultural, and physical environment.

* R-2D appears in both land use designations. Sponsors discussing including in STFR, not CMRL
Zoning districts have many components.

**VARIABLE FRAMEWORK**

Every lot is unique, but building on your property doesn't have to be complicated. Compatible uses can be buildable by-right with clear variables that lay a strong foundation for building in the residential zone.

- Use Table
- Lot Coverage
- Set Backs
- Height
- Septic
- Slope
- Other

Residential Zone where by-right building is a simple equation
HOME’s Guiding Principles

1. Uphold the 2040 Land Use Plan (LUP) by consolidating district types consistent with LUP Land Use Designations.

2. Make the code **shorter, simpler, and focused on** the intent of the Comprehensive Plan & 2040 LUP.

3. Set baseline dimensions & policies of new zones using the **least restrictive** current standards.

4. **Keep the good**, functional, low-cost parts of Title 21.

5. Adjust the code to be **more flexible** and **easier to update and administer**.
Draft ordinance with details:
Sectional summary (1 of 3)

1. Section 1, AMC 21.01.050: Conforming change (zoning district names)
2. Section 2, AMC 21.03.160: Conforming change (district names)
3. Section 3, AMC 21.04: Defines new residential zoning districts
   - 21.04.020 B: Defines new STFR district; repeals R-1, R-1A, R-2A, R-2D*, R-5
   - 21.04.020 C: Defines new CMRL district; repeals R-2D*, R-2M
   - 21.04.020 D: Defines new CMRM district; repeals R-3, R-3A (language relocated)
   - 21.04.020 E: Defines new URH district; repeals R-4, R-4A (language relocated)
   - 21.04.020 F: Defines new LLR district; repeals R-6, R-7, R-8, R-9, R-10 (language relocated)
   - 21.04.030 Commercial districts: Conforming change (district names)
4. Section 4, AMC 21.05: Updates use table with new districts, removes some standards for R-5 district, mobile homes, hotels, and hostels

* R-2D appears in both land use designations. Sponsors discussing including in STFR, not CMRL
5. Section 5, AMC 21.06: Updates dimensional standards table for each district (details in each table); conforming changes (district names)

6. Section 6, AMC 21.07: Relocates language from some sections into appropriate chapter, Design Standards

- 21.07.020 C: Steep slope regulations, applied to any property with steep slopes and additional protections for LLR district (relocated from language defined in district R-10)
- 21.07.030 B: Conforming change (district names)
- 21.07.060 E: Conforming change (district names)
- 21.07.070: Bonus provisions to increase housing density relocated from sections of R-3A and R-4A, and re-organized for clarity.
- 21.07.080: Conforming change (district names)
- 21.07.090: Conforming change (district names)
- 21.07.110 F: Allows multiple structures (“detached duplex”) in all districts
- 21.07.110 H: Conforming change (district names)
Draft ordinance with details:
Sectional summary (3 of 3)

- Section 7, AMC 21.08.030: Allows “detached duplex” in cluster housing
- Section 8, AMC 21.10 (+Section 11): Preserves existing zones in Girdwood, Chugiak-Eagle River
- Section 9, AMC 21.12.060: Conforming change (district names)
- Section 10, AMC 21.13.050: Addresses legal nonconformity of existing lots upon passage.
- Section X (draft): Effective date, immediate upon passage.

A note about effective dates:

As currently written, AO 2023-87(S) is “effective upon passage.” A previous version proposed Jan. 1, 2024 and Jan. 1, 2025 effective dates for different zones. This was removed in the S version in August 2023.

The sponsors are considering staggered effective dates, especially taking more time on implementation of LLR (Large Lot Residential).
New Residential Zoning District – Single and Two Family Residential

Single and Two Family Residential (STFR)

“Purpose: Intended primarily for residential development with up to eight (8) dwelling units per acre. These areas generally have well-developed infrastructure and municipal services.”

Replaces:
• R-1 – Single Family Residential
• R-1A – Single Family Residential (Larger Lot)
• R-2 – Two-Family Residential (Larger Lot)
• R-5 – Low Density Residential
• R-2D* – Two-Family Residential

New Residential Zoning District – Urban Residential - High

**Urban Residential-High (URH)**

“Purpose: Intended primarily for residential development of at least 49 dwelling units per acre, with some limited non-residential uses for mixed use developments. These areas shall generally have well-developed infrastructure and municipal services.

*District Location Requirements:*
Areas designated or allowing R-4 or R-4A in Land Use Plan Map, or corresponding designation in a neighborhood or district plan.”

**Replaces:**
- R-4
- R-4A

**Anchorage 2040 Land Use Plan**
LUP Designation: Urban Residential-High
R-4, R-4A in Mixed-use areas

Large Lot Residential (LLR)
The LLR district is intended primarily for single- and two-family residential areas with gross densities of one housing unit or less per gross acre, and up to three dwelling units per acre in areas designated by approved district plans.

Replaces:
• R-6 – Low-Density Residential
• R-7 – Single-Family Residential (½ Acre)
• R-8 – Low-Density Residential (4 Acres)
• R-9 – Low-Density Residential (2 Acres)
• R-10 – Low-Density Residential, Alpine/Slope

Public process and engagement

Upcoming Planning and Zoning Commission hearing
Providing feedback & comments
Community presentations and meetings
Engage in the Public Process

Planning and Zoning Commission
Monday, March 18, 2024 | Loussac Library, 3600 Denali St.
5:30 - 6:30 pm  Work session with PZC and sponsors
6:30 pm  Meeting and public hearing for HOME
          (AO 2023-87(S) and packet)

Community Council Meetings
Sponsors have requested time on a Federation of Community Councils spring agenda, and to individual councils.

Request a HOME presentation & meeting!
We want to talk about HOME with you!
E-mail sponsors and Legislative Services to schedule.
Engage in the Public Process

Find and download a copy of HOME (full packet)

The PZC case number for this ordinance is 2024-0006. Link: https://www.muni.org/CityViewPortal/Planning/Status?planningId=17913
You can download the full packet here as a PDF.

Submit comments on HOME!

Public hearing is before the Planning and Zoning Commission on March 18. Testify in person, or send written comments to:

Online: https://www.muni.org/PZComments/?casenum=2024-0006
Email staff: Tom Davis, tom.davis@anchorageak.gov

Public Engagement Resources

Assembly Focus on Housing (webpage)
Check here for updates on the HOME Initiative, and other housing policy work by the Assembly!
https://www.muni.org/Departments/Assembly/Pages/FOCUS-Housing.aspx

We are collecting questions and will post FAQs.
Please submit questions in today’s webinar, e-mail the sponsors and Legislative Services staff, and bring your questions to our community meetings. We will prepare and update a Frequently Asked Questions (FAQ) list.

(For any zoning advice about your own property or specific situation, please contact Planning staff for a consultation.)
Q&A

Please put your questions in the chat. We will answer a few questions today, time permitting, and will post an FAQ.
Thank you!

Find the HOME Initiative packet online.

HOME helps implement Anchorage’s 2040 Land Use Plan.

**Goal 1: Plan for Growth and Livability**
Anchorage achieves residential and commercial growth, which improves community resiliency and citizens’ quality of life as it supports their vision for the future expressed in the Comprehensive Plan.

**LUP 1.4.** Use the 2040 LUP and area-specific plans in conjunction with other elements of the Comprehensive Plan to determine appropriate zoning in the Bowl, and evaluate proposed changes to land use regulations. (Supersedes Anchorage 2020: Policy 4).

**LUP 1.8.** Engage Anchorage residents, businesses, and property owners in a predictable and transparent process leading to the adoption of plans that guide growth. Engage affected communities when making long-term land use decisions, with particular attention to communities that are historically underrepresented.

**LUP 4.2.** Allow and encourage innovative compact housing types and a variety of housing options that respond to changing preferences.

**LUP 4.3.** Promote balanced neighborhoods with diverse infill housing, and provide opportunities for development of affordable and accessible housing that avoids creating areas of concentrated low-income housing.

**LUP 4.4.** Encourage property owners to preserve, rehabilitate, or redevelop properties in ways that minimize housing displacement and maintain affordability, health, and safety for residents.

**Goal 2: Infill and Redevelopment**
Infill and redevelopment meet the housing and employment needs of residents and businesses in Anchorage.

**Goal 4: Neighborhood Housing**
Anchorage’s neighborhoods provide a range of places to live, meeting the housing needs of residents at all income levels, household sizes, interests, ages, abilities, and races and ethnicities.

**LUP 2.3.** Remove barriers to desired infill development and incorporate flexibility in development requirements to promote adaptive reuse of older buildings and compact infill/redevelopment, including that which reflects traditional urban neighborhood design contexts.

- 4-10: Amend Title 21 to reduce restrictions that currently deter construction of compact housing types; and expand provisions that allow for compact housing types, including small-lot housing, cottage houses with shared courtyards, townhouses, and small-scale garden apartments. Determine appropriate measures through a meaningful, collaborative public process and make subject to site development standards including standards for neighborhood compatibility.
