muni.works.ak Meet Your New Assembly Members!

Anchorage has a fresh legislative body—and now's the perfect time to get to know the people who represent you!

Why is it important to know your members?

Because your voice helps shape how the Assembly works to improve the community we all call home.

Every neighborhood in the Municipality of Anchorage is represented on the Anchorage Assembly.

With members elected by you and your neighbors, the Assembly writes local laws and approves funding for key city services—from libraries and parks to public safety and road maintenance.

How Do I Clean Up Safely?

Wear gloves while picking up trash and a high-visibility safety vest if cleaning near roads or intersections.

Bring a sturdy plastic container if collecting sharps like used needles. Acceptable options include:

Medical sharps containers (available at some pharmacies)

Thick plastic jugs (e.g. detergent, kitty litter, shampoo) — avoid thin water bottles

Here's a filer from the state health department on safe needle disposal.  
[health.alaska.gov](https://health.alaska.gov)

Be aware of private property boundaries and ask permission before cleaning those areas.

Where to Start:

Your own neighborhood or around your workplace

Local parks, trails, and greenbelts

High-traffic areas (only if safely equipped with visibility gear)

Let's work together to keep Anchorage clean and beautiful—one bag, one neighborhood at a time!

muni.works.ak When it comes to crisis care in Anchorage, we've got options and that's by design.

Under Mayor LaFrance's leadership, the Municipality is working to build a public safety system that sends the right help, at the right time, to the right people.

Whether it's a mental health concern, a substance use issue, a medical emergency, or someone in need of connection to services we're creating a coordinated response that meets people where they are.

This system includes multiple departments and community partners, from the Anchorage Fire Department @anchoragefiredept, Health Department @anpublichealth, and Police Department @anchoragepolice to pre-trial diversion programs and outreach teams.

Together, they're offering compassionate, specialized care that goes beyond traditional emergency response.

If you see someone in crisis and aren't sure who to call start with 3-1-1. Our teams will take it from there.

muni.works.ak We hope everyone is enjoying Juneteenth, which is a state and federal holiday in Alaska. This is the perfect day to celebrate 🌟

Last weekend, Mayor LaFrance and our Chief Equity Officer, Kim Walker, joined thousands of others on the Park Strip to celebrate Juneteenth a day that marks June 19, 1865, when the last enslaved African Americans in the U.S. were informed of their freedom, more than two years after the Emancipation Proclamation.

Today, the Juneteenth flag is flying at City Hall for the first time, honoring this important moment in American history.

This Spenard 2nd Saturday History talk is brought in partnership with the celebration of the 50th Anniversary of the "Munification" of Anchorage.

In 1975, the City of Anchorage and the Greater Anchorage Area Borough united into what we now know as the Municipality of Anchorage (MOA). Fifty years later, we're still better together. #moa50
