Section 2. The sum of not to exceed Four Hundred Twenty-Six Million Seven Hundred Forty Thousand Dollars (\$426,740,000) shall be borrowed by, for and on behalf of the Municipality for the aforesaid school capital improvements and shall be evidenced by the issuance of general obligation bonds of the Municipality. The bond proceeds shall be used only for capital improvements and costs of issuance of the bonds. The full faith and credit of the Municipality is pledged for the payment of the principal of and interest on the bonds, and ad valorem taxes upon all taxable property in the Municipality shall be levied without limitation as to rate or amount to pay the principal of and interest on the bonds when due.

Section 3. An election is to be held on April 20, 1999, in and for the Municipality of Anchorage, for the purpose of submitting a general obligation bond proposition to the qualified voters of the Municipality for approval or rejection. The proposition must receive a majority vote of those in the Municipality voting on the question to be approved. The proposition shall be substantially in the following form:

SUMMARY

This bond proposition authorizes Anchorage to issue general obligation bonds in an amount not to exceed \$426,740,000 for educational capital improvements. Voter authorization permits Anchorage to issue general obligation bonds in the principal amount of (i) \$169,150,000 in year 1999, (ii) \$86,190,000 in year 2000, (iii) \$95,535,000 in year 2001, and (iv) \$75,865,000 in year 2002. If the bonds are not issued in the designated year, such bonds may be issued at a later date. Approval of this bond proposition also permits Anchorage to raise the Municipal Tax Cap to pay for operations and maintenance costs related to the educational capital improvement projects.

Anchorage will issue bonds to finance the "Reimbursement Projects," as shown in the ballot proposition below, only if such "Reimbursement Projects" will qualify under the State of Alaska's program for debt reimbursement, which provides for payment of a percentage of the principal and interest on the bonds issued. Actual

payment for debt reimbursement from the State of Alaska is subject to annual legislative appropriations.
