Clerk's Office	AMENDED AND APPROVED
Submitted by:	4-11-99 Reconsidered
Chairman of the Assembly at the	Date: 4-11-99
Request of the Planning and	Amended p. 26 and Approved
Zoning Commission	
Prepared by:	ANCΗORΑGE, ALASKA
Community Planning and	AO 99-62
Development	For Reading
APR 11 1999	1999

telecommunication and broadcast facility development;

- 2 B. Insure against the creation of visual blight within or along the Anchorage's scenic corridors and
3 ridgelines;
- 4 C. Retain local responsibility for and control over telecommunication and broadcast facilities to
5 protect nearby properties.
- 6 D. Insure that a competitive and broad range of telecommunications and broadcast services and
7 high quality telecommunications infrastructure are provided to serve the general public and the
8 business community;
- 9 E. Create and preserve telecommunication and broadcast facilities that will serve as an important
10 and effective part of Anchorage's emergency response network;
- 12 F. Simplify the process for obtaining necessary permits for telecommunication and broadcast
13 facilities while at the same time protecting the legitimate interests of Anchorage citizens.
- 14 G. Encourage low-impact development of wireless communication facilities by prioritizing site
15 selection options promoting collocation and location of new support structures in non-residential
16 areas or with non-residential facilities wherever feasible.

16 **THE ANCHORAGE ASSEMBLY ORDAINS:**

17 **Section 1.** That the Anchorage Municipal Code is hereby amended by adding a section, to be
18 numbered 21.15.065, which section reads as follows:

9 **21.15.065 Administrative permit.**

- 20 A. It shall be a violation of law for any person to engage in a land use for which an administrative
21 permit is required by this title without first obtaining such a permit.
- 22 B. The administrative official may promulgate regulations to implement this section, as provided
23 in chapter 3.40.

24 _____ That Subsection 21.35.020 (Definitions) of the Municipal Code is hereby amended to read
25 as follows:

26 **21.35.020 Definitions and rules of construction**

- 27 A. No change.
- 28 B. The following words, terms and phrases, when used in this title, shall have the meanings ascribed
29 to them in this section, except where the context clearly indicates a different meaning:

30

31 **[¹TRANSMISSION TOWER MEANS ANY STRUCTURE, EXCEPTING ACCESSORY AMATEUR
32 AND CB RADIO USE, DESIGNED TO SUPPORT BROADCASTING, REPEATING,
33 REFLECTING OR RECEIVING ANTENNAS OF ANY TYPE. TRANSMISSION TOWER
34 HEIGHT, FOR TOWERS NOT ATTACHED TO BUILDINGS, SHALL BE DETERMINED BY
35 MEASUREMENT FROM GRADE TO THE HIGHEST POINT ON THE TOWER, INCLUDING**

2 ANY INSTALLED ANTENNAS AND LIGHTING. TRANSMISSION TOWER HEIGHT, FOR
3 TOWERS ATTACHED TO BUILDINGS, SHALL BE MEASURED FROM THE TOP OF THE
4 RIDGE LINE OR PARAPET TO THE HIGHEST POINT ON THE TOWER, INCLUDING ANY
INSTALLED ANTENNAS AND LIGHTING.]

5 *Antenna or antenna array means any exterior transmitting or receiving device mounted on a*
6 *tower, building or structure and used in communications that radiate or capture electromagnetic*
7 *waves, digital signals, analog signals, radio frequencies (excluding radar signals), amplitude*
8 *modulation arrays, wireless telecommunications signals or other communication signals.*

9 *Antennas, preexisting and preexisting towers means any tower or antenna for which a building*
10 *permit or conditional use permit has been properly issued prior to [the effective date of this*
11 *ordinance], including permitted towers or antennas that have not yet been constructed so long as*
12 *such approval is current and not expired.*

13 *Collocation means the location of antennas on existing structures, including but not limited to*
14 *towers occupied by another provider, buildings, water towers, utility substations, utility poles and*
15 *church steeples.*

16 *Tower, amateur radio means an antenna and structure of any type used exclusively by a licensed*
17 *amateur operator which are part of federally licensed amateur radio station for radio-*
18 *communication for the purpose of self-training, intercommunication and technical investigations*
19 *carried out by amateurs solely with a personal aim and without pecuniary interest.*

20 *Tower, community interest, means any structure principally designed to support an antenna(s)*
21 *where the height of the structure exceeds 100 feet from grade to the top of any antennas for a*
22 *structure attached to the ground or 100 feet from the roof line to the top of any antennas for a*
23 *tower attached to a building.*

24 *Tower, local interest, means any structure principally designed to support antennas not defined as*
25 *a community interest tower.*

26 *Tower structures are classified as follows:*

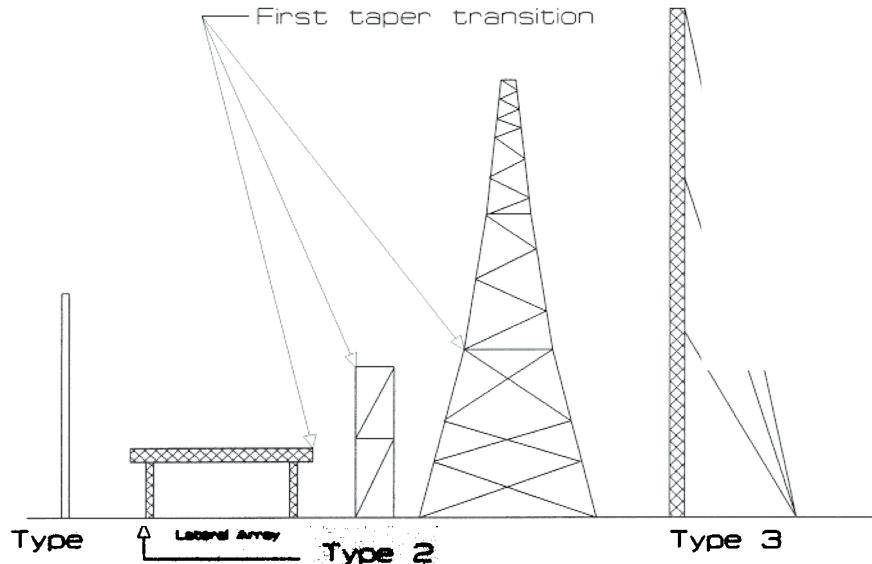

27 *Type 1 means a free standing vertical support structure of cylindrical, conical, or*
28 *rectangular cross section constructed of composite, wood, concrete, or metal employed*
29 *primarily for the purpose of supporting an antenna array and commonly called a*
30 *monopole.*

32 *Type 2 means a free standing vertical support structure of open frame skeletal design*
33 *employed primarily for the purpose of supporting an antenna array and commonly called*
a lattice tower. This type tower includes lateral arrays.

34 *Type 3 means a guyed vertical support structure of open frame, skeletal design or solid*
35 *pole design employed primarily for the purpose of supporting an antenna array and*
36 *commonly called a guyed tower.*

37 *Type 4 means a support structure, such as an existing building, steeple, spire or utility*
38 *pole that is not a type 1, 2 or 3 and is used for supporting a disguised, camouflaged, or*
39 *hidden antenna array so that its principal or secondary function as an antenna and*
40 *antenna support structure is imperceptible to an uneducated eye. The antennas are*
41 *mounted on the support structure so that they are located and designed to minimize*
42 *visual and aesthetic impacts to surrounding land uses and structures and shall, to the*

greatest extent practical, blend into the existing environment. This definition shall include any antenna or antenna array complying with the objective of definition whether it is mounted on tower structure or not.

Tower site means a, lot, tract or an aggregate of abutting lots and tracts that has been planned and coordinated for development with separate community interest towers and/or local interest towers in any combination including subordinate and related equipment and buildings in accordance with the applicable zoning district as a principal or conditional use.

Section 3. That Subsection 21.40.020(PLI) of the Municipal Code is hereby amended to read as follows:

21.40.020 PLI public lands and institutions district.

The following statement of intent and use regulations shall apply in the PLI district:

A. No change.

B. *Permitted principal uses and structures.* Permitted principal uses and structures are as follows:

C. 16. antennas without tower structures, type 1, 2, 3, community interest and local interest towers and type 4 tower structures as specified in the supplementary district regulations.

D. *Permitted accessory uses and structures.* Permitted accessory uses and structures are as follows:

- 2 4. antennas without tower structures, type 1, 2, 3, community interest and local
3 interest towers and type 4 tower structures as specified in the supplementary
 district regulations.

4 D. *Conditional uses.* Subject to the requirements of the conditional use standards and
5 procedures of this title, the following uses may be permitted:

- 6 1. Natural resource extraction, except for placer mining operations, on tracts of not
7 less than five acres.
- 8 2. community interest and local interest towers that do not meet the supplementary
9 district regulations for a permitted or accessory use [RADIO, MICROWAVE OR
10 SATELLITE DISHES OR TELEVISION TRANSMISSION TOWERS NOT PART
11 OF A PRINCIPAL PERMITTED STRUCTURE.]

12

13 Section 4. That Subsection 21.40.030 (R-1, R-1A) of the Municipal Code is hereby amended to read
14 as follows:

15 21.40.030 R-1 and R-1A single-family residential districts.

16

17 The following statement of intent and use regulations shall apply in the R-1 and R-1A districts:

18 A. No change.

19

20 B. *Permitted principal uses and structures.* Permitted principal uses and structures are as
21 follows:

22

23

24 8. With a permitted non-residential use as a secondary and subordinate use and as
25 specified in the supplementary district regulations, antennas without tower
26 structures, type 1, 3, local interest towers and type 4 tower structures and
27 antennas. [ONE TRANSMISSION TOWER LESS THAN 75 FEET IN HEIGHT.]

28 C. *Permitted accessory uses and structures.* Permitted accessory uses and structures are
29 as follows:

30

31 No change.

32

33 D. *Conditional uses.* Subject to the requirements of the conditional use standards and
 procedures of this title, the following uses may be permitted:

34

35 12. roof mounted satellite dishes greater than 1 meter in diameter on residential
36 structures or structures accessory to a residential use (except satellite dishes
37 up to two meters in diameter may be used until December 31, 2002.). [ONE
 TRANSMISSION TOWER 75 FEET IN HEIGHT OR GREATER.]

38 13. snow disposal site.

33	B.	Permitted principal uses and structures. Permitted principal uses and structures are as
32	A.	No change.
31		The following statement of intent and use regulations shall apply in the R-2M district:
30		21.40.045 R-2M multiple-family residential district.
29	Section 6.	That Subsection 21.40.045 (R-2M) of the Municipal Code is hereby amended to read as follows:
28		Community interest and local interest towers that do not meet the supplementary district regulations.
27	14.	Community interest and local interest towers that do not meet the supplementary district regulations.
26	13.	snow disposal site.
25		TRANSMISSION TOWER 75 FEET IN HEIGHT OR GREATER.] up to two meters in diameter may be used until December 31, 2002]. [ONE
24	12	roof mounted satellite dishes greater than 1 meter in diameter on residential
23		structures or structures accessory to a residential use (except satellite dishes
22		subject to the requirements of the conditional use standards and
21		procedures of this title, the following uses may be permitted:
20	D.	Conditional uses. Subject to the requirements of the conditional use standards and
19		No change
18	C.	Permitted accessory uses and structures. Permitted accessory uses and structures are as follows:
17		No change
16		With a permitted non-residential use as a secondary and subordinate use and as
15	9.	antennas. [ONE TRANSMISSION TOWER LESS THAN 75 FEET IN HEIGHT.] structures, type 1, 3, local interest towers and type 4 tower structures and
14		specified in the supplementary district regulations, antennas without tower
13		structures, type 1, 3, local interest towers and type 4 tower structures and
12		antennas. [ONE TRANSMISSION TOWER LESS THAN 75 FEET IN HEIGHT.]
11		Permitted principal uses and structures. Permitted principal uses and structures are as
10		follows:
9	B.	Permitted principal uses and structures. Permitted principal uses and structures are as
8		No change.
7		The following statement of intent and use regulations shall apply in all R-2A and R-2D districts:
6		21.40.040 R-2A two-family residential district (large lot); R-2D two-family residential district.
5.	Section 5.	That Subsection 21.40.040 (R-2A, R-2D) of the Municipal Code is hereby amended to read as follows:
4.		Community interest and local interest towers that do not meet the supplementary district regulations.

follows:

2

- 11** With a permitted non-residential use as a secondary and subordinate use and as specified in the supplementary district regulations, antennas without tower structures, type 1, 3, local interest towers and type 4 tower structures and antennas. [ONE TRANSMISSION TOWER LESS THAN 75 FEET IN HEIGHT.]

7
8

- C. Permitted accessory uses and structures.** Permitted accessory uses and structures are as follows:

9

No change

10
11

- D. Conditional uses. Subject to the requirements of the conditional use standards and procedures of this title, the following uses may be permitted:

12

- 14. roof mounted satellite dishes greater than 1 meter in diameter on residential structures or structures accessory to a residential use (except satellite dishes up to two meters in diameter may be used until December 31, 2002). [ONE TRANSMISSION TOWER 75 FEET IN HEIGHT OR GREATER.]**

7

- 15. snow disposal site**

18

19

- 16. Community interest and local interest towers that do not meet the supplementary district regulations.**

Section 7.

- That Subsection 21.40.050 (R-3) of the Municipal Code is hereby amended to read as**

22 21.40.050 R-3 multiple-family residential district.

23 The following statement of intent and use regulations shall apply in the R-3 district:

24

- A. No change.**

25

- B. Permitted principal uses and structures.** Permitted principal uses and structures are as follows:

27

- 11** With a permitted non-residential use or residential use of 6 dwelling units or more as a secondary and subordinate use and as specified in the supplementary district regulations, antennas without tower structures, type 1, 3, local interest towers and type 4 tower structures and antennas. [ONE TRANSMISSION TOWER LESS THAN 75 FEET IN HEIGHT.]

33

- C. Permitted accessory uses and structures.** Permitted accessory uses and structures are as follows:

No change

- 2 D. *Conditional uses.* Subject to the requirements of the conditional use standards and
3 procedures of this title, the following uses may be permitted:

- 4 15. roof mounted satellite dishes greater than 1 meter in diameter on residential
5 structures or structures accessory to a residential use (except satellite dishes
6 up to two meters in diameter may be used until December 31, 2002). [ONE
7 TRANSMISSION TOWER 75 FEET IN HEIGHT OR GREATER.]
- 8 17. snow disposal site
- 9 18. Community interest and local interest towers that do not meet the supplementary
10 district regulations.

12 Section 8. That Subsection 21.40.060 (R-4) of the Municipal Code is hereby amended to read as
13 follows:

14 21.40.060 R-4 multiple-family residential district.

15 The following statement of intent and use regulations shall apply in the R-4 district:

- 16 A. No change.

- 17 B. *Permitted principal uses and structures.* Permitted principal uses and structures are as
18 follows:

- 19 13. With a permitted non-residential use or residential use of 6 dwelling units or more
20 as a secondary and subordinate use and as specified in the supplementary
21 district regulations, antennas without tower structures, type 1, 3, local interest
22 towers and type 4 tower structures and antennas. [ONE TRANSMISSION
23 TOWER LESS THAN 75 FEET IN HEIGHT.]

- 24 C. *Permitted accessory uses and structures.* Permitted accessory uses and structures are
25 as follows:

26 No change

- 27 D. *Conditional uses.* Subject to the requirements of the conditional use standards and
28 procedures of this title, the following uses may be permitted:

- 30 14. roof mounted satellite dishes greater than 1 meter in diameter on residential
31 structures or structures accessory to a residential use (except satellite dishes
32 up to two meters in diameter may be used until December 31, 2002). [ONE
33 TRANSMISSION TOWER 75 FEET IN HEIGHT OR GREATER.]

- 34 15. snow disposal site.

- 35 16. Community interest and local interest towers that do not meet the supplementary

2	<u>Section 9.</u>	That Subsection 21.40.070 (R-5, R-5A) of the Municipal Code is hereby amended to read as follows:
4	21.40.070 R-5 rural residential district; R-5A, rural residential district (large lot).	The following statement of intent and use regulations shall apply in the R-5 and R-5A district:
5	B.	Permitted principal uses and structures. Permitted principal uses and structures are as follows:
6	A.	No change.
7	B.	Permitted principal uses and structures. Permitted principal uses and structures are as follows:
8	C.	Permitted accessory uses and structures. Permitted accessory uses and structures are as follows:
9	D.	Conditional uses. Subject to the requirements of the conditional use standards and procedures of this title, the following uses may be permitted:
10	10.	With a permitted non-residential use or residential use of 6 dwelling units or more as a secondary and subordinate use and as specified in the supplemental regulatory district regulations, antennas without tower structures, type 1, 3, local interest towers and type 4 tower structures and antennas. [ONE TRANSMISSION TOWER LESS THAN 75 FEET IN HEIGHT.]
11	11.	as follows:
12	12.	as a secondary and subordinate use and as specified in the supplemental regulatory district regulations, antennas without tower structures, type 1, 3, local interest towers and type 4 tower structures and antennas. [ONE TRANSMISSION TOWER LESS THAN 75 FEET IN HEIGHT.]

31	32.	The following statement of intent and use regulations shall apply in the R-6 district:
32	33.	A.
33		B.

follows:

2

- 3 7. With a permitted non-residential use as a secondary and subordinate use and as
4 specified in the supplementary district regulations, antennas without tower
5 structures, type 1, 3, local interest towers and type 4 tower structures and
6 antennas. [ONE TRANSMISSION TOWER LESS THAN 75 FEET IN HEIGHT.]

- 7 C. *Permitted accessory uses and structures.* Permitted accessory uses and structures are
8 as follows:

9 No change

- 10 D. *Conditional uses.* Subject to the requirements of the conditional use standards and
11 procedures of this title, the following uses may be permitted:

12

- 13 10. roof mounted satellite dishes greater than 1 meter in diameter on residential
14 structures or structures accessory to a residential use (except satellite dishes
15 up to two meters in diameter may be used until December 31, 2002). [ONE
16 TRANSMISSION TOWER 75 FEET IN HEIGHT OR GREATER.]

- 7 11. snow disposal site.

- 18 12. Community interest and local interest towers that do not meet the supplementary
19 district regulations.

20 Section 11. That Subsection 21.40.090 (R-7) of the Municipal Code is hereby amended to read as
21 follows:

22 21.40.090 R-7 intermediate rural residential district.

23 The following statement of intent and use regulations shall apply in the R-7 district:

24 A. No change.

25 B. *Permitted principal uses and structures.* Permitted principal uses and structures are as
26 follows:

27

- 28 7. With a permitted non-residential use as a secondary and subordinate use and as
29 specified in the supplementary district regulations, antennas without tower
30 structures, type 1, 3, local interest towers and type 4 tower structures and
31 antennas. [ONE TRANSMISSION TOWER LESS THAN 75 FEET IN HEIGHT.]

- 33 C. *Permitted accessory uses and structures.* Permitted accessory uses and structures are
34 as follows:

34 No change

- 2 D. *Conditional uses.* Subject to the requirements of the conditional use standards and
procedures of this title, the following uses may be permitted:

3
4 11. roof mounted satellite dishes greater than 1 meter in diameter on residential
structures or structures accessory to a residential use (except satellite dishes
up to two meters in diameter may be used until December 31, 2002). [ONE
5 TRANSMISSION TOWER 75 FEET IN HEIGHT OR GREATER.]
6
7

8 13. snow disposal site.

9 14. Community interest and local interest towers that do not meet the supplementary
district regulations.

10 11. Section 12. That Subsection 21.40.100 (R-8) of the Municipal Code is hereby amended to read as
12 follows:

13 21.40.100 R-8 rural residential district (large lot).

14 The following statement of intent and use regulations shall apply in the R-8 district:

15 A. No change.

16 B. *Permitted principal uses and structures.* Permitted principal uses and structures are as
17 follows:

18

19 4. With a permitted non-residential use as a secondary and subordinate use and as
specified in the supplementary district regulations, antennas without tower
structures, type 1, 3, local interest towers and type 4 tower structures and
antennas. [ONE TRANSMISSION TOWER LESS THAN 75 FEET IN HEIGHT.]
20
21
22

23 C. *Permitted accessory uses and structures.* Permitted accessory uses and structures are
24 as follows:

25 No change

26 D. *Conditional uses.* Subject to the requirements of the conditional use standards and
27 procedures of this title, the following uses may be permitted:

28

29 9. roof mounted satellite dishes greater than 1 meter in diameter on residential
structures or structures accessory to a residential use (except satellite dishes
up to two meters in diameter may be used until December 31, 2002). [ONE
30 TRANSMISSION TOWER 75 FEET IN HEIGHT OR GREATER.]
31
32

33 10. Community interest and local interest towers that do not meet the supplementary
district regulations.

34 35. Section 13. That Subsection 21.40.110 (R-9) of the Municipal Code is hereby amended to read as

follows:

2 21.40.110 R-9 rural residential district.

3 The following statement of intent and use regulations shall apply in the R-9 district:

4 A. No change.

5 B. *Permitted principal uses and structures.* Permitted principal uses and structures are as
6 follows:

7

8 4. With a permitted non-residential use as a secondary and subordinate use and as
9 specified in the supplementary district regulations, antennas without tower
10 structures, type 1, 3, local interest towers and type 4 tower structures and
 antennas. [ONE TRANSMISSION TOWER LESS THAN 75 FEET IN HEIGHT.]

12 C. *Permitted accessory uses and structures.* Permitted accessory uses and structures are
13 as follows:

14 No change

15 D. *Conditional uses.* Subject to the requirements of the conditional use standards and
16 procedures of this title, the following uses may be permitted:

18 9. rooftop mounted satellite dishes greater than 1 meter in diameter on residential
19 structures or structures accessory to a residential use (except satellite dishes
20 up to two meters in diameter may be used until December 31, 2002). [ONE
21 TRANSMISSION TOWER 75 FEET IN HEIGHT OR GREATER.]

22 10. Community interest and local interest towers that do not meet the supplementary
23 district regulations.

24 Section 14. That Subsection 21.40.115 (R-10) of the Municipal Code is hereby amended to read as
25 follows:

26 21.40.115 R-10 residential alpine/slope district

27 The following statement of intent and use regulations shall apply in the R-10 district:

28 A. No change.

29 B. *Permitted principal uses and structures.* Permitted principal uses and structures are as
30 follows:

31

32 5. With a permitted non-residential use as a secondary and subordinate use and as
33 specified in the supplementary district regulations, antennas without tower

1 structures, type 1, 3, local interest towers and type 4 tower structures and
2 antennas. [ONE TRANSMISSION TOWER LESS THAN 75 FEET IN HEIGHT.]

- 3 C. *Permitted accessory uses and structures.* Permitted accessory uses and structures are
4 as follows:

5 No change

- 6 D. *Conditional uses.* Subject to the requirements of the conditional use standards and
7 procedures of this title, the following uses may be permitted:

8 5. roof mounted satellite dishes greater than 1 meter in diameter on residential
9 structures or structures accessory to a residential use (except satellite dishes
10 up to two meters in diameter may be used until December 31, 2002). [ONE
11 TRANSMISSION TOWER 75 FEET IN HEIGHT OR GREATER.]

12 6. Community interest and local interest towers that do not meet the supplementary
13 district regulations.

- 14 Section 15. That Subsection 21.40.117 (R-11) of the Municipal Code is hereby amended to read as
15 follows:

16 21.40.117 R-11 Turnagain Arm district

17 The following statement of intent and use regulations shall apply in the R-11 district:

- 18 A. No change.

- 19 B. *Permitted principal uses and structures.* Permitted principal uses and structures are as
20 follows:

21 4. One type 4 local interest tower and/or antenna(s) as specified in the
22 supplementary district regulations.

23 5. With a permitted non-residential use or residential use of 6 dwelling units or more
24 as a secondary and subordinate use and as specified in the supplementary
25 district regulations, antennas without tower structures, type 1, 3, local interest
26 towers and type 4 tower structures and antennas.

- 27 C. *Permitted accessory uses and structures.* Permitted accessory uses and structures are
28 as follows:

29 No change

- 30 D. *Conditional uses.* Subject to the requirements of the conditional use standards and
31 procedures of this title, the following uses may be permitted:

1 11 type 1, 2 and 3 community interest and local interest towers that do not meet the
2 supplementary district regulations for a permitted or accessory use; roof mounted
3 satellite dishes greater than 1 meter in diameter on residential structures or
4 structures accessory to a residential use (except satellite dishes up to two
5 meters in diameter may be used until December 31, 2002). [RADIO,
6 MICROWAVE AND TELEVISION TRANSMISSION TOWERS NOT PART OF A
7 PRINCIPAL PERMITTED STRUCTURE.]

8

9 Section 16. That Subsection 21.40.130 (R-O) of the Municipal Code is hereby amended to read as
10 follows:

11 21.40.130 R-O residential-office district

12 2 The following statement of intent and use regulations shall apply in the R-O district:

13 A. No change.

14 B. *Permitted principal uses and structures.* Permitted principal uses and structures are as
15 follows:

16

17 24. With a permitted non-residential use or residential use of 6 dwelling units or more
18 as a secondary and subordinate use and as specified in the supplementary
19 district regulations, antennas without tower structures, type 1, 3, local interest
20 towers and type 4 tower structures and antennas. [ONE TRANSMISSION
21 TOWER LESS THAN 75 FEET IN HEIGHT.]

22

23 C. *Permitted accessory uses and structures.* Permitted accessory uses and structures are
24 as follows:

25

26 6. antennas without tower structures, type 1, 3, local interest towers and type 4
27 tower structures and antennas as accessory uses to other than residential
28 structures of 6 dwelling units or less as specified in the supplementary district
29 regulations.

30 D. *Conditional uses.* Subject to the requirements of the conditional use standards and
31 procedures of this title, the following uses may be permitted:

32

33 8. type 1, 2 and 3 local interest towers that do not meet the supplementary district
34 regulations for a permitted or accessory use; roof mounted satellite dishes
35 greater than 1 meter in diameter on residential structures or structures accessory
36 to a residential use (except satellite dishes up to two meters in diameter may
37 be used until December 31, 2002). [ONE TRANSMISSION TOWER 75 FEET
38 IN HEIGHT OR GREATER.]

33	B.	Permitted principal uses and structures. Permitted principal uses and structures are as follows:
32	A.	No change.
31		The following statement of intent and use regulations shall apply in the B-1B district:
30		21.40.145 B-1B community business district
29		Section 18.
28		That Subsection 21.40.145 (B-1B) of the Municipal Code is hereby amended to read as follows:
27		FEET IN HEIGHT OR GREATER.]
26		regulations for a permitted or accessory use. [ONE TRANSMISSION TOWER 75
25	10.	Type 1, 2 and 3 local interest towers that do not meet the supplemental district
24		procedures of this title, the following uses may be permitted:

9.		That Subsection 21.40.140 (B-1A) of the Municipal Code is hereby amended to read as
8		The following statement of intent and use regulations shall apply in the B-1A district:
7		21.40.140 B-1A local and neighborhood business district
6	A.	No change.
5		The following statement of intent and use regulations shall apply in the B-1A district:
4		That Subsection 21.40.140 (B-1A) of the Municipal Code is hereby amended to read as follows:
3		9. snow disposal site.
2		Section 17.
1		That Subsection 21.40.140 (B-1A) of the Municipal Code is hereby amended to read as follows:

2	Follows:
4.	Other uses
5.	Antennas without tower structures, Type 1, 3, local interest towers and Type 4 tower structures and antennas as accessory uses to other than residential structures as specified in the supplementary district regulations. [ONE TRANSMISSION TOWER LESS THAN 75 FEET IN HEIGHT.]
6.	Type 4 tower structures and antennas as accessory uses to other than residential structures as specified in the supplementary district regulations. [ONE TRANSMISSION TOWER LESS THAN 75 FEET IN HEIGHT.]
7.	Permitted accessory uses and structures. Permitted accessory uses and structures are as follows:
8.	Antennas without tower structures, Type 1, 3, local interest towers and Type 4 tower structures and antennas as accessory uses to other than residential structures as specified in the supplementary district regulations. [ONE TRANSMISSION TOWER LESS THAN 75 FEET IN HEIGHT.]
9.	Permitted accessory uses and structures. Permitted accessory uses and structures are as follows:
10.	Antennas without tower structures, Type 1, 3, local interest towers and Type 4 tower structures and antennas as accessory uses to other than residential structures as specified in the supplementary district regulations. [ONE TRANSMISSION TOWER LESS THAN 75 FEET IN HEIGHT.]
11.	Antennas without tower structures, Type 1, 3, local interest towers and Type 4 tower structures and antennas as accessory uses to other than residential structures as specified in the supplementary district regulations. [ONE TRANSMISSION TOWER LESS THAN 75 FEET IN HEIGHT.]
12.	Antennas without tower structures, Type 1, 3, local interest towers and Type 4 tower structures and antennas as accessory uses to other than residential structures of 6 dwelling units or less as specified in the supplementary district regulations.
13.	Conventional uses. Subject to the requirements of the conventional use standards and procedures of this title, the following uses may be permitted:
14.	Antennas without tower structures, Type 1, 3, local interest towers and Type 4 tower structures and antennas as accessory uses to other than residential structures of 6 dwelling units or less as specified in the supplementary district regulations.
15.	That Subsection 21.40.150 (B-2A) of the Municipal Code is hereby amended to read as follows:
16.	Section 19. That Subsection 21.40.150 (B-2A) of the Municipal Code is hereby amended to read as follows:
17.	The following statement of intent and use regulations shall apply in the B-2A district:
18.	21.40.150 B-2A central business district core
19.	26. The following statement of intent and use regulations shall apply in the B-2A district:
20.	27. A No change.
21.	28. B. Permitted principal uses and structures. Permitted principal uses and structures are as follows:
22.	29. The following statement of intent and use regulations shall apply in the B-2A district:
23.	30. 26. The following statement of intent and use regulations shall apply in the B-2A district:
24.	31. 27. A No change.
25.	32. 28. B. Permitted principal uses and structures. Permitted principal uses and structures are as follows:
26.	33. 29. The following statement of intent and use regulations shall apply in the B-2A district:
27.	34. 30. 26. The following statement of intent and use regulations shall apply in the B-2A district:
28.	35. 31. 4. Other uses

2	C.	Permitted accessory uses and structures. Permitted accessory uses and structures are as follows:
3	D.	Conditioned uses. Subject to the requirements of the conditional use standards and procedures of this title, the following uses may be permitted:
4		3. antennas without tower structures, type 1, 2, 3, and 4 community interest and local interest towers as specified in the supplemental district regulations.
5	D.	Conditioned uses. Subject to the requirements of the conditional use standards and procedures of this title, the following uses may be permitted:
6		3. antennas without tower structures, type 1, 2, 3, and 4 community interest and local interest towers as specified in the supplemental district regulations.
7	D.	Conditioned uses. Subject to the requirements of the conditional use standards and procedures of this title, the following uses may be permitted:
8		3. antennas without tower structures, type 1, 2, 3, and 4 community interest and local interest towers as specified in the supplemental district regulations.
9		15. type 1, 2, 3, or 4 community interest and local interest towers that do not meet the supplemental district regulations for a permitted or accessory use [ONE TRANSMISSION TOWER 75 FEET IN HEIGHT OR GREATER.]
10		The following statement of intent and use regulations shall apply in the B-B district:
11		21.40.160 B-B central business district, intermediate
12		A. No change.
13		B. Permitted principal uses and structures. Permitted principal uses and structures are as follows:
14		That Subsection 21.40.160 (B-B) of the Municipal Code is hereby amended to read as follows:
15		21.40.160 B-B central business district, intermediate
16		The following statement of intent and use regulations shall apply in the B-B district:
17		20. A. No change.
18		B. Permitted principal uses and structures. Permitted principal uses and structures are as follows:
19		m. antennas without tower structures, type 1, 2, 3, and 4 community interest and local interest towers when collocated on a building as specified in the supplemental district regulations. [ONE TRANSMISSION LESS THAN 75 FEET IN HEIGHT.]
20		C. Permitted accessory uses and structures. Permitted accessory uses and structures are as follows:
21		3. Other uses
22		23. m. antennas without tower structures, type 1, 2, 3, and 4 community interest and local interest towers as specified in the supplemental district regulations. [ONE TRANSMISSION LESS THAN 75 FEET IN HEIGHT.]
23		D. Permitted accessory uses and structures. Permitted accessory uses and structures are as follows:
24		3. antennas without tower structures, type 1, 2, 3, and 4 community interest and local interest towers as specified in the supplemental district regulations. [ONE TRANSMISSION LESS THAN 75 FEET IN HEIGHT.]
25		C. Permitted accessory uses and structures. Permitted accessory uses and structures are as follows:
26		3. antennas without tower structures, type 1, 2, 3, and 4 community interest and local interest towers as specified in the supplemental district regulations. [ONE TRANSMISSION LESS THAN 75 FEET IN HEIGHT.]
27		D. Permitted accessory uses and structures. Permitted accessory uses and structures are as follows:
28		3. antennas without tower structures, type 1, 2, 3, and 4 community interest and local interest towers as specified in the supplemental district regulations. [ONE TRANSMISSION LESS THAN 75 FEET IN HEIGHT.]
29		C. Permitted accessory uses and structures. Permitted accessory uses and structures are as follows:
30		3. antennas without tower structures, type 1, 2, 3, and 4 community interest and local interest towers as specified in the supplemental district regulations. [ONE TRANSMISSION LESS THAN 75 FEET IN HEIGHT.]
31		D. Permitted accessory uses and structures. Permitted accessory uses and structures are as follows:
32		3. antennas without tower structures, type 1, 2, 3, and 4 community interest and local interest towers as specified in the supplemental district regulations. [ONE TRANSMISSION LESS THAN 75 FEET IN HEIGHT.]
33		D. Permitted accessory uses and structures. Permitted accessory uses and structures are as follows:

2 14. type 1, 2, 3, or 4 community interest and local interest towers that do not meet the
3 supplementary district regulations for a permitted or accessory use [ONE
4 TRANSMISSION TOWER 75 FEET IN HEIGHT OR GREATER.]

5

6 Section 21 That Subsection 21.40.170 (B-2C) of the Municipal Code is hereby amended to read as
7 follows:

8 21.40.170 B-2C central business district, periphery

9 The following statement of intent and use regulations shall apply in the B-2C district:

A. No change.

B. *Permitted principal uses and structures.* Permitted principal uses and structures are as follows:

13

3. Other uses

15 p. antennas without tower structures, type 1, 2, 3, and 4 community interest
16 and local interest towers when collocated on a building as specified in the
17 supplementary district regulations. [ONE TRANSMISSION LESS THAN
18 75 FEET IN HEIGHT.]

19 C. *Permitted accessory uses and structures.* Permitted accessory uses and structures are
20 as follows:

21

22 4. antennas without tower structures, type 1, 2, 3, and 4 community interest and
23 local interest towers as specified in the supplementary district regulations.

24 D. *Conditional uses.* Subject to the requirements of the conditional use standards and
25 procedures of this title, the following uses may be permitted:

26

27 16. type 1, 2, 3, or 4 community interest and local interest towers that do not meet the
28 supplementary district regulations for a permitted or accessory use [ONE
29 TRANSMISSION TOWER 75 FEET IN HEIGHT OR GREATER.]

30

31 Section 22. That Subsection 21.40.180 (B-3), of the Municipal Code is hereby amended to read as
32 follows:

33 21.40.180 B-3 general business district

- 1 The following statement of intent and use regulations shall apply in the B-3 district:
 - 2 A. No change.
 - 3 B. *Permitted principal uses and structures.* Permitted principal uses and structures are as follows:
 - 5
 - 6 3. Other uses

7 antennas without tower structures, type 1, 2, 3, and 4 community interest
8 and local interest towers as specified in the supplementary district
9 regulations. [ONE TRANSMISSION LESS THAN 75 FEET IN HEIGHT.]
 - 10 C. *Permitted accessory uses and structures.* Permitted accessory uses and structures are
11 as follows:
 - 12 1. Uses and structures customarily accessory and clearly incidental to permitted
13 principal uses and structures are permitted.
 - 14 2. antennas without tower structures, type 1, 2, 3, and 4 community interest and
15 local interest towers as specified in the supplementary district regulations.
 - 16 D. *Conditional uses.* Subject to the requirements of the conditional use standards and
17 procedures of this title, the following uses may be permitted:
 - 18
 - 19 9. type 1, 2, 3, or 4 community interest and local interest towers that do not meet the
20 supplementary district regulations for a permitted or accessory use [ONE
21 TRANSMISSION TOWER 75 FEET IN HEIGHT OR GREATER.]
- 22
- 23 Section 23. That Subsection 21.40.190 (B-4) of the Municipal Code is hereby amended to read as
24 follows:
 - 25 21.40.190 B-4 rural business district
 - 26 The following statement of intent and use regulations shall apply in the B-4 district:
 - 27 A. No change.
 - 28 B. *Permitted principal uses and structures.* Permitted principal uses and structures are as
29 follows:
 - 30
 - 31 2. Commercial-retail uses:
 - 32 ccc. antennas without tower structures, type 1, 2, 3, and 4 community interest
33 and local interest towers as specified in the supplementary district

regulations. [ONE TRANSMISSION LESS THAN 75 FEET IN HEIGHT.]

- 2 C. *Permitted accessory uses and structures.* Permitted accessory uses and structures are
3 as follows:

- 4
- 5 4. antennas without tower structures, type 1, 2, 3, and 4 community interest and
6 local interest towers as specified in the supplementary district regulations.

- 7
- 8 D. *Conditional uses.* Subject to the requirements of the conditional use standards and
9 procedures of this title, the following uses may be permitted:

- 10 8. type 1, 2, 3, or 4 community interest and local interest towers that do not meet the
11 supplementary district regulations for a permitted or accessory use [ONE
12 TRANSMISSION TOWER 75 FEET IN HEIGHT OR GREATER.]

13

14 Section 24. That Subsection 21.40.200 (I-1) of the Municipal Code is hereby amended to read as
15 follows:

16 21.40.200 I-1 light industrial district

17 The following statement of intent and use regulations shall apply in the I-1 district:

- 18 A. No change.

- 19 B. *Permitted principal uses and structures.* Permitted principal uses and structures are as
20 follows:

- 21 1. Commercial uses:

- 22 aaa. antennas without tower structures, type 1, 2, 3, and 4 community interest
23 and local interest [TRANSMISSION] towers as specified in the
24 supplementary district regulations.

- 25
- 26 C. *Permitted accessory uses and structures.* Permitted accessory uses and structures are
27 as follows:

- 28
- 29 3. antennas without tower structures, type 1, 2, 3, and 4 community interest and
30 local interest towers as specified in the supplementary district regulations.

- 31
- 32 D. *Conditional uses.* Subject to the requirements of the conditional use standards and
33 procedures of this title, the following uses may be permitted:

- 2 10. type 1, 2, 3, or 4 community interest and local interest towers that do not meet the
3 supplementary district regulations for a permitted or accessory use [ONE
 TRANSMISSION TOWER 75 FEET IN HEIGHT OR GREATER.]

4 Section 25. That Subsection 21.40.210 (I-2) of the Municipal Code is hereby amended to read as
5 follows:

6 **21.40.210 I-2 heavy industrial district**

7 The following statement of intent and use regulations shall apply in the I-2 district:

8 A. No change.

9 B. *Permitted principal uses and structures.* Any legal business, commercial, manufacturing
10 or industrial land use is permitted; provided, however, that residential uses, including
11 dwellings, roominghouses, boardinghouses or lodginghouses, apartment buildings, hotels
12 or motels are prohibited. No use shall be constructed or operated so as to cause
13 excessive noise, vibrations, smoke, dust or humidity, heat or glare at or beyond any
14 boundary of the I-2 district in which it is located. The term "excessive" is defined for the
15 purpose of this subsection as to a degree exceeding that caused in their customary
16 manner of operation by uses permitted in the district, or to a degree injurious to the public
17 health, welfare or convenience. Uses involving the retail sale, dispensing or service of
18 alcoholic beverages may be permitted by conditional use only. All antennas without
19 tower structures, type 1, 2, 3, and 4 community interest and local interest towers as
20 specified in supplementary district regulations.

21 C. *Permitted accessory uses and structures.* Permitted accessory uses and structures are
22 as follows:

- 23
- 24 3. antennas without tower structures, type 1, 2, 3, and 4 community interest and
25 local interest towers as specified in the supplementary district regulations.

26 D. *Conditional uses.* Subject to the requirements of the conditional use standards and
27 procedures of this title, the following uses may be permitted:

- 28
- 29 7. type 1, 2, 3, or 4 community interest and local interest towers that do not meet the
30 supplementary district regulations for a permitted or accessory use.

31 Section 26. That Subsection 21.40.220 (I-3) of the Municipal Code is hereby amended to read as
32 follows:

33 **21.40.220 I-3 rural industrial district**

34 The following statement of intent and use regulations shall apply in the I-2 district:

35 A. No change.

36 B. *Permitted principal uses and structures.* Any legal business, commercial, manufacturing
37 or industrial land use is permitted; provided, however, that residential uses, including

dwellings, roominghouses, boardinghouses or lodginghouses, apartment buildings, hotels or motels, are prohibited, and provided further that no use shall be constructed or operated so as to cause excessive noise, vibrations, smoke, dust or humidity, heat or glare at or beyond any boundary of the I-3 district in which it is located. The term "excessive" is defined for the purpose of this subsection as to a degree exceeding that caused in their customary manner of operation by uses permitted in the I-3 district, or to a degree injurious to the public health, safety, welfare or convenience. All antennas without tower structures, type 1, 2, 3, and 4 community interest and local interest towers as specified in supplementary district regulations.

- C. *Permitted accessory uses and structures.* Permitted accessory uses and structures are as follows:

3. antennas without tower structures, type 1, 2, 3, and 4 community interest and local interest towers as specified in the supplementary district regulations.

- D.** *Conditional uses.* Subject to the requirements of the conditional use standards and procedures of this title, the following uses may be permitted:

7. type 1, 2, 3, or 4 community interest and local interest towers that do not meet the supplementary district regulations for a permitted or accessory use.

- Section 27. That Subsection 21.40.230 (W) of the Municipal Code is hereby amended to read as follows:

21.40.230 W watershed district

The following statement of intent and use regulations shall apply in the W district:

- A. No change.

B. Permitted principal uses and structures. Permitted principal uses and structures are as follows:

8. type 1 2, 3 and 4 community interest and local interest towers as specified in the supplementary district regulations.

- Section 28.** That Subsection 21.40.240 (T) of the Municipal Code is hereby amended to read as follows:

21.40.240 T Transition District

The following statement of intent and use regulations shall apply in the T district:

- A. No Change.**

- 1 B. *Permitted principal uses and structures.* Residential, business, commercial, industrial,
2 public or quasi-public uses are permitted, except those prohibited uses specified in
3 subsection E of this section, and those permitted only by conditional use as specified in
4 subsection D of this section. All antennas without tower structures, type 1 and 4, local
5 interest towers as specified in supplementary district regulations.
- 6 C. *Permitted accessory uses and structures.* Accessory uses and structures customarily
7 incidental to any permitted principal use are permitted. All antennas without tower
8 structures, type 1, 3 and 4, local interest towers as specified in supplementary district
9 regulations.
- 10 D. *Conditional uses.* Subject to the requirements of the conditional use standards and
11 procedures of this title, the following uses may be permitted:

12

14 9. type 1, 2, 3, and 4, community interest and local interest towers that do not meet
15 the supplementary district regulations for a permitted or accessory use.

15 Section 29. That Subsection 21.40.260 (AF) of the Municipal Code is hereby amended to read as
16 follows:

7 **21.40.260 AF antenna farm district**

18 The following statement of intent and use regulations shall apply in the AF district:

- 19 A. No change.
- 20 B. *Permitted principal uses and structures.* Permitted principal uses and structures are as
21 follows: Type 1, 2, 3, and 4 community interest tower and local interest [TRANSMISSION]
22 towers, with a maximum of three per lot or tract, and a maximum of 200 [100] feet in
23 height.
- 24 D. *Conditional uses.* Subject to the requirements of the conditional use standards and
25 procedures of this title, the following uses may be permitted:

26 1. Community interest and local interest [TRANSMISSION] towers, more than three
27 per lot or tract.

28 2. Community interest and local interest [TRANSMISSION] towers greater than 200
29 [100] feet in height.

30 Section 30. That Subsection 21.40.270 (MC) of the Municipal Code is hereby amended to read as
31 follows:

32 **21.40.270 MC marine commercial district**

33 The following statement of intent and use regulations shall apply in the MC district:

- 34 A. No change.
- 35 B. No Change

2 C. *Permitted accessory uses and structures.* Permitted accessory uses and structures are
as follows:

3

4 3. antennas without tower structures, type 1, 2, 3, and 4 community interest and
5 local interest towers as specified in the supplementary district regulations.

6 Section 31. That Subsection 21.40.280 (MI) of the Municipal Code is hereby amended to read as
7 follows:

8 21.40.280 MI marine industrial district

9 The following statement of intent and use regulations shall apply in the MI district:

10 A. No change.

11 B. No change.

12 C. *Permitted accessory uses and structures.* Permitted accessory uses and structures are
13 as follows:

14

15 3. antennas without tower structures, type 1, 2, 3, and 4 community interest and
16 local interest towers as specified in the supplementary district regulations.

17 Section 32. That the Anchorage Municipal Code is hereby amended by adding a section, to be
18 numbered 21.45.263, which section reads as follows:

19 21.45.263 Amateur radio stations and receive only antennas

20 1. Amateur radio stations are exempt from the location, tower type, and height limitations
21 contained in this title provided:

- 22 a. the antenna and tower structure are part of a federally-licensed amateur radio
23 station, and
24 b. in residential zoning districts there is no use of the tower structure by a third party
25 commercial antenna operator.

26 2. Non-commercial receive only antennas are exempt from this title except for roof mounted
27 satellite dishes in residential districts as specified in this section. Roof mounted satellite
28 dishes greater than one meter in diameter in residential districts shall be only permitted
29 by conditional use.

30 3. Notwithstanding the above, any antenna or tower structure that is not operated for a
31 continuous period of twelve (12) months shall be considered abandoned, and the owner
32 of such antenna or tower structure shall remove the same within 180 days of receipt of
33 notice from the administrative official notifying the owner of such abandonment. Failure
34 to remove an abandoned antenna or tower structure within said 180 days shall be
35 grounds for the municipality to remove the tower structure or antenna at the owner's
36 expense.

- 2 4. Any antenna or tower structure erected under this section shall not exceed the height
3 limits set forth in chapter 21.65 of this title nor interfere with Federal Aviation
Administration Regulations on airport approaches.

4 Section 33. That Subsection 21.45.265 of the Municipal Code is hereby amended to read as follows:

5 21.45.265 Community and local interest [TRANSMISSION] towers.

6 A. General provisions [TRANSMISSION TOWERS AS A PERMITTED PRINCIPAL USE SHALL BE
7 SUBJECT TO THE FOLLOWING]:

- 8 1. The minimum distance from any lot line to the vertical axis of the [TRANSMISSION] tower
9 structure shall be as follows:

- 10 a. type 1 equal to or greater than the district yard minimums;
11 b. type 2 equal to or greater than the distance measured from grade to the first taper
12 transition;
13 c. type 3 equal to or greater than the distance measured from the tower structure
14 axis to the outermost guy wire anchor. The guy wire levels and anchor radius
15 must match manufacturer's criteria for the proposed application
16 d. Type 4 - none [EQUAL THE HEIGHT OF THE TRANSMISSION TOWER.

- 17 2. That portion of guy wire anchor structure that is above grade shall be set back from any
18 property line in accordance with the following:

- 19 a. guy wire with a nominal diameter of 0.25 inches or less -- 25 feet, provided the
20 setback may be reduced to 0 feet if the anchor structure is enclosed within a sight
21 obscuring fence.
22 b. guy wire with a nominal diameter greater than 0.25 inches but less than 0.625
23 inches -- 25 feet, provided the setback may be reduced to 5 feet if the anchor
24 structure is enclosed within a sight obscuring fence.
25 c. guy wire with a nominal diameter equal to or greater than 0.625 inches -- 25 feet.
26 [AT LEAST 25 FEET FROM ANY PROPERTY LINE.]

- 27 3. Tower structure height

- 28 a. Height for a tower structure directly fixed to the ground shall be determined by
29 measurement from grade to the highest point on the tower structure, including
30 any installed antennas and lighting and supporting structures.
31 b. Height for a tower structure not directly affixed to the ground shall be determined
32 by measurement from the grade of the building to the highest point on the tower
33 structure, including any installed antennas and lighting and supporting structures.
34 At no time shall the height of a tower installed on a building as measured from
35 grade to the highest point on the tower structure as set forth above exceed the
36 height of the building multiplied by two or the base height, which ever is greater.
37 Tower structures shall not exceed the height limits set forth in chapter 21.65 of
38 this title nor interfere with Federal Aviation Administration Regulations on airport
39 approaches.

- 40 c. Base height shall be as set forth below:

1.	<u>Residential districts</u>	<u>65 feet</u>
2.	<u>Commercial districts</u>	<u>130 feet</u>
3.	<u>Industrial districts</u>	<u>150 feet</u>
4.	<u>PLI districts</u>	<u>100 feet</u>
5.	<u>Watershed districts</u>	<u>100 feet</u>
6.	<u>Transition districts</u>	<u>100 feet</u>
7.	<u>AF districts</u>	<u>200 feet</u>

1.	Off-street parking space is not required, however if it is provided, parking spaces may be shared with other principal uses on the site. The parking spaces shall be paved with concrete or asphalt compound or shall be covered with a layer of crushed rock of no more than one inch in diameter to a minimum depth of three inches. Parking space illumination shall be provided only to extent that the area is illuminated when the parking space is in use. The illumination shall be the lowest possible intensity level to provide parking space	45
38	Community interest and local interest towers as a permitted principal use shall be subject to the following:	39
39	Community interest and local interest towers as a permitted principal use shall be subject to the following:	40
40	Off-street parking space is not required, however if it is provided, parking spaces may be shared with other principal uses on the site. The parking spaces shall be paved with	41
41	concrete or asphalt compound or shall be covered with a layer of crushed rock of no more than one inch in diameter to a minimum depth of three inches. Parking space illumination shall be provided only to extent that the area is illuminated when the parking space is in use. The illumination shall be the lowest possible intensity level to provide parking space	42
42	concrete or asphalt compound or shall be covered with a layer of crushed rock of no more than one inch in diameter to a minimum depth of three inches. 44	concrete or asphalt compound or shall be covered with a layer of crushed rock of no more than one inch in diameter to a minimum depth of three inches. Parking space illumination shall be provided only to extent that the area is illuminated when the parking space is in use. The illumination shall be the lowest possible intensity level to provide parking space	45
29	Qualification of type 4 tower structure and antenna. Each type 4 tower structure and antenna design shall be qualified as meeting the design standard by the planning and zoning commission that, when granted, the antenna, or tower structure was in compliance with this section. A proponent of a type 4 tower structure and antenna design shall provide the commission with evidence in the form of construction drawings, photographs, renderings, or other data sufficient for the commission to find the design standard is satisfied. At completion of the construction of the first tower structure and antenna under a newly qualified design, it shall be reviewed by the commission to confirm the installation complies with the design standards. If the installation fails to comply subsequently tower structure and antenna design and installation shall be amended or redesigned as directed by the commission.	B
30	Qualification of type 4 tower structure and antenna. Each type 4 tower structure and antenna design shall be qualified as meeting the design standard by the planning and zoning commission that, when granted, the antenna, or tower structure was in compliance with this section. This permit shall remain valid so long as that antenna or tower structure remains in continuous operation.	31
31	Qualification of type 4 tower structure and antenna. Each type 4 tower structure and antenna design shall be qualified as meeting the design standard by the planning and zoning commission that, when granted, the antenna, or tower structure was in compliance with this section. This permit shall remain valid so long as that antenna or tower structure remains in continuous operation.	32
32	Qualification of type 4 tower structure and antenna. Each type 4 tower structure and antenna design shall be qualified as meeting the design standard by the planning and zoning commission that, when granted, the antenna, or tower structure was in compliance with this section. This permit shall remain valid so long as that antenna or tower structure remains in continuous operation.	33
33	Qualification of type 4 tower structure and antenna. Each type 4 tower structure and antenna design shall be qualified as meeting the design standard by the planning and zoning commission that, when granted, the antenna, or tower structure was in compliance with this section. This permit shall remain valid so long as that antenna or tower structure remains in continuous operation.	34
34	Qualification of type 4 tower structure and antenna. Each type 4 tower structure and antenna design shall be qualified as meeting the design standard by the planning and zoning commission that, when granted, the antenna, or tower structure was in compliance with this section. This permit shall remain valid so long as that antenna or tower structure remains in continuous operation.	35
35	Qualification of type 4 tower structure and antenna. Each type 4 tower structure and antenna design shall be qualified as meeting the design standard by the planning and zoning commission that, when granted, the antenna, or tower structure was in compliance with this section. This permit shall remain valid so long as that antenna or tower structure remains in continuous operation.	36
36	Qualification of type 4 tower structure and antenna. Each type 4 tower structure and antenna design shall be qualified as meeting the design standard by the planning and zoning commission that, when granted, the antenna, or tower structure was in compliance with this section. This permit shall remain valid so long as that antenna or tower structure remains in continuous operation.	37
37	Qualification of type 4 tower structure and antenna. Each type 4 tower structure and antenna design shall be qualified as meeting the design standard by the planning and zoning commission that, when granted, the antenna, or tower structure was in compliance with this section. This permit shall remain valid so long as that antenna or tower structure remains in continuous operation.	C
38	Community interest and local interest towers as a permitted principal use shall be subject to the following:	39
39	Community interest and local interest towers as a permitted principal use shall be subject to the following:	40
40	Off-street parking space is not required, however if it is provided, parking spaces may be shared with other principal uses on the site. The parking spaces shall be paved with	41
41	concrete or asphalt compound or shall be covered with a layer of crushed rock of no more than one inch in diameter to a minimum depth of three inches. Parking space illumination shall be provided only to extent that the area is illuminated when the parking space is in use. The illumination shall be the lowest possible intensity level to provide parking space	42
42	concrete or asphalt compound or shall be covered with a layer of crushed rock of no more than one inch in diameter to a minimum depth of three inches. Parking space illumination shall be provided only to extent that the area is illuminated when the parking space is in use. The illumination shall be the lowest possible intensity level to provide parking space	43
43	concrete or asphalt compound or shall be covered with a layer of crushed rock of no more than one inch in diameter to a minimum depth of three inches. Parking space illumination shall be provided only to extent that the area is illuminated when the parking space is in use. The illumination shall be the lowest possible intensity level to provide parking space	44
44	concrete or asphalt compound or shall be covered with a layer of crushed rock of no more than one inch in diameter to a minimum depth of three inches. Parking space illumination shall be provided only to extent that the area is illuminated when the parking space is in use. The illumination shall be the lowest possible intensity level to provide parking space	45
10.	Identifications placard. An identification placard shall be attached to the tower structure or the security fencing in a location clearly visible at eye level. The placard shall provide the following information:	11.
11.	Administrative permit required. An administrative permit shall be obtained from the commission to erect a tower structure and antenna. Each type 4 tower structure and antenna design shall be qualified as meeting the design standard by the planning and zoning commission that, when granted, the antenna, or tower structure was in compliance with this section. This permit shall remain valid so long as that antenna or tower structure remains in continuous operation.	B
12.	Notice and interference. An operator proposing to install or modify an antenna shall provide notice to all property owners within 500 feet of the tower structure or boundary which ever is greater of the date of activation of the new or modified antenna. Within 90 days of activation the antenna, the operator shall resolve all occurrences of interference.	13
13.	Notice and interference. An operator proposing to install or modify an antenna shall provide notice to all property owners within 500 feet of the tower structure or boundary which ever is greater of the date of activation of the new or modified antenna. Within 90 days of activation the antenna, the operator shall resolve all occurrences of interference.	14
14.	Notice and interference. An operator proposing to install or modify an antenna shall provide notice to all property owners within 500 feet of the tower structure or boundary which ever is greater of the date of activation of the new or modified antenna. Within 90 days of activation the antenna, the operator shall resolve all occurrences of interference.	15.
15.	Notice and interference. An operator proposing to install or modify an antenna shall provide notice to all property owners within 500 feet of the tower structure or boundary which ever is greater of the date of activation of the new or modified antenna. Within 90 days of activation the antenna, the operator shall resolve all occurrences of interference.	16.
16.	Notice and interference. An operator proposing to install or modify an antenna shall provide notice to all property owners within 500 feet of the tower structure or boundary which ever is greater of the date of activation of the new or modified antenna. Within 90 days of activation the antenna, the operator shall resolve all occurrences of interference.	17.
17.	Notice and interference. An operator proposing to install or modify an antenna shall provide notice to all property owners within 500 feet of the tower structure or boundary which ever is greater of the date of activation of the new or modified antenna. Within 90 days of activation the antenna, the operator shall resolve all occurrences of interference.	18.

lighting for safe working conditions.

- 2 2. The tower structure and support structures shall be secured to prevent unauthorized
- 3 access.
- 4 3. If any community interest or local interest tower on a site exceeds 200 feet in height, the
- 5 tower site shall be separated from any other principal or conditional use community
- 6 interest or local interest tower site with tower(s) exceeding 200 feet in height by at least
- 7 5,280 feet.

8 Section 34. That Subsection 21.50.280 of the Municipal Code is hereby amended to read as follows:

9 21.50.280 Conditional use standards -- Antennas, community interest and local interest
10 [TRANSMISSION] towers.

12 A. General. The following provisions shall govern the issuance of conditional use permits for tower
13 structures or antennas by the planning and zoning commission:

- 1 If the community interest or local interest tower or antenna fails to meet the
supplementary district regulations, then a conditional use permit shall be required for the
construction of a tower structure or the placement of an antenna.
- 2 Applications for conditional use permits under this Section shall be subject to the
conditional use procedures and general standards, except as modified in this section.
- 3 In granting a conditional use permit, the planning and zoning commission may impose
conditions to the extent the planning and zoning commission concludes such conditions
are necessary to minimize any adverse effect of the proposed tower structure or antenna
on adjoining properties.
- 4 Any information of an engineering nature that the applicant submits, whether civil,
mechanical, or electrical, shall be certified by a licensed professional engineer.
- 5 An applicant for a conditional use permit shall submit the information described in this
Section and a non-refundable fee to reimburse the municipality for the costs of reviewing
the application.

27 B. Information required. applicants for a conditional use permit for a tower structure shall submit the
28 following information:

- 1 A scaled site plan clearly indicating the location, type and height of the proposed tower
structure, on-site land uses and zoning, adjacent land uses and zoning, comprehensive
plan land use classification of the site and all properties within the applicable separation
distances, adjacent roadways, proposed means of access, setbacks from property lines,
elevation drawings of the proposed tower structure and any other structures, topography,
parking, and other information deemed by the director of community planning and
development to be necessary to assess compliance with the standards.
- 2 Renderings or photographs depicting the antenna or tower structure in place sufficient to
assess the visual impact on the surrounding neighborhood.
- 3 The distance between the proposed tower structure and the nearest residential unit,
platted residentially zoned properties, and unplatte residentially zoned properties.
- 4 The separation distance from other tower structures within one mile shall be shown on a
site plan or map. The applicant shall also identify the type of construction of the existing
tower structure(s) and the owner/operator of the existing tower structure(s), if known.
- 5 A landscape plan showing specific landscape materials.
- 6 Method of fencing, and finished color and, if applicable, the method of camouflage and
illumination.
- 7 An evaluation the tower structure or antennas compliance with supplementary district
regulations.

8.	A notarized statement by the applicant as to whether construction of the tower structure will accommodate collocation of additional antennas for future users.
9.	A description of the suitability of the existing tower structures, other structures or alternative technology not requiring the use of power structures to provide the services to be provided through the use of power structures or other structures to be provided before the community council representing the site.
10.	evidence the applicant provided before the community council representing the site.
11.	Height of the proposed tower structure.
12.	Proximity of the tower structure to residential structures and residential districts.
13.	Ordinance are better served thereby.
14.	more of these criteria if the planning and zoning commission concludes that the goals of this planning and zoning commission may waive or reduce the burden on the applicant although consider the following factors in determining whether to issue a conditional use permit, although addition to the general standards for a conditional use, the planning and zoning commission shall add factors considered in granting conditional use permits for antennas and tower structures. In
15.	Surrounding topology.
16.	Design of the tower structure, with particular reference to design characteristics that have the effect of reducing or eliminating visual obtrusiveness.
17.	Proposed ingress and egress; and
18.	Availability of suitable existing and zoning commission that no existing tower structure, structure or satisfaction of the planning and zoning commission unless the applicant demonstrates to the reasonable new tower structure shall be permitted unless the applicant demonstrates to the reasonable availability of suitable existing structures, other structures, or alternative technology. No
19.	Surrounding tree coverage and foliage.
20.	Design of the tower structure, with particular reference to design characteristics that have the effect of reducing or eliminating visual obtrusiveness.
21.	Proposed ingress and egress; and
22.	Availability of suitable existing tower structures, other structures, or alternative
23.	technologies not requiring the use of power structures.
24.	Availability of suitable existing and zoning commission that no existing tower structure, structure or satisfaction of the planning and zoning commission unless the applicant demonstrates to the reasonable new tower structure shall be permitted unless the applicant demonstrates to the reasonable availability of suitable existing structures, other structures, or alternative technology.
25.	No new tower structures or structures are located within the geographic area which proposed antenna may consist of any of the following:
26.	existing tower structures or alternative technology can accommodate the applicant's structures, other structures or alternative technology. Evidence submitted to demonstrate that no by the planning and zoning commission related to the availability of suitable existing tower accommodate the applicant's proposed antenna. An applicant shall submit information requested alternative technology that does not require the use of tower structures or structures can satisfy the planning and zoning commission that no existing tower structure, structure or satisfaction of the planning and zoning commission that no existing tower structure, structure or by the planning and zoning commission related to the availability of suitable existing tower existing tower structure or alternative technology can accommodate the applicant's structures, other structures or alternative technology. Evidence submitted to demonstrate that no proposed antenna may consist of any of the following:
27.	No existing tower structures or structures are located within the geographic area which proposed antenna may consist of any of the following:
28.	existing tower structures or alternative technology can accommodate the applicant's structures, other structures or alternative technology. Evidence submitted to demonstrate that no by the planning and zoning commission related to the availability of suitable existing tower existing tower structures or alternative technology can accommodate the applicant's structures, other structures or alternative technology. Evidence submitted to demonstrate that no proposed antenna may consist of any of the following:
29.	existing tower structures or alternative technology can accommodate the applicant's structures, other structures or alternative technology. Evidence submitted to demonstrate that no proposed antenna may consist of any of the following:
30.	existing tower structures or alternative technology can accommodate the applicant's structures, other structures or alternative technology. Evidence submitted to demonstrate that no proposed antenna may consist of any of the following:
31.	existing tower structures or alternative technology can accommodate the applicant's structures, other structures or alternative technology. Evidence submitted to demonstrate that no proposed antenna may consist of any of the following:
32.	No existing tower structures or structures are located within the geographic area which proposed antenna may consist of any of the following:
33.	existing tower structures or alternative technology can accommodate the applicant's structures, other structures or alternative technology. Evidence submitted to demonstrate that no proposed antenna may consist of any of the following:
34.	existing tower structures or alternative technology can accommodate the applicant's structures, other structures or alternative technology. Evidence submitted to demonstrate that no proposed antenna may consist of any of the following:
35.	existing tower structures or alternative technology can accommodate the applicant's structures, other structures or alternative technology. Evidence submitted to demonstrate that no proposed antenna may consist of any of the following:
36.	existing tower structures or alternative technology can accommodate the applicant's structures, other structures or alternative technology. Evidence submitted to demonstrate that no proposed antenna may consist of any of the following:
37.	existing tower structures or structures do not have sufficient structural strength to support engineering requirements.
38.	existing tower structures or structures do not have sufficient structural strength to support applicant's proposed antenna and related equipment.
39.	The applicant's proposed antenna would cause electromagnetic interference with the existing antenna on the existing tower structures or structures.
40.	The fees, costs, or contractual provisions required by the owner in order to share an antenna.
41.	The fees, costs, or contractual provisions required by the owner in order to share an antenna.
42.	The fees, costs, or contractual provisions required by the owner in order to share an antenna.
43.	The fees, costs, or contractual provisions required by the owner in order to share an antenna.
44.	The fees, costs, or contractual provisions required by the owner in order to share an antenna.
45.	existing tower structures or structures exceeding new tower structure development are sharing are unreasonable.
46.	presumed to be unreasonable.
47.	The applicant demonstrates that there are other limiting factors that render existing tower structures and structures unsuitable.
48.	The applicant demonstrates that an alternative technology that does not require the use of tower structures or structures unsuitable.
49.	The applicant demonstrates that an alternative technology that does not require the use of tower structures or structures attached to a wireless system, is unsuitable. Costs of tower structures or structures, such as a cable microcell network using multiple low-
50.	power structures or structures attached to a wireless system, is unsuitable. Costs of tower structures or structures attached to a wireless system, is unsuitable. Costs of

1.	A.	CONDITIONAL USE STANDARDS FOR TRANSMISSION TOWERS AS THE PRINCIPAL USE OF THE PROPERTY ARE AS FOLLOWS:
2.		alternative technology that exceed new tower structure or antenna development shall not be presumed to render the technology unsuitable.
3.		NONIONIZING ELECTROMAGNETIC RADIATION (NIER) FOR ALL ANTENNAS ON THE SITE SHALL NOT EXCEED THE CURRENT AMERICAN NATIONAL STANDARDS INSTITUTE (ANSI) STANDARD FOR SUCH RADIATION AT ANY PROPERTY LINE.
4.		THE BURDEN OF PROOF THAT THE ANSI STANDARD IS NOT EXCEEDED SHALL LIE WITH THE PROPERTY OWNER. PROPERTY OWNERS ARE NOT REQUIRED TO PROVE COMPLIANCE WITH ANSI STANDARD IF THE TRANSMISSION TOWER SUPPORTS ONLY RECEIVING ANTENNAS OR THE FEDERAL COMMUNICATIONS COMMISSION HAS RULED THE RADIO FREQUENCY (RF) RADIALION EMITTED BY THE ANTENNA HAS BEEN GRANTED CATEGORICAL EXCLUSION.
5.		TRANSMISSION TOWER SHALL BE SHIELDED TO THE EXTENT PERMITTED BY THE FEDERAL AVIATION ADMINISTRATION.
6.		THE TRANSMISSION TOWER SHALL BE NEUTRAL IN COLOR AND, TO THE EXTENT POSSIBLE, SHALL BE COMPATIBLE WITH THE APPEARANCE AND CHARACTER OF THE NEIGHBORHOOD OR LOCATION UNLESS OBSTRUCTION MARKING IS REQUIRED BY THE FEDERAL AVIATION ADMINISTRATION.
7.		THE MINIMUM DISTANCE FROM ANY LOT LINE TO THE VERTICAL AXIS OF TRANSMISSION TOWER SHALL EQUAL THE HEIGHT OF THE TRANSMISSION TOWER.
8.		THAT PORTION OF A GUY WIRE ANCHOR STRUCTURE THAT IS ABOVE GRADE SHALL BE AT LEAST 25 FEET FROM ANY PROPERTY LINE.
9.		STORAGE OF VEHICLES AND EQUIPMENT NOT DIRECTLY RELATED TO THE OPERATION AND MAINTENANCE OF THE TRANSMISSION TOWER AND ANTENNAS SHALL BE PROHIBITED.
10.		ANTENNAS SHALL BE PROVIDED ON THE TRANSMISSION TOWER AND ALLOWED AS A CONDITIONAL USE AS FOLLOWS:
11.	B.	STANDARDS FOR MODIFICATIONS TO COMMUNITY INTEREST AND LOCAL INTEREST [TRANSMISSION] TOWERS
12.		REPAIRS AND MAINTENANCE TO THE TOWER STRUCTURE MAY BE PERFORMED CONSISTENT WITH SECTION 21.55.060.
13.		THE REPLACEMENT, REPAIR OR ADDITION OF ANTENNAS, DISHES AND OTHER TRANSMITTING OR RECEIVING DEVICES TO A TOWER SHALL NOT BE CONSIDERED A MODIFICATION OF FINAL APPROVAL AS SET FORTH IN SECTION 21.15.030. G AND SHALL NOT BE CONSIDERED A USE CONTEMPLATED WITHIN THE ORIGINAL APPROVED OR DE FACTO CONDITIONAL USE WHERE:
14.		36. REPAIRS AND MAINTENANCE TO THE TOWER STRUCTURE MAY BE PERFORMED CONSISTENT WITH SECTION 21.55.060.
15.		37. THE REPLACEMENT, REPAIR OR ADDITION OF ANTENNAS, DISHES AND OTHER TRANSMITTING OR RECEIVING DEVICES TO A TOWER SHALL NOT BE CONSIDERED A MODIFICATION OF FINAL APPROVAL AS SET FORTH IN SECTION 21.15.030. G AND SHALL NOT BE CONSIDERED A USE CONTEMPLATED WITHIN THE ORIGINAL APPROVED OR DE FACTO CONDITIONAL USE WHERE:
16.		38. 39. 40. REPAIRS AND MAINTENANCE TO THE TOWER STRUCTURE MAY BE PERFORMED CONSISTENT WITH SECTION 21.55.060.

- 1 a. The replacement, repair or addition of antennas, dishes and other transmitting or
2 receiving devices:
3 1. Will serve the same user or successor entity under the original
4 conditional use;
5 2. Will serve the same general purpose as was served under the original
6 conditional use;
7 3. [COMPLIES WITH SUBSECTIONS A.1 THROUGH 8 OF THIS
8 SECTION OR] Is consistent with the original conditional use [; AND]
9 4. AN OWNER MAKING CHANGES UNDER SUBSECTION B.2 OF THIS
10 SECTION SHALL ADVISE THE DEPARTMENT OF COMMUNITY
11 PLANNING AND DEVELOPMENT IN WRITING OF THE CHANGE TWO
12 WEEKS BEFORE ANY WORK IS DONE AND PROVIDE THE
13 DEPARTMENT WITH SUCH ADDITIONAL INFORMATION AS IT MAY
14 REASONABLY REQUEST REGARDING THE TECHNICAL
15 SPECIFICATIONS OF THE DEVICES PLACED ON THE TOWER AND
16 THE ANTICIPATED CHANGE IN NIER READINGS.]

17 Section 35. That the Anchorage Municipal Code is hereby amended by adding a section, to be
18 numbered 21.50.285, which section reads as follows:

19 **21.50.285 Conditional use standards – Roof mount satellite dishes in residential districts.**

- 20 A. General. The following provisions shall govern the issuance of conditional use permits for roof
21 mounted satellite dishes by the planning and zoning commission:
22 1. Applications for conditional use permits under this Section shall be subject to the
23 conditional use procedures and general standards, except as modified in this section.
24 2. In granting a conditional use permit, the planning and zoning commission may impose
25 conditions to the extent the planning and zoning commission concludes such conditions
26 are necessary to minimize any adverse effect of the proposed antenna on adjoining
27 properties.
28 3. Any information of an engineering nature that the applicant submits, whether civil,
29 mechanical, or electrical, shall be certified by a licensed professional engineer.
30 4. An applicant for a conditional use permit shall submit the information described in this
31 Section and a non-refundable fee to reimburse the municipality for the costs of reviewing
32 the application.
- 33 B. Information required. Applicants for a conditional use permit for a proposed roof mounted satellite
34 dish shall submit the following information:
35 1. A scaled site plan clearly indicating the location, type and height of the proposed roof
36 mounted satellite dish, on-site land uses, adjacent land uses and zoning, adjacent
37 roadways, setbacks from property lines, elevation drawings of the proposed tower and
38 any other structures, topography, and other information deemed by the director of
39 community planning and development to be necessary to assess compliance with the
40 standards.
41 2. Renderings or photographs depicting the antenna or tower structure in place sufficient to
42 assess the visual impact on the surrounding neighborhood.
43 3. The distance between the proposed satellite dish and the nearest residential unit.
44 4. Evidence the applicant appeared before the community council representing the site.
- 45 C. Factors considered in granting a conditional use permit for a roof mounted satellite dish. In
46 addition to the general standards for a conditional use, the planning and zoning commission shall
47 consider the following factors in determining whether to issue a conditional use permit, although
48 the planning and zoning commission may waive or reduce the burden on the applicant of one or

2	more of these criteria if the planning and zoning commission concludes that the goals of this ordinance are better served thereby:	1. Height of the proposed satellite dish and tower structure;	2. Proximity of the tower structure to residential structures;	3. Nature of uses on adjacent and nearby properties;	4. Surrounding topography;	5. Surrounding tree coverage and foliage; and	6. Design of the satellite dish and tower structure, with particular reference to design characteristics that have the effect of reducing or eliminating visual obtrusiveness.	That Subsection 21.55.040 of the Municipal Code is hereby amended to read as follows:	Section 36.	21.55.040 Nonconforming structures.
3	ordinance are better served thereby:	1. Height of the proposed satellite dish and tower structure;	2. Proximity of the tower structure to residential structures;	3. Nature of uses on adjacent and nearby properties;	4. Surrounding topography;	5. Surrounding tree coverage and foliage; and	6. Design of the satellite dish and tower structure, with particular reference to design characteristics that have the effect of reducing or eliminating visual obtrusiveness.	That Subsection 21.55.040 of the Municipal Code is hereby amended to read as follows:	Section 36.	21.55.040 Nonconforming structures.
4	Where a lawful structure existed at the original effective date of application or amendment of applicable regulations that could not be built under the terms of current regulations set forth in chapters 21.35 through 21.50 by reason of restrictions on area, lot coverage, height, yards, location on the lot, or other requirements concerning the structure, such structure may be continued so long as it remains otherwise lawful, subject to the following provisions:	A. No such nonconforming structure may be enlarged or altered in a way which increases its nonconformity, but any structure or portion thereof may be altered to decrease its nonconformity.	B. Should such nonconforming structure be moved for any reason for any distance whatever, it shall thereafter conform to all the requirements set forth in this title.	C. Should such structure be moved for any reason for any distance whatever, it shall thereafter conform to the regulations for the district in which it is located after it is moved.	D. A residential structure in a residential zone may be enlarged, so long as the addition to the structure conforms to all the requirements set forth in this title.	E. Notwithstanding subsections A through D of this section, mobile homes may be repaired or moved within the lot in compliance with setback and yard requirements if the mobile home occupied the lot at the time of adoption of applicable regulations.	F. Notwithstanding subsections A through D of this section, community interest and local interest towers may be repaired and maintained in accordance with 21.55.060.B of this chapter.	Section 37.	That Subsection 21.55.060 of the Municipal Code is hereby amended to read as follows:	
5	ordinance are better served thereby:	1. Any nonconforming structure or portion of a structure containing a nonconforming use, work may be done in any period of 12 consecutive months on ordinary repairs, or on repair or replacement of nonbearing walls, fixtures, wiring or plumbing, to an extent not exceeding ten percent of the current replacement cost of the nonconforming structure or nonconforming portion of the structure as the case may be. Nothing in this chapter shall be deemed to prevent the replacement of nonbearing walls, fixtures, wiring or plumbing, to an extent not exceeding ten percent of the current replacement cost of the nonconforming structure or nonconforming portion of the structure as the case may be.	A. On any nonconforming structure or portion of a structure containing a nonconforming use, work	21.55.060 Repairs and maintenance.	21.55.060 Repairs and maintenance.					

strengthening or restoring to a safe condition of any building or part thereof declared to be unsafe by any official charged with protecting the public safety, upon order of such official.

B. Preexisting antennas and preexisting towers

1. Preexisting tower structures shall be allowed to continue their usage as they presently exist. Routine maintenance (including replacement with a new tower structure of like construction and height) shall be permitted on such preexisting towers. New construction other than routine maintenance on a preexisting tower structure shall comply with the requirements of this ordinance.
 2. Notwithstanding abandon community interest and local interest towers and/or antennas, bona fide nonconforming tower structures or antennas that are damaged or destroyed may be rebuilt without having to meet the separation requirements. The type, height, and location of the tower structure on site shall be of the same type and intensity as the original facility. Building permits to rebuild the facility shall comply with the then applicable building codes and shall be obtained within 180 days from the date the facility is damaged or destroyed. If no permit is obtained or if said permit expires, the community interest or local interest tower or antenna shall be deemed abandoned.

Section 38. The Planning and Zoning Commission shall review the terms of this ordinance and advise the Municipal Assembly on any revisions required to maintain the effectiveness and intent of this ordinance as the result in changes in technology prior to January 1, 2005.

Section 39. This ordinance shall become effective immediately upon passage and approval by the Anchorage Municipal Assembly.

PASSED AND APPROVED by the Anchorage Assembly this 11 day of

May, 1999.

Chairman, George Wuerch
